CHANGE ORDER NO 10 SUMMARY REPORT

PALM BEACH INTERNATIONAL AIRPORT
LONT TERM PARKING GARAGE NO 2

RESOLUTION NO: 2006-0842
JAMES A CUMMINGS

CP #	DESCRIPTION	COST	DAYS	CATEGORY	SUMMARY EXPLANATION
28KR1	Above Grade Plumbing	\$2,532.00		Error/Omission	Riser at column G-9 was upsized from 6" to 8" as a result of the original riser size was not adequate.
28BR1	Underground Plumbing	\$194,633.00		Error/Omission	The original design that was bid was not constructible as designed due to conflicts with the proposed footings. The conflict with the footings was not discovered until after the footings had been constructed. It was determined to be impractical to redesign/reconstruct the footings to accommodate the underground plumbing. Instead, the UG plumbing was redesigned to work around the footings. The redesign involved installing larger dia. pipe at deeper depths. The deeper installation necessitated the installation of a dewatering system and more elaborate trench shoring system. A portion of the UG was installed before the conflicts were discovered. The cost associated with removing and re-installing this portion of the system, and for re-stocking charges associated with the pipe that was not used totaled \$27,542.
28MR1	Storm Drainage Revisions	\$72,740.00		Error/Omission	The revisions to the underground plumbing necessitated changes to the storm drainage system. As the inverts of the UG plumbing system were lowered, the storm drainage system into which it drained had to be modified also. On the east side of the new garage this required the construction of an additional manhole, structure SD-7A. On the west side of the garage structures SD-9 and SD-10 which were originally designed and built to accept the UG plumbing on that side of the garage were now not deep enough. Instead, the plumbing discharge from the west side of the garage was diverted to structures SD-5 and SD-6 which were deep enough to accept the lower UG plumbing.
28JR1	Watermain revisions	\$198,146.00		Other Agency	The project originally included relocating 250lf of 12"W.M. During the permitting phase PBCWUD expressed their difficulty in maintaining the existing watermain that extended under the elevated roadway (inability to access valves under the road) and recommended a second loop be provided along the east side of the new garage. This added approximately 900LF of 12 "WM to the contract.

LEGEND

\$269,905.00	Omission/recommended and/or required in project
\$198,146.00	Other Agency (TSA, PZB, Fire Marshall)
	Department of Airports
	Conditions not normally anticipated or encountered in construction
	Quantity Underruns, contract Adjustments

\$468,051.00 Total Change Order No 1

**RE: Review of JAC Cost Proposals Associated With Change Order No. 10 -
28KR1, Modification of Above Grade Plumbing
28BR1, Modification of Underground Plumbing
28MR1, Modification of Storm Drainage System
28JR1, Modification of Water Main System**

Phil/Cindy,

After numerous and lengthy negotiations, and several revisions to the proposals, I am of the opinion that the proposals listed above from Cummings represent fair and reasonable cost for the associated work and that the quantities submitted represent those required to complete the work as detailed in the revised drawings from Walker Parking. I have compared the proposed cost submitted by Cummings with those of several industry standards including Means Construction, and unit prices from other similar work that was bid locally, and find the prices submitted to be reasonable.

Thanks
Ron

2101 Centerpark West Dr., Ste. 160
West Palm Beach, FL 33409

CHANGE ORDER NO: **Ten (10)**
 COUNTY/FAA PROJECT NO: **PB 05-3**
 CONTRACT DATE: **5/16/2006**
 RESOLUTION NO. **R2006-0842**
 DISTRICT # **2**

Description of Change:

Numerous changes to the contract documents were required during the permitting phase through Palm Beach County after the project was bid. These changes were required due to differences in code interpretations, agency requests or omissions in design and were included in the Permit conformance Set dated December 18, 2006. Change Order No. 10 will cover items described in the attached summary sheet containing description, summary explanation and cost for each item as submitted in 4 contract Change Proposals by James A. Cummings Inc. Approval of this Change Order will increase the total contract price by \$468,051. There is no change in Contract Time as a result of this change order.

