41 (a) It is unlawful and subject to the penalties and procedures provided in this

22 **SECTION 23-103. FEES.**

23 (a) A non-refundable application fee of One Hundred Dollars (\$100.00) shall be

28 non-refundable fee of Fifty Dollars (\$50.00) shall be submitted with the  
29 *Application for Permit* renewal.

30 (b) A non-refundable annual Permit fee of Two Hundred Fifty Dollars

 2 this Ordinance. The Permit fee shall be One Hundred Fifty Dollars  
 3 (\$150.00) for Permits issued on or after June 1 of a particular year. The  
 4 only exception to this non-refundable fee is when a Permit has been issued  
 5 in error. In such cases, a pro-rated portion of the annual Permit fee shall be  
 6 refunded to the applicant, upon request, when a Permit for an alternative  
 7 Location is not issued.

8 (c) Non-refundable miscellaneous fees shall be charged as follows:

12 (Note: Wait Lists expire annually on January 31. If the Location is  
 13 still desired beyond January 31, a new Wait List Application and  
 14 fee must be submitted).

15 (2) Additional Location evaluation fee: Fifty Dollars (\$50.00). This

 18 Location requested thereafter, by the applicant that requires  
 19 evaluation.

20 (3) Replacement of metal plate: Thirty Dollars (\$30.00).

4 **SECTION 23-104. CONDITIONS OF PERMIT.**

5 Once issued, Permits are valid subject to all of the following conditions which apply to  
6 both Permittees and their employees (hereinafter collectively referred to as "Vendors"). Failure  
7 to comply with any of these conditions shall result in the assignment of points which may result  
8 in revocation of the Permit.

9 (1) A Permit is valid only for the specific Business Entity to whom it was issued. No  
10 Permit may be sold or transferred to another Business Entity.

11 (2) The Vendor must not set-up prior to authorized hours of operation and must  
12 vacate the Location upon the close of authorized hours.

13 (3) The Vendor must not engage in any violence or disturbance at the Location which  
14 could necessitate law enforcement intervention.

15 (4) The Vendor may operate only from the Location specified on the Permit.

16 (5) The Vendor must cease vending within twenty-four (24) hours of notice by the  
17 Engineering Department of County mandated relocation.

18 (6) All equipment and items used in the vending operation are to be removed from  
19 the right-of-way no later than one-half (1/2) hour before sunset, and are not to be replaced any  
20 sooner than one-half (1/2) hour after sunrise on the next day.

21 (7) No Location shall be operated in such a manner as to require, promote or cause  
22 any vehicles to stop, stand or park in violation of, or visually impair an official traffic control  
23 device, including but not limited to, signs, signals and markings erected by authority of the  
24 County for the purpose of regulating, moving or guiding traffic.

25 (8) The vending vehicle must be set back a minimum of twelve (12) feet from the

31 within the road right-of-way. All signs, flags, banners, tents, tarpaulins or awnings must be  
32 attached to, or resting against the vending vehicle/equipment. No tables, chairs or umbrellas are  
33 to be set up for use by customers outside the vending vehicle. Within the confines of the Vehicle

1 used by the vendor, one (1) table and a maximum of two (2) chairs is allowed. In addition, any  
2 permitted operation, pursuant to this Ordinance, shall not display or otherwise erect freestanding  
3 signs, flags, banners or tents on public or private property or anywhere on the right-of-way  
4 outside of the permitted operation area.

5 (12) Vendors shall maintain mobility at all times of operation. A vehicle must be at  
6 the Location to provide a means of immediate evacuation in case of an emergency.

7 (13) The vending area is to be kept free from garbage, litter and debris and in  
8 compliance with all applicable health laws.

9 (14) Vendors must notify the Engineering Department of any site changes which  
10 impact eligibility of the Location. Examples: installation of a sidewalk, driveway, bike path or  
11 pathway, residential development, other road construction in the area.

12 (15) Both Permit and Permit plate must be maintained at the Location during all times  
13 of operation, and be available upon request. The Permit plate shall be clearly visible from the  
14 road.

15 (16) The total vending area of operation is not to exceed three hundred (300) square  
16 feet in the urban service areas as defined in the Comprehensive Plan. This includes but is not  
17 limited to space taken up by the vending vehicle, signs, equipment, product and any awnings,  
18 tents and canopies.

19 (17) Outside the urban service area, the total vending area of operation for prepared  
20 food only is not to exceed five hundred (500) square feet. This includes but is not limited to  
21 space taken up by the vending vehicle, signs, equipment, product and any awnings, tents and

24 of a change of mailing address, physical address, phone number and email address.

25 (19) The Vendor must be in compliance with all applicable federal, state and local  
26 laws, ordinances, rules and regulations.

