**I. EXECUTIVE BRIEF**

**Motion and Title:** Staff recommends motion to approve: Amendment No. 002 to an Agreement (R2008 -1483) with the City of West Palm Beach to extend the expiration date from August 15, 2009, to February 15, 2010.

**Summary:** This Amendment provides an extension of six months to the term of the existing Agreement for the implementation of a housing rehabilitation program as funded through the 2005 Disaster Recovery Initiative (DRI) Program. These are Federal Community Development Block Grant funds that require no local match. Districts 2 and 7 (TKF)

**Background and Justification:** On April 1, 2008, the County entered into an Agreement with the City of West Palm Beach for the use of \$3,045,361 in 2005 DRI Program funds to implement a housing rehabilitation program. On February 24, 2009, Amendment 001 (R2009-0312) was executed to provide a time extension to the Agreement. The rehabilitation program provides technical and financial assistance to qualified low income property owners of detached one dwelling structures who reside within the City's municipal boundaries. To the extent practical and feasible, work on these properties may include structural repairs, roofing, electrical, plumbing, painting, doors, windows and hurricane protection, and repairs of damages caused by Hurricane Wilma.

The 2005 DRI Program provides funds made available to the Florida Department of Community Affairs by the U.S. Department of Housing and Urban Development from Community Development Block Grant (CDBG) Disaster Recovery Funding to assist in recovery efforts from the Federally declared disasters (Hurricanes Katrina and Wilma) that occurred between August 25, 2005, and October 24, 2005.

**Attachments:**

1. Amendment 002 to the Agreement with the City of West Palm Beach.
2. Amendment 001 (R2009-0312) to the Agreement with the City of West Palm Beach.
3. Agreement (R2008 -1483) with the City of West Palm Beach with Exhibits A through G.

The foregoing indemnification shall not constitute a waiver of sovereign immunity beyond the limits set forth in Florida Statute, section 768.28, nor shall the same be construed to constitute agreement by either party to indemnify the other party for such other party's negligent, willful or intentional acts or omissions. 10. INSURANCE

Without waiving the right to sovereign immunity as provided by Florida Statute, Chapter 768.28, the Municipality reserves the right to self-insure for General Liability and Automobile Liability under Florida's sovereign immunity statute with coverage limits of \$100,000 Per Person and \$200,000 Per Occurrence; or such monetary waiver limits that may change and be set forth by the legislature. In the event the Municipality maintains Commercial General Liability or Business Auto Liability, the Municipality agrees to maintain said insurance policies at limits not less than \$100,000 Per Person and \$200,000 Per Occurrence. The Municipality agrees to endorse Palm Beach County Board of County Commissioners as an "Additional Insured" to the Commercial General Liability, but only with respect to negligence other than County's negligence arising out of this project or Agreement. **This paragraph does not apply to liability policies which afford only indemnity based claims-bill coverage.**

The Municipality agrees to maintain, or self-insure, Worker's Compensation & Employer's Liability insurance in accordance with Florida Statute, Chapter 440. The Municipality agrees to provide a statement, or Certificate of Insurance, evidencing insurance or self-insurance for the above required coverages, which the Municipality shall deliver to HCD at its office at 160 Australian Avenue, Suite 500, West Palm Beach, Florida 33406. The Municipality agrees its self-insurance or insurance shall be primary as respects to any coverage afforded to or maintained by County.

The Municipality agrees compliance with the foregoing insurance requirements is not intended to nor construed to relieve the Municipality of its liability and obligations under this Agreement.

11. MAINTENANCE OF EFFORT

The intent and purpose of this Agreement is to increase the availability of the Municipality's services. This Agreement is not to substitute for or replace existing or planned projects or activities of the Municipality. The Municipality agrees to maintain a level of activities and expenditures, planned or existing, for projects similar to those being assisted under this Agreement which is not less than that level existing prior to this Agreement.

12. CONFLICT OF INTEREST

The Municipality covenants that no person who presently exercises any functions or responsibilities in connection with the Project, has any personal financial interest, direct or indirect, in the target areas or any parcels therein, which would conflict in any manner or degree with the performance of this Agreement and that no person having any conflict of interest shall be employed by or subcontracted by the Municipality. Any possible conflict of interest on the part of the Municipality or its employees shall be disclosed in writing to HCD provided, however, that this paragraph shall be interpreted in such a manner so as not to unreasonably impede the statutory requirement that maximum opportunity be provided for employment of and participation of low and moderate-income residents of the project area.

13. CITIZEN PARTICIPATION

The Municipality shall cooperate with HCD in the implementation of the Citizen Participation Plan by establishing a citizen participation process to keep residents informed of the activities the Municipality is undertaking in carrying out the provisions of this Agreement. Representatives of the Municipality shall attend meetings and assist HCD in the implementation of the Citizen Participation Plan, as requested by HCD.

14. RECOGNITION

All facilities purchased or constructed pursuant to this Agreement shall be clearly identified as to funding source. The Municipality will include a reference to the financial support herein provided by HCD in all publications and publicity. In addition, the Municipality will make a good faith effort to recognize HCD's support for all activities made possible with funds made available under this Agreement.

15. AGREEMENT DOCUMENTS

The following documents are herein incorporated by reference and made a part hereof, and shall constitute and be referred to as the Agreement; and all of said documents taken as a whole constitute the Agreement between the parties hereto and are as fully a part of the Agreement as if they were set forth verbatim and at length herein:

16. TERMINATION

In event of termination for any of the following reasons, all finished or unfinished documents, data studies, surveys, drawings, maps, models, photographs, reports prepared, and capital equipment secured by the Municipality with funds under this Agreement shall be returned to HCD or the County.

In the event of termination, the Municipality shall not be relieved of liability to the County for damages sustained by the County by virtue of any breach of the Agreement by the Municipality, and the County may withhold any payment to the Municipality for set-off purposes until such time as the exact amount of damages due to the County from the Municipality is determined.

(1) TERMINATION FOR CAUSE

If through any cause either party shall fail to fulfill in a timely and proper manner its obligations under this Agreement, or if either party shall violate any of the covenants, agreements, or stipulations of this Agreement, either party shall thereupon have the right to terminate this Agreement in whole or part by giving a fifteen (15) working day written notice of such termination to the other party and specifying therein the effective date of termination.

In the event the grant to the County under the Contract is suspended or terminated, this Agreement shall be suspended or terminated effective on the date the State specifies.

17. SEVERABILITY OF PROVISIONS

If any provision of this Agreement is held invalid, the remainder of this Agreement shall not be affected thereby if such remainder would then continue to conform to the terms and requirements of applicable law.

18. AMENDMENTS

The County may, at its discretion, amend this Agreement to conform with changes required by Federal, State, County, or U.S. HUD guidelines, directives, and objectives. Such amendments shall be incorporated by written amendment as a part of this Agreement and shall be subject to approval of the Palm Beach County Board of County Commissioners. Except as otherwise provided herein, no amendment to this Agreement shall be binding on either party unless in writing, approved by the Board of County Commissioners and the governing body of the Municipality, and signed by both parties.

