### I. EXECUTIVE BRIEF

**Motion and Title: Staff recommends motion to approve:** Change Order No. 8 to the Contract with Poole and Kent Company, Inc. (R2005-1928) for the Lake Region Water Treatment Plant (LRWTP) increasing the contract price by \$96,310.62.

**Summary:** This Change Order authorizes the Contractor to make changes to the construction of certain portions of the Water Treatment Plant as necessitated by construction conditions. This consists of various civil, mechanical and electrical changes. Total change orders to date, excluding Change Order No 1, \$7,549,033.78 sales tax recovery program and Change Order No. 6, \$500,000 SFWMD Acceleration for the Lake Region Plant, equals \$567,044 (2.80% increase). The Small Business Enterprise (SBE) participation goal established by the SBE Ordinance is 15.0% overall. This Change Order includes zero overall SBE participation. The original contract with the Poole and Kent Company, Inc. provides for SBE participation of 22.92% overall. (WUD Project No. 03-169) <u>District 6</u> (JM)

**Background and Justification:** On September 27, 2005 the Board approved the Contract for the Lake Region Water Treatment Plant (R2005-1928) with the Poole and Kent Company, Inc., in the amount of \$19,727,000. This new Water Treatment Plant will provide up to 10 million gallons a day of potable water for the Cities of South Bay, Belle Glade and Pahokee. This change order provides for additional electrical, mechanical and civil work to provide for various changes such as hurricane hardening, enhanced site drainage and equipment controls.

The total estimated lump sum cost to perform this additional work amounts to \$7,890.00.

The anticipated time extension for this additional work is zero (0) days and is based on receipt of a written change order prior to October 20, 2007.

This proposal is valid for thirty (30) days ONLY and will be re-quoted upon written request. Please issue a change order in the amount of \$7,890.00 if you want us to proceed with the quoted work. Failure to respond in a timely manner may result in a price increase for the work quoted herein.

If you have any questions regarding this matter please contact the writer promptly.

Sincerely,

Poole and Kent Company of Florida

Poole & Kent Mechanical Contractors An EMCOR Company

August 5, 2008

Palm Beach County 8100 Forest Hill Blvd. West Palm Beach, Florida 33413 Attn: Mr. Mike K. Gleman

Re: Lake Region Water Treatment Plant PK Job No. 05616/ PBC WUD 03-169 PCO # 118c

POR REVISED SOPE

Mr. Gleman:

Per your request on July 23, 2008, enclosed please find the cost breakdown for the additional work to the interior of the skylight area.

The light fixture has changed slightly as the "Lithnonia EIS-2-40-120 rapid start" is no longer available.

This proposal excludes painting and drywall in accordance with your verbal direction in the field.

É

0

M

17 -

C.

500

The total lump sum cost of this additional work amounts to \$13,207.00. Our previous quotation PCD #118R for \$3,716.00 is void.

If you would like Poole and Kent to proceed with the work, please issue a purchase order in the amount of \$13,207.00 along with (2) sets of signed and sealed drawings for these changes. Drawings are required for a building department permit revision.

Please issue aforementioned documents as soon as possible to minimize delays as we cannot proceed with the work until then. This additional work will cause a time impact to the final completion of the project. Poole and Kent reserves its right to additional time and monies associated with time for the additional work. Poole and Kent will notify you of the extent of these delays when the cumulative impact of these changes is realized.

This quote specifically excludes painting, drywall and as-built revisions. As-Built revisions should not be required because new drawings are required from PBC WUD.

If you have any questions regarding this matter please contact the writer promptly.

Sincerely,

oole and Kent Company of Florida

Michael Brandao

Lake Region Water Treatment Plant WUD #03-169

Date: July 23, 2008

To: Poole & Kent Company Attn: Mike Brandao Project Manager

Re: Skylight Completion PCO # 118

Gentlemen:

Complete the Interior portion of the skylight as follows:

1. Install a 2'x2' celling grid identical to the foyer area celling grid; same height and centered in the skylight structure. Use Armstrong Prelude 15/16" White to match existing.

2. Lay in Armstrong "Infusions" 2' x 2' Polycarbonate Panels #SM5922TPB Peace Blue.

3. Install light fixtures per previous field discussions. Hang from concrete ceiling. Install 3 - 48" fluorescent surface mount fixtures - Lithnonia EJS-2-40-120 rapid start equally spaced.

The Armstrong products can be obtained in 3 weeks or less from the local distributor, Cemex 845-2411 (Contact is Aldric).

Please modify the referenced PCO and resubmit for approval prior to proceeding. Please call regarding any question.

Poole & Kent Mechanical Contractors An EMCOR Company

July 2, 2008

Palm Beach County 8100 Forest Hill Blvd. West Palm Beach, Florida 33413

Attn: Mr. Mike K. Gleman

Re: Lake Region Water Treatment Plant PK Job No. 05616/ PBC WUD 03-169 PCO # 127a

Mr. Gleman:

, D'

The requested modifications at the locker (109) and toilet (107) rooms involve additional work.

