

Commissioner Steven L. Abrams

Palm Beach County Board of County Commissioners

Contact: Lucia Bonavita, 561-355-2204 – October 21, 2009

News Release

County Commissioner Steven L. Abrams announced that the Board of County Commissioners recently approved federal funding agreements for two major projects in District IV.

The Boca Raton Housing Authority will be receiving \$405,000 for hurricane hardening projects at their 93-unit Banyan Place property at 2950 NW 5th Avenue in Boca Raton.

Delray Elderly, L.P. will be receiving \$136,547 for the purchase and installation of generators for their residential buildings and club house at 600 Lindell Blvd in Delray Beach.

“These federal funds require no local match or contribution and will be used to make these housing facilities safer for their residents,” said Abrams.

The funds are part of the ongoing 2005 Disaster Recovery Initiative that was created to help repair damage incurred during the hurricane season.