20. INDEPENDENT AGENT AND EMPLOYEES

The Municipality agrees that, in all matters relating to this Agreement, it will be acting as an independent agent and that its employees are not Palm Beach County employees and are not subject to the County provisions of the law applicable to County employees relative to employment, hours of work, rates of compensation, leave, unemployment compensation and employee benefits.

21. NO FORFEITURE

The rights of the County under this Agreement shall be cumulative and failure on the part of the County to exercise promptly any rights given hereunder shall not operate to forfeit or waive any of the said rights.

22. PUBLIC ENTITY CRIMES

As provided in F.S. 287.133 by entering into this Agreement or performing any work in furtherance hereof, the Municipality certifies that it, its affiliates, suppliers, subcontractors and consultants who will perform hereunder, have not been placed on the convicted vendor list maintained by the State of Florida Department of Management Services within the 36 months immediately preceding the date hereof. The parties hereby acknowledge that there have been and are no representations, warranties, covenants, or undertakings other than those expressly set forth herein.

**EXHIBIT A**  
**WORK PROGRAM NARRATIVE**

**I. THE MUNICIPALITY AGREES TO:**

**A. OVERVIEW:**

The purpose of this Agreement is to make funds available to the Municipality under the State of Florida funded 2005 Disaster Recovery Initiative Program to enable the Municipality to implement a housing rehabilitation program ("Program") in conjunction with which it may provide technical and financial assistance to qualified low income property owners (as defined herein) who reside in detached one dwelling structures (entirely used for residential purposes) and located within its municipal boundaries. Assistance under the Program shall be provided in order to upgrade these structures to meet applicable housing and building codes and in order to effectuate repairs of damages caused by Hurricane Wilma. Work on these properties may for example include roofing, electrical, plumbing, structural repairs, painting, doors, windows, and hurricane protection, provided that these repairs are practical and feasible. The Municipality plans to provide rehabilitation assistance to sixty-four (64) households. The final number of homes addressed with funding made available under this Agreement shall depend on the actual cost of undertaken projects, and therefore may vary from the two above stated numbers.

**B. REGULATORY STANDARDS:**

The regulatory standards applicable to the activities undertaken in connection with this Agreement shall include but not be limited to the ones listed below, and those enumerated elsewhere in this Agreement. Palm Beach County's failure to list verbatim or make reference to a regulation, statute, ordinance, reference, or any other document affecting the Municipality, shall not relieve the Municipality of compliance with any applicable regulation, statute, ordinance, or any other document not listed below. The County reserves the right, but not the obligation, to inform the Municipality of any such applicable regulation, statute, ordinance, or any other document, and to require the Municipality to comply with the same.

**HUD:** U. S. Department of Housing and Urban Development regulations (24 CFR Part 570).

**HUD:** U. S. Department of Housing and Urban Development regulations (24 CFR Part 35).

**HUD:** HUD Guidelines for the Evaluation and Control of Lead Hazards in Housing.

**TITLE X:** Title X - Residential Lead-Based Paint Hazard Reduction Act of 1992.

**EPA:** U.S. Environment Protection Agency regulations (40 CFR Part 745).

**EPA:** U.S. Environment Protection Agency regulations (40 CFR Part 61).

**OSHA:** Occupational Safety and Health Administration regulations (29 CFR Part 1926).

**PBC:** Palm Beach County Purchasing Ordinance.

The Municipality recognizes and understands that the applicable regulations, statutes, ordinances, or all other applicable documents may be amended from time to time during the term of this Agreement. The Municipality agrees to abide by all such amendments as relates to the activities undertaken in connection with this Agreement, and as determined by HCD.

The Municipality recognizes and understands that during the term of this Agreement, new regulations, statutes, ordinances, and other applicable documents may be issued that affect the activities undertaken in connection with this Agreement. The Municipality agrees to abide by all such new regulations, statutes, ordinances, and other applicable documents as determined by HCD.

Should, after the execution of this Agreement, it be discovered that requirements concerning certain activities to be undertaken in connection with the Agreement are absent, the parties agree to abide by the decision of the State on such requirements. In the instance that the State elects not to provide a decision on an absent requirement, or allows for a local choice in the matter, the parties agree that all requirements pertaining to any such matter shall be at the discretion of the County.

**C. PROGRAM ADMINISTRATOR:**

The Municipality shall designate an employee of the Municipality to be the "Program Administrator" in connection with projects undertaken under this Agreement, and notify HCD of the identity of such Program Administrator. The Program Administrator shall act as the primary contact person between HCD staff and persons designated by the Municipality to be involved in implementing projects undertaken under this Agreement. In addition to channeling communication from and to HCD and the Municipality, and from and to HCD and the above described designated persons, the Program Administrator shall review all materials and files submitted by the Municipality to HCD in connection with this Agreement, and shall be the recipient of all materials and files provided by HCD to the Municipality.

The Program Administrator shall track and maintain awareness of the status and progress of all undertaken projects and submit the reports required hereunder.

If the Municipality wishes to request HCD for reimbursement of that portion of the Program Administrator's salary which is attributable to work done in connection with this Agreement, then the Municipality shall provide HCD the following as a pre-requisite to its reimbursement request:

- Documentation showing that the position of the Program Administrator (if such position was filled as a new position as a result of this Agreement) was competitively solicited prior to the Program Administrator's appointment to the position, and showing that the opening for this position was advertised in a public forum to elicit applications from other prospective applicants.
- A copy of the letter notifying the Program Administrator of his/her appointment to this position.
- Documentation showing the annual or hourly salary paid for the position of Program Administrator.
- Personnel policy relating to vacation and sick leave.

When requesting reimbursement for the Program Administrator's work hours in connection with this Agreement, the Municipality shall submit the following:

- With each reimbursement request, a copy of the daily time sheets which account for all time worked by the Program Administrator on all assignments. These time sheets must be detailed enough to allow HCD staff to distinguish between hours worked on rehabilitation projects being pursued in connection with this Agreement and other hours worked by the Program Administrator. The time sheets must also show the specific tasks undertaken by the Program Administrator on such projects as well as the time taken to complete each task. The Municipality shall ensure that time is kept to regular hours as much as possible and shall ensure that no excessive overtime is spent on these projects.
- With each reimbursement request, copies of the payrolls and paychecks to the Program Administrator corresponding to the above time sheets, as well as copies of documents proving that FICA was paid for the period corresponding to the one for which the reimbursement is being claimed.

**D. PROGRAM INSPECTOR:**

The Municipality shall employ one or more "Inspector" in connection with this Agreement. The Inspector shall be able to carry out the tasks described in this Agreement and be able to demonstrate the qualifications that enable him/her to do so. The Inspector shall at minimum perform inspections of residential structures for compliance with housing and building codes, determine the feasibility of undertaking rehabilitation, prepare construction specifications and cost estimates, review construction bids, inspect rehabilitation construction work in progress, and review and approve contractor payment requests. The Inspector shall be able to review lead-based paint inspection and risk assessment reports and determine the actions to be taken to comply with federal lead-based paint regulations, maintain inspection records and reports, prepare change orders, initiate various notification letters and conduct necessary correspondence.