The revised proposal is based on CDM sketch A11-SK-1 and your direction given in the field.

Poole and Kent understands that a solid floor-to-roof plank partition is not required at D109. Demolished masonry at both doors will be re-installed as metal stud framing with cement board and drywall as required.

Doors D109 and D107 and their associated hardware will be removed and re-installed. Steel door frames will be removed and replaced with new steel frames. The existing doors will be re-used.

Electrical work to relocate light switches and fire alarm accessories is included in this proposal. Proposal includes the removal and replacement of bathroom tiles and additional ceramic floor tile in hallway to new door D109 location.

Required batt insulation at framed walls included in this proposal.

The revised quote does not include red iron channel for support of upper masonry wall at D107 per your direction.

This proposal includes an estimated number of \$1,000.00 for additional painting shown in red on the summary sheet.

Permitting fees and costs to add this work as a revision to the permit is included in this proposal. Signed and sealed drawings must be provided by WUD to Poole and Kent.

At this time, I am unable to predict the total time impact of this change to the final completion of the project. The completion of this change will vary according to the timeliness of the change order process, permitting process, rescheduling and extension of subcontracts, and the building department inspections. Poole and Kent reserves the right to a time extension and time related monies based on the total time impact of this change.

The revised total lump sum cost of this additional work amounts to \$34,001.00.

This proposal is valid for thirty (30) days.

Peone & Kent Company of Florida 1781 N.W. North River Drive Miami, EL-33125 P.O. Box 420556 Miami, FL-33212 Phone: 305.3251930 Fax: 305.324.0522 7/2/2008 **Palm Beach County** Page 2 of 2

towel d: yeure This proposal specifically EXCLUDES the relocation, replacement or modification of any bathroom accessories. Poole and Kent can perform this work at additional costs when the required modifications are determined.

Please issue a change order in the amount of \$34,001.00 as soon as possible so we may complete the additional work. Failure to respond in a timely manner may result in additional costs beyond what is quoted herein.

This proposal does not include the modification of shower room 108 into a women's rest room. Poole and Kent will quote the work after WUD agrees on a direction and issues a drawing.

#127 fg.2

If you have any questions regarding this matter please contact the writer promptly.

Sincerely,

Poole and Kent Company of Florida

Additional Message:

RE-pair Submittel: Due to the 2 door changes and the 3 areas that may be in need of repair B & B did a jobsile visit and has this proposal and materials at hand.

B & B will add hallway floor tile app. 3 feet into the existing restroom. B & B will trim and replace any tiles that may be in need of repair that had been installed into the restroom.

B & B will install and repair the wall tile at the inside of the door once the door has been relocated.

At toilet entrance there will be floor and wall repairs on both sides of wall and these repairs will be made at wall and floor areas.

Total for these repairs as seen before repairs have taken place......\$ 4,700.00

Have a great day!

## Jun. 26. 2008 4:01PM Acousti Engineering

### No. 3363 P. 2/2

## Lake Region Water Treatment Plant

### Belle Glade, Fl.

(1) So that we may ship material and organize our erection crew, purchaser shall notify us in writing at least four weeks before the building is ready for our work, with work progressed to the extent that all our work can be done in one continuous operation.

(2) Purchaser shall make no charge against us for liquidated damages, clean up, hoisting, watchman, telephono, broken glass, light, rubbish removal, or insurance. We will remove only that rubbish caused by us, and pay for that breakage caused by the negligence of our mon.

(3) Purchaser shell furnish no labor or materials for us on our account without our written order, prior to the action

(4) This proposal is based upon all labor being performed during regular hours of work. You shall pay us ALL additional costs, including insurance and overhead costs of any overtime work, that may be requested by purchaser or his agent.

(5) Purchaser shall bear the risk of any loss or damage to materials dolivered to the pramises or installed by us, whether such loss or damage results from theil, misuse, fire, flood, or any other cause except our own negligence, and purchaser shall reimburse us for any such loss or damage.

(6) We shall not be liable for any damages or delays caused by etrikes, lockouts, embargoes, fires, car shortages, floods, tomados, accidents, inability to obtain materials from our regular sources of supply, or other causes beyond our reasonable control, and the time for delivery of materials or doing the work hereunder shall be extended for the time of delay or reason of any said causes.

(7) Purchaser shall furnish to us, without charge, a sufficient quantity and how of water and sufficient electrical services for our requirements at convenient locations at working levels, and also astisfactory storage apace in the building from which we will not be required to remove our material except as required in our work. If a reliroad siding is on the premises, we are to have free uso of same within 15D feat of the building.

(8) Purchaser shall furnish us with a complete set of plant; specifications and addenda at least 10 weeks before the building will be roady for our work.

