I. EXECUTIVE BRIEF

**Motion and Title:** Staff recommends motion to: **A) adopt** a Resolution confirming the special assessment process for the Whippoorwill Lakes Water Main Extension Project; **B) approve** Work Authorization No. 31 to Foster Marine Contractors, Inc., under the Water Utilities Department Continuing Construction Contract (R2005-0781) in the amount of \$705,700.20.

**Summary:** Petitions in favor of the installation of a potable water main have been provided by 62% of the property owners in the Whippoorwill Lakes project area. The project will serve 84 residential properties currently on private wells. Individual assessments are based on 100% of the assessable cost and may be paid over 20 years with equal annual payments of principal and 6.5% interest. The total project cost is \$908,498.64, and includes the costs of surveying, design, drafting, permitting, construction, inspection, administration and construction contingency. Staff recommends the per-parcel method as an equitable method of assessment because the 84 properties are similar in size. The project will be constructed utilizing a work authorization under the Water Utilities Department Continuing Construction Contract with Foster Marine Contractors, Inc. (R2005-0781).

(WUD Project No. 04-207)

District 6

(MJ)

**Background and Justification:** On October 13, 2005, signed petitions were received from a majority of the property owners in Whippoorwill Lakes. The original estimated assessable cost of a 20-year special assessment has been reduced from \$10,829.74 to \$10,815.46. The original signed petition forms are on file and available for public inspection at the Engineering Office of the Water Utilities Department.

On March 9, 2005, Foster Marine Contractors, Inc., submitted the lowest responsive construction bid for the Water Utilities Department Continuing Construction contract. The construction cost for the Whippoorwill Lakes Water Main Extension is \$705,700.20. The total project cost is \$908,498.64, and includes the costs of surveying, design, drafting, permitting, construction, inspection, administration, and construction contingency. The assessable cost of the project is \$908,498.64, which is the total cost. The assessments are based on 100% of the total assessable cost, and 84 parcels, resulting in an assessment rate of \$10,815.46 per parcel.

On September 24, 2006, a Notice of Special Assessment was published in The Palm Beach Post. All property owners subject to assessment have been sent notification by regular mail pursuant to Ordinance 2001-0010. A final informational meeting was held with the property owners prior to the Public Hearing to explain the proposed improvements and the cost of the project.

**WHEREAS**, the Board of County Commissioners finds that the public notification and public hearing requirements of Ordinance 2001-0010 have been complied with; and

**WHEREAS**, the Board of County Commissioners intends to levy special assessment(s) upon the properties located in Whippoorwill Lakes for the purpose of funding a water main extension; and

**WHEREAS**, the total assessable costs of the improvement project shall not exceed \$908,498.64; and

**WHEREAS**, the method of apportioning the assessable costs of the improvement project among the parcels of property located within the boundaries of the improvement project shall be by per parcel method; and

**WHEREAS**, the maximum dollar amount of each assessment unit shall be \$10,815.46 per parcel based on 84 parcels; and

**WHEREAS**, the Board of County Commissioners finds that each parcel listed in the Special Assessment Roll, which is attached hereto and incorporated herein as Attachment "3", will obtain a special benefit, that is at least equal to the amount of special assessment made against each such parcel; and

4. If any special assessment made under this Resolution shall be either in whole or in part vacated or set aside by the judgment of any court, or if the Board of County Commissioners shall be satisfied that any such assessment is so irregular or defective that same cannot be enforced or collected, or if the Board shall have omitted to make such assessment when it might have done so, the Board of County Commissioners shall take all necessary steps to cause a new assessment to be made for any improvement and against any property specially benefited by such improvement, following the provisions of Ordinance 2001-0010. In case the second assessment shall also be invalid, the Board of County Commissioners may obtain and make other assessments until a valid assessment is made.
