I. EXECUTIVE BRIEF

Motion and Title: Staff recommends motion to:

A) **Approve** The Federal FY 2007 Certifications and Assurances to be used in connection with all Federal assistance programs Federal Transit Administration (FTA) administers during Federal Fiscal Year 2007, as required by 49 U.S.C. 5323(n).

B) **Authorize** Palm Tran's Executive Director and Assistant Executive Director, through the County Administrator, to execute and file the required certifications and assurances, on behalf of the Board of County Commissioners and to electronically transmit the Board's approval.

Summary: Selecting and submitting certifications and assurances to FTA, either through FTA's Transportation Electronic Award and Management (TEAM) system or submission of the Signature Page, signifies the county's intent to comply with the requirements of those certifications and assurances to the extent they apply to a program for which the county submits an application for assistance in Federal Fiscal Year 2007. FTA requires a current (Federal Fiscal Year 2007) attorney's affirmation of the Applicant's legal authority to certify compliance with the funding obligations in this document, the attorney's signature from a previous year is not acceptable.

Before FTA may award a Federal grant or cooperative agreement, the applicant must provide to FTA all certifications and assurances pertaining to itself or its project as required by Federal laws and regulations. The requisite certifications and assurances must be submitted to FTA irrespective of whether the project is financed under the authority of 49 U.S.C. chapter 53, or title 23, United States Code, or another Federal statute. **Countywide (DR)**

Background and Policy Issues: Since Federal Fiscal Year 1995, FTA has been consolidating the various certifications and assurances that may be required into a single document. FTA has expanded the use of the electronic programs for Applicants, first introduced in 1995. FTA expects Applicants registered in FTA's electronic award and management system to submit their applications as well as certifications and assurances electronically through FTA's electronic award and management system. Only if an Applicant is unable to submit its certifications and assurances through FTA's electronic award and management system should the Applicant use the Signature Page. Annual Certifications and Assurances for Federal Fiscal Year 2007 cover all projects for which the county seeks funding during that fiscal year.

SUPPLEMENTARY INFORMATION: Before FTA may award Federal financial assistance through a Federal grant or cooperative agreement, the Applicant must submit all certifications and assurances pertaining to itself and its project as required by Federal laws and regulations. These certifications and assurances must be submitted to FTA irrespective of whether the project is financed under the authority of 49 U.S.C. chapter 53, or Title 23, United States Code, or another Federal statute.

The Applicant's annual certification and assurances for Federal fiscal year 2007 cover all projects for which the Applicant seeks funding during Federal fiscal year 2007 through the next fiscal year until FTA issues its annual certifications and assurances for Federal fiscal year 2008. An Applicant's annual certifications and assurances applicable to a specific grant or cooperative agreement generally remain in effect for either the duration of the grant or cooperative agreement to project closeout or the duration of the project or project property when a useful life or industry standard is in effect, whichever occurs later; except, if the Applicant provides certifications and assurances in a later year that differ from certifications and assurances previously provided, the later certifications and assurances will apply to the grant, cooperative agreement, project, or project property, unless FTA permits otherwise.

Background: Since Federal fiscal year 1995, FTA has been consolidating the various certifications and assurances that may be required of its Applicants and their projects into a single document for publication in the **Federal Register**. FTA intends to continue publishing this document annually, often in conjunction with its publication of the FTA annual apportionment notice, which sets forth the allocations of funds made available by the latest U.S. Department of Transportation (U.S. DOT) annual appropriations act.

Effect of the Certifications and Assurances: In view of the many projects that will be implemented substantially by a subrecipient of the Applicant, FTA cautions the Application that, absent a written determination by FTA to the contrary, the Applicant will be responsible for compliance both by itself and by each of its subrecipients with all certifications and assurances the Applicant has selected that would involve the subrecipient or the subrecipient's activities with respect to the project. Thus, the Applicant itself is ultimately responsible for compliance with its certifications even though a project may be carried out in whole or in part by one or more subrecipients. Consequently, in providing certifications and assurances that involve the compliance of any prospective subrecipient, the Applicant is strongly encouraged to take the appropriate measures, including but not limited to, obtaining sufficient documentation from each subrecipient to assure the validity of the certifications and assurances the Applicant has made.