(8) Purchoser shall furnish us with a progress schedule showing the coordination of the various traites at least 10 weeks before the scheduled time for the immencement of our work.

(10) None of the materials furrished under this contract shall be subjected to a temperature higher than 140 degroes Fahrenhelt.

(11) Acousti Engineering Company of Florida assumes all liability for the collection and payment of Social Security and Unemployment Compensation Taxes on its employees.

(12) If this is a contract for a complete installation of our materials, we will pay ALL Sales and/ or use taxes in effect at the date of the proposal. Any other or additional taxes will be paid by the purchaser. If this is a contract for material sales only, purchaser shat pay at sales and/ or use taxes.

(13) Purchaser shall provide adequate protection for our finished work.

(14) Yhe purchaser has not done any act, whether by contract or otherwise, to waive, discharge or prohibit any mechanic's fien or other lien on the premises or building covered by this proposal. Purchaser agrees not to do any such act prior to payment to us in full of all amounts coming due under this proposal, including any extras that may be agreed upon between us,

#### TERMS

(1) Payment of the oforementioned price, together with payment of any extres lust may be agreed upon between us, shall be made by purchaser to us 88 follows: On or before the 10th day of each month, ninety percent (90%) of the value of all materials delivered upon the premises and of work performed during the next proceeding calendar month. Final payments shall be made within thirty (30) days after completion of our work embodied in this proposal. If on socount of delays by purchaser or other trades or for any cause beyond our reasonable control, we are unable to complete our work, purchaser shall pay us in full on or before the ten (10th) day of the calendar month following the month in which the work was suspended, for all materials delivered or in transit, and work performed by us up to the time of suspension of work. If payments are not made in accordance with the terms hereof, it is agreed that interest on said unpaid belances at the maximum legal rate of interest prescribed by the laws of the State of Florida will become due for the period of default, and at our election, we may suspend work until such payments are made, and eli costs or expenses incurred by us in collecting ény sum due hereonder, whicher by suit or otherwise, including reasonable attomsy's fees shall be paid by the purchaser. All provisions at this contract shall be construed in accord with the taws of the State of Florida.

(2) A performance bond or other bond, if so desired by purchaser, shall be provided at your expense.

There are no promises, agreements, or understandings between purchaser and us, not contained in this agreement.

#### ACCEPTANCE

This proposal is subject to tinal approval by an authorized agent or officer of Acousti Engineering Company of Florida following acceptance by purchaser. Only when as accepted and finally approved, shall this proposal constitute a contract between us.

Subject: Lake Region - 2 frames From: David.Beckham@stocksupply.com Date: Wed, Jun 25, 2008 1:58 pm To: <MikeB@PooleAndKentCo.com>

Mike,

I will still need to know how thick the walls are, but for now...

2- frames 3072 prepped with metal stud anchors, up to 8-1/2" wall thickness and on site with in 4 days of release: \$1,184.00

Install by your people... We don't use the installer any more, his company did not work well with Stock, I can gather a price for my installers to run out there from Sarasota, but that would be rather expensive... The trip charge would be more than the work.

Let me know!!!

Respectfully, David R. Beckham, AHC Purchasing Agent

Re: Restroom Door Relocations PCO #127

Gentlemen:

Confirming today's field meeting:

1. One fire alarm strobe will be relocated ~ 1 foot west.

2. The light switch will be abandoned/removed and wires pulled to an existing switch - that will be changed out to a double switch.

- 3. Steel door frames will be reused if possible (cost).
- 4. D107 frame can be relocated as shown on the sketch w/o affecting the door handle and door stop.
- 5. The paper towel dispenser may need to be relocated to the south.  $\kappa$
- 6 Walls will be steel studs w/ steel door frames.
- 7. Tile work will match existing.

8. P&K will provide updated PCO

Michael K. Gleman, P.E. Project Engineer Palm Beach County Water Utilities Dept. 8100 Forest Hill Blvd. West Palm Beach, Florida 33413 561-493-6144 Desk 561-493-6085 Fax 561-373-7537 Cell

#### Mike,

As in my email below; install the doors per the sketch. CDM called for **block walls with steel door frames**. The new block walls need to be attached to the existing block walls. This can be accomplished by "toothing" in the block or drilling and inserting bent dowels (with grouting as needed). The "red iron" lintel is fine. All of this is standard.

Yes - thanks, please provide a deduct for using steel stud walls and steel door frames with steel lintels. Any savings would be appreciated. All of this is standard.

Relocation of the fire alarm - if required - is a small item that your fire alarm sub can answer in a heartbeat regarding specific location. Coordinate exact relocation on the wall with either Phil or Mark

All of the new tile work needs to match the tile currently installed.

Electrical work such as light switches should be straight forward for your electrician.

Drywall is straight forward - your sub did a fantastic job elsewhere - this is a piece of cake for him - just not \$4,000.00 worth.

