The Department shall require a statement from the comptroller of the Department that funds are available prior to entering into any such contract or other binding commitment of funds. Nothing herein contained shall prevent the making of contracts for periods exceeding 1 year, but any contract so made shall be executory only for the value of the services to be rendered or agreed to be paid for in succeeding fiscal years; and this paragraph shall be incorporated verbatim in all contracts of the Department which are for an amount in excess of 25,000 dollars and which have a term for a period of more than 1 year."

If the Agency does not complete the project within this time period, this Agreement will expire unless an extension of the time period is requested by the Agency and granted in writing by the District Secretary. 20.00 Execution of Agreement: This Agreement may be simultaneously executed in a minimum of two counterparts, each of which so executed shall be deemed to be an original, and such counterparts together shall constitute one in the same instrument.

21.00 Restrictions on Lobbying:

21.10 Federal: The Agency agrees that no federal appropriated funds have been paid or will be paid by or on behalf of the Agency, to any person for influencing or attempting to influence any officer or employee of any federal agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any federal contract, the making of any federal grant, the making of any federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment or modification of any federal contract, grant, loan or cooperative agreement.

21.20 State: No funds received pursuant to this contract may be expended for lobbying the Legislature or a state agency.

22.00 Vendors Rights: Vendors (in this document identified as Agency) providing goods and services to the Department should be aware of the following time frames. Upon receipt, the Department has five (5) working days to inspect and approve the goods and services unless the bid specifications, purchase order or contract specifies otherwise. The Department has 20 days to deliver a request for payment (voucher) to the Department of Financial Services. The 20 days are measured from the latter of the date the invoice is received or the goods or services are received, inspected and approved.

If a payment is not available within 40 days after receipt of the invoice and receipt, inspection and approval of goods and services, a separate interest penalty in accordance with Section 215.422(3)(b), F.S. will be due and payable, in addition to the invoice amount to the Agency. The interest penalty provision applies after a 35 day time period to health care providers, as defined by rule. Interest penalties of less than one (1) dollar will not be enforced unless the Agency requests payment. Invoices which have to be returned to an Agency because of vendor preparation errors will result in a delay in the payment. The invoice payment requirements do not start until a properly completed invoice is provided to the Department.

A Vendor Ombudsman has been established within the Department of Financial Services. The duties of this individual include acting as an advocate for Agencies who may be experiencing problems in obtaining timely payment(s) from the Department. The Vendor Ombudsman may be contacted at (850)410-9724 or by calling the Department of Financial Services Hotline, 1-800-848-3792.

**YEAR 2002
FERRY BOAT DISCRETIONARY PROGRAM
APPLICATION FORM**

Date: 2/27/02

FDOT District: Four

Grant Recipient Name: Palm Beach Metropolitan Planning Organization

Project Description:

The proposed ferry system is a private/public joint venture to utilize the Palm Beach County waterway system to promote tourism, increase mobility and create jobs.

Palm Beach County, Florida has more than 40 miles of the Intracoastal Waterway that is greatly underutilized as a transportation alternative. All of the major eastern cities, including Boca Raton, Boynton Beach, Delray Beach, Lake Worth, West Palm Beach, Palm Beach, Riviera Beach, Palm Beach Gardens and Jupiter, have a portion of the Intracoastal Waterway within their municipal boundaries. This proposal would be the first phase of a Countywide system to link these cities via an integrated water taxi transit system. The proposal includes linking attractions along the waterway near the Downtown West Palm Beach Central Business District and becoming an integrated connection to the entire Palm Tran system. The service also parallels a major portion of the recent transit study of U.S. 1 for Palm Tran which includes increased transit service and improved bus stops with shelters and access improvements.

The system would include construction of docks and access facilities at:

U.S. 1 Bridge, Jupiter	Burt Reynolds Park, Jupiter
Bert Winters Park, Juno Beach	PGA Blvd Bridge, Palm Beach Gdns
Phil Foster Park, Riviera Beach	Light Harbor Park, Riviera Beach
Flagler Memorial Bridge, Palm Beach	Flagler Museum, Palm Beach *
Downtown West Palm Beach	Royal Park Bridge, Palm Beach *
Southern Boulevard Bridge, West Palm Beach	

* Note: Discussions may result in relocation of these sites.

The use of bridge areas and parks reduces the costs of implementation since these lands are already in public ownership and require little, if any, right-of-way purchases. The attached map indicates the sites for the proposed docks and facilities.

Within this area, there are an appropriate mix of attractions and destinations to make this a successful transit alternative. There are currently 10,200 residents and 23,000 employees that would be within walking distance of the proposed stops. These figures are

Pg 18 of 21

anticipated to grow to 13,000 residents and 35,000 employees. In addition the proposal would have pedestrian connections to Palm Tran routes 1, 2, 31, 40, 41, 42, 43, 46 and the downtown trolley. Note that the downtown trolley has only been operating for about a year and has surpassed 70,000 riders a month on several occasions. The downtown trolley would also connect the waterbus to the Tri-Rail multimodal station providing access to all of South Florida through Tri Rail, Amtrak and Greyhound.