Federal Fiscal Year 2007 Changes: Apart from minor editorial revisions, significant changes to FTA's certifications and assurances for Federal fiscal year 2007 are set forth below:

(1) In the Introductory paragraphs preceding the text of the certifications and assurances, the FTA Web Site for the FTA Master Agreement for Federal fiscal year 2007 is *http://www.fta.dot.gov/documents/13-Master.doc.*

(2) Subcategories 01.F(5)(e), (f), and (g) have been amended to substitute updated citations for the Drug Abuse Office and Treatment Act of 1972, as amended, 21 U.S.C. 1101 *et seq.*, the Comprehensive Alcohol Abuse and Alcoholism Prevention Act of 1970, as amended, 42 U.S.C. 4541 *et seq.*, and the Public Health Service Act of 1912, as amended, 42 U.S.C. 201 *et seq.*

(3) In Category 06, a provision is added to alert the Applicant of changes to the Pre-Award and Post-Delivery requirements for rolling stock set forth in section 3023(k) of SAFETEA–LU that have not as of October 1, 2006 been incorporated in FTA's implementing regulations at 49 U.S.C. part 663.

(4) In category 15, the following changes have been made:

(a) A Statement has been added reminding each Applicant for Urbanized Area Formula Assistance that in addition to making its certification required by 49 U.S.C. 5307(d)(1)(J) that it will expend at least one (1) percent of its Urbanized Area Formula Program assistance for public transportation security projects unless it has certified to FTA that such expenditures are not necessary, the Applicant also will need to disclose its decision in the "Security" tab page of the TEAM–Web "Project Information" window.

(b) Subcategory K has been amended to permit a single Designated Recipient of Urbanized Area Formula assistance to indicate that an agreement has been reached among some or all of the Designated Recipients in a single urbanized area of more than 200,000 population to certify that no less than 1 percent of section 5307 funds apportioned by FTA to that urbanized area among those Designated Recipients will be used for transit enhancements as provided by 49 U.S.C. 5307(d)(1)(K)(i) and to submit the report with the list of transit enhancement projects implemented by those Designated Recipients as required by 49 U.S.C. 5307(d)(1)(K)(ii). Should it wish to do so, a single Designated Recipient, however, may expend one (1) per cent of its section 5307 funds for transit enhancements and submit its own report listing the transit enhancement projects it has implemented in the last fiscal year as required by 49 U.S.C. 5307(d)(1)(K)(ii). The Designated Recipient generally sets forth this information in its quarterly report for the fourth quarter of the preceding Federal fiscal year; thus that quarterly report will be incorporated by reference and made part of the Designated Recipient's certifications and assurances. A Designated Recipient that prepares a report on behalf of some or all other Designated Recipients in its urbanized area will need to provide a copy of its report to the other Designated Recipients on whose behalf the report is prepared.

(5) Category 16 has been amended to add a certification at Subcategory J that vehicles financed under the Clean Fuels Grants Program will be operated using only clean fuels, and "clean diesel" buses financed under that program will be operated using only ultra-low sulfur diesel fuel.

(6) In Category 17, the following changes have been made:

(a) In Subcategory A, the United States Code note reference for the Elderly Individuals and Individuals with Disabilities Pilot Program has been added.

(b) In Subcategory F, the subject selection and planning certification requirements that were effective for the Elderly Individuals and Individuals with Disabilities Pilot Program required by section 3012(b)(2) of SAFETEA–LU beginning in Federal fiscal year 2006 are not applicable to the Elderly Individuals and Individuals with Disabilities Program, as required by 49 U.S.C. 5310(d)(2)(B).

(7) Category 18 has been amended to clarify that certifications and assurances for the Nonurbanized Area Formula Program do not apply to an Indian tribe that is an Applicant for Tribal Transit Program assistance under 49 U.S.C. 5311(c)(1), and that FTA has prepared separate certifications and assurances for that program.