Paint to match.

Ceiling work is minimal.

I am available to meet anytime that works for both of us. As an alternative, email the revised PCO and we can talk it out over the phone.

1

A signed/sealed copy of the sketch is not a problem - I will have one delivered to you.

Thanks,

Michael K. Gleman, P.E. Project Engineer Palm Beach County Water Utilities Dept. 8100 Forest Hill Blvd. West Palm Beach, Florida 33413 561-493-6144 Desk 561-493-6085 Fax 561-373-7537 Cell

From: Michael Brandao [mailto:mikeb@pooleandkentco.com] Sent: Wednesday, June 18, 2008 9:49 AM To: Michael K. Gleman; 'Matt Wright' Cc: Mark Cline; Phil Scudiero; LakeRegionWTP@PooleAndKentCo.com Subject: RE: [FWD: PCO #127 Restroom Doors] LRWTP 03-169

Mike

The drawing shows block...l quoted metal stud framing to try and minimize costs. I quoted aluminum door frames painted to match the steel; however, we are investigating new steel frames made for attachment to metal studs. We assumed that certain fire alarm devices needed to be relocated b/c of the change; however, we may be relocating to the wrong location.

There are several questions that go along with this...If you want us to use our best judgment and give us a blank check, then we will. If not, somebody needs to agree or disagree with the assumptions we made in quoting the work. Nobody has given us any indication approving or disapproving the description of what we quoted...only a desire to lower the \$. I can't do that until we agree on the scope.

The sketch is a sketch and does not define the consequential work that needs to be determined and agreed to in the field. Do you want me to coordinate with Phil and Mark? Would you like CDM involved? Do you want to be onsite?

MB

From: Michael K. Gleman [mailto:MKGleman@pbcwater.com] Sent: Wednesday, June 18, 2008 9:28 AM To: mikeb@pooleandkentco.com; Matt Wright Cc: Mark Cline; Phil Scudiero Subject: RE: [FWD: PCO #127 Restroom Doors] LRWTP 03-169

Mike,

There is no scope to finalize. The door relocations need to be per the CDM sketch A11-SK-1. The quotation needs to be refined a bit:

1. All of the subcontract quotes were rounded off high dollars with no back-up. WUD requires back-up - for labor and materials. Same as the other PCO's

2. When you have this, we can sit down and reach an agreement for the cost - same as we did for all the other PCO's.

I am available anytime. As an alternative, email the revised PCO and we can talk it out over the phone.

thanks,

Michael K. Gleman, P.E. Project Engineer Palm Beach County Water Utilities Dept. 8100 Forest Hill Blvd. West Palm Beach, Florida 33413 561-493-6144 Desk 561-493-6085 Fax

Matt/Mike,

As with other PCO's, yes. Please provide back-up quotations from all of the subcontractors for the proposed work; with a description of the work, a list of materials and man-hours. We can arrange a site meeting with CDM, if you like, following receipt of the new quotation.

Michael K. Gleman, P.E. Project Engineer Palm Beach County Water Utilities Dept. 8100 Forest Hill Blvd. West Palm Beach, Florida 33413 561-493-6144 Desk 561-493-6085 Fax 561-373-7537 Cell

From: Matt Wright [mailto:Matt\_Wright@emcorgroup.com] Sent: Tuesday, June 10, 2008 1:39 PM To: Michael K. Gleman Cc: Mike Brandao; LakeRegionWTP@PooleAndKentCo.com Subject: Re: [FWD: PCO #127 Restroom Doors]

Mr. Gleman,

We are in receipt of your email from June, 1 2008 requesting clarification on our PCO #127. Much of Poole and Kent's labor is involved with demolition in addition to supervision and miscellaneous carpentry work. This is broken down on the PK Matrerial and Labor Cost estimate sheets. The other direct costs will include time spent investigating this change, permit revisions, and other estimating costs that are required.

We can pursue hard bids from our subcontractors, and give the appropriate backup and breakdowns. We previously reached these numbers through verbal conversations with our subcontractors, and expect that the estimate provided will be within plus or minus 5% of our final number, unless the scope of work changes. We ask that CDM meet us onsite to confirm scope of work.

Please advise asap on how we should proceed as this will obviously delay project closeout. Will this rework really be required?

PCO #127 Re:

Gentlemen:

We have reviewed the referenced PCO in house and with our consultant, CDM, for moving two (2) doors at a cost of \$35,600.00 Please clarify and provide additional information as follows:

1. Since all or most of the work is by subcontractors, please expand on the \$9,000 of P&K

fitter/mechanic time. Foremen hours for supervision of Subs is understandable.

2. No breakdowns were provided for the subcontractors - drywall, tile, electrical, block, ceiling and the like. Cost backup is required for all additional work.