ELIGIBILITY:

Link on a public road or "the ferry facility is providing passenger service only"

The proposal is for passenger service only.

The ferry and/or ferry terminal to be constructed or improved is either publicly owned, publicly operated, or a public authority has majority ownership interest where it is demonstrated that the ferry operation provides substantial public benefits.

The boats, docking facilities and signage purchased with the funds from this proposal will all be publicly owned by Palm Beach County. These facilities would provide access to the current two private providers of water taxi services and be available to any additional providers should more services become available. The result will be an expanded interconnected ferry transit system.

Does not operate in international waters.

The services will operate entirely within Palm Beach County, Florida, USA

SUBMISSION REQUIREMENTS:

1. State - Florida

2. Counties – Palm Beach County, Florida.

3. U.S. Congressional District No.(s):

The Districts will be affected are as follows:

- FL-16**
- FL-22**
- FL-23**

4. U.S. Congressional Members by District:

FL-16 - Congressman Mark Foley
FL-22 - Congressman E. Clay Shaw
FL-23 - Congressman Alcee L. Hastings

**U.S. Senators: Bob Graham
Bill Nelson**

5. Facility or Project Name – Palm Beach County Water Taxi Facilities

6. Service Termini and Ports – Service will focus on the northeastern Palm Beach County area to Downtown West Palm Beach Area with potential expansion along the entire Intracoastal Waterway System the length of Palm Beach County. See **Project Description**. This application proposes to meet transportation demands by further diversifying the County transit system by *providing scheduled ferry transit service along the most densely populated and developed waterways*

7. Ownership and Operation. - The proposal is a public/private partnership. All terminals are publicly owned. The fixed-route service will be privately owned and operated. There is existing water taxi service in the proposed area and there is a waterbus operator currently working in Broward County, Florida. It is anticipated that these operators would utilize these facilities to serve the travel demand. Partnerships can also be developed at docking locations where employers and tourist attractions would participate in operating costs of the docking facilities.

8. Current and Future Traffic: It is anticipated the water taxi service would operate consistent with the Palm Tran system and the Downtown Trolley system. Service would be provided for a minimum of 15 hours per day from 7:00 am to 10:00 pm with Saturday and Sunday service. Service will be provided year round due to the warm climate.

9. Proposed Work - The project will begin immediately upon notification of Ferry Boat Grant approval. If this application is successful in October 2002, funds should be available by January 2003. Negotiations would be completed with FDOT, Palm Beach County, and the local municipalities for access and use of the public lands proposed in the application. Construction would follow on the landing sites and signage programs.

10, 11. Leveraging of private or other public funding - A fixed schedule ferry service would not be viable without a public/private partnership. The proposal leverages private capital where the existing private operators have established a base ridership and support from the hotel, commercial, entertainment and tourist attraction industries. The partnership will allow for the ability to reshape the existing on-call, tourist oriented service to include a fixed-schedule, commuter service. A cost estimate for each proposed location has been prepared using information from marine construction firms and current operators. Each proposed dock would cost \$20,000. A small shelter to be located at the majority of the stops would include benches and access at a cost of \$50,000 each. A large shelter would incorporate bathroom facilities and an attendant area for a cost of \$150,000. The proposed parking lot at Southern Boulevard would cost \$200,000. The total estimated cost is \$1,020,000. A cost summary for each location follows.

Operating and maintenance costs will be funded by the private sector through hotel and business docking fees, and passenger revenues.

12. Previous FBD Funding – Palm Beach County has not previously received any ferry boat funds.

13. Future Funding Needs – All future funding for Phase I will be met through local sources. Future funding needs will include annual operating costs which will be provided by the operators and new docks and access facilities which will be met by local government or through joint development with Palm Tran.

14. Project Purpose and Benefit - The partnership will greatly benefit the citizens of Palm Beach County and tourists by providing an efficiently linked water based transit system to the local fixed route bus system and pedestrian network. Future phases will include service extensions to the south. Studies of increased transit service needs and extension of the water taxi services will be conducted within two years.

**RE: Contract #ANO90 Extension
Ferry Boat Discretionary Program Funds**

Dear Ms. Bonomo:

The Palm Beach Metropolitan Planning Organization (MPO) has a grant program underway to encourage the expansion of the water taxis business as a viable alternative transportation mode. Interested public sector entities are working to complete their grant application process to be eligible for dockage and related water taxi dockage facilities. The deadline for the grant application process is October 28, 2005. Governmental permitting process is time consuming. The MPO will be working with the public entities and permitting departments to expedite the permit approvals. Therefore, we request an extension of Contract #ANO90 from December 31, 2005 thru December 31, 2006.

Please feel free to contact us if you have any questions at 561.684.4170.

Sincerely,
