I. EXECUTIVE BRIEF

Motion and Title: Staff recommends motion to receive and file: SHIP subsidy loan of \$45,000 from the State Housing Initiative Partnership (SHIP) Program for County employee Sharon C. Battle.

Summary: Sharon C. Battle is a single female who has been employed with Palm Beach County Board of County Commissioners since 2004. The sales price, and appraised value of the housing unit purchased was \$169,900. The home is located in West Palm Beach. Ms. Battle secured a first mortgage loan of \$116,500 from Bank Atlantic, a \$10,000 grant from Bank Atlantic and was eligible to receive \$45,000 in SHIP subsidy assistance. The subsidy assistance provided by Palm Beach County consists of a mortgage and promissory note with no monthly payment which is forgivable after thirty (30) years if the property remains owner-occupied by Ms. Battle. The closing took place on August 14, 2008. The Board of County Commissioners approved this SHIP subsidy on July 22, 2008. **(Countywide)** (TKF)

Background and Justification: On May 18, 1993, the Board of County Commissioners (BCC) adopted it's Affordable Housing Ordinance (No. 93-8 as amended) pursuant to the SHIP regulations outlined by the Florida Housing Finance Corporation (FHFC). The County's Commission on Affordable Housing (CAH) was established by the BCC in 1990 to administer the Robert E. Pinchuck Memorial Housing Trust Fund. The current SHIP Local Housing Assistance Plan (LHAP) adopted by the BCC on April 25, 2006 (R2006-0738) establishes how local SHIP program funds are to be allocated. The SHIP funds are used to facilitate the acquisition and construction of affordable single-family and multi-family/rental housing Palm Beach County. Additionally, under the LHAP, SHIP funding is also used for: foreclosure prevention; utility connection and impact fee payments; Home Ownership Development; Multifamily Rental Development; Disaster Mitigation; HOME Program Match; Rental Housing Entry Assistance; Architectural Barrier Removal; and Homeowner Housing Rehabilitation.

PURCHASE ASSISTANCE PROGRAM SECOND MORTGAGE

THIS IS A SECOND MORTGAGE AND THE FINAL PRINCIPAL PAYMENT OR THE PRINCIPAL BALANCE DUE UPON MATURITY IS \$45,000.00 TOGETHER WITH ACCRUED INTEREST, IF ANY, AND ALL ADVANCEMENTS MADE BY THE MORTGAGEE UNDER THE TERMS OF THIS MORTGAGE.

THIS MORTGAGE DEED

Executed this ______ day of_____, A.D. 200_8 by Sharon C. Battle (a single woman) whose current address is 5145 Caribbean Blvd. # 1014 West Palm Beach, Fl 33407 _hereinafter called the mortgagor, to Palm Beach County, whose address is 301 North Olive Ave., West Palm Beach, Florida 33401, hereinafter called the mortgagee:

(Wherever used herein the terms "Mortgagor" and "Mortgagee" include all the parties to this instrument and the heirs, legal representatives and assigns of individuals, and the successors and assigns of corporations, and the term "note" includes all the notes herein described if more than one.)

WITNESSETH, that for good and valuable considerations, and also in consideration of the aggregate sum named in the promissory note of even date herewith, hereinafter described, the mortgagor hereby grants, bargains, sells, aliens, remises, conveys and confirms unto the mortgagee all the certain land of which the mortgagor is now seized and in possession situate in Palm Beach County, Florida viz:

Lot 36, POD "I" PALM CLUB WEST-VILLAGE II, A PART OF LAKESIDE GREEN P.U.D., according to the Plat recorded in Plat Book 50, Page 105, as recorded in the Public Records of Palm Beach County, Florida.

TO HAVE AND TO HOLD the same, together with tenements, hereditaments and appurtenances thereto belonging, and the rents, issues and profits thereof, unto the mortgagee, in fee simple.

AND the Mortgagor covenants with the Mortgagee that the Mortgagor is indefeasibly seized of said land in fee simple; that the Mortgagor has good right and lawful authority to convey said land as aforesaid; that the Mortgagor will make such further assurances to perfect the fee simple title to said land in the Mortgagee as may reasonably be required; that the Mortgagor hereby fully warrants the title to said land and will defend the same against the lawful claims of all persons whomsoever; and at said land is free and clear of all encumbrances. In the event the subject property or any interest therein shall be sold, conveyed or in any other manner disposed of, including by Agreement for Deed, this Mortgage shall become due and payable in full.

PROVIDED ALWAYS, that if said Mortgagor shall pay unto said Mortgagee the certain promissory note hereinafter substantially copied for identification, to wit:

See Attachment "A" attached hereto and made a part hereof and shall perform, comply with and abide by each and every agreement, stipulation, condition and covenant thereof, and of this mortgage, then this mortgage and the estate hereby created, shall cease, determine and be null and void.

