I. <u>EXECUTIVE BRIEF</u>

Motion and Title: Staff recommends motion to receive and file: Grant Adjustment Notice amending the National Institute of Justice "Solving Cold Cases with DNA Program" Grant which includes an extension of the ending date from May 31, 2007 to December 31, 2007.

Summary: The Palm Beach County Board of County Commissioners previously, on December 20, 2005 (R-2005-2439), accepted an award of \$192,431 for the "Solving Cold Cases with DNA Program". The National Institute of Justice (NIJ) also awarded the PBSO an additional \$182,330 for the "Solving Cold Cases with DNA Program", increasing the total award for the program to \$374,761. The objective of this grant is to combine the efforts of the PBSO Special Investigations Bureau, Crimes Against Children/Sexual Assault Unit and the Violent Crimes Bureau with the experience of the Serology/DNA Section of the Crime Laboratory to solve Cold Cases. The goal is to screen all of the Cold Cases for potential biological evidence for the purpose of conducting DNA analysis such that the laboratory CODIS administrator will enter any qualifying DNA profile into CODIS. At the time of the grant application, it was estimated that there are approximately 250 Cold Cases from the Crimes Against Children/Sexual Assault Unit and Violent Crimes Bureaus, of which 85 may meet the criteria set forth by this grant. The Palm Beach County Sheriff's Office has been given an extension to allow the grant funds to be fully expended. There is no grant match required, nor are any County funds required in FY 2007. Countywide (DW)

Background and Justification: The crime laboratory at the PBSO presented a proposal to NIJ entitled "Solving Cold Cases with DNA Program." DNA testing supports criminal investigations involving the identification or exclusion of putative suspects through the analysis of biological evidence recovered from crime scenes. The main goal of the PBSO Serology/DNA Section is to research every no-suspect case and conduct DNA analysis on all viable no-suspect cases in Palm Beach County. The Catalog of Federal Domestic Assistance (CFDA) number is 016.560 and the grant number is 2005-DN-BX-K031.

I. <u>EXECUTIVE</u> BRIEF

Motion and Title: Staff recommends motion to approve: an amendment to the National Institute of Justice "Solving Cold Cases with DNA Program" Cooperative Agreement to extend the grant period from November 30, 2006 to May 31, 2007.

Summary: The Palm Beach County Board of County Commissioners previously, on December 20, 2005 (R-2005-2439), approved \$192,431 for the "Solving Cold Cases with DNA Program". The National Institute of Justice (NIJ) awarded the PBSO an additional \$182,330 (R2006-1503) for the "Solving Cold Cases with DNA Program", increasing the total award for the program to \$374,761. The objective of this grant is to combine the efforts of the PBSO Special Investigations Bureau, Crimes Against Children/Sexual Assault Unit and the Violent Crimes Bureau with the experience of the Serology/DNA Section of the Crime Laboratory to solve Cold Cases. The goal of this proposal is to screen all of the Cold Cases for potential biological evidence for the purpose of conducting DNA analysis such that the laboratory CODIS (Combined DNA Index System) administrator will enter any qualifying DNA profile into CODIS. It is estimated that there are approximately 250 Cold Cases from the Crimes Against Children/Sexual Assault Unit and Violent Crimes Bureaus, of which 35 may meet the criteria set forth by this grant. The Palm Beach County Sheriff's Office has been permitted to spend \$192,431 for the specified activities which are separate and distinct from the activities that require review oursuant to the National Environmental Protection Agency (NEPA). The additional NEPA restricted funds in he amount of \$182,330, which were under review, have been made available for spending. However, due to the lelay in approval of our required FONSI EA (Finding of No Significant Impact, Environmental Assessments), ve are requesting a no-cost 6 month extension. There is no grant match required, nor are any County funds

Solving Cold Cases with DNA Program." DNA testing supports criminal investigations involving the dentification or exclusion of putative suspects through the analysis of biological evidence recovered from crime cenes. The main goal of the PBSO Serology/DNA Section is to research every no-suspect case and conduct NNA analysis on all viable no-suspect cases in Palm Beach County. The Catalog of Federal Domestic ssistance (CFDA) number is 016.560 and the grant number is 2005-DN-BX-K031.