3. New aluminum frames are not required. Reuse the existing steel frames and repaint - unless there is some reason that these frames cannot be reused.

4. Look into Leaving Door 109 in same location to eliminate electrical and tile work.

'Other Direct Costs" (last page) @ \$1,180.00) is not allowed. 5.

6. "Hollow Metal Specials": Provide a work description and their proposal breaking down this \$5,000.00.

7. Gilmore Electric: Provide a work description and their proposal breaking down this \$5,000.00. 8. PDC Drywall: Provide a work description and their proposal breaking down this \$4,000.00.

Sincerely, Michael K. Gleman, P.E.

Mr. Gleman:

Drawing E-18 shows power plan for the sodium hypochlop te generator.

Additional work is involved in providing all required power and controls to the NaOCI Generator and its accessories. The generator requires 120V power from LP-1B in addition to what is called for on the plans.

We are proceeding with the work immediately not to further delay the completion of the project. Please forward a change order in the amount of \$3,056.00 as soon as possible.

This additional work has caused a time impact to the final completion of the project. Poole and Kent reserves its right to additional time and monies associated with time for the additional work. Poole and Kent will notify you of the extent of these delays when the cumulative impact of these changes is realized.

If you have any questions regarding this matter please contact the writer promptly.

Sincerely,

Poole and Kent Company of Florida

			·			
Dated					·	

 We propose to furnish all material, labor and supervision for the execution of the electric work covered by this change for the lump sum of:
 One Thousand Seven Hundred Seventy Dollars
 \$1,770.00

In order to incorporate this change, we estimate that we well require additional time for completion, and have based our proposal upon receiving \_\_\_\_\_1\_\_\_\_ calendar days extension.

This proposal is firm for acceptance within <u>15</u> days. Per our contractual agreement, we cannot proceed with the work covered by this proposed change until we receive written approval. We expressly reserve the right to update, revise or amend this proposal if acceptance is not within the above time limit.

Exceptions taken are as follows:

This proposal is based solely on the usual cost elements such as labor, material and normal markups and does not include any amount for additional changes in the sequence of work, delays, disruption, rescheduling, extended overhead, overtime, acceleration and/or impact costs and the right is expressly reserved to make claim for any and all of these and related items of cost prior to any final settlement of this contract. The issuance of a change order constitutes acceptance of all terms and conditions of this written proposal and may not be altered in any way unless agreed to in writing.

### CHANGE ORDER COST PROPOSAL

10:	Poole & Kent Mechanical Contractor	DATE:	7/11/2008	CO#:	. 24
	1781 N.W. North River Drive	Revised:			24
	Miami, Fl. 33125				
		JOB:	Lake Region Water Tr	eatment Plant	
		<b>JOB # :</b>	FL-100		····
ATTN:	Mike Brandao	SUBCONT	RACT NO:		

We have received and reviewed your proposed change request

Pertaining to: Install conduit and wiring for exhaust fan at the surge control tank, Install conduit and wiring for solenoid valves at the surge control tank, install conduit and wiring for the instrument at the surge control tank
Dated back to the HSP building

 We propose to furnish all material, labor and supervision for the execution of the electric work covered by this change for the lump sum of:
 Ten Thousand Nine Hundred Sixty Seven Dollars
 \$10,967.00

In order to incorporate this change, we estimate that we well require additional time for completion, and have based our proposal upon receiving \_\_\_\_\_8\_\_\_ calendar days extension.

This proposal is firm for acceptance within <u>15</u> days. Per our contractual agreement, we cannot proceed with the work covered by this proposed change until we receive written approval. We expressly reserve the right to update, revise or amend this proposal if acceptance is not within the above time limit.

Exceptions taken are as follows:

This proposal is based solely on the usual cost elements such as labor, material and normal markups and does not include any amount for additional changes in the sequence of work, delays, disruption, rescheduling, extended overhead, overtime, acceleration and/or impact costs and the right is expressly reserved to make claim for any and all of these and related items of cost prior to any final settlement of this contract. The issuance of a change order constitutes acceptance of all terms and conditions of this written proposal and may not be altered in any way unless agreed to in writing.

Mr. Gleman:

The response to RFI # 176 requires addition work.

The total lump sum cost of this additional work amounts to \$1,346.00.

We are proceeding with the work in order to minimize delays to the completion of the project; however, this additional work has caused a time impact to the final completion of the project. Poole and Kent reserves its right to additional time and monies associated with time for the additional work. Poole and Kent will notify you of the extent of these delays when the cumulative impact of these changes is realized.

#144 B.1

If you have any questions regarding this matter please contact the writer promptly.