(8) Category 19 has been amended to add a new certification requiring the chief executive officer of the state, or his or her designee to certify to the Federal Transit Administrator, apart from these annual certifications, that all of the objectives of 49 U.S.C. 5316 are being met in the area from which such funding would be derived before using JARC funds to support projects in areas other than those designated in 49 U.S.C. 5316.

(9) In Subcategory 20.E, the project selection and planning certification requirements of 49 U.S.C. 5317(f)(3) have been added.

Text of Federal Fiscal Year 2007 Certifications and Assurances: The text of the certifications and assurances in Appendix A of this Notice appears at *http://www.fta.dot.gov/documents/2007-Certs-Appendix A.doc.* It also appears in TEAM-Web in the "Recipients" option of the Cert's & Assurances tab of "View/Modify Recipients." It is important that each Applicant be familiar with all twenty-three (23) certification and assurance categories and their provisions, as they may be a prerequisite for receiving FTA financial assistance. Provisions of this Notice supersede conflicting statements in any FTA circular containing a previous version of FTA's annual certifications and assurances. The certifications and assurances contained in those FTA circulars are merely examples, and are not acceptable or valid for Federal fiscal year 2007; do not rely on the provisions of certifications and assurances appearing in FTA circulars.

Significance of Certification and Assurances: Selecting and submitting certifications and assurances to FTA, either through TEAM-Web or submission of the Signature Page(s) of Appendix A, signifies the Applicant's intent to comply with and secure compliance by its subrecipients, if any, with the provisions of the certifications and assurances it has selected to the extent they apply to a project for which the Applicant submits an application for assistance in Federal Register fiscal year 2007. FTA cautions, however, that certifications and assurances required by law and regulation do not address all Federal laws, regulations, or directives with which an Applicant must comply before FTA may award Federal financial assistance. We therefore strongly encourage the Applicant to review the Federal authorizing legislation, regulations, and directives pertaining to the program or programs for which the Applicant seeks Federal assistance to determine the extent of all pre-award laws, regulations, or directives applicable to those programs.

Attorney's Affirmation: FTA requires a current (Federal fiscal year 2007) affirmation, signed by the Applicant's attorney, of the Applicant's legal authority to certify compliance with the provisions of the certifications and assurances the Applicant has selected. Irrespective of whether the Applicant makes a single selection for all twenty-three (23) categories or selects individual options from the twenty-three (23) categories, the Affirmation of Applicant's Attorney from a previous year is not acceptable, unless FTA expressly determines otherwise in writing.

Deadline for Submission: All Applicants for FTA formula program or capital investment program assistance, and current FTA grantees with an active project financed with FTA formula program or capital investment program assistance, are expected to provide certifications and assurances for Federal fiscal year 2007 within 90 days from the date of this publication or as soon as feasible after their first grant application for funds authorized or made available during Federal fiscal year 2007, whichever is earlier. In addition, FTA encourages Applications seeking Federal financial assistance for other projects to submit their certifications and assurances as soon as possible.

Preference for Electronic Submission: Applicants registered in TEAM-Web must submit their certifications and assurances, as well as their applications for Federal assistance in TEAM-Web. Only if an Applicant is unable to submit its certification and assurances in TEAM-Web should the Applicant use the Signature Page(s) in Appendix A of this Notice. While not mandatory, FTA encourages an Applicant that does not submit its certifications and assurances

electronically to scan a copy of its certifications and assurances document and attach it in TEAM-Web. Likewise, if the Applicant's attorney has not submitted its affirmation in TEAM, FTA encourages the Application to scan that affirmation and attach it in TEAM-Web.

Procedures for Electronic Submission: The TEAM-Web "Recipients" option at the "Cert's & Assurances" tab of "View/Modify Recipients" contains fields for selecting among the twenty-three (23) Categories of certifications and assurances to be submitted. Within that tab is a field for the Applicant's authorized representative to enter its personal identification number (PIN), which constitutes the Applicant's electronic signature for the certifications and assurances it has selected. In addition, there is a field for the Applicant's attorney to enter his or her PIN, affirming the Applicant's legal authority to make and comply with the certifications and assurances the Applicant has selected. In certain circumstances, the Applicant may enter its PIN in lieu of its Attorney's PIN, provided that the Applicant has on file the Affirmation of Applicant's Attorney in Appendix A of this Notice, written and signed by the attorney and dated this Federal fiscal year. For more information, Applicants may contact the appropriate Regional Office listed in this Notice or the TEAM-Web Helpdesk.