AND, Mortgagor hereby further covenants and agrees to pay promptly when due the principal and interest and other sums of money provided for in said note and this mortgage, or either; to pay all and singular the taxes, assessments, levies, liabilities, obligations, and encumbrances of every nature on said property; to permit, commit or suffer no waste, impairment or deterioration of said land or the improvements thereon at any time; to keep the buildings now or hereafter on said land fully insured in a sum of not less than full insurable value with a company acceptable to the mortgagee. The policy or policies to be held by, and payable to, said mortgagee. In the event any sum or money becomes payable by virtue of such insurance the mortgagee shall have the right to receive and apply the same to the indebtedness hereby secured.

In the event the mortgagor fails to pay when due any tax, assessment, insurance premium or other sum of money payable by virtue of said note and this mortgage, or either, the mortgagee may pay the same, without waiving or affecting the option to foreclose or any other right hereunder, and all such payments shall bear interest from date hereof at the highest lawful rate then allowed by the laws of the State of Florida.

In any event, as long as the property is encumbered by the original first mortgage, all property insurance payments and property tax payments are to be secured through escrow and paid by the first mortgage.

AND, Mortgagor agrees further that mortgagor shall reside in the mortgaged property as the Mortgagor's principal place of residence for the term of this Mortgage.

AND, Mortgagor further recognizes that any secondary or junior financing placed upon the mortgaged property, (a) may divert funds which would otherwise be used to pay the Note secured hereby; (b) could result in acceleration and foreclosure by any such junior encumbrance which would force Mortgagee to take measures and incur expenses to protect its security (s), could detract from the value of the mortgaged property should Mortgagee's right to accept a deed in lieu of foreclosure, as a foreclosure by Mortgagee would be necessary to clear the title to the mortgaged property and (d) require the Mortgagor to have housing expenses which exceed the guidelines for affordability under the SHIP program requirements.

In accordance with the foregoing and for the purposes of (i) protecting Mortgagee's security; (ii) giving Mortgagee the full benefit of its bargain and contract with Mortgagor; (iii) keeping the premises free of subordinate financing liens and (iv) meeting SHIP program requirements for affordability, Mortgagor agrees that if this paragraph be deemed a restraint on alienation, that it is a reasonable one and that any sale, conveyance, assignment, further encumbrance or other transfer of title to the mortgaged property or any interest therein (whether voluntarily or by operation of law) without the Mortgagee's prior written consent, which may be withheld for any reason, shall be an Event of Default hereunder.

For the purpose of and without limiting the generality of the preceding sentence, the occurrence of any time of any of the following events shall be deemed to be an unpermitted transfer of title to the mortgaged property and therefore an Event of Default hereunder.

- (a) any sale, conveyance, assignment or other transfer of or the grant of security interest in, all or any part of the title to the premises within **thirty (30) years** of the date of this Mortgage or the expiration of the full term of the First Mortgage, whichever date is earlier, without the prior written consent of the Mortgagee.
- (b) any new or additional liabilities without the prior written consent of Mortgagee. Any consent by the Mortgagee, or any waiver of an event of default, under this paragraph shall not constitute a consent to, or waiver of any right, remedy or power of the Mortgagee upon a subsequent event of default under this paragraph.

If any sum of money herein referred to be not promptly paid within 15 days after the same becomes due, or if each and every agreement, stipulation, condition and covenant of said note and this mortgage, or either, are not fully performed, complied with and abided by, then the entire sum mentioned in said note, and this mortgage, or the entire balance unpaid thereon, shall forthwith or thereafter, at the option of the mortgagee, become and be due and payable, anything in said note or herein to the contrary notwithstanding. Failure by the mortgagee to exercise any of the rights or options herein provided shall not constitute a waiver of any rights or options under said note or this mortgage accrued or thereafter accruing.

This Second Mortgage is expressly made	subject and subordinate to the terms and

If any provision of the Promissory Note or the Second Mortgage conflicts with any provision of the First Note or the First Mortgage, the terms and provisions of the First Note and the First Mortgage shall govern.

In the event of a foreclosure or a deed in lieu of foreclosure of the First Mortgage, any provision herein or in any collateral agreement restricting the use of the Property or restricting the Borrower's ability to sell the Property shall have no further force or effect on subsequent owners or purchasers of the Property. Any person, including his successors and assigns

(other than the Borrower or a related entity or person to the Borrower), receiving title to the Property through a foreclosure or deed in lieu of foreclosure of the First Mortgage shall

Uniform Residential Appraisal Report

File # 080708

This report form is designed to report an appraisal of a one-unit property or a one-unit property with an accessory unit; including a unit in a planned unit development (PUD). This report form is not designed to report an appraisal of a manufactured home or a unit in a condominium or cooperative project.

