**Your Input is Very Important!! You can make a difference by answering just nine questions!!**

### FY 2021 Risk Assessment Survey

The Office of the Inspector General (OIG) is asking for your assistance on where to focus our efforts in the upcoming budget year. The OIG exists to help make government better, promote accountability, and prevent fraud, waste, and abuse. A significant part of accomplishing this mission involves conducting audits and evaluations on organization and business processes.

A risk assessment attempts to identify and analyze relevant risks or challenges to the achievement of organizational objectives, safeguarding of assets, and compliance with budget and other laws and regulations. In planning our FY 2021 audits and evaluations, we are currently conducting a risk assessment and would appreciate your input. Please take a few minutes to answer our anonymous survey. Your input will assist us in the risk assessment process (the survey is just one of the many aspects of our risk assessment). You can access the survey at the following link:

Thank you for your time and input, it is very important to our office. We plan to close the survey window on August 17, 2020 at 5:00pm.