27 \*\*\*

28 **SECTION 23-108. VOLUNTARY RELOCATION.**

29 A Permittee may request relocation of his/her current Permit by submitting either an  
30 *Application for Permit* or a Wait List Application with applicable fees. Any application for  
31 voluntary relocation shall be subject to the same review as a new application.

32 \*\*\*

1 **SECTION 23-109. RENEWAL OF PERMIT.**

2 (a) All Permits issued under this Ordinance shall expire on December 31 of each  
3 year. The right to vend expires with the Permit. Vending with an expired Permit is a violation  
4 of this Ordinance.

5 (b) To renew a Permit, the applicant must submit the renewal application fee, an  
6 *Application for Permit* and all necessary documentation showing continuing compliance with  
7 all provisions of this Ordinance. The Engineering Department shall evaluate the continuing  
8 availability of the Location. Once a Location is approved, the applicant must also submit the  
9 annual Permit fee.

10 (c) The right to renew at an existing Location expires at the close of business of the  
11 tenth (10<sup>th</sup>) business day after the Permit expiration date. If Permittee has not completed the  
12 renewal process by then, the Permit shall be considered surrendered. Permit seniority will be  
13 lost and the Location will become available to others.

14 \*\*\*

15 **SECTION 23-110. REVOCATION OF PERMIT.**

16 (a) Permits may be revoked by the Engineering Department for failure to meet any  
17 provisions of this Ordinance, any other County ordinances, state statutes or federal laws.  
18 Vendors are expected to comply with all rules and regulations. Permittees may be held  
19 accountable for actions of their employees. Grounds for revocation include, but are not limited  
20 to the following:

- 21 (1) Procurement of a Permit through fraud, misrepresentation, false or  
22 misleading statements.

25 female genitals, pubic area, 1/3 of the buttocks and any portion of the  
26 female breast below the top of the areola is exposed.
- 27 (4) Failure to maintain the integrity of the pavement edge and stabilization of  
28 the road.

29 (b) A point system is established for each violation offense. A list of offenses and  
30 their point assignments, attached hereto as Exhibit A and incorporated herein, shall be issued  
31 with each Permit. An accumulation of ten (10) points within any twenty-four (24) month period  
32 shall result in revocation of that Permit. All accumulated points for a given Permit shall be

1 cleared if no additional points are assigned on that Permit for a twelve (12) month period. Once  
2 the accumulated points have been cleared, the next offense in a particular category shall be  
3 treated as a first offense. Points are cumulative for a given permit. If a Business Entity has two  
4 (2) Permits, points are tallied separately for each.

5 (c) A violation report shall be issued and shall include the Permit number, name of  
6 Permittee, time and date, Location, name of individual vending and nature of violation(s), as well  
7 as required corrective action, if any. A copy of the report shall be given to the individual  
8 vending at the site. The original shall be maintained on file at the Engineering Department. This  
9 report shall indicate all violations observed. Points shall only be assigned for the highest  
10 violation cited at any given time. However, subsequent occurrences of any of the cited  
11 violations shall be assigned points for subsequent (not first) occurrences. A copy of the violation  
12 report and a statement of points assigned, both current and cumulative, shall be mailed return  
13 receipt requested to the Permittee at the physical address on record. If the cumulative total is ten  
14 (10) points or more, the statement shall include official notification of revocation of the Permit.  
15 Revocation shall be effective upon the fifth (5th) day after mailing this notice to the last known  
16 address for Permittee on record.

17 (d) Once a Permit has been revoked, both the Permit and the permit plate must be  
18 surrendered to the Engineering Department. This must be done even in instances where  
19 Permittee intends to appeal revocation. The County Engineer or his duly authorized  
20 representative(s) may request both Permit and permit plate at time of violation. If not, it is the  
21 Permittee's responsibility to surrender both, either in person or by mail, to the Engineering  
22 Department. Failure or refusal to do so after notification of revocation shall subject Permittee to  
23 penalties provided herein.

24 (e) When a Permit is revoked, the current number of allowable Permits for that  
25 Business Entity is decreased by one (1). This decrease remains in effect for a period of two (2)  
26 years from the date of revocation. At the end of two (2) years, the number of allowable Permits  
27 shall be increased by one (1).

28 (f) A modified revocation will occur in cases where a Permit has been issued in error  
29 including, but not limited to, on private, state or municipal roads, roads with insufficient right-of-  
30 way, within a municipality, abutting a residence, adjacent to a sidewalk or bike path. A modified  
31 revocation means that vending must cease immediately, but no points are assigned nor is the  
32 number of allowable Permits for this Business Entity decreased. Engineering staff shall assist

1 the Permittee with relocation, if requested. No additional fees shall be charged. If the Permittee  
2 decides to surrender the Permit a pro-rated portion of the annual Permit fee shall be refunded,  
3 upon request.
