PRODUCED BY THE MARKETING DEPARTMENT OF THE PALM BEACH POST

NEXT SUNDAY

Soaring works of art

At Palm Beach International Airport, visitors can take in the "Sky's the Limit" exhibit, which features an array of mixed-media artwork that imparts various images of South Florida's gorgeous and ever-changing skyscape.

But just in case you can't get out to PBIA anytime soon, next Sunday's *Residences* will feature in-depth look at the artists — and their stunning creations — all of which will be on display until May 7.