If the Municipality wishes to request HCD for reimbursement of that portion of an Inspector's salary which is attributable to work done in connection with this Agreement, then the Municipality shall provide HCD the following as a pre-requisite to its reimbursement request for each Inspector:

- Documentation showing that the position of the Inspector (if such position was filled as a new position as a result of this Agreement) was competitively solicited prior to the Inspector's appointment to the position, and showing that the opening for this position was advertised in a public forum to elicit applications from other prospective applicants.
- A copy of the letter notifying the Inspector of his/her appointment to this position.
- Documentation showing the annual or hourly salary paid for the position of Inspector.
- Personnel policy relating to vacation and sick leave.

When requesting reimbursement for each Inspector's work hours in connection with this Agreement, the Municipality shall submit the following:

- With each reimbursement request, a copy of the daily time sheets which account for all time worked by the Inspector on all assignments. These time sheets must be detailed enough to allow HCD staff to distinguish between hours worked on rehabilitation projects being pursued in connection with this Agreement and other hours worked by the Inspector. The time sheets must also show the specific tasks undertaken by the Inspector on such projects as well as the time taken to complete each task. The Municipality shall ensure that time is kept to regular hours as much as possible and shall ensure that no excessive overtime is spent on these projects.

- With each reimbursement request, copies of the payrolls and paychecks to the Inspector corresponding to the above time sheets, as well as copies of documents proving that FICA was paid for the period corresponding to the one for which the reimbursement is being claimed.

**E. PROGRAM ADVISOR:**

The Municipality shall employ one or more "Advisor" in connection with this Agreement. The Advisor shall be able to carry out the tasks described in this Agreement and be able to demonstrate the qualifications that enable him/her to do so. The Advisor shall at minimum perform a variety of program implementation tasks including the participant application process, the applicant eligibility determination process, financial underwriting, project closings, and expenditure tracking and reconciliation.

If the Municipality wishes to request HCD for reimbursement of that portion of an Advisor's salary which is attributable to work done in connection with this Agreement, then the Municipality shall first provide HCD the pre-requisites for each Advisor in like manner as those listed above for an Inspector, and then provide the time sheets and payroll documents for each Advisor in like manner as those listed above for an Inspector.

**F. OUTREACH AND APPLICANT SELECTION:**

The Municipality's outreach effort in publicizing the rehabilitation/reconstruction program being undertaken in connection with this Agreement shall include announcements at public meetings and community events, distribution of flyers/brochures to affected residents, referrals (from former or current clients), from walk-in business, or in response to public advertisement or outreach (e.g. a web page).

The Municipality shall develop, publish to its residents, and use its own selection method for applicants to be funded under this Agreement, provided that such method is fair and equitable, and provided that it does not in any manner violate any of the provisions contained in this Agreement. Priority shall be given to residents of the Coleman Park and Pleasant City neighborhoods, and thereafter to residents citywide.

**G. THE APPLICATION PROCESS:**

The Municipality shall invite each selected applicant to submit a written, signed, and dated application (for the purposes of this Agreement, all owners of a property to be rehabilitated/reconstructed who reside at such property shall be regarded as applicants, and "applicant" as referred to herein shall also mean the plural term "applicants"). The Municipality shall advise the applicant of the Program's objective and explain the type of work undertaken under the Program without specific reference to the applicant's property. Applicants shall be advised that the primary purpose of the Program is to address property deficiencies to the extent practicable and feasible to meet applicable housing and building code standards and to effectuate repairs of damages caused by Hurricane Wilma.

Applicants shall be advised of Program requirements to receive assistance and the steps involved in the rehabilitation process and their role in it. Applicants shall also be informed of the financing arrangements available under the Program.

The application shall solicit information about the applicant such as:

- Name of applicant(s) and any other household members residing at the property (whether related to the property owner or not) and relationship to property owner(s) as well as contact telephone numbers.
- Address of the property, legal description and the Property Control Number.
- Social security numbers, dates of birth of applicant(s) and ages of household members.
- Employment information on all household members.

- All other income for the household including: wages, salaries, bonuses, pensions, social security, disability, unemployment, self employment, rental income, interest, dividends, public assistance, alimony, child support, and income derived from assets.
- A listing of all assets owned by the applicant(s) and their associated value.
- Information about any mortgages on the property.
- Insurance information including name of insurer, agent, address, policy number, and type, amount, and dates of coverage.

In conjunction with accepting an application from a selected applicant, each such applicant shall be asked to submit documentation in support of the application such as copies of: deed, mortgage(s), pay stubs, driver's license, social security card, death certificates, the last IRS tax return (last two returns for self-employed persons), and copies of insurance policies.

The Municipality shall obtain from the applicant for the applicant's file a copy of the driver's license or other picture identification document for each adult household member of the applicant, and shall obtain a copy of the social security card for each household member.

At the time of application submission, a preliminary review shall be made of the information provided and the applicant shall be requested to sign certain pertinent release forms that enable the Municipality to verify information in the application with outside parties. Other such forms shall also be signed by the applicant at later times as the need arises in the process of reviewing the application. These release forms for example include: employment verification, social security benefits verification, and pension verification.

In order to avoid any duplication of benefits, applicants shall be asked to provide signed certifications regarding the receipt of any insurance, SBA, or FEMA payments for damages to the property resulting from Hurricane Wilma. The Municipality shall devise a certification form to be used by each applicant to certify whether or not the applicant received any insurance payments (which certification form shall be placed in the applicant's file). In addition, each applicant shall be required to sign a release form to be submitted to FEMA (provided herein as Exhibit B) for the purpose of verifying the receipt of any FEMA payments in connection with damages resulting from Hurricane Wilma. The Municipality shall fax this release form to FEMA with a request for information, regardless of whether the applicant applied for, or received, any FEMA assistance, and place FEMA's response in the applicant's file. The County shall provide the Municipality with FEMA contact information at a later date. Furthermore, the Municipality shall verify whether the applicant received any assistance from the United States Small Business Administration (SBA) by verifying the presence of the applicant's name on a list of SBA recipients to be provided by the County to the Municipality at a later date. The Advisor shall complete, sign and place a form in the applicant's file indicating whether the applicant's name appears on SBA's list.

At time of application, the Municipality shall establish whether the applicant's property suffered damages from Hurricane Wilma. As a condition for receiving assistance, each applicant must be documented as having had damage to their home from Hurricane Wilma by means of:

- a certification from the Municipality, or
- a copy of a FEMA verification/claim, or
- an insurance claim, or
- an affidavit from the applicant that is attested by the Municipality.

At time of application, the Municipality shall provide each applicant with a lead hazard information pamphlet entitled "Protect Your Family From Lead In Your Home", informing applicants of the potential risk of lead hazard exposure from renovation activity that may be performed in their homes, and the Municipality shall obtain from the applicant a signed receipt indicating that the applicant has received the stated pamphlet which receipt shall be placed in the applicant's file.

In conjunction with accepting an application from a selected applicant, the Municipality shall determine and document the "year built" of the applicant's home. The source to be used for "year built" information shall be the Palm Beach County Property Appraiser whose data may be accessed through the internet at <http://www.co.palm-beach.fl.us/papa/index.htm>. The Municipality shall obtain a print out of the "year built" information and place it in the file for each applicant.