Procedures for Paper Submission: If an Applicant is unable to submit its certifications and assurances electronically, it must mark the certifications and assurances it is making on the Signature Page(s) in Appendix A of this Notice and submit it to FTA. The Applicant may signify compliance with all Categories by placing a single mark in the appropriate space or select the Categories applicable to itself and its projects. In certain circumstances, the Applicant may enter its signature in lieu of its Attorney's signature in the Affirmation of Applicant's Attorney section of the Signature Page(s), provided that the Applicant has on file the Affirmation of Applicant's Attorney in Appendix A of this Notice, written and signed by the attorney and dated in this Federal fiscal year 2007, and has submitted a copy of this affirmation to FTA. For more information, Applicants may contact the appropriate Regional Office listed in this Notice.

APPENDIX A

FEDERAL FISCAL YEAR 2007 CERTIFICATIONS AND ASSURANCES FOR FEDERAL TRANSIT ADMINISTRATION ASSISTANCE PROGRAMS

In accordance with 49 U.S.C. 5323(n), the following certifications and assurances have been compiled for Federal Transit Administration (FTA) assistance programs. FTA requests each Applicant to provide as many certifications and assurances as needed for all programs for which the Applicant intends to seek FTA assistance during Federal Fiscal Year 2007. FTA strongly encourages each Applicant to submit its certifications and assurances through TEAM-Web, FTA's electronic award and management system, at http://ftateamweb.fta.dot.gov.

Twenty-three (23) Categories of certifications and assurances are listed by numbers 01 through 23 in the TEAM-Web "Recipients" option at the "Cert's & Assurances" tab of "View/Modify Recipients," and on the opposite side of the Signature Page(s) at the end of this document. Category 01 applies to all Applicants. Category 02 applies to all applications exceeding $100,000. Categories 03 through 23 will apply to and be required for some, but not all, Applicants and projects.

FTA and the Applicant understand and agree that not every provision of these certifications and assurances will apply to every Applicant or every project for which FTA provides Federal financial assistance through a Grant Agreement or Cooperative Agreement. The type of project and the section of the statute authorizing Federal financial assistance for the project will determine which provisions apply. The terms of these certifications and assurances reflect applicable requirements of FTA's enabling legislation currently in effect.

The Applicant also understands and agrees that these certifications and assurances are special pre-award requirements specifically prescribed by Federal law or regulation and do not encompass all Federal laws, regulations, and directives that may apply to the Applicant or its project. A comprehensive list of those Federal laws, regulations, and directives is contained in the current FTA Master Agreement MA(13) for Federal Fiscal Year 2007 at the FTA website http://www.fta.dot.gov/documents/13-Master.doc. The certifications and assurances in this document have been streamlined to remove most provisions not covered by statutory or regulatory certification or assurance requirements.

Because many requirements of these certifications and assurances will require the compliance of the subrecipient of an Applicant, we strongly recommend that each Applicant, including a State, that will be implementing projects through one or more subrecipients, secure sufficient documentation from each subrecipient to assure compliance, not only with these certifications and assurances, but also with the terms of the Grant Agreement or Cooperative Agreement for the project, and the Master Agreement incorporated therein by reference. Each Applicant is ultimately responsible for compliance with the provisions of these certifications and assurances irrespective of participation in the project by any subrecipient.

01. FOR EACH APPLICANT

Each Applicant for FTA assistance must provide all assurances in this Category "01." Unless

APPENDIX A

FTA expressly determines otherwise in writing, FTA may not award any Federal assistance until the Applicant provides the following assurances by selecting Category "01."

A. Assurance of Authority of the Applicant and Its Representative

The authorized representative of the Applicant and the attorney who sign these certifications, assurances, and agreements affirm that both the Applicant and its authorized representative have adequate authority under applicable State and local law and the Applicant's by-laws or internal rules to:

(1) Execute and file the application for Federal assistance on behalf of the Applicant;
(2) Execute and file the required certifications, assurances, and agreements on behalf of the Applicant binding the Applicant; and
(3) Execute grant agreements and cooperative agreements with FTA on behalf of the Applicant.