EXECUTION OF THIS CHANGE ORDER ACKNOWLEDGES FINAL SETTLEMENT OF, AND RELEASES ALL CLAIMS FOR, COSTS AND TIME ASSOCIATED, DIRECTLY OR INDIRECTLY, WITH THE ABOVE STATED MODIFICATION(S), INCLUDING ALL CLAIMS FOR CUMULATIVE DELAYS OR DISRUPTIONS RESULTING FROM, CAUSED BY, OR INCIDENT TO, SUCH MODIFICATION(S), AND INCLUDING ANY CLAIM THAT THE ABOVE-STATED MODIFICATION(S) CONSTITUTES, IN WHOLE OR PART, A CARDINAL CHANGE TO THE CONTRACT.

The Original Contract Sum was **\$61,666,000.00**
 Net change by previous Change Orders **\$(-) 26,633,767.00**
 The Contract Sum prior to this Change Order was **\$ 35,032,233.00**
 The Contract Sum will be **(increased)** by this Change Order **\$468,051.00**
 The new Contract Sum including Change Order will be **\$ 35,500,284.00**
 The Contract Time will be (increased/decreased) by **0** calendar days.
 The Date of Completion as of the date of this Change Order therefore is **November 2, 2007.**

Attention: Ron Mattingly

RE: Palm Beach County Department of Airports
Long Term Parking Structure No. 2
CP # 28KR1 – Request for Quotation (RFQ) #11 (Above Grade Plumbing) (Change Proposal)

Dear Mr. Mattingly,

Attached herewith, please find the breakdown of costs, along with back-up, totaling \$2,532.00 to furnish and install above grade plumbing in accordance with Request for Quotation (RFQ) #11 dated January 3, 2007, Change Proposal #28.1 (RFQ #11) Permit Conformance Contract Modifications, submitted April 30, 2007, RFQ #11 Drawing Revision Summary & Qualifications, dated March 9, 2007 submitted with Change Proposal #28 and Attachment A, Request For Quotation (RFQ) #11, Summary and Components, dated April 30, 2007.

In accordance with the request of the Owner, this proposal for the revisions to the Above Grade Plumbing System is being submitted separately. Revisions to the underground plumbing, Fire Protection System and HVAC are not included herein and will be submitted separately.

Please review and issue a Change Order to the contract in the amount of \$2,532.00 in order to authorize James A. Cummings, Inc. to proceed with the work. We respectfully reserve our right to request additional time should it become apparent this work will delay the completion of the Project.

This Proposal will remain in effect for a period of fifteen (15) days. Acceptance subsequent to this time shall be subject to review and change.

Sincerely
James A. Cummings, Inc.

Description of change: **CHANGE STORM RISER LOCATED AT COLUMN LINE G/9 FROM 6" TO 8" AS DIRECTED BY IMDC RFI RESPONSE . RISER AND FITTINGS INCREASE IN SIZE THRU LEVEL SIX .**

Drawings affected:

Gentlemen:
 We have received and reviewed your request and find that plumbing work is involved
 It therefore appears necessary to prepare a cost proposal at this time

SCOPE: plumbing work	PROPOSAL:
Inclusions: PIPE, FITTINGS, HANGERS FOR SIZE CHANGE	TOTAL MATERIALS \$1,304
	TOTAL LABOR (Manhours) 15 \$685
	TOTAL SUBCONTRACTS & RENTALS \$0
Exclusions: CONCRETE PATCHING, PAINTING, CORING	OTHER DIRECT COSTS \$0
	TOTAL DIRECT COST \$1,988
	OVERHEAD COSTS (SUBS) @ 0.00% \$0
	OVERHEAD COSTS (STD.) @ 10.00% \$199
	TOTAL COST \$2,187
	PROFIT @ 0.00% \$0
	SUBTOTAL \$2,187
	BOND @ 1.30% \$28
	TOTAL THIS PROPOSAL \$2,216

This proposal may be withdrawn by us if not accepted within 10 working days.
 Time extension requested: 5 working days