H. THE INITIAL INSPECTION PROCESS:

The Inspector shall perform an inspection of the property proposed for rehabilitation for the purpose of assessing the conditions of the property and to determine if rehabilitation is necessary and feasible. If the Inspector determines that the property did not sustain any damages from Hurricane Wilma, then the Municipality shall reject the application for assistance by providing the applicant written notice of such determination. If the Inspector determines that the property did sustain damages from Hurricane Wilma (as supported by the documentation mentioned above), then the Inspector shall determine if the repair of such damages as well as the work needed to address all housing and building code violations is feasible within the funding limits of the program.

In making this determination special attention shall be given to un-permitted additions and un-permitted enclosures. Un-permitted additions and un-permitted enclosures that can be practically improved as part of the rehabilitation process, and within the funding limits, may be undertaken. Un-permitted additions and un-permitted enclosures that cannot be practically improved as part of the rehabilitation process, and within the funding limits, shall be removed in conjunction with the rehabilitation process.

Rehabilitation shall be deemed "feasible" when the cost of complying with the requirements of the Program as specified in this Agreement can be achieved within the funding limits established for the Program. That is, the cost of meeting the requirements of applicable code standards, hurricane damage repairs, lead-based paint remediation, hurricane protection, etc. In the event that the cost of complying with the requirements of the Program exceeds the funding limits established for this Program, rehabilitation may still be deemed "feasible" if the sum of the amount funded through this Program as specified in this Agreement plus amounts funded by the applicant (such as SBA/FEMA payments, insurance proceeds, or the applicant's personal funds) are sufficient to meet the cost of complying with the requirements of the Program.

In this regard, after considering the amount of funding per applicant as allowed by this Agreement, and any SBA/FEMA payments and insurance proceeds, the Advisor shall discuss the anticipated costs with the applicant, and explore the possibility and potential of the applicant providing the gap in funds needed for the project. As part of this discussion, the Advisor shall not only consider the rehabilitation cost estimate provided by the inspector, but also other associated costs such as mortgage recording fees and termite treatment costs. Pursuant to this discussion, the Municipality shall then reach a decision whether to further pursue the project based on the ability of the applicant to fund the aforesaid gap from the applicant's resources or from a lender. Upon determining that a project cannot be undertaken based on the above (that is, the project is not feasible), the Municipality shall issue the applicant an application rejection letter in which it shall provide the reason for the rejection. For every such rejected project, the Inspector shall prepare a cost estimate to be maintained in the applicant's file to support such a determination. Moreover, projects costing \$2,000 or less shall not be considered under the Program.

The Municipality shall proceed with processing projects that are deemed feasible. For projects built before January 1, 1978, that are feasible, the Municipality shall obtain a lead-based paint inspection/risk assessment report as specified below.

At the time of application intake or at any time thereafter during contact with an applicant or a household member of the applicant, if the Advisor finds out about a disability of the applicant or a household member of the applicant, the Advisor shall inform the Municipality's Inspector of such finding. Alternatively, the Inspector may find out about such a disability based on contact with an applicant or a household member. After determining that a project is feasible, and in conjunction with preparing a work write-up for a project, the Inspector shall obtain an affidavit from the applicant regarding the disability (if the disability affects a household member who is not a minor, either that person or the applicant may provide the affidavit). The Inspector may use a general affidavit form for this purpose. The affidavit must identify the person with the disability, it must describe the disability to the affiant's best knowledge, and it must describe the remedies proposed by the affiant to accommodate the disability that can be undertaken through the Program. The Municipality is encouraged to suggest the inclusion of any remedies that can be undertaken by the Program that come to its attention while in contact with the applicant, with household members, or while inspecting the property. The Municipality is cautioned not to omit any information the affiant wishes to put in the affidavit.

The original affidavit must be placed in the applicant's file, and a copy must be presented with the work write-up when that is submitted to HCD for approval before bidding as required below. HCD shall examine the contents of the affidavit to determine if the work write-up has sufficiently addressed the accommodations needed, and consult with the County Attorney's office when necessary to achieve appropriate accommodation.

In this regard, the Municipality is reminded that in addition to physical impairments that may be encountered, disabilities may also include neurological impairments, mental impairments, and emotional impairments that might come to its attention. During its discussions with the applicant or a household member of the applicant, the Municipality shall inquire: a) if the disability is expected to be of long, continued, and indefinite duration, b) if the disability substantially impedes the person's ability to live independently, and c) if the disabled person's ability to live independently can be improved by more suitable housing conditions. The Municipality shall inform the applicant that disclosure of a disability will in no way affect the application for assistance.

I. **THE VERIFICATION PROCESS:**

During this process, the Advisor shall verify the information provided by the applicant with outside parties, and obtain additional information that is necessary in reaching a decision on whether to proceed with the project or not.

The verification process shall include:

- (a) **INCOME VERIFICATION:** The Municipality shall obtain written income verification of the applicant's household in order to establish eligibility under the Program. A household is defined as: "All persons who occupy a housing unit. The occupants may be a single family, one person living alone, two or more families living together, or any other group of related or unrelated persons who share living arrangements (24CFR Part 570)". A household shall be regarded as being eligible to receive assistance under the Program if the projected prevailing rate of household annual income received from all sources by household size is at or below 80% of the applicable median family income for the West Palm Beach-Boca Raton Metropolitan Statistical Area. The current median income and schedule of qualifying incomes by household size shall be as revised and published in the Federal Register by HUD from time to time. The household annual income information to be used for eligibility determination under the Program shall be that in effect on the date funding is approved for each applicant.

Annual income of all household members shall be determined according to the HUD Section 8 method. In this regard, it should be noted that the HUD Section 8 method of computing income in part takes into account income from assets (actual and imputed, as applicable).

Income shall be verified through use of verification forms signed by the pertinent household member authorizing verification by the source of income or by obtaining documentation produced by a third party that establishes income information. Verification forms may include forms such as:

- employment verification
- unemployment benefit verification
- pension benefit verification
- social security benefit verification
- disability benefit verification
- veteran's benefit verification
- verification of benefits administered by HRS
- interest income verification

Each income earning household member must provide a signed copy of their last IRS return including attachments (last 2 returns for a self-employed person). It is recognized that IRS rules do not require the filing of a return if a person's income for example is below a certain amount as established by the IRS and revised from time to time. In such instance where an income-earning household member does not file a return, a notation shall be so indicated on the application form.

The Municipality shall, for each adult household member who does not earn any income, obtain an affidavit from such household member indicating that no income is earned by such person.

In the course of establishing and verifying household income for each applicant, the Municipality shall reconcile annual income information with annual household expenses reported by the applicant or determined by the Municipality. While reviewing this income and expense data, the Municipality shall examine such data for consistency allowing for reasonable living expenses of the household (such as food, clothing, and transportation).

Where annual obligations and other household expenses (such as mortgage payments, car loans, utilities, and real estate taxes) appear to constitute substantial portions of household income not allowing room for reasonable living expenses, the Municipality shall further investigate annual income and expense information with the applicant in order to resolve unreconciled differences between both. If resolution of such matters cannot be reached to the satisfaction of HCD, the applicant's request for assistance may be suspended until satisfactorily resolved or else may be rejected.

