STATEMENT OF PURPOSE

I appreciate the opportunity I have had to participate in Palm Beach County's land acquisition programs. This experience has made me familiar with these lands' ecological sensitivity and restoration needs, as well as the varied purposes ranging from preservation to greenways and water resources, for which they were purchased. As a member of NAMAC, I have been able to use this knowledge in the review of management plans and restoration efforts. In addition to my professional experience, this familiarity with these lands has also helps me to balance public use with the protections provided by the PBC Natural Areas Ordinance and the lands original intended use. As a resident of Palm Beach County for almost 29 year, I consider its land acquisition program an accomplishment for which the Commission and county residents can be very proud. I would be honored to continue to serve on NAMAC and work to ensure that our grandchildren will be as proud of these lands as we are now.