B. Standard Assurances

The Applicant assures that it will comply with all applicable Federal statutes and regulations in carrying out any project supported by an FTA grant or cooperative agreement. The Applicant agrees that it is under a continuing obligation to comply with the terms and conditions of the grant agreement or cooperative agreement issued for its project with FTA. The Applicant recognizes that Federal laws and regulations may be modified from time to time and those modifications may affect project implementation. The Applicant understands that Presidential executive orders and Federal directives, including Federal policies and program guidance may be issued concerning matters affecting the Applicant or its project. The Applicant agrees that the most recent Federal laws, regulations, and directives will apply to the project, unless FTA issues a written determination otherwise.

C. Intergovernmental Review Assurance

The Applicant assures that each application for Federal assistance it submits to FTA has been or will be submitted for intergovernmental review to the appropriate State and local agencies as determined by the State. Specifically, the Applicant assures that it has fulfilled or will fulfill the obligations imposed on FTA by U.S. Department of Transportation (U.S. DOT) regulations, "Intergovernmental Review of Department of Transportation Programs and Activities," 49 CFR part 17.

D. Nondiscrimination Assurance

As required by 49 U.S.C. 5332 (which prohibits discrimination on the basis of race, color, creed, national origin, sex, or age, and prohibits discrimination in employment or business opportunity), by Title VI of the Civil Rights Act of 1964, as amended, 42 U.S.C. 2000d, and by U.S. DOT regulations, "Nondiscrimination in Federally-Assisted Programs of the Department of Transportation--Effectuation of Title VI of the Civil Rights Act," 49 CFR part 21 at 21.7, the Applicant assures that it will comply with all requirements imposed by or issued pursuant to 49 U.S.C. 5332, 42 U.S.C. 2000d, and 49 CFR part 21, so that no person in the United States, on

APPENDIX A

the basis of race, color, national origin, creed, sex, or age will be excluded from participation in, be denied the benefits of, or otherwise be subjected to discrimination in any program or activity (particularly in the level and quality of transportation services and transportation-related benefits) for which the Applicant receives Federal assistance awarded by the U.S. DOT or FTA.

Specifically, during the period in which Federal assistance is extended to the project, or project property is used for a purpose for which the Federal assistance is extended or for another purpose involving the provision of similar services or benefits, or as long as the Applicant retains ownership or possession of the project property, whichever is longer, the Applicant assures that:

(1) Each project will be conducted, property acquisitions will be undertaken, and project facilities will be operated in accordance with all applicable requirements imposed by or issued pursuant to 49 U.S.C. 5332, 42 U.S.C. 2000d, and 49 CFR part 21, and understands that this assurance extends to its entire facility and to facilities operated in connection with the project.
(2) It will promptly take the necessary actions to effectuate this assurance, including notifying the public that complaints of discrimination in the provision of transportation-related services or benefits may be filed with U.S. DOT or FTA. Upon request by U.S. DOT or FTA, the Applicant assures that it will submit the required information pertaining to its compliance with these provisions.
(3) It will include in each subagreement, property transfer agreement, third party contract, third party subcontract, or participation agreement adequate provisions to extend the requirements imposed by or issued pursuant to 49 U.S.C. 5332, 42 U.S.C. 2000d and 49 CFR part 21 to other parties involved therein including any subrecipient, transferee, third party contractor, third party subcontractor at any level, successor in interest, or any other participant in the project.
(4) Should it transfer real property, structures, or improvements financed with Federal assistance provided by FTA to another party, any deeds and instruments recording the transfer of that property shall contain a covenant running with the land assuring nondiscrimination for the period during which the property is used for a purpose for which the Federal assistance is extended or for another purpose involving the provision of similar services or benefits.
(5) The United States has a right to seek judicial enforcement with regard to any matter arising under the Act, regulations, and this assurance.
(6) It will make any changes in its Title VI implementing procedures as U.S. DOT or FTA may request to achieve compliance with the requirements imposed by or issued pursuant to 49 U.S.C. 5332, 42 U.S.C. 2000d, and 49 CFR part 21.

