I. EXECUTIVE BRIEF

MOTION AND TITLE: Staff recommends motion to approve: An Interlocal Agreement for the period of October 1, 2008 through September 30, 2009 in the amount of \$285,000 with the City of Boynton Beach as a partner to implement the third year of funding of the Youth Violence Prevention Project in the targeted area.

SUMMARY: The Youth Violence Prevention Project and their primary partners, the five cities at greatest risk for future violence which includes the City of Boynton Beach, are beginning their third year of implementation and funding. To date, the funds have established Youth Empowerment Centers in Riviera Beach, West Palm Beach, Lake Worth, and Boynton Beach and a Justice Service Center in Riviera Beach. In addition, an Assistant State Attorney for gun crimes, a juvenile violent offenders program, and joint law enforcement operations with multiple revenue sources completes the implementation plan. The City of Boynton Beach has committed \$380,000 to this project for FY 2009.

The Youth Empowerment Center in Boynton Beach is located at the new Carolyn Sims Center at 311 NW 12th Avenue. The Youth Empowerment Center incorporates teen-specific programs such as: employment services, educational opportunities, tutoring, mentoring, audio visual production and marketing, computer hardware technology and the other components of the Youth Violence Prevention Plan. The Center serves over 200 youth regularly. Additionally, the formation of a Boynton Beach Youth Empowerment Center Teen Council has helped define the needs and wants of the teens in the community. District 7 (DW)

BACKGROUND AND JUSTIFICATION: On February 15, 2005, the Board of County Commissioners (BCC) directed the Criminal Justice Commission (CJC) to develop a Youth Violence Prevention Project which would address the increase in violent firearms crimes. A Youth Violence Prevention Steering Committee was formed to bring local agencies together to create a comprehensive youth violence reduction program. The five targeted areas that became evident through violent crime mapping (GIS) analysis include Riviera Beach, West Palm Beach, Lake Worth, Boynton Beach, and Belle Glade.

Upon Board direction, the CJC created the Youth Violence Prevention Planning Steering Committee to coordinate and research the development of a Youth Violence Prevention Project. Palm Beach County experienced and continues to see an increase of shootings, generating tremendous concern on the part of the Board of County Commissioners, Criminal Justice Commission members, local law enforcement, educators and the community. **(continued on page 3)**

The CJC utilized a national model created by the U.S. Department of Justice, Office of Justice Programs. A comprehensive approach was developed using the research compiled by Florida State University and involved professionals from the criminal justice system, education, and human services, and local youth. Florida State University, Center for Public Policy in Criminal Justice, assimilated and analyzed local violent crime data which demonstrates, after a decline from 1994-2002, a significant increase in murders and firearms crimes. Four subcommittees, including crime prevention, law enforcement, courts and corrections, developed a strategic plan. A Youth Workgroup was formed with 25 youth from various areas of the county. The Workgroup surveyed over 500 youth, including juveniles in jail and on Department of Juvenile Justice probation. The recommendations made by the Workgroup have been incorporated into the overall plan. The research supports a multi-agency comprehensive approach is most effective. The project incorporates the model programs and the recommendations from the subcommittees.

The CJC recommended implementation of a Youth Empowerment Center with programs for teens that are not in the criminal justice system and a Justice Service Center with programs for juveniles and young adults on probation or re-entering from jail and prison in each of the five targeted violent crime areas. The project emphasizes education, employment services, and law enforcement strategies.

**Criminal Justice Commission
Implementation Plan for Youth Violence Prevention Project**

Each participating city, in recognition of the findings of the Criminal Justice Commission's Youth Violence Prevention Project Steering Committee that youth violence must be addressed in a comprehensive and systematic way, wishes to participate in this worthwhile project.