- (b) **TITLE VERIFICATION:** The Municipality shall place in the file for each applicant copies of documents that show that the title of record to the property proposed for rehabilitation is held by the applicant (such as a deed or court order). (Tax records shall not constitute adequate proof in this regard). (Documents showing that the applicant holds a life estate in the property shall be acceptable).

The Municipality shall assure that the applicant owned the property proposed for rehabilitation at the time of Hurricane Wilma on October 24, 2005. If the applicant is not able to demonstrate compliance with this requirement, the Municipality shall reject the applicant from participation in the Program in writing. A copy of the rejection letter shall be maintained in the applicant's file.

- (c) **REAL ESTATE TAX VERIFICATION:** The Municipality shall place in the file for each applicant copies of documents that show that the real estate taxes for the property proposed for rehabilitation have been paid in full.
- (d) **MORTGAGE VERIFICATION:** In order to avoid funding an applicant who has mortgage obligations that are delinquent and that may lead to foreclosure and eventual loss of the property proposed for rehabilitation, the Municipality shall verify with the mortgagee that mortgage payments are current. Applicants, determined to have delinquent mortgage payments or who are in foreclosure shall be rejected by the Municipality in writing after having given the applicant a reasonable period of time to correct these conditions. Copies of rejection letters shall be maintained in the applicant's file.
- (e) **INSURANCE VERIFICATION:** The Municipality shall document that the applicant, at minimum, maintains homeowner insurance on the property proposed for rehabilitation.

However, if the property is in a flood zone "A" or flood zone "V", the applicant shall be required to maintain flood insurance on the property and the Municipality shall, before closing, maintain documentation evidencing such insurance coverage in the applicant's file. Such coverage shall be at least equal to the sum of the anticipated mortgage encumbrance against the property resulting from this Program and the balance of all other senior mortgage encumbrances against the property.

The applicant shall also provide copies of all insurance claims, insurance settlements, and insurance payments received in connection with damages to the property. The Municipality shall obtain from the applicant an affidavit in connection with all insurance funds received by the applicant for damages to the property. If the applicant did not receive any insurance funds for damages to the property, then the Municipality shall obtain from the applicant an affidavit to that effect to be placed in the applicant's file.

- (f) **ENVIRONMENTAL REVIEW:** The Municipality shall complete an environmental review checklist for each property proposed for rehabilitation in accord with the requirement of 24 CFR Part 58 and maintain such in the applicant's file. In addition, the Municipality shall complete the Categorical Exclusion Suggested Format form provided herein as Exhibit C and submit such form with its required documentation to HCD for review and approval. The Municipality shall rectify all matters brought to its attention by HCD that are related to the contents of the Categorical Exclusion Suggested Format form as a precondition to proceeding with the project.
- (g) **LEAD-BASED PAINT VERIFICATION:** All dwelling units built before January 1, 1978, shall be inspected for the presence of lead-based paint as required by applicable lead-based paint regulations. The Municipality shall retain the services of an EPA certified lead-based paint inspector, who is also an EPA certified lead-based paint risk assessor to perform a surface-by-surface investigation (of all interior and exterior painted, stained, varnished or shellacked surfaces, regardless of whether or not such surfaces will be disturbed in course of rehabilitation) in order to determine the presence of lead-based paint, and shall submit to HCD a report containing the results of the inspection and risk assessment.

The report shall identify surfaces containing lead-based paint which are in a stable condition (regarded not to constitute a hazard), and surfaces which contain lead-based paint and which are deteriorated or subjected to friction or impact (regarded to constitute a hazard). The findings of the report shall be used by the Municipality in preparing the work items intended to accomplish lead-based paint remediation, and shall be used for the preparation and provision of the Lead-based Paint Notice of Evaluation and/or Presumption as required by applicable regulations.

The Municipality shall pay the lead-based paint inspector/risk assessor for the above mentioned reports and for the clearance testing services mentioned below, from its own sources, without seeking reimbursement from HCD.

J. **THE WORK WRITE-UP PREPARATION PROCESS:**

If upon review of the information verified through the preceding process the applicant appears to be qualified, a work write-up shall be prepared by the Inspector for the rehabilitation project. The work write-up shall contain a detailed list of construction specifications the execution of which will correct the deficiencies at the property and will upgrade the property to the extent practicable and feasible to applicable housing and building code standards (including the HUD Section 8 Housing Quality Standards). The work write-up shall also contain items to address lead-based paint remediation, hurricane protection, energy efficiency and conservation, and ones that are intended for the removal of architectural barriers and the correction of damages caused by Hurricane Wilma.

- (a) **CODE RELATED ITEMS:** These are work items that are intended to correct code violations, that is the correction of deficiencies at the property which are not in compliance with applicable housing and building code standards (including the HUD Section 8 Housing Quality Standards). These items may also include compliance with any historic preservation requirements applicable to the property.
- (b) **HURRICANE PROTECTION ITEMS:** The work write-up shall include work items that address hurricane protection as required by code. Additional hurricane protection measures not required by code may be included in the work write-up to the extent practicable and feasible.
- (c) **HOMEOWNER ASSOCIATION REQUIREMENTS:** Should the work write-up contain items that are also regulated by a homeowner association, then the work write-up shall address the requirements of the homeowner association for such items only, such as complying with color or style requirements for exterior building components, and obtaining homeowner association approval of building materials or exterior building components. In such instances the work write-up shall require the contractor to submit such for approval by the homeowner association prior to the commencement of the work.
- (d) **DISABILITY ACCOMMODATIONS:** In the event that an applicant and/or a household member has a disability that comes to the attention of the Municipality, an affidavit shall be obtained from the applicant/household member which contains remedies proposed by the affiant to accommodate the disability that can be undertaken through the program as previously described. When the disability is expected to be of long, continued, and indefinite duration, and if the disability substantially impedes the person's ability to live independently, and if the disabled person's ability to live independently can be improved by more suitable housing conditions, then the work write-up shall include such work items (remedies proposed by the affiant) that would accommodate the disability and that can be undertaken through the Program.
- (e) **REHABILITATION/DEMOLITION OF UN-PERMITTED ENCLOSURES AND ADDITIONS:** The work write-up shall provide for the improvement of existing un-permitted additions and enclosures such that they comply with applicable codes if feasible and practical, and within the funding limits. Un-permitted additions and enclosures that are not feasible or practical to improve as part of the rehabilitation process, and within the funding limits, shall be demolished. Mortgagee/lien-holder consent to demolish shall be obtained when there are existing mortgages/liens on the property.

