RE: 2005 Disaster Recovery Initiative Program
City of Belle Glade - SW 14th Street Improvements
Approval to Award Contract

RECEIVED
JAN 14 2009

The State of Florida Department of Community Affairs has approved the award of the construction contract for this project. In this regard, please note the requirements applicable to the above stated project as follows:

1. **Contract:** Please provide HCD with a copy of the executed construction contract and the payment and performance bond. Assure that the executed contract contains the previously transmitted "Requirements for Federally Funded Projects" (including the wage decision(s) applicable to this project).

Note 1: Please notify HCD at 233-3614 of the contract award date.

Note 2: The bid opening date for this project was on 9/23/08. By the time the construction contract for this project is awarded, more than 90 days will have lapsed after the bid opening date. Accordingly, in compliance with regulations pertaining to the Davis-Bacon and Related Acts, we will have to incorporate into said contract all wage decision changes that have occurred since the bid opening and that are in effect on the date of contract award. Such changes will need to be incorporated into the contract by means of a change order. HCD shall continue to monitor all wage decision changes affecting this project until the date of contract award, and shall transmit to you the changes that are in effect on such date with a request that they be incorporated into the contract by change order.
2. **Pre-Construction Conference:** Please invite HCD to the project pre-construction conference. Please notify HCD, at 233-3614, at least three working days before the pre-construction conference date.
3. **Required Forms:** Please provide HCD with completed copies of the Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion - Lower Tier Participant, for each subcontractor.
4. **Construction Schedule:** The State requires, within thirty (30) days from the execution of the construction contract, that the prime contractor submit a schedule for the completion of the construction work under the contract. Please obtain such a schedule from the contractor and provide a copy to HCD.

SW 14th Street Improvements - Page 2

5. Consultant's Certification: The State requires the submission of a written certification from the project engineer upon completion of the project. Please provide HCD such certification indicating that the project has met the specifications of the design (as amended by change order), and indicating the date of completion of construction.
6. Contractual Obligations and MBE Report: Please note that the "Requirements for Federally Funded Projects" included in the construction contract require the prime contractor to submit the enclosed Contractual Obligations and MBE Report each March 31st and each September 30th. The information collected in this report is in turn sent to the State as part of the County's reporting requirements. Please assure that the contractor submits this report in a timely manner to enable us to meet our reporting obligations in a timely manner as well.

In the initial report, the prime contractor must provide information for the prime contractor and all known sub-contractors at that time, then the prime contractor must re-submit this report on the above schedule to provide updated subcontract award information for the project including all additional sub-contractors not known at the time of prior reports.
7. Construction Retainage and Davis-Bacon Act Compliance: Please apply a retainage of at least 5% to all construction draws. Retainages shall be released in conjunction with the final draw upon satisfactory completion of the project. Also, please do not release such retainages until you have obtained approval from the HCD that the contractor and subcontractors have complied with the requirements of the Davis-Bacon Act.

If you have any questions regarding the above, please contact me at 233-3625.