E. Assurance of Nondiscrimination on the Basis of Disability

As required by U.S. DOT regulations, "Nondiscrimination on the Basis of Handicap in Programs and Activities Receiving or Benefiting from Federal Financial Assistance," at 49 CFR 27.9, the Applicant assures that, as a condition to the approval or extension of any Federal assistance awarded by FTA to construct any facility, obtain any rolling stock or other equipment, undertake studies, conduct research, or to participate in or obtain any benefit from any program administered by FTA, no otherwise qualified person with a disability shall be, solely by reason

APPENDIX A

of that disability, excluded from participation in, denied the benefits of, or otherwise subjected to discrimination in any program or activity receiving or benefiting from Federal assistance administered by the FTA or any entity within U.S. DOT. The Applicant assures that project implementation and operations so assisted will comply with all applicable requirements of U.S. DOT regulations implementing the Rehabilitation Act of 1973, as amended, 29 U.S.C. 794, *et seq.*, and the Americans with Disabilities Act of 1990, as amended, 42 U.S.C. 12101 *et seq.*, and implementing U.S. DOT regulations at 49 CFR parts 27, 37, and 38, and any other applicable Federal laws that may be enacted or Federal regulations that may be promulgated.

F. U.S. Office of Management and Budget (OMB) Assurances

Consistent with OMB assurances set forth in SF-424B and SF-424D, the Applicant assures that, with respect to itself or its project, the Applicant:

(1) Has the legal authority to apply for Federal assistance and the institutional, managerial, and financial capability (including funds sufficient to pay the non-Federal share of project cost) to ensure proper planning, management, and completion of the project described in its application;

(2) Will give FTA, the Comptroller General of the United States, and, if appropriate, the State, through any authorized representative, access to and the right to examine all records, books, papers, or documents related to the award; and will establish a proper accounting system in accordance with generally accepted accounting standards or agency directives;

(3) Will establish safeguards to prohibit employees from using their positions for a purpose that constitutes or presents the appearance of personal or organizational conflict of interest or personal gain;

(4) Will initiate and complete the work within the applicable project time periods following receipt of FTA approval;

(5) Will comply with all applicable Federal statutes relating to nondiscrimination including, but not limited to:

(a) Title VI of the Civil Rights Act, 42 U.S.C. 2000d, which prohibits discrimination on the basis of race, color, or national origin;

(b) Title IX of the Education Amendments of 1972, as amended, 20 U.S.C. 1681 through 1683, and 1685 through 1687, and U.S. DOT regulations, "Nondiscrimination on the Basis of Sex in Education Programs or Activities Receiving Federal Financial Assistance," 49 CFR part 25, which prohibit discrimination on the basis of sex;

(c) Section 504 of the Rehabilitation Act of 1973, as amended, 29 U.S.C. 794, which prohibits discrimination on the basis of disability;

(d) The Age Discrimination Act of 1975, as amended, 42 U.S.C. 6101 through 6107, which prohibits discrimination on the basis of age;

(e) The Drug Abuse Office and Treatment Act of 1972, as amended, 21 U.S.C. 1101 *et seq.*, relating to nondiscrimination on the basis of drug abuse;

(f) The Comprehensive Alcohol Abuse and Alcoholism Prevention Act of 1970, as amended, 42 U.S.C. 4541 *et seq.* relating to nondiscrimination on the basis of alcohol abuse or alcoholism;

(g) The Public Health Service Act of 1912, as amended, 42 U.S.C. 201 *et seq.*, relating to confidentiality of alcohol and drug abuse patient records;

APPENDIX A

(h) Title VIII of the Civil Rights Act, 42 U.S.C. 3601 *et seq.*, relating to nondiscrimination in the sale, rental, or financing of housing; and
(i) Any other nondiscrimination statute(s) that may apply to the project;