- (f) **BEDROOM ADDITIONS TO OWNER OCCUPIED UNITS:** The work write-up may include the addition of bedrooms to owner occupied dwelling units only to the extent that such additions are practicable and feasible, and provided that the Municipality document that the number of persons in the owner's household when compared to the number of bedrooms in the unit before rehabilitation show overcrowding based on HUD Section 8 Housing Quality Standards and the Municipality's local codes. The number of additional bedrooms to be constructed shall be kept to the minimum number necessary to meet applicable codes (and shall not be permitted to exceed such code requirements).
- (g) **LEAD-BASED PAINT REMEDIATION:** If the lead-based paint inspection/risk assessment report reveals the presence of lead-based paint at the property (or if such report leads to a presumption of the presence lead-based paint at the property), then the work write-up shall include a disclosure (and warning) as follows:
- A disclosure of the building components, materials, and surfaces that have been found to contain lead-based paint or are presumed to contain lead-based paint, and that will remain at the property during and after the rehabilitation project, and a warning to the contractor, all subcontractors, and all their employees and workers, not to disturb any of these building components, materials, and surfaces in any manner, shape, or form.
  - A disclosure of the building components, materials, and surfaces that have been found to contain lead-based paint or are presumed to contain lead-based paint, and that will be abated by qualified persons in connection with the rehabilitation project, and a warning to the contractor, all subcontractors, and all their employees and workers, except for persons qualified to do so, not to disturb any of these building components, materials, and surfaces in any manner, shape, or form.
  - A disclosure of the dust lead hazards found at the property that will be remediated by qualified persons in connection with the rehabilitation project.
  - A disclosure of the soil lead hazards found at the property that will be remediated by qualified persons in connection with the rehabilitation project.

The work write-up shall include items that achieve the remediation of surfaces which contain lead-based paint and which are expected to be disturbed during the process of rehabilitation construction, as well as items that achieve the remediation of surfaces which contain lead-based paint and are deteriorated or subjected to friction or impact and regarded to constitute a hazard, as well as items that address the remediation of dust and soil lead hazards. Lead-based paint remediation shall be undertaken using the "abatement" method which shall be performed by appropriately certified persons.

The work write-up may also include items that achieve the remediation of surfaces which contain lead-based paint which are in a stable condition (regarded not to constitute a hazard) at the Municipality's option. The inclusion of such optional items may be intended to achieve a lead free house, or where the house is permanently occupied by at least one child less than six (6) years old.

The work write-up for abatement shall specify the scope of the hazard reduction activity, the lead hazard reduction duration, the status, and length in days, of occupant temporary relocation, the compliance requirements, the qualifications to perform the work, and shall require an occupant protection plan, clearance testing, and an abatement report.

- (h) **ASBESTOS CONTAINING MATERIALS:** Should the Inspector, while preparing the work write-up, encounter suspect asbestos containing materials, such as transite siding, or should the Inspector encounter a current or prior non-residential use of the property (the house and its surrounding site), then the Inspector shall inform HCD of such observation. HCD shall then cooperate with the Municipality to obtain an asbestos survey of the property in order to determine the presence of asbestos containing materials, which if found, shall be addressed in accord with applicable regulations. Each work write-up submitted to HCD shall be accompanied by a certification from the Inspector who prepared the work write-up indicating whether or not there is any evidence of a current or prior non-residential use of the property.
- (i) **TREATMENT OF TERMITES AND OTHER WOOD DESTROYING ORGANISMS:** The work write-up shall include items that achieve the treatment of termites and other wood destroying organisms (extermination) if the Inspector determines that such infestation is found at the property.

- (j) **APPLICANT'S WORK WRITE-UP REVIEW AND APPROVAL:** The Inspector shall review the completed work write-up with the applicant who shall sign a review and approval statement indicating:
- That the work write-up has been reviewed with the applicant.
  - That the applicant understands the scope of work and the specifications of the work to be performed on the applicant's property.
  - The applicant's agreement that no changes to the work write-up specifications will occur except for items needed to meet housing or building code requirements.
  - The applicant's authorization allowing the Municipality to obtain bids for the work contained in the work write-up.
- (k) **HCD WORK WRITE-UP APPROVAL AND IN-HOUSE COST ESTIMATE:** Each completed work write-up signed by the applicant shall be maintained in the applicant's file. The Municipality shall provide HCD, for HCD's approval before bidding, a copy of such work write-up initialed by the Inspector and showing the Inspector's in-house cost estimate for each item in the work write-up. The work write-up shall be accompanied by a copy of lead-based paint inspection/risk assessment report, a copy of the aforesaid asbestos certification as prepared by the Inspector, as well as copies of any disability affidavits. HCD shall advise the Municipality of its determination concerning its review of the work write-up within ten (10) working days of its receipt.

**K. BIDDING AND BID EVALUATION:**

Bids for the work detailed in the work write-up shall be solicited by the Municipality from contractors who meet the Municipality's requirements for participation in the Program (such as licensing and insurance requirements). For projects requiring lead-based paint abatement, the rehabilitation contractor submitting a bid must be, or must hire, a certified lead-based paint abatement contractor as a subcontractor. The Municipality shall advertise each bid in a newspaper of regional circulation for a period of not less than twelve (12) days.

The bid documents to be used for this purpose shall include the address, property owner, and property owner contact information for the property to be rehabilitated, shall require bidders to visit the property, and shall specify the location, date, and time by which bids must be submitted. The bid documents shall specify the number of days after bid opening that bids are to remain valid. The bid documents shall contain provisions for addressing inconsistencies, interpretations, and supplemental instructions, as well as provisions for the modification, withdrawal, rejection, and award of bids. The bid documents shall contain the warranty and release of liens requirements as well as the insurance requirements for both the contractor and the lead-based paint abatement contractor (or subcontractor). The bid documents shall contain the Federal requirements applicable to projects funded under the Program.

For projects requiring lead-based paint abatement, the bid documents shall specify that the Program shall pay for the first clearance test to be undertaken in connection with the abatement for a project, and shall specify that the contractor shall be responsible for the cost of all subsequent clearance tests to be obtained by the Municipality for that project. The bid documents shall indicate that the cost of all clearance tests obtained by the Municipality and required for a project after the initial clearance test, shall be deducted from the contractor's payment.

For projects requiring lead-based paint abatement, the bid documents shall specify the number of days for which the Program shall pay for occupant temporary relocation, if any. The bid documents shall specify that the Program shall pay for occupant temporary relocation costs for the pre-specified number of days, and shall specify that the contractor shall be responsible for the cost of all subsequent occupant temporary relocation made necessary as a result of the contractor's failure to pass any clearance testing. The bid documents shall indicate that the cost of all occupant temporary relocation necessitated as a result of the contractor's failure to pass any clearance testing and paid by the Municipality, shall be deducted from the contractor's payment.

The Municipality shall require contractors to submit sealed bids for the work contained in the work write-up after visiting the applicant's property to acquaint themselves with existing conditions. The Municipality shall only accept bids up to a pre-specified date and time after which such bids shall be opened at the Municipality's offices. Bid openings shall be open to bidders, applicants, and the general public. At the bid opening the Municipality's designated employees shall open the bids and announce total amounts bid. The announced totals shall be recorded on a bid spreadsheet showing each bidder's name and total amount bid as announced.

After all bids are opened and announced, the Municipality shall calculate the sum of all the individual items contained in each bid to check for discrepancies between such sum and the amount read at the bid opening. Where a discrepancy exists in a bid between the true and correct sum of itemized costs and the total announced at the bid opening, the true and correct mathematical sum of itemized costs shall prevail and the spreadsheet shall be noted accordingly.

