I. EXECUTIVE BRIEF

Motion and Title: Staff recommends motion to: **(A) Receive and File:** Grant Adjustment Notice amending the National Institute of Justice "Solving Cold Cases with DNA Program" Grant to extend the ending grant period from September 30, 2008 thru December 31, 2008; and **(B) Approve** a Budget Amendment of \$16,362 in the Sheriff's Grant Fund.

Summary: The Board of County Commissioners (BOCC) accepted this grant for \$374,761 on December 20, 2005; the original period for this grant was October 1, 2005 thru November 30, 2006 (R-2005-2439). On December 5, 2006 the BOCC received and filed an agenda item extending the grant period from November 30, 2006 thru May 31, 2007(R-2006-2673). On April 10, 2007 the BOCC received and filed an agenda item extending the grant period from May 31, 2007 thru December 31, 2007(R-2007-0574). On December 4, 2007 the BOCC received and filed an agenda item extending the grant period from December 31, 2007 to March 31, 2008 (R-2007-2207). On September 9, 2008 the BOCC received and filed an agenda item extending the grant period from March 31, 2008 thru September 30, 2008 (R-2008-1553). This agenda item will extend the grant period from September 30, 2008 thru December 31, 2008. The National Institute of Justice awarded these funds for the "Solving Cold Cases with DNA Program". The objective of this grant is to combine the efforts of the Palm Beach County Sheriff's Office (PBSO) Special Investigations Bureau, Crimes Against Children/Sexual Assault Unit and the Violent Crimes Bureau with the experience of the Serology/DNA Section of the Crime Laboratory to solve Cold Cases. The goal is to screen all of the Cold Cases for potential biological evidence for the purpose of conducting DNA analysis such that the laboratory CODIS administrator will enter any qualifying DNA profile into CODIS. At the time of the grant application, it was estimated that there were approximately 250 Cold Cases from the Crimes Against Children/Sexual Assault Unit and Violent Crimes Bureaus, of which 85 may meet the criteria set forth by this grant. The PBSO has been given an extension to allow the grant funds to be fully expended. The award was not fully expended in FY 2008. The balance of the award being carried forward into FY 2009 is \$16,362. There is no match requirement associated with this award. No additional positions are needed and no additional County funds are required. Countywide (DW)

Background and Justification: The crime laboratory at the PBSO presented a proposal to NIJ entitled "Solving Cold Cases with DNA Program." DNA testing supports criminal investigations involving the identification or exclusion of recognized suspects through the analysis of biological evidence recovered from crime scenes. The main goal of the PBSO Serology/DNA Section is to research every no-suspect case and conduct DNA analysis on all viable no-suspect cases in Palm Beach County. I. EXECUTIVE BRIEF

Motion and Title: Staff recommends motion to approve: an amendment to the National Institute of Justice "Solving Cold Cases with DNA Program" Cooperative Agreement to extend the grant period from November 30, 2006 to May 31, 2007.

Summary: The Palm Beach County Board of County Commissioners previously, on December 20, 2005 (R-2005-2439), approved \$192,431 for the "Solving Cold Cases with DNA Program". The National Institute of Justice (NIJ) awarded the PBSO an additional \$182,330 (R2006-1503) for the "Solving Cold Cases with DNA Program", increasing the total award for the program to \$374,761. The objective of this grant is to combine the efforts of the PBSO Special Investigations Bureau, Crimes Against Children/Sexual Assault Unit and the Violent Crimes Bureau with the experience of the Serology/DNA Section of the Crime Laboratory to solve Cold Cases. The goal of this proposal is to screen all of the Cold Cases for potential biological evidence for the purpose of conducting DNA analysis such that the laboratory CODIS (Combined DNA Index System) administrator will enter any qualifying DNA profile into CODIS. It is estimated that there are approximately 250 Cold Cases from the Crimes Against Children/Sexual Assault Unit and Violent Crimes Bureaus, of which 85 may meet the criteria set forth by this grant. The Palm Beach County Sheriff's Office has been permitted to spend \$192,431 for the specified activities which are separate and distinct from the activities that require review pursuant to the National Environmental Protection Agency (NEPA). The additional NEPA restricted funds in the amount of \$182,330, which were under review, have been made available for spending. However, due to the delay in approval of our required FONSI EA (Finding of No Significant Impact, Environmental Assessments), we are requesting a no-cost 6 month extension. There is no grant match required, nor are any County funds required in FY 2007. Countywide (DW)

Background and Justification: The crime laboratory at the PBSO presented a proposal to NIJ entitled "Solving Cold Cases with DNA Program." DNA testing supports criminal investigations involving the identification or exclusion of putative suspects through the analysis of biological evidence recovered from crime scenes. The main goal of the PBSO Serology/DNA Section is to research every no-suspect case and conduct DNA analysis on all viable no-suspect cases in Palm Beach County. The Catalog of Federal Domestic Assistance (CFDA) number is 016.560 and the grant number is 2005-DN-BX-K031.
