I. EXECUTIVE BRIEF

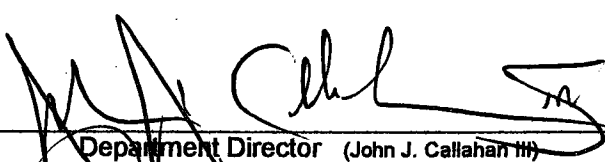

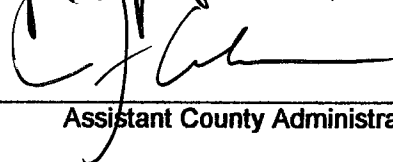

Motion and Title: Staff recommends motion to approve:
The County Library's Long-Range Plan for FY 2010-2012.

Summary: This plan represents the Library's mission statement, goals and objectives, and strategic plan for FY 2010 through FY 2012. This annual process of strategic planning is done in conjunction with the State's requirements for libraries receiving State Aid funds and with the County's budget process. The Library Advisory Board has endorsed this Plan with Resolution 09-01; dated June 22, 2009. Countywide (TKF)

Background and Justification: The development of a long-range plan and its approval by the BCC, as the governing body, is a State requirement for all libraries which are awarded funds under the State Aid to Libraries program. The purpose of the County Library's plan is to provide strategic guidance for the delivery of library services over the next three (3) years. It is based on the goals set in the FY 2010 Budget. Projected revenues were compared to the projected funding requirements to demonstrate the fiscal feasibility of the Plan.

Basic Information about the Library

STRUCTURE

The Palm Beach County Library System (PBCLS) operates as a department of county government. The Board of County Commissioners is the Library's governing body, and the Library Advisory Board represents the County Commission to the Library in matters pertaining to library service and the means to meet objectives.

LIBRARY DISTRICT

History: The Palm Beach County Library District was established by the passage of a Special Act of the Florida Legislature in 1967. This Act allowed the Board of County Commissioners to establish a library system and a dependent taxing district to support it. The district was to be made up of all areas of Palm Beach County not taxed by a municipality for library services. In 2000, the act was codified and revised to provide various options for capital funding.

Current Status: The District consists of the unincorporated area of Palm Beach County plus 23 cities that do not tax their residents for library purposes. Reciprocal borrowing is provided to residents of Boynton Beach, Delray Beach, Lake Park, Lantana, Lake Worth, North Palm Beach, Palm Springs, Riviera Beach, and West Palm Beach under the guidelines for receiving a State Aid to Public Libraries grant and through membership in the Library Cooperative of the Palm Beaches.

Borrowing privileges are also offered to any child residing in or attending school through grade 12 in Palm Beach County and to any teacher in licensed K-12 institutions.

Future: Census figures reflect the following population growth in the Library District:

1970	141,100
1980	293,486
1990	534,578
2000	731,460

Much of the county's past growth has occurred within the area served by the Library System. This trend is expected to continue and will decidedly shape the future of our Library System.

Introduction

The purpose of the Palm Beach County Library System's Long-Range Plan is to provide strategic guidance for the delivery of library services over the next three years. It outlines a vision of outstanding library service for residents of the Palm Beach County Library District.

This plan reflects changes occurring in our community and in the information environment. Our maturing community is becoming more complex and diverse. The information environment is also evolving rapidly with more materials, information, and services available electronically.

We are striving to meet the challenges of changing technology, population growth and reduced revenue. While continuing to meet the needs of those who seek traditional services in traditional formats, the Library also recognizes the demand for new technology. Our goal is to apply new information technology for increasing value to our patrons, while striving toward national benchmarks for services.

The aim of this Library System will continue to be to fulfill our mission "to continually improve our service to the public." The mix of formats and services will be determined by customer needs, cost and value received, and availability of funding.

To make this plan a reality, the Library System needs critical support and active collaboration. Improvement in services must be based on continuous consultation with all library stakeholders: citizens at large, Library District residents, library users, Library Advisory Board, Friends of the Library, Board of County Commissioners, library staff, and all others who value the information, knowledge, and wisdom that libraries can provide.

STAFF

The FY 2009 staffing complement consists of 462.85 FTE (full-time equivalent) employees. This number includes 117.85 FTE Librarians and 345 FTE support staff, including students.

The Library has not met staffing goals set in the Library Element of the Palm Beach County Comprehensive Plan. The FY 2009 shortfall between actual FTE employees and the Comprehensive Plan goal is 65.29 FTE.

FACILITIES

During the 2009 Fiscal Year, the Library opened two new branches to the public. The West Boca Branch opened in February, 2009, and the Lantana Road Branch opened in May, 2009. Renovation of the Okeechobee Blvd. Branch was completed and the branch reopened to the public in November, 2008.

DEMOGRAPHICS

From 2000 to 2009, the population of the Library District grew from 731,460 to 892,278, a 21% increase.