Attention: Ron Mattingly

RE: Palm Beach County Department of Airports
Long Term Parking Structure No. 2
CP # 28BR1 – Request for Quotation (RFQ) #11 Addendum No. 3 (Underground Plumbing) (Change Proposal)

Dear Mr. Mattingly,

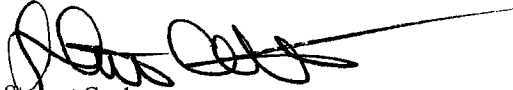

Attached herewith, please find the breakdown of costs, along with back-up, totaling \$194,633.00 to furnish and install underground plumbing in accordance with Request for Quotation (RFQ) #11 Addendum No. 3 dated February 21, 2007, Drawing P1.1 (Plumbing Foundation Plan) dated April 9, 2007, Change Proposal #28.1 (RFQ #11) Permit Conformance Contract Modifications, submitted April 12, 2007, RFQ #11 Drawing Revision Summary & Qualifications, dated March 9, 2007 submitted with Change Proposal #28 and Attachment A, Request For Quotation (RFQ) #11, Summary and Components, dated April 30, 2007.

In accordance with the request of the Owner, this proposal for the revisions to the underground plumbing is being submitted separately. Revisions to the Above Grade Plumbing, Fire Protection System and HVAC are not included herein and will be submitted separately.

Please review and issue a Change Order to the contract in the amount of \$194,633.00 in order to authorize James A. Cummings, Inc. for proceeding with the work. We respectfully reserve our right to request additional time should it become apparent this work will delay the completion of the Project.

This Proposal will remain in effect for a period of fifteen (15) days. Acceptance subsequent to this time shall be subject to review and change.

Sincerely
James A. Cummings, Inc.

Attention: Ron Mattingly

RE: Palm Beach County Department of Airports
Long Term Parking Structure No. 2
CP # 28MR1 – Request for Quotation (RFQ) #11 Addendum No. 3 (Storm Drainage Revisions) (Change Proposal)

Dear Mr. Mattingly,

Attached herewith, please find the breakdown of costs, along with back-up, totaling \$72,740.00 to furnish and install revisions to the Storm Drainage System due to the revisions to the underground plumbing inverts in accordance with Request for Quotation (RFQ) #11, Addendum #3, dated February 21, 2007 and drawing P1.1 Revision 6 (Plumbing Foundation Plan) dated April 9, 2007, Change Proposal #28.1 (RFQ #11) Permit Conformance Contract Modifications, submitted April 12, 2007, RFQ #11 Drawing Revision Summary & Qualifications, dated March 9, 2007 submitted with Change Proposal #28 and Attachment A, Request For Quotation (RFQ) #11, Summary and Components, dated April 30, 2007.

In accordance with the request of the Owner, this proposal for the revisions to the Storm Drainage system is being submitted separately. Revisions to the underground plumbing, domestic water, site demolition and site work are not included herein and will be submitted separately.

Please review and issue a Change Order to the contract in the amount of \$72,740.00 in order to authorize James A. Cummings, Inc. for proceeding with the work. We respectfully reserve our right to request additional time should it become apparent this work will delay the completion of the Project.

This Proposal will remain in effect for a period of fifteen (15) days. Acceptance subsequent to this time shall be subject to review and change.

Sincerely
James A. Cummings, Inc.

Install Floor Drain Piping to New Inverts @ SD-5, SD-8 & SD-7A

Pending

Pending

JAC Plumbing Plan dated 08-03-06

4/3/2007

15 \$

67,277.35

Please prepare a change order in the amount of \$ 67,277.35 for lowering the floor drainage piping inverts @ SD-5, & 8, & @ new structure SD-7A. This will require dewatering @ each structure, 2 each 60" Pipe Plugs, 1 42" Pipe plug, removing existing pipe where already installed, cutting new holes in structures for new inverts, plugging existing holes in structures, and temporary pumps to handle temporary drainage where necessary. Documentation for the change order pricing is attached for your review. Any questions please do not hesitate to contact me.