Sincerely,

Poole and Kent Company of Florida

Mechanical Contractors An EMCOR Company

January 13, 2009

Palm Beach County 8100 Forest Hill Blvd. West Palm Beach, Florida 33413

Attn: Mr. Mike K. Gleman

Re: Lake Region Water Treatment Plant PK Job No. 05616/ PBC WUD 03-169 PCO # 146a – Drainage Modifications and Other Related Changes Poole & Kent Company of Florida 901 North Point Parkway Suite 104 West Palm Beach, FL 33407 Phone: 561.471.3330 Fax: 561.471.3411

#146

Approved way 20 00

Mr. Gleman:

Enclosed please find the cost breakdown for the various drainage modifications at the Lake Region Water Treatment Plant.

This change requires a time extension.

This proposal is valid for fourteen days (14) and is based solely on the normal cost elements such as labor, material and markup and does not include any amounts for changes in the sequence of work, delays disruptions, rescheduling, extended general conditions, accelerations and/or any other impact costs not specifically included herein.

A request for time extension and monies identified with the time extension for this revision will be made when the formal change order is received and the full impact from this change on the overall project can be determined.

The total lump sum amount of this additional work is \$17,089.00.

If you have any questions regarding this matter please contact the writer promptly.

Sincerely,

Poole and Kent Company of Florida

CHAEL DRANDAD

Wunderlich - Malec Engineering Systems Services

August 26, 2008

Poole & Kent 39700 Hooker Highway Belle Glade, FL 33430

Attn: Mike Brandao

Re: Palm Beach Co. Lakes Region Water Treatment Plant Total Chlorine Analyzer Additions

Dear Mike,

The following items are required to include an analog signal at RIO8 for the Total CL2 analyzer:

- One (1) Allen-Bradley analog input module
- Two (2) Phoenix surge suppressors
- Additional engineering, drafting, panel modifications, and startup

The additional cost for these items including freight is: ...... \$3,600.00

This price includes 6% sales tax. As discussed, all required mounting hardware, installation, and field wiring of the analyzer and sensor equipment is by others.

Please issue a change order, including the additional tax required, to PO 05616-2-106 for this amount so we can get the required parts ordered. If you have any questions, please let me know.

#147

#### TERMS AND CONDITIONS OF QUOTATIONS AND SALES

1. <u>Applicable Terms.</u> These terms govern the purchase and sale of the equipment and related services, if any (collectively, "Equipment"), referred to in Seller's quotation, proposal or acknowledgment, as the case may be ("Seller's Documentation"). Whether these terms are included in an offer or an acceptance by Seller, such offer or acceptance is conditioned on Buyer's assent to these terms. Seller rejects all additional or different terms in any of Buyer's forms or documents.

2. <u>Payment.</u> Buyer shall pay Seller the full purchase price as set forth in Seller's Documentation. Unless Seller's Documentation provides otherwise, freight, storage, insurance and all taxes, duties or other governmental charges relating to the Equipment shall be paid by Buyer. If Seller is required to pay any such charges, Buyer shall immediately reimburse Seller. All payments are due within 30 days after receipt of invoice. Buyer shall be charged the lower of 1 ½% interest per month or the maximum legal rate on all amounts not received by the due date and shall pay all of Seller's reasonable costs (including attorneys' fees) of collecting amounts due but unpaid. All orders are subject to credit approval.

3. <u>Delivery</u>. Delivery of the Equipment shall be in material compliance with the schedule in Seller's Documentation. Unless Seller's Documentation provides otherwise, Delivery terms are F.O.B. Seller's facility. Unless Seller's Documentation provides otherwise, Buyer shall be solely responsible for unloading, storing, assembling and installation of the Equipment.

4. <u>Ownership of Materials</u>. All devices, designs (including drawings, plans and specifications), estimates, prices, notes, electronic data and other documents or information prepared or disclosed by Seller, and all related intellectual property rights, shall remain Seller's property. Seller grants Buyer a non-exclusive, non-transferable license to use any such material solely for Buyer's use of the Equipment. Buyer shall not disclose any such material to third parties without Seller's prior written consent.

5. Changes. Seller shall not implement any changes in the scope of work described in Seller's Documentation unless Buyer and Seller agree in writing to the details of the change and any resulting price, schedule or other contractual modifications. This includes any changes necessitated by a change in applicable law occurring after the effective date of any contract including these terms.