According to the U. S. Census Bureau, from 2000 to 2005 (est.) the County's Hispanic population grew by 36%, to reach 15% of the population, virtually the same percentage as that of the nation.

The black population grew by 19% in the same time period to reach 15% of the population, exceeding the national percentage by 2.2%.

The median age is 42.5 years and the percentage of those 65 and over is 22%, compared to national figures of 36.7 years and 12.6%, respectively.

SUMMARY OF SERVICES

The Library System serves an area comparable in size to the state of Delaware. Service is provided through the Main Library, fifteen branches, and a logistical support center. Outreach services includes 2 Bookmobiles, Talking Books, Books-by-Mail, Adult Literacy Tutoring, and Outreach to Day Care programs. In Fiscal Year 2008, the Library circulated over 7.5 million items and answered more than 1.5 million reference questions.

COLLECTION

The Library provides access to holdings of 1.5 million items and offers expanding access to electronic information. Further access to both hard copy and electronic information is provided by participation in regional, state, and national networks which allow reciprocal access to resources of all member libraries. Although the materials collection has grown substantially to stock new branches, the developing population of the district has impeded the Library's efforts to increase holdings per capita and to reach national benchmarks and the Palm Beach County Comprehensive Plan objectives.

FINANCIAL SUPPORT

The Library's proposed budget for Fiscal Year 2009-2010 is \$49,509,189. As in the past, we continually seek alternative revenue sources to supplement ad valorem funding.

For example:

- Impact Fees are used for opening day collections of library materials and building construction to the extent possible
- A \$55 million bond issue was approved by Library District voters in November 2002 to fund the second Library Expansion Program

The following alternative revenue sources are sought on an ongoing basis:

- Funds distributed as a part of the Universal Service Fund (E-Rate) discount program will partially defray telecommunication costs
- Commission approval to fund Impact Fees at the maximum level has been accomplished
- A construction grant has been approved by the Florida Legislature to help fund the expansion of the North County Regional Branch
- Construction grant applications will be resubmitted for consideration as projects qualify
- All other grant opportunities are explored and, where practical, applications are filed
- The Friends of the Library plan fund raising projects to purchase special equipment for new and renovated branches

Executive Summary

The Palm Beach County Library System Mission Statement, endorsed by the Library Advisory Board in January 1994, embraces the Library's four major programs of service, which are -

- Circulation
- Reference
- Children's Programming
- Community Enrichment

This Mission Statement is the heart of our Long-Range Plan. Each of the four major programs of service comprises a mission/goal in the Long-Range Plan, with objectives, strategies, and tasks. These programs also provide the framework for our FY 2010 budget narrative and performance measures.

The Plan sets guidelines for accomplishing our mission, and it communicates our commitment to provide excellence in library service. This Plan was developed by Library staff with input from the Library Advisory Board, County Administration, and Library users.

Circulation

As part of the Library's mission statement, the Library is charged with providing the public with free access to library materials in a variety of formats. Through circulation services and an ever changing collection of materials, the Library provides the public the means for enhancing their lives through life-long learning.

In FY 2010, total circulation is targeted to increase by 5% over FY 2008. Staff will achieve this goal by increasing holdings to 1.85 per capita with emphasis on the audiovisual collection; updating subject areas; continuing to pursue new technologies for patron self-service; and promoting library card registration.

Reference

The goal of the reference program is to help people of all ages find information which meets their diverse personal, educational, and professional needs. Reference service offered by the Library provides prompt and accurate information to all Palm Beach County residents in person, on the telephone, and electronically through e-mail, Telecommunications Device for the Deaf Services and live chat.

The FY 2010 objective is to increase by 2% over 2008 the number of reference transactions handled. The quality of information provided will be ensured by reference staff training and development; maintaining a database of local organizations; providing services for health, government, and genealogy research; and improving online databases.

Children's Programming

The goal of children's programming is to encourage children, the future leaders of our community, to develop a love of reading, learning, and libraries. The FY 2010 objective is to increase attendance at children's programs by 2% over 2008.

Story times, the Summer Reading Program, and special events will provide a setting where children's confidence, reading skills, and sense of community are developed. Program attendance is expected to exceed the national average for the 15th consecutive year. Outreach services to day cares will present story times to preschoolers and teach day care providers to share books and literature with children. Kits of books and story time supplies will be loaned to day care providers.

Programs will be presented to foster family literacy.

Community Enrichment

This program promotes community enrichment, economic vitality, and individual achievement by providing: access and training on the Internet and electronic databases; access to electronic information from home or office; services for the business community; migrant workers; adult non-readers; and adult programs on literature and informational topics.

The Library will respond to public interest in electronic information resources by increasing Internet and electronic resource training attendance. The Library home page will be enhanced. Literacy tutoring, business information services, and literature and informational programming will increase. Services to migrant and seasonal farmworkers in the Glades will continue. Services to non-English speaking residents are coordinated by a bilingual librarian located at the Main Library.