Change Order

Consultant
 Directive

Install Floor Drain Piping to New Inverts West and East side

Due to a conflict between finished floor elevation and floor drain grate elevations, the inverts for the floor drain piping at structures SD5,6,7, & 8 must be lowered. This will require dewatering, Plugs, trench box, and cutting new holes in structures and plugging existing holes. In addition the drains at structures SD 9 & SD 10 will have to by pass these structures (bottom elevations is 10.80 in these 2 structures) and be cut directly into SD 5 & SD 8.

Item No	Item Description	Amt	Prop	Reference
001	Mobilization	\$	1,260.00	
002	Install Floor Drain Pipe & SD-7A	\$	24,397.87	
003	Install Floor Drain Pipe @ SD-5 & SD-7	\$	34,898.00	
Level 001	1.00% Bond Markup	\$	805.56	
Level 002	Overhead & Profit Markup	\$	6,116.12

Plumbing Plan dated 08-03-06
 lowers the inverts of the floor drain piping at
 SD5, SD6, SD7, and SD8. These changes
 are needed to resolve conflict between
 finish floor grade and floor grate elevations.

Notes:

- 1 Existing Structures SD9 & SD10 have bottom elevations of 10.8. These structures will be left in place to act as yard drains. New pipe run will bypass these structures and tie directly into SD5 & SD8 respectively.
- 2 Floor Drain pipes will be run from existing structures SD 5, & SD 6, and a n additional SD 7A to within 8" of Building at the locations as depicted on the plumbing drawing.
- 3 Mobilization costs is charged for west connections only.