Upon close examination of all bids, the Municipality shall make a determination on the apparent lowest responsive responsible bidder that best meets the terms, conditions, and specifications of the bid and that will result in the best interest of the applicant, the Municipality, and the County.

The Municipality shall evaluate the lowest bid to establish whether the total bid is within the funding limit, and shall provide the applicant an opportunity to contribute to the project any funds needed for the project above the funding limit, or shall secure such needed funds for the applicant from other sources.

Funding shall be recommended for the lowest responsive responsible bidder. Should the applicant wish to select another bidder, then the difference in cost between the lowest bidder and that selected by the applicant shall be funded by the applicant.

**L. PROJECT UNDERWRITING:**

The Municipality shall complete a project underwriting process which entails undertaking several tests to verify if Program requirements have been met. This process also entails the formulation of a funding recommendation when such requirements are met, or the rejection of the application if these requirements can not be met by the applicant. The Municipality shall, for each applicant, document the following:

- (a) **INFORMATION CONSISTENCY:** The Municipality shall assure that the information submitted by the applicant and other information verified through third parties or gathered by the Municipality is consistent. If the preceding can not be met, the Municipality shall request the applicant to provide corrected information or an explanation such that satisfactory consistency exists in the opinion of the Municipality and HCD. Failure to do so particularly where willful falsification exists shall be regarded as grounds for rejection of the application and denial of any assistance.
- (b) **PROPERTY LOCATION:** The Municipality shall assure that the property to be rehabilitated is located within its municipal boundaries. An applicant whose property is not located within these boundaries shall be rejected.
- (c) **PROPERTY ELIGIBILITY:** The Municipality shall assure that the property to be rehabilitated is a detached one dwelling structure entirely used for residential purposes. The Inspector, at the time of initial inspection, shall establish the number of units at the project and its use for residential purposes. If the number of units exceeds one detached dwelling unit, such condition shall be remedied by actions that result in no more than one detached dwelling unit after rehabilitation by including the removal of any excess units in the work write-up. Any such demolition shall not result in the displacement of any occupant and shall comply with One-for-One Replacement regulations. If the property is not entirely used for residential purposes, such condition shall be remedied by actions that result in elimination or conversion of non-residential portions of the property to residential use.
- (d) **OCCUPANCY/RESIDENCY:** The Municipality shall assure that the applicant resides at the property to be rehabilitated which shall be determined at the time the property is inspected and through the applicant's address as revealed by the various documents received during the application/verification process. If the applicant does not occupy the property, the applicant shall demonstrate extenuating circumstances for not residing at the property. Rehabilitation may proceed provided that the rehabilitation renders the property occupiable, and provided that the applicant submit a written commitment prior to funding approval clearly indicating the intent of the applicant to reside at the property after completion of the rehabilitation process. Extenuating circumstances may include certain circumstances such as damages from hurricane Wilma, or a determination of the property's unfitness for habitation by a building or other official for reasons of safety or other danger at the property that can be remedied through the Program. HCD shall determine the type of documentation necessary and/or acceptable to demonstrate the existence of these extenuating circumstances, and if the extenuating circumstances are acceptable.

- (e) **PROPERTY OWNERSHIP:** The Municipality shall assure that the title of record to the property proposed for rehabilitation is held by the applicant at the time of application and that the applicant owned the property proposed for rehabilitation at the time of Hurricane Wilma on October 24, 2005.  
  
Note: the above condition requiring that the applicant have an ownership interest in the property to be rehabilitated does not preclude other parties who do not reside at the property from having an ownership interest in the property in addition to that of the applicant. These other parties are not regarded to be part of the applicant's household, however any such other parties having an ownership interest must agree to and join the applicant in executing program documents that secure the rehabilitation costs and encumber the property. In instances where the applicant has a life estate, all "remainder men" must agree to and join the applicant in executing program documents that secure the rehabilitation costs and encumber the property.
- (f) **REAL ESTATE TAX PAYMENT:** The Municipality shall assure that the real estate taxes for the property proposed for rehabilitation have been paid in full and shall place in the file for each applicant copies of documents showing the same.
- (g) **CURRENT MORTGAGE PAYMENTS:** For applicants who have mortgage obligations, the Municipality shall assure that such mortgage obligations are not delinquent and that mortgage payments are current.
- (h) **PROPERTY INSURANCE:** If the property is in a flood zone "A" or flood zone "V", the Municipality shall assure that the applicant maintains flood insurance on the property. If such insurance is not in place at the time of application, then the Municipality shall, before closing, obtain documentation evidencing such insurance coverage.
- (i) **DAMAGES FROM HURRICANE WILMA:** The Municipality shall assure that the applicant's property suffered damages from Hurricane Wilma as previously described.
- (j) **RECEIPT OF SBA OR FEMA BENEFITS AND INSURANCE PROCEEDS:** The Municipality shall assure that there is not duplication of benefits. The Municipality shall verify the receipt of any SBA and/or FEMA payments by the applicant in connection with Hurricane Wilma and shall document such. The Municipality shall verify the receipt of any insurance proceeds by the applicant in connection with Hurricane Wilma and shall document such.
- (k) **LEAD HAZARD PAMPHLET:** The Municipality shall assure that each applicant has received a lead hazard information pamphlet entitled "Protect Your Family From Lead In Your Home", and shall obtain from the applicant a signed receipt for such pamphlet.
- (l) **LEAD NOTICE:** For each property built before 1/1/78, the Municipality shall assure that each applicant has received a Lead-based Paint Notice of Evaluation and/or Presumption and shall obtain from the applicant a signed receipt for such notice.
- (m) **ENVIRONMENTAL AND HISTORIC REVIEW:** The Municipality shall assure that there are no environmental or historic considerations that would prevent the rehabilitation of the property, and that it has complied with all environmental and historic requirements.
- (n) **PRESENCE OF ASBESTOS:** The Municipality shall assure that the rehabilitation of the property shall not cause any asbestos exposure and it shall comply with applicable asbestos regulations when there is evidence of a current or prior non-residential use at the property (the house and its surrounding site).
- (o) **HOUSEHOLD INCOME:** The Municipality shall assure that the annual income of the household occupying the property to be rehabilitated as received from all sources, by household size, is at or below 80% of the applicable median family income for the West Palm Beach-Boca Raton Metropolitan Statistical Area.

If contingency funds are insufficient, additional funds may be obtained for the project as described below. The Municipality shall request HCD's approval of all change orders before they are signed regardless of whether or not the change orders cause an increase in the contract amount. HCD shall advise the Municipality of its determination concerning its review of change orders within ten (5) working days of HCD's receipt of the proposed change order.

Upon completion of the work, the contractor shall ensure that all work has been approved by the building department with jurisdiction over the project, and obtain the necessary permit approvals. The contractor shall request a final inspection by the Municipality which shall be followed by the Municipality providing the contractor with a punch list of deficiencies (if such deficiencies exist) to be corrected by the contractor prior to final payment.

When the work is fully completed, the Municipality shall obtain the applicant's approval of the final payment. The final payment shall be subject to the Municipality's receipt of the following from the contractor:

- Original building permits with Bldg. Dept. final approval, and Certificate of Completion.
- Original contractor's roof nailing affidavit.

