Jess R. Santamaria

Palm Beach County's Art in Public Places Program is seeking to hire an artist (artist team) to collaborate with the project's design team to design site specific integrated artwork(s) for the Four Points Office Building Renovation.

The facility's renovations will meet the needs of the County (single-tenant) with improved circulation, expanded restrooms and other enhancements in response to User needs. Structural and building envelop renovations will also address the County's requirements for a hurricane-resistant building to support the adjacent Emergency Operations Center.

It is intended that the artwork will help to create a sense of place and unify the three governmental buildings on the Four Points Office Campus. Artwork(s) shall be integrated into renovation areas including, but not limited to the building's entry vestibule, windows, balcony railings, courtyards, interior floors and walls.

#### County Administrator