6. Warranty. Subject to the following sentence, Seller warrants to Buyer that the Equipment shall materially conform to the description in Seller's Documentation and shall be free from defects in material and workmanship. The foregoing warranty shall not apply to any Equipment that is specified or otherwise demanded by Buyer and is not manufactured or selected by Seller, as to which (i) Seller hereby assigns to Buyer, to the extent assignable, any warranties made to Seller and (ii) Seller shall have no other liability to Buyer under warranty, tort or any other legal theory. If Buyer gives Seller prompt written notice of breach of this warranty within 18 months from delivery or 1 year from acceptance, whichever occurs first (the "Warranty Period"), Seller shall, at its sole option and as Buyer's sole remedy, repair or replace the subject parts or refund the purchase price therefor. If Seller determines that any claimed breach is not, in fact, covered by this warranty, Buyer shall pay Seller its then customary charges for any repair or replacement made by Seller. Seller's warranty is conditioned on Buyer's (a) operating and maintaining the Equipment in accordance with Seller's instructions, (b) not making any unauthorized repairs or alterations, and (c) not being in default of any payment obligation to Seller. Seller's warranty does not cover damage caused by chemical action or abrasive material, misuse or improper installation (unless installed by Seller). THE WARRANTIES SET FORTH IN THIS SECTION ARE SELLER'S SOLE AND EXCLUSIVE WARRANTIES AND ARE SUBJECT TO SECTION 10 BELOW. SELLER MAKES NO OTHER WARRANTIES OF ANY KIND, EXPRESS OR IMPLIED, INCLUDING WITHOUT LIMITATION, ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR PURPOSE.

7. Indemnity. Seller shall indemnify, defend and hold Buyer harmless from any claim, cause of action or liability incurred by Buyer as a result of third party claims for personal injury, death or damage to tangible property, to the extent caused by Seller's negligence. Seller shall have the sole authority to direct the defense of and settle any indemnified claim. Seller's indemnification is conditioned on Buyer (a) promptly, within the Warranty Period, notifying Seller of any claim, and (b) providing reasonable cooperation in the defense of any claim.

8. <u>Force Majeure</u>. Neither Seller nor Buyer shall have any liability for any breach (except for breach of payment obligations) caused by extreme weather or other act of God, strike or other labor shortage or disturbance, fire, accident, war or civil disturbance, delay of carriers, failure of normal sources of supply, act of government or any other cause beyond such party's reasonable control.

9. <u>Cancellation</u>. If Buyer cancels or suspends its order for any reason other than Seller's breach, Buyer shall promptly pay Seller for work performed prior to cancellation or suspension and any other direct costs incurred by Seller as a result of such cancellation or suspension.

10. LIMITATION OF LIABILITY. NOTWITHSTANDING ANYTHING ELSE TO THE CONTRARY, SELLER SHALL NOT BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, SPECIAL, PUNITIVE OR OTHER INDIRECT DAMAGES, AND SELLER'S TOTAL LIABILITY ARISING AT ANY TIME FROM THE SALE OR USE OF THE EQUIPMENT SHALL NOT EXCEED THE PURCHASE PRICE PAID FOR THE EQUIPMENT. THESE LIMITATIONS APPLY WHETHER THE LIABILITY IS BASED ON CONTRACT, TORT, STRICT LIABILITY OR ANY OTHER THEORY.

11. <u>Miscellaneous</u> If these terms are issued in connection with a government contract, they shall be deemed to include those federal acquisition regulations that are required by law to be included. These terms, together with any quotation, purchase order or acknowledgement issued or signed by the Seller, comprise the complete and exclusive statement of the agreement between the parties (the "Agreement") and supersede any terms contained in Buyer's documents, unless separately signed by Seller. No part of the Agreement may be changed or cancelled except by a written document signed by Seller and Buyer. No course of dealing or performance, usage of trade or failure to enforce any term shall be used to modify the Agreement. If any of these terms is unenforceable, such term shall be limited only to the extent necessary to make it enforceable, and all other terms shall remain in full force and effect. Buyer may not assign or permit any other transfer of the Agreement without Seller's prior written consent. The Agreement shall be governed by the laws of the State of Minnesota without regard to its conflict of laws provisions.

Mr. Mike K. Gleman Attn:

Re: Lake Region Water Treatment Plant PK Job No. 05616/ PBC WUD 03-169 PCO # 149

#### Mr. Gleman:

The total lump cost to provide a low distribution pressure signals to High Service Pump #3 and High Service Pump #4 is \$5,959.00.

The purpose of this work is to provide protection from low distribution pressure by connecting (1) discrete low pressure signal from loop 6025 low pressure switches to each of the constant speed High Service Pumps via a hard wired relay located in the process bay. The pressure switches will be set at different low pressure settings (50psi and 40psi) to initiate emergency start of each High Service Pump.

This proposal includes additional wiring from the Membrane Process Bay to the High Service Pump Electrical Building.

Work includes modifications to MCC-3 and MCC4.

Work specifically excludes new pressure switches and piping.

This proposal specifically excludes permit costs and/or updating as-built drawings.

This lump sum proposal is based solely upon direct cost elements, such as labor, material, equipment and normal workmanship and does not include any amount for changes in the sequence of work, delays, disruptions, rescheduling, extended overhead and acceleration and impact costs of any type. We reserve the right to negotiate a closeout settlement for costs associated with the aforementioned stemming from this additional work.

We are proceeding with this work with the understanding that this work is required as soon as possible.