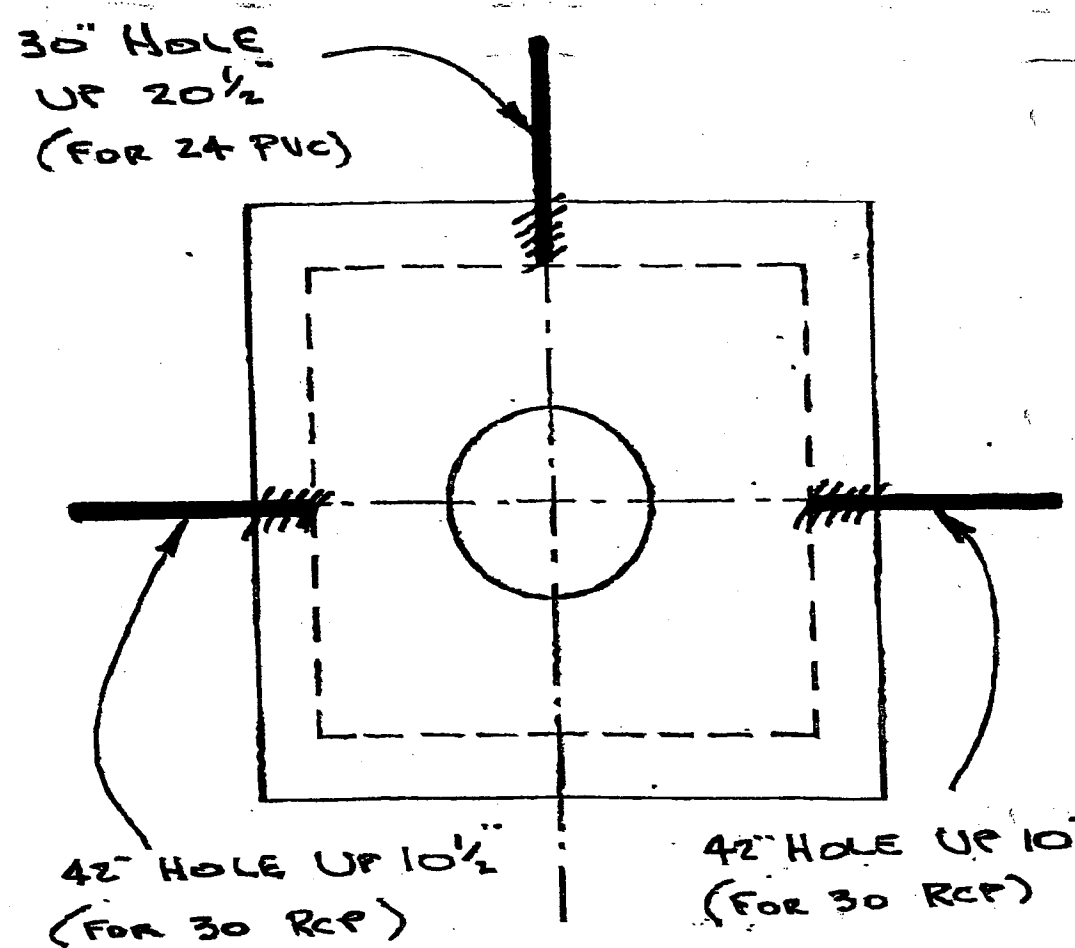

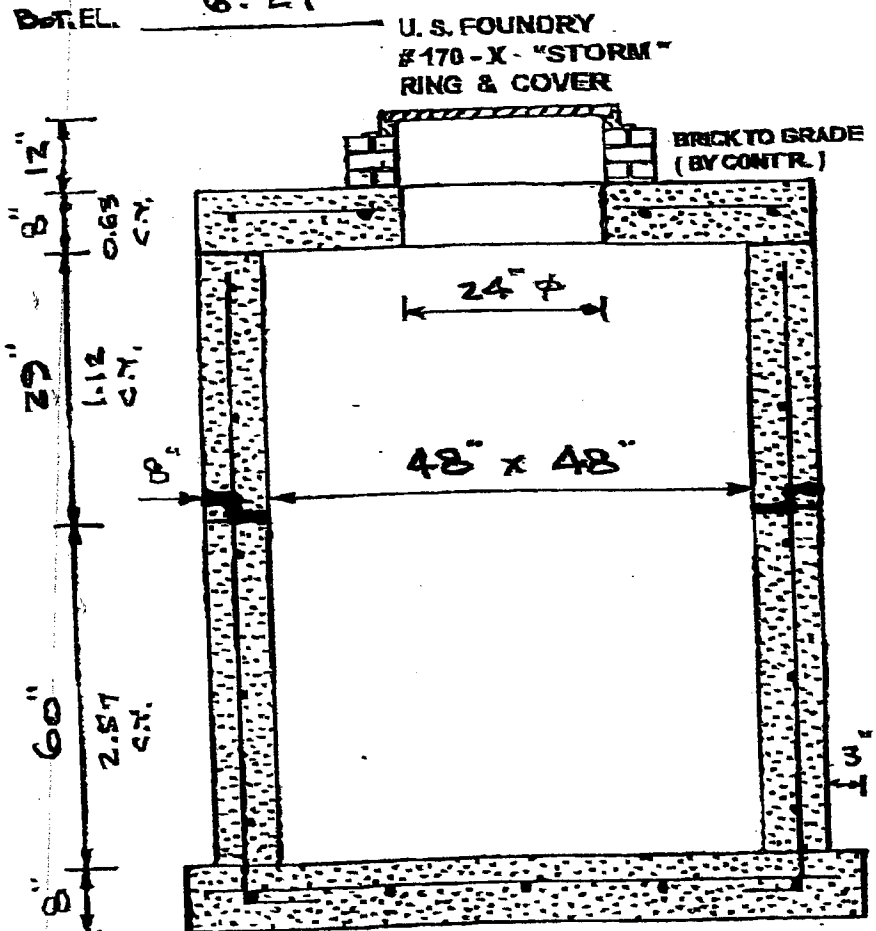

Exclusions

- 1 Pricing does not include any underpinning, bracing, sheeting or any other type of support or corrective work for any adjacent existing structures or buildings, etc.
- 2 MEC takes exception to any scope of work and/or cost not specifically identified above, whether shown or implied on the drawings.
- 3 MEC also takes exception to any conflicts with existing or proposed improvement and utilities, and to damage to damage to utilities not properly located by others.

Respectively,

Mora Engineering Contractors, Inc.