**Q. TEMPORARY RELOCATION POLICY:**

The Municipality shall not cause the permanent dislocation of any persons as a result of implementing the Program. The parties to this Agreement recognize that the rehabilitation process may in some instances require the temporary relocation of the applicant and the applicant's household members due to activities such as extensive construction, lead-based paint abatement, or during extermination of wood destroying organisms. Accordingly, the Municipality hereby adopts the below Temporary Relocation Assistance Policy and obligates itself to making the payments associated therewith.

Temporary Relocation Assistance Policy: Should in the course of rehabilitation activities undertaken under the Program envisioned by this Agreement, the necessity arise to temporarily relocate the members of the household where rehabilitation is being performed (while extensive construction is taking place, lead-based paint abatement is taking place, or during extermination of wood destroying organisms, for example), then the Municipality shall pay for the cost of accommodations (hotel/motel) incurred while temporarily housing such household members away from the home being rehabilitated. The Municipality shall endeavor to minimize the cost of such accommodations while arranging for accommodations that are as close to the home being rehabilitated as possible, for the least number of nights possible, and while minimizing disruption to the family (that is, maintaining proximity to day care, schools, or work).

The Municipality shall pay the business provider of such temporary housing the cost of such temporary relocation from the budget established for such purpose in this Agreement, after having procured such services in accord with this Agreement. The County shall reimburse the Municipality for temporary relocation payments in connection with this Agreement up to the amount in the allocated budget.

The Municipality shall not secure any such temporary relocation payments by the mortgage given by the applicant under the Program. Nothing herein shall preclude the applicant from voluntarily temporarily relocating to a location of the applicant's choice (such as with friends or family) while Program activities are underway without seeking payment from the Municipality.

**R. PROJECT CLOSEOUT:**

After all project contracts, invoices, and expenses have been paid, the Municipality shall prepare and submit to HCD, along with the entire applicant file compiled to date, a closeout statement which shall show all allocated funds, and an itemized listing of all payments made on behalf of the applicant, and all undisbursed funds and their disposition. Funds that have been secured by the mortgage and that have not been expended shall be credited by the Municipality to the applicant as a principal reduction of the loan. The closeout statement, shall be prepared and signed by the Advisor, and shall be placed in the applicant file with a copy provided to the applicant.

S. OTHER RELATED MATTERS:

- (a) **PROGRAM DOCUMENTS:** Prior to the Municipality's use of any documents listed below in connection with this Agreement, the Municipality shall submit the following to HCD for approval: Lead-Based Paint Notice of Evaluation And/Or Presumption, Lead-based Paint Notice of Hazard Reduction Activity, bid documents and solicitation documents for all services, construction contract, notice of commencement, release of liens, warranty, mortgage, promissory note, notice of future advance, and affidavits. After the execution of this Agreement, the Municipality agrees to submit, in like manner, any other Program documents requested of it by HCD for review and approval.
- (b) **DATE VALIDITY OF DOCUMENTS:** The below identified documents contained in applicant files at the time of funding approval by HCD shall be no more than six months old:
- Income verifications and income affidavits.
  - Verification of real estate and mortgage liabilities.
  - Evidence of owner's funding.

Note: Construction contractor's bid proposal validity date may be voluntarily extended by a letter from the contractor, and if not voluntarily extended by the contractor, the Municipality shall procure such services again through the bid process.

- (c) **ADDITIONAL FUNDING:** The Municipality may request additional funding in excess of amounts approved by HCD for a project (such as for change orders), provided that the sum of additional funding and original project funding does not exceed the funding limit per applicant established in this Agreement. In its request, the Municipality shall identify the purpose of the additional funds and provide a detailed accounting of the items to be funded.

In the instance where such sum would exceed the funding limit per applicant established in this Agreement, the applicant shall be given the opportunity to make up any funding short fall, and if not made up by the applicant, the Municipality may request HCD for a waiver allowing the sum to exceed such limit. The approval of waivers, if recommended by HCD, shall be made by means of an amendment to this Agreement to be executed by the parties with the same formality as this Agreement. Waivers may be considered in connection with the need for additional funds arising from unforeseen conditions related to the construction rehabilitation at the property, or in connection with any other needs deemed appropriate by HCD and otherwise regarded as eligible program costs as identified herein.

All additional funds, not included in the mortgage and promissory note, and provided after the mortgage and promissory note have been executed, shall be secured by means of a notice of future advance and promissory note, before such funds are expended. The notice of future advance and a copy of the promissory note shall be promptly recorded by the Municipality in the public records of Palm Beach County.

- (d) **TERMINATION OF FUNDING:** The Municipality shall take steps to terminate funding and accelerate loan repayment during the rehabilitation process if:
- The applicant refuses or fails to allow the rehabilitation work to commence within thirty (30) days from construction contract award.
  - The applicant refuses or fails to allow completion of rehabilitation after commencement.
  - The applicant refuses to authorize payments associated with the project which have been deemed payable by HCD's Director.
  - An event of default occurs as specified in the mortgage or promissory note.
- The Municipality shall give the applicant notice of such termination and/or acceleration, as appropriate, with legal follow-up where necessary.
- (e) **SUBORDINATION OF MORTGAGE:** The Municipality shall establish a written policy for the future subordination of mortgages taken in connection with this Agreement provided that such policy aims at preserving homeownership, and provided that the execution of such subordination preserves or enhances the encumbered property's value, and that the execution of such subordination does not adversely affect the Municipality's financial interest in the rehabilitated property. **The provisions of this clause shall survive the expiration of this Agreement.**

- (f) **SATISFACTION OF MORTGAGE:** The Municipality shall issue the applicant a satisfaction of mortgage when the applicant has complied with all the terms and conditions contained in the mortgage and promissory note. Upon issuance, the Municipality shall record the satisfaction of mortgage in the public records of Palm Beach County and shall transmit the original to the applicant. The original recorded satisfaction of mortgage document shall be accompanied by the original mortgage and promissory note when transmitted to the applicant. **The provisions of this clause shall survive the expiration of this Agreement.**
- (g) **RETENTION OF APPLICANT FILES:** All applicant files (files for completed projects, files that are incomplete, and files for rejected applications) shall be retained by the Municipality for a period of five (5) years from the date of final closeout of the agreement between Palm Beach County Board of County Commissioners and the State of Florida for the 2005 Disaster Recovery Initiative Program, or the statutory required period (F.S. Chapter 119), whichever is longer. **The provisions of this clause shall survive the expiration of this Agreement.**

The notice shall describe the Section 3 preference, shall set forth minimum number and job titles subject to hire, availability of apprenticeship and training positions, the qualifications for each; and the name and location of the person(s) taking applications for each of the positions; and the anticipated date the work shall begin.

The contractor will not subcontract with any subcontractor where the contractor has notice or knowledge that the subcontractor has been found in violation of the regulations in 24 CFR Part 135.

- (f) Noncompliance with HUD's regulations in 24 CFR Part 135 may result in sanctions, termination of this contract for default, and debarment or suspension from future HUD assisted contracts.