Each participating city agrees to:

- Abide by the requirement that all city-related projects and efforts will service the residents within the identified geographic areas as outlined by Criminal Justice Commission maps
- The city will make a commitment of building space for services within the identified geographical areas
- Design a phase-in plan, including timeline, for the creation of a Youth Empowerment Center
- Design a phase-in plan, including timeline, for a Justice Service Center
- Participate in the multi-agency task force law enforcement component of the Youth Violence Prevention Project
- Utilize the findings of the Project's 500 youth surveys to develop and prioritize youth empowerment programs
- Pay the city's portion of all goods, services, and personnel used in connection with this project
- Develop separate community advisory boards for youth and young adults
- Participate in all aspects of evaluation including data collection, data sharing, site monitoring and visits

Background:

The Criminal Justice Commission utilized a national model created by the U.S. Department of Justice, Office of Justice Programs for the development of the Youth Violence Prevention Project. A comprehensive approach was developed using the research compiled by Florida State University and involved professionals from the criminal justice system, education, and human services, and local youth. Florida State University, Center for Public Policy in Criminal Justice, assimilated and analyzed local violent crime data which demonstrates, after a decline from 1994-2002, a significant increase in murders and firearms crimes. Four subcommittees, including crime prevention, law enforcement, courts and corrections, developed a strategic plan. A Youth Workgroup was formed with 25 youth from various areas of the county. The Workgroup surveyed over 500 youth, including juveniles in jail and on Department of Juvenile Justice probation. The recommendations made by the Workgroup have been incorporated into the overall plan. The research supports that a multi-agency comprehensive approach is the most effective. The project incorporates the model programs and the recommendations from the Subcommittees.

Components:

1. **Crime Prevention:**

The establishment of a Youth Empowerment Center in each targeted area that provides activities and services to youth ages 13-18, including after school programs and activities, tutoring/mentoring, job training for in school and out of school youth, information on resources, gang prevention outreach, parenting classes, employment services, Safe Schools Programs and transportation.

2. **Law Enforcement:**

The law enforcement strategies include:

- a. Provide training for all law enforcement agencies on the collection of evidence by standardization of evidence collection policies, procedures and training
- b. Utilization of the newer technology "license plate recognition cameras" in each of the targeted areas
- c. Community oriented police officer in each targeted area
- d. Ad campaigns utilizing bus shelters and billboards to assist in cold case investigations, provide crime prevention tips, and to make people aware of the penalties for gun crimes
- e. Gun safety programs, including working with gun dealers to better secure the firearms
- f. Multi-Agency Task Forces
 - i. Violent Crimes Task Force
 - ii. Joint operations with Alcohol, Tobacco, Firearms, and Explosives

3. **Courts:**

The strategies for the Courts component are designed to divert youth from the juvenile justice system and provide the judiciary with additional sanctions.

- a. Extend Youth Court within each targeted area
- b. Establish Aggression Replacement Therapy (ART) as a specialized program for violent juvenile offenders. ART provides an alternative treatment program to stem the violence at an earlier age
- c. Initiate judicial training on ways to involve the parents more in the judicial process to reduce the likelihood of recidivism
- d. Fund new prosecutor to handle violent firearm crimes with defendants up to 29 years of age and to work with law enforcement on the prosecution of these crimes

4. Corrections:

Establish a Justice Service Center in each targeted area to provide assistance to juvenile and young adult offenders up to age 29. The Justice Service Center provides services either on-site or through referrals. These services include employment, substance abuse, mental health, legal assistance, re-entry assistance, life skills, and probation sanction assistance.

Educational programs such as Safe Schools and Career Academies, and law enforcement strategies except for the cameras and the community oriented police officer would be countywide. Each targeted area will have an Advisory Board of residents and a Teen/Youth Council. For each area, a Memorandum of Understanding will describe the participation of the local government, human service agencies, foundations and other funding sources. The CJC will maintain oversight until all sites have been established.

The specific programs are: Youth Empowerment Centers and Justice Service Centers in the five targeted areas incorporate all four components of the plan. Memorandums of Understanding will be completed by Criminal Justice Commission.