RE: Palm Beach County Department of Airports
Long Term Parking Structure No. 2
CP # 28JR1 – Request for Quotation (RFQ) #11 (New Domestic Water Main) (Change Proposal)

Dear Mr. Mattingly,

Attached herewith, please find the breakdown of costs, along with back-up, totaling \$198,146.00 to furnish and install new water main system, in accordance with Request for Quotation (RFQ) #11, dated January 3, 2007 and drawings C1.3 Revision 4 (Utility Plan) dated December 18, 2006, C1.4 Revision 3 (Water and Drainage Profile) dated December 18, 2006, C1.6 Revision 2 (Drainage Profile) dated December 18, 2006, C1.9 Revision 2 (Water Details) dated December 18, 2006, C1.10 Revision 2 (Water Details) dated December 18, 2006, C1.11 Revision 2 (Water Details) dated December 18, 2006, and WUD Standard Details Sheets 1 of 3, 2 of 3, & 3 of 3 all dated December 18, 2006, Change Proposal #28.1 (RFQ #11) Permit Conformance Contract Modifications, submitted April 12, 2007, RFQ #11 Drawing Revision Summary & Qualifications, dated March 9, 2007 submitted with Change Proposal #28 and Attachment A, Request For Quotation (RFQ) #11, Summary and Components, dated April 30, 2007.

In accordance with the request of the Owner, this proposal for the revisions to the New Domestic Water Main system is being submitted separately. Revisions to the storm sewer, site demolition, and site work are not included herein and will be submitted separately.

Please review and issue a Change Order to the contract in the amount of \$198,146.00 in order to authorize James A. Cummings, Inc. for proceeding with the work. We respectfully reserve our right to request additional time should it become apparent this work will delay the completion of the Project.

This Proposal will remain in effect for a period of fifteen (15) days. Acceptance subsequent to this time shall be subject to review and change.

Sincerely
James A. Cummings, Inc.

Stewart Coulter
Project Manager

CHANGE ORDER NO 10 SUMMARY REPORT

PALM BEACH INTERNATIONAL AIRPORT
LONT TERM PARKING GARAGE NO 2

RESOLUTION NO: 2006-0842
JAMES A CUMMINGS

CP #	DESCRIPTION	COST	DAYS	CATEGORY	SUMMARY EXPLANATION
28KR1	Above Grade Plumbing	\$2,532.00		Error/Omission	Riser at column G-9 was upsized from 6" to 8" as a result of the original riser size was not adequate.
28BR1	Underground Plumbing	\$194,633.00		Error/Omission	The original design that was bid was not constructible as designed due to conflicts with the proposed footings. The conflict with the footings was not discovered until after the footings had been constructed. It was determined to be impractical to redesign/reconstruct the footings to accommodate the underground plumbing. Instead, the UG plumbing was redesigned to work around the footings. The redesign involved installing larger dia. pipe at deeper depths. The deeper installation necessitated the installation of a dewatering system and more elaborate trench shoring system. A portion of the UG was installed before the conflicts were discovered. The cost associated with removing and re-installing this portion of the system, and for re-stocking charges associated with the pipe that was not used totaled \$27,542.
28MR1	Storm Drainage Revisions	\$72,740.00		Error/Omission	The revisions to the underground plumbing necessitated changes to the storm drainage system. As the invert of the UG plumbing system were lowered, the storm drainage system into which it drained had to be modified also. On the east side of the new garage this required the construction of an additional manhole, structure SD-7A. On the west side of the garage structures SD-9 and SD-10 which were originally designed and built to accept the UG plumbing on that side of the garage were now not deep enough. Instead, the plumbing discharge from the west side of the garage was diverted to structures SD-5 and SD-6 which were deep enough to accept the lower UG plumbing.
28JR1	Watermain revisions	\$198,146.00		Other Agency	The project originally included relocating 250lf of 12"WM. During the permitting phase PBCWUD expressed their difficulty in maintaining the existing watermain that extended under the elevated roadway (inability to access valves under the road) and recommended a second loop be provided along the east side of the new garage. This added approximately 900LF of 12 "WM to the contract.

LEGEND
