I. EXECUTIVE BRIEF

Motion and Title: Staff recommends motion to approve: a unit price contract with Rangeline Tapping Services, Inc. for twenty-four (24) month term with the option of three (3) 12 month renewals in a cumulative amount not to exceed \$2,702,279.

Summary: On September 17, 2009, three (3) bids were received for the Water Utilities Department Pipe Wet Tapping & Line Stopping Continuing Contract. Rangeline Tapping Services, Inc., a Palm Beach County company is the lowest responsible and responsive bidder. This contract will be used to expedite the installation of pipe wet taps and line stops for emergency pipe repairs, pipe and valve replacements and construction projects throughout the County's service area. Contract award is for the base contract only, and the contract by itself does not guarantee nor authorize Rangeline Tapping Services, Inc. to perform any work. Work will be assigned during the twenty-four (24) month contract period by formal work authorizations drawn against this contract, with approvals pursuant to PPM CW-F-050 and requirements for any Federally funded projects. The unit prices for labor and materials contained in this Contract will be used in determining the cost of work authorizations. Supplements to work authorizations for changes that occur during construction will be subject to the change order limits for construction contracts as established under PPM CW-F-050 with each work authorization considered as an individual construction contract. The Small Business Enterprise (SBE) participation goal established by the SBE Ordinance (R2002-0064) is 15.00% overall. This contract with Rangeline Tapping Services, Inc. provides for SBE participation of 100% overall. (WUD Project No. 08-019) District 1, 2, 3, 5 and 6 (JM)

Background and Justification: Palm Beach County Water Utilities Department performs maintenance, repair and construction activities on water, wastewater and reclaim water pipelines throughout its service area. This continuing construction contract will reduce the time needed for specialized installation of pipe wet tapping and line stop services needed to complete the utility repairs and improvements. Pipe wet tapping and line stops allow connection to, or shutdown of flow in a piping system without taking the piping system out of service. This increases reliability and reduces the time for necessary repairs.

RE: Notice of Award Recommendation
Pipe Wet Tapping & Line Stopping Continuing Contract
Project No: WUD 08-019

The bid opening for the above referenced project was held on Wednesday, September 16, 2009. Proposals were received from three (3) contractors. A summary of the results of the bidders' total base bid price is as follows:

BIDDER'S NAME	BASE BID
Rangeline Tapping Services, Inc.	\$2,702,279.00
Chaz Equipment Co., Inc.	\$3,087,920.01
TDW Services, Inc.	\$4,575,168.00

The engineer's opinion of probable cost was \$2,750,000. An evaluation of the low bid is as follows:

1. The Bid Form provided in the Contract Documents was properly executed.

2. Bid security equal to 5% of the total base bid was enclosed on the form provided in the Contract Documents.
3. SBE-M/WBE Schedules #1 and #2 provided in the Contract Documents were properly filled out. The low bidder has met the 15% SBE goal established under the SBE Ordinance. (A copy of the Office of Small Business Assistance SBE-M/WBE Compliance Review is attached.)
4. The lowest responsive bidder acknowledged the four (4) addendums.
5. The contractor holds a valid general contractor's and occupational license.

Water Utilities staff when evaluating the bid carefully considered the overall experience, qualifications, resources and references of the low bidder. Contract award to the low bidder, Rangeline Tapping Services, Inc. in the amount of \$2,702,279.00 is recommended.

A copy of this notice has been posted at the bid opening location and will be left there for a minimum of five (5) business days.

- c. Brian Shields, P.E., Deputy Director
John E. Rich, P.E., Pipeline Design Manager
Mark Fallon, Contract Manager