1781 N.W. North River Drive Miami, FL 33125 Phone: 305.325.1930 Hpprover 560000 1.14.09 Fax: 305.325.0290

**Poole and Kent Company** 

of Florida

9/25/2008 Palm Beach County Page 2 of 2

This proposal is valid for fifteen (15) days ONLY and will be re-quoted upon written request. Please issue a change order in the amount of \$5,959.00 immediately.

Failure to reply in a timely manner may result in a cost escalation.

If you have any questions regarding this matter please contact the writer promptly.

Sincerely,

Poole and Kent Company of Florida

#### CHANGE ORDER COST PROPOSAL

ATTN:	Mike Brandao	SUBCONT			
		JOB # :	FL-100		
		JOB:	Lake Region Water Treatment Plant		
	Miami, Fl. 33125				
	1781 N.W. North River Drive	Revised:			
TO:	Poole & Kent Mechanical Contractor	DATE:	9/8/2008	CO#:	27

We have received and reviewed your proposed change request Pertaining to: Wire low pressure switches at HSP

Dated

We propose to furnish all material, labor and supervision for the execution of the electric work covered by this change for thelump sum of:Four Thousand Six Hundred Fifteen Dollars\$4,615.00

In order to incorporate this change, we estimate that we well require additional time for completion, and have based our proposal upon receiving 1 calendar days extension.

This proposal is firm for acceptance within <u>15</u> days. Per our contractual agreement, we cannot proceed with the work covered by this proposed change until we receive written approval. We expressly reserve the right to update, revise or amend this proposal if acceptance is not within the above time limit.

Exceptions taken are as follows: Pressure switches provided and installed by others

This proposal is based solely on the usual cost elements such as labor, material and normal markups and does not include any amount for additional changes in the sequence of work, delays, disruption, rescheduling, extended overhead, overtime, acceleration and/or impact costs and the right is expressly reserved to make claim for any and all of these and related items of cost prior to any final settlement of this contract. The issuance of a change order constitutes acceptance of all terms and conditions of this written proposal and may not be altered in any way unless agreed to in writing.

Palm Beach County 8100 Forest Hill Blvd. West Palm Beach, Florida 33413 \$1,803.62 FAXED 1/ Approvedult\_14-14-13 Mr. Mike K. Gleman Attn: Re: Lake Region Water Treatment Plant PK Job No. 05616/ PBC WUD 03-169 PCO # 154 - Add Strobes in Restroom and Shower Mr. Gleman: Enclosed please find the cost breakdown to install (2) additional hardware feiling mounted strobes in the toilet room and shower. The additional strobes are being required by the electrical inspector for an electrical final on the membrane building. The installation of these additional probes is also consequently impacting the fire alarm final. Your immediate attention to this matter is required. This change requires a time extension. This proposal is valid for fourteen days (14) and is based solely on the normal cost elements such as labor, material and markup and does not include any amounts for changes in the sequence of work, delays disruptions, rescheduling, extended general conditions, accelerations and/or any other impact costs not specifically included herein. A request for time extension and monies identified with the time extension for this revision will be made when the formal change order is received and the full impact from this change on the overall project can be determined. The total lump sum amount of this additional work is \$1,944.00. Please forward written acceptance of this proposal if you would like us to proceed with the work. If you have any questions regarding this matter please contact the writer promptly. Sincerely, Poole and Kent Company of Florida Michael Brandao **Project Manager**

#### CHANGE ORDER COST PROPOSAL

Poole & Kent Mechanical Contractor
1781 N.W. North River Drive
Miami, FI. 33125

Mike Brandao

 Revised:

 JOB:
 Lake Region Water Treatment Plant

 JOB # :
 FL-100

1/5/2009

CO#:

29

SUBCONTRACT NO:

DATE:

We have received and reviewed your proposed change request Pertaining to: Add (2) strobes in restroom and shower

Dated

ATTN:

We propose to furnish all material, labor and supervision for the execution of the electric work covered by this change for thelump sum of:One Thousand Three Hundred Seventy Nine Dollars\$1,379.00

In order to incorporate this change, we estimate that we well require additional time for completion, and have based our proposal upon receiving 1 calendar days extension.

This proposal is firm for acceptance within <u>15</u> days. Per our contractual agreement, we cannot proceed with the work covered by this proposed change until we receive written approval. We expressly reserve the right to update, revise or amend this proposal if acceptance is not within the above time limit.

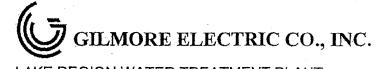

Exceptions taken are as follows:

This proposal is based solely on the usual cost elements such as labor, material and normal markups and does not include any amount for additional changes in the sequence of work, delays, disruption, rescheduling, extended overhead, overtime, acceleration and/or impact costs and the right is expressly reserved to make claim for any and all of these and related items of cost prior to any final settlement of this contract. The issuance of a change order constitutes acceptance of all terms and conditions of this written proposal and may not be altered in any way unless agreed to in writing.