(6) To the extent applicable, will comply with, or has complied with, the requirements of Titles II and III of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended, (Uniform Relocation Act) 42 U.S.C. 4601 *et seq.*, which, among other things, provide for fair and equitable treatment of persons displaced or persons whose property is acquired as a result of Federal or federally assisted programs. These requirements apply to all interests in real property acquired for project purposes and displacement caused by the project regardless of Federal participation in any purchase. As required by sections 210 and 305 of the Uniform Relocation Act, 42 U.S.C. 4630 and 4655, and by U.S. DOT regulations, "Uniform Relocation Assistance and Real Property Acquisition for Federal and Federally Assisted Programs," 49 CFR 24.4, the Applicant assures that it has the requisite authority under applicable state and local law to comply with the requirements of the Uniform Relocation Act, 42 U.S.C. 4601 *et seq.*, and U.S. DOT regulations, "Uniform Relocation Assistance and Real Property Acquisition for Federal and Federally Assisted Programs," 49 CFR part 24, and will comply with that Act or has complied with that Act and those implementing regulations, including but not limited to the following:
(a) The Applicant will adequately inform each affected person of the benefits, policies, and procedures provided for in 49 CFR part 24;
(b) The Applicant will provide fair and reasonable relocation payments and assistance as required by 42 U.S.C. 4622, 4623, and 4624; 49 CFR part 24; and any applicable FTA procedures, to or for families, individuals, partnerships, corporations, or associations displaced as a result of any project financed with FTA assistance;

17. ELDERLY INDIVIDUALS AND INDIVIDUALS WITH DISABILITIES FORMULA PROGRAM AND PILOT PROGRAM

The State or State organization (State) that administers the Elderly Individuals and Individuals with Disabilities Formula Program and, if applicable, the Elderly Individuals and Individuals with Disabilities Pilot Program on behalf of itself and its subrecipients is required to provide the following certifications on behalf of itself and each subrecipient. Unless FTA determines otherwise in writing, the State itself is ultimately responsible for compliance with its certifications and assurances even though a subrecipient may participate in that project. Consequently, in providing certifications and assurances that involve the compliance of its prospective subrecipients, the State is strongly encouraged to take the appropriate measures, including but not limited to obtaining sufficient documentation from each subrecipient, to assure the validity of all certifications and assurances the State has made to FTA. FTA may not award assistance for the Elderly Individuals and Individuals with Disabilities Formula Program or the Elderly Individuals and Individuals with Disabilities Pilot Program until the State provides these certifications by selecting Category "17."

A. As required by 49 U.S.C. 5310(d), which makes the requirements of 49 U.S.C. 5307 applicable to the Elderly Individuals and Individuals with Disabilities Formula Program to the extent that the Federal Transit Administrator or his or her designee determines appropriate, and 49 U.S.C. 5307(d)(1), the State or State organization serving as the Applicant (State) and that administers, on behalf of the State, the Elderly Individuals and Individuals with Disabilities Program authorized by 49 U.S.C. 5310, and, if applicable, the Elderly Individuals and Individuals with Disabilities Pilot Program authorized by subsection 3012(b) of SAFETEA-LU, 49 U.S.C. 5310 note, certifies and assures on behalf of itself and its subrecipients as follows:

APPENDIX A

(5) In compliance with 49 U.S.C. 5307(d)(1)(G), the Applicant has or will have available and will provide the amount of funds required by 49 U.S.C. 5310(c), and if applicable by section 3012b(3) and (4), for the local share, and that those funds will be provided from approved non-Federal sources except as permitted by Federal law; and

(6) In compliance with 49 U.S.C. 5307(d)(1)(H), the Applicant will comply with: 49 U.S.C. 5301(a) (requirements for public transportation systems that maximize the safe, secure, and efficient mobility of individuals, minimize environmental impacts, and minimize transportation-related fuel consumption and reliance on foreign oil); 49 U.S.C. 5301(d) (special efforts to design and provide public transportation for elderly individuals and individuals with disabilities); and 49 U.S.C. 5303 through 5306 (planning and private enterprise requirements);

B. The State assures that each subrecipient either is recognized under State law as a private nonprofit organization with the legal capability to contract with the State to carry out the proposed project, or is a public body that has met the statutory requirements to receive Federal assistance authorized for49 U.S.C. 5310.