This appraisal report is subject to the following scope of work, intended use, intended user, definition of market value, statement of assumptions and limiting conditions, and certifications. Modifications, additions, or deletions to the intended user, definition of market value, or assumptions and limiting conditions are not permitted. The appraisar may expand the scope of work to include any additional research or analysis necessary based on the complexity of this appraisal assignment. Modifications or deletions to the certifications are also not permitted. However, additional certifications that do not constitute material alterations to this appraisal report, such as those required by law or those related to the appraiser's continuing education or membership in an appraisal organization, are permitted.

SCOPE OF WORK: The scope of work for this appraisal is defined by the complexity of this appraisal assignment and the reporting requirements of this appraisal report form, including the following definition of market value, statement of assumptions and limiting conditions, and certifications. The appraiser must, at a minimum: (1) perform a complete visual inspection of the interior and exterior areas of the subject property, (2) inspect the neighborhood. (3) inspect each of the comparable sales from at least the street, (4) research, verify, and analyze data from reliable public and/or private sources, and (5) report his or her analysis, opinions, and conclusions in this appraisal report.

INTENDED USE: The intended use of this appraisal report is for the lender/client to evaluate the property that is the subject of this appraisal for a mortgage finance transaction.

INTENDED USER: The intended user of this appraisal report is the lender/client.

DEFINITION OF MARKET VALUE: The most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller, each acting prudently, knowledgeably and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby: (1) buyer and seller are typically motivated; (2) both parties are well informed or well advised, and each acting in what he or she considers his or her own best interest; (3) a reasonable time is allowed for exposure in the open market; (4) payment is made in terms of cash in U. S. dollars or in terms of financial arrangements comparable thereto; and (5) the price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions* granted by anyone associated with the sale.

*Adjustments to the comparables must be made for special or creative financing or sales concessions. No adjustments are necessary for those costs which are normally paid by sellers as a result of tradition or law in a market area; these costs are readily identifiable since the seller pays these costs in virtually all sales transactions. Special or creative financing adjustments can be made to the comparable property by comparisons to financing terms offered by a third party institutional tender that is not already involved in the property or transaction. Any adjustment should not be calculated on a mechanical dollar for dollar cost of the financing or concession but the dollar amount of any adjustment should approximate the market's reaction to the financing or concessions based on the appraiser's judgment.

STATEMENT OF ASSUMPTIONS AND LIMITING CONDITIONS: The appraiser's certification in this report is subject to the following assumptions and limiting conditions:

- 1. The appraiser will not be responsible for matters of a legal nature that affect either the property being appraised or the title to it, except for information that he or she became aware of during the research involved in performing this appraisal. The appraiser assumes that the title is good and marketable and will not render any opinions about the title.
- The appraiser has provided a sketch in this appraisal report to show the approximate dimensions of the improvements.The sketch is included only to assist the reader in visualizing the property and understanding the appraiser's determination of its size.
- 3. The appraiser has examined the available flood maps that are provided by the Federal Emergency Management Agency (or other data sources) and has noted in this appraisal report whether any portion of the subject site is located in an identified Special Flood Hazard Area. Because the appraiser is not a surveyor, he or she makes no guarantees, express or implied, regarding this determination.
- 4. The appraiser will not give testimony or appear in court because he or she made an appraisal of the property in question, unless specific arrangements to do so have been made beforehand, or as otherwise required by law.
- 5. The appraiser has noted in this appraisal report any adverse conditions (such as needed repairs, deterioration, the presence of hazardous wastes, toxic substances, etc.) observed during the inspection of the subject property or that he or she became aware of during the research involved in performing the appraisal. Unless otherwise stated in this appraisal report, the appraiser has no knowledge of any hidden or unapparent physical deficiencies or adverse conditions of the property (such as, but not limited to, needed repairs, deterioration, the presence of hazardous wastes, toxic substances, adverse environmental conditions, etc.) that would make the property less valuable, and has assumed that there are no such conditions and makes no guarantees or warranties, express or implied. The appraiser will not be responsible for any such conditions that do exist or for any engineering or testing that might be required to discover whether such conditions exist. Because the appraiser is not an expert in the field of environmental hazards, this appraisal report must not be considered as an environmental assessment of the property.
- 6. The appraiser has based his or her appraisal report and valuation conclusion for an appraisal that is subject to satisfactory completion, repairs, or alterations on the assumption that the completion, repairs, or alterations of the subject property will be performed in a professional manner.

I have no present or prospective interest in the property that is the subject of this report, and I have no present or prospective personal interest or bias with respect to the participants in the transaction. I did not base, either partially or completely, my analysis and/or opinion of market value in this appraisal report on the race, color, religion, sex, age, marital status, handicap, familial status, or national origin of either the prospective owners or occupants of the subject property or of the present owners or occupants of the properties in the vicinity of the subject property or on any other basis prohibited by law.
- 18.
