I. EXECUTIVE BRIEF

Motion and Title: Staff recommends motion to: **A) Accept** a Florida Department of Law Enforcement Edward Byrne Memorial Justice Assistance Grant for the Domestic Violence Program, in the amount of \$60,000 for the period of October 01, 2007 through September 30, 2008; **B) Approve** a budget amendment in the amount of \$60,000 increasing the Sheriff's Grant fund.

Summary: On August 20, 2007 the Palm Beach County Sheriff's Office (PBSO) received an award to continue its Domestic Violence Program. The Domestic Violence Program will continue to concentrate on the domestic violence victim population in Palm Beach County through the use of the domestic violence investigator position. These funds will continue to pay for this allocation. There is no match requirement associated with this award. No additional positions are needed and no County funds are required. Countywide. (DW)

Background and Justification: The PBSO has modeled the Domestic Abuse Internet Information Network (DAIIN) after a similar program at Largo Police Department. The purpose for this project is to present critical information about the severity of individual cases (victim information and photographic evidence of injuries and the crime scene) to assist the State Attorney's Office at First Appearance hearings via a secure Internet web site managed by the PBSO. The domestic violence investigator funded by this contract will continue to coordinate services with Domestic Abuse Response Team (DART) officers working with the PBSO and other municipal agencies. The Domestic Violence program objectives are; increase victim safety at first appearance, increase community service agency awareness of victim's needs, increase prosecutor's ability to successfully charge and resolve cases of domestic violence, and improve evidence collection and accessibility in a timely manner. The Catalog of Federal Domestic Assistance (CFDA) Number for this program is 16.738; and the Florida Department of Law Enforcement Contract number is 2008-JAGC-PALM-5-Q9-065.

Problem Identification

Domestic Violence continues to be a major epidemic facing our national, state, and local communities. According to national studies, one out of every four women will experience violence by an intimate partner sometime during her lifetime. Even more disturbing, women are far more likely than men to be murdered by an intimate partner. Although the crimes of domestic violence often go unreported, the number of reported domestic violence rates are staggering. In 2006, PBSO responded to 563,510 calls for service, of which 8,478 were calls for domestic related incidents, including 2,825 cases determined to be violent in nature (assaults, battery, sexual battery, stalking and murder).

Palm Beach County has been in the forefront of reducing the incidence of domestic violence through proactive law enforcement initiatives, aggressive prosecution of perpetrators and grass-roots advocacy from a coalition of community-based providers, including the Palm Beach County Victim Services Division. The Palm Beach County Sheriff's Office (PBSO) is committed to serve the needs of victims of domestic violence.

To this end, we have implemented three major programs in our effort to address the domestic violence crisis. First, PBSO implemented a Domestic Abuse Response Team (DART) in 1998 where officers are specially trained and equipped to handle domestic violence calls. Currently, PBSO has approximately 240 DART officers who work various shifts 24/7 throughout the unincorporated areas and municipal districts under the jurisdiction of PBSO. Second, PBSO implemented the Victim Volunteer Advisors Program in 1998, to assist victims of domestic violence over the phone when an officer responds to the scene and determines that a crime occurred and a victim advisor is needed to assist the victim. Third, PBSO created the Domestic Violence Internet Program in 2001, a secured password-protected web-site to serve as a conduit of information for interested parties (prosecutor, judges, domestic violence centers, probation officers, and victim advocates) to view details of a crime and to make informed decisions regarding services and whether a protection order is warranted.

We are requesting grant funds to support the continued employment of our Domestic Violence Detective, an integral member of our Domestic Violence Unit.

Project Summary

The Palm Beach Sheriff's Office created the Domestic Violence Unit to provide an organized, holistic and victim-focused approach to special crimes stemming from intra-familial and interpersonal violence so that victims can break the cyclic and inter-generational patterns of violence. With early identification and intervention, through outreach and educational efforts and through victim empowerment, victims and family members can break free from the cycle of violence or abuse.

The Domestic Violence Unit is comprised of one (1) sergeant, one (1) detective, and (2)

victim advocates and currently 24 volunteer domestic violence advisors. The Domestic Violence Unit is responsible for the follow-up investigation of reported domestic violence cases, including but not limited to: domestic-related battery, aggravated battery, aggravated assault, kidnapping, false imprisonment, attempted homicide, aggravated stalking, and violations of Injunctions for Protection. The Unit also provides in-service training to all PBSO deputies and other local law enforcement agencies in addition to training new hires. The Unit also acts as a clearinghouse for victims to call if they have a concern as to how their case was handled and to review reports from the responding officers as to whether they enforced applicable statutes and protection orders. The Unit staff also attends various community meetings to network and share information among domestic violence providers.

The grant-funded detective is an integral member of the Domestic Violence Team and is responsible for the coordination, training, and administration of the DART program. During the course of this grant, we expect that this detective will train additional officers in the DART program. The training includes dynamics of domestic violence, investigative techniques, collection of evidence, enforcement of applicable statutes, enforcement of protection orders, and the effect this violence has on children.

The detective will continue to be responsible for maintaining the Domestic Violence Internet Program, ensuring that all evidence is being properly downloaded into the website by PBSO deputies and participating municipalities and to follow up on related evidence regarding the investigations. Evidence entered into the secured internet site may include a lethality assessment, 911 taped calls, witness statements, previous incidents related to the batterer and/or the victim, and any other pertinent information to the investigation. The detective will also train outside municipalities who wish to participate in the internet program, and allowing access to this secure internet site to more service providers, county-wide.

One of the short-term goals of this project is to increase the overall number of DART trained deputies. The long term goal is to increase the successful apprehension of perpetrators, facilitate an improvement in the prosecution of domestic violence crimes via increasing access to pertinent data, and to promote the safety of our victim citizens by providing community referrals to victims through our DART trained officers and victim advocates.

Project success will be measured by the number of officers trained in the DART program and the of domestic violence cases investigated through access to the Domestic Violence Internet site for the purpose of prosecution, first appearance matters, and community service advocacy/service provision. Referrals to community resources will also be monitored.

1. Project plans will be designed to preserve anonymity of private persons to whom information relates, including, where appropriate, name-stripping, coding of data, or other similar procedures.
2. Project findings and reports prepared for dissemination will not contain information which can reasonably be expected to be identifiable to a private person.
3. A log will be maintained indicating that identifiable data have been transmitted to persons other than BJA, OJJDP, BJS, NIJ, or OJP or grantee/contractor staff or subcontractors, that such data have been returned, or that alternative arrangements have been agreed upon for future maintenance of such data.
4. A description of the project containing assurance by the applicant that:

57. Supplanting

The recipient agrees that federal funds under this award will be used to supplement but not supplant state or local funds.