C. The private nonprofit subrecipient's application for 49 U.S.C. 5310 assistance contains information from which the State concludes that the transit service provided or offered to be provided by existing public or private transit operators is unavailable, insufficient, or inappropriate to meet the special needs of the elderly and persons with disabilities.

D. In compliance with 49 U.S.C. 5310(d)(2)(A) and section 3012(b)(2), the State certifies that, before it transfers funds to a project funded under 49 U.S.C. 5336, that project will has been or will have been coordinated with private nonprofit providers of services under 49 U.S.C. 5310;

18. NONURBANIZED AREA FORMULA PROGRAM

The provisions of 49 U.S.C. 5311 establishing the Nonurbanized Area Formula Program do not impose, as a pre-condition of award, any explicit certification or assurance requirements established specifically for that program. Only a State or a State organization acting as the Recipient on behalf of a State (State) may be a direct recipient of Nonurbanized Area Formula Program assistance. Separate certifications and assurances have been established for an Indian tribe that is an Applicant for Tribal Transit Program assistance authorized by 49 U.S.C. 5311(c)(1).

Before FTA may award Nonurbanized Area Formula Program assistance to a State, the U.S. Secretary of Transportation or his or her designee is required to make the pre-award

APPENDIX A

determinations required by 49 U.S.C. 5311. Because certain information is needed before the Secretary or his or her designee can make those determinations, each State is requested to provide the following assurances on behalf of itself and its subrecipients. Unless FTA determines otherwise in writing, the State itself is ultimately responsible for compliance with its certifications and assurances even though a subrecipient may participate in that project. Consequently, in providing certifications and assurances that involve the compliance of its prospective subrecipients, the State is strongly encouraged to take the appropriate measures, including but not limited to obtaining sufficient documentation from each subrecipient, to assure the validity of all certifications and assurances the State has made to FTA. A State that fails to provide these assurances on behalf of itself and its subrecipients may be determined ineligible for a grant of Federal assistance under 49 U.S.C. 5311 if FTA lacks sufficient information from which to make those determinations required by Federal laws and regulations governing the Nonurbanized Area Formula Program authorized by 49 U.S.C. 5311. The State is thus requested to select Category "(18)."

The State or State organization serving as the Applicant and that administers, on behalf of the State (State) the Nonurbanized Area Formula Program authorized by 49 U.S.C. 5311, assures on behalf of itself and its subrecipients as follows:

A. The State has or will have the necessary legal, financial, and managerial capability to apply for, receive, and disburse Federal assistance authorized for 49 U.S.C. 5311; and to carry out each project, including the safety and security aspects of that project;
B. The State has or will have satisfactory continuing control over the use of project equipment and facilities;
C. The State assures that the project equipment and facilities will be adequately maintained;
D. In compliance with 49 U.S.C. 5311(b)(2)(C)(i), the State's program has provided for a fair distribution of Federal assistance authorized for 49 U.S.C. 5311 within the State, including Indian reservations within the State;
E. In compliance with 49 U.S.C. 5311(b)(2)(C)(ii), the State's program provides or will provide the maximum feasible coordination of public transportation service to receive assistance under 49 U.S.C. 5311 with transportation service assisted by other Federal sources;
F. The projects in the State's Nonurbanized Area Formula Program are included in the Statewide Transportation Improvement Program and, to the extent applicable, the projects are included in a metropolitan Transportation Improvement Program;
G. The State has or will have available and will provide the amount of funds required by 49 U.S.C. 5311(g) for the local share, and that those funds will be provided from approved non-Federal sources except as permitted by Federal law; and
H. In compliance with 49 U.S.C. 5311(f), the State will expend not less than fifteen (15) percent of the amounts of Federal assistance authorized under 49 U.S.C. 5311 that have been provided to the State to develop and support intercity bus transportation within the State, unless the chief executive officer of the State, or his or her designee, after consultation with affected intercity bus service providers, certifies to the Federal Transit Administrator, apart from these certifications and assurances herein, that the intercity bus service needs of the State are being adequately met.
