I. EXECUTIVE BRIEF

Motion and Title: Staff recommends motion to approve: A contract with Rosso Paving & Drainage, Inc. in the amount of \$4,928,215.55 for the Taxiway F Extension Project at Palm Beach International Airport (PBIA).

Summary: This project was advertised utilizing the County's competitive bid process. On October 20, 2009 eight (8) bids were received for the Taxiway F Extension Project at PBIA. Of the eight (8) bids, Rosso Paving & Drainage, Inc., a Palm Beach County company, has been identified as a responsible/responsive bidder in the amount of \$4,928,215.55. In addition to the construction contract, project expenditures also include design costs, permitting fees and contingency funding. The Small Business Enterprise (SBE) Goal for this project was established at 15.00%. Rosso Paving & Drainage, Inc. SBE participation is 43.12%. Florida Department of Transportation (FDOT) grant funding of \$2,464,107 and Passenger Facility Charge (PFC) funds of \$2,464,108 are funding this project. Countywide (JCM)

Background and Justification: This project provides for the extension of Taxiway F approximately 4,000 linear feet to the northwest, parallel to Runway 14-32. The extended Taxiway F will connect the north edge of Taxiway C to the Runway 14 approach end. The purpose for the proposed project is to improve airfield circulation along the west airfield (i.e., west of crosswind runway 14-32). The extension of Taxiway F to Runway 14 will provide an alternate taxi route for corporate/general aviation aircraft taxiing from the Fixed Base Operator (FBO) facilities located along the south side of PBIA. Builder's Risk Insurance is not required for this project.

and to accept as full compensation for the satisfactory performance of this Contract the sum of **Four Million Nine Hundred Twenty Eight Thousand Two Hundred Fifteen and 55/100** Dollars (\$4,928,215.55) for **Taxiway 'F' Extension** at **Palm Beach International Airport**.

The prices named in the Bid are for the completed work, and include the furnishing of all materials and all labor, tools, and appliances and all expense, direct or indirect, connected with the proper execution of the work and of maintaining the same until it is accepted by the Board of County Commissioners.

Time/Liquidated Damages

Time is of the essence. The Contractor shall commence the work to be performed under this Contract on the date set by the Owner in the written notice to proceed, continue the work with due diligence and shall complete the entire work per Attachment No. 2 to the Bid Form. Further, in the event interim milestone completion dates are established in Attachment No. 2 of the Bid Form for separable portions of the work, the Contractor agrees to complete said separable portions of the work in accordance with said milestone dates.

In case of failure on the part of the Contractor to complete the work within the time(s) specified in the Contract, or within such additional time(s) as may be granted by formal action of the Board of County Commissioners or fails to prosecute the work, or any separable part thereof, with such diligence as will insure its completion within the time(s) specified in the Contract or any extensions thereof, Owner will suffer damage, the amount of which is difficult, if not impossible to ascertain. Therefore, the Contractor shall pay to the Owner, as liquidated damages, the amounts indicated in the Milestone and Damages Data (Attachment #2 of the Bid Form) for each calendar day of delay that actual completion extends beyond the time limits specified in said Attachment until such reasonable time as may be required for final completion of work. In no way shall costs for liquidated damages be construed as a penalty on the Contractor.

Liquidated damages due to the Owner may be deducted from payments due to the Contractor, or may be collected from the Contractor or its surety or sureties. These provisions for liquidated damages shall not prevent the Owner, in case of the Contractor's default, from terminating the Contractor's right to proceed as provided in the General Conditions.

Utilization of Small Business Enterprises

It is the policy of the Board of County Commissioners of Palm Beach County, Florida, that SBE(s) have the maximum practical opportunity to participate in the competitive process of supplying goods, services and construction to the County. To that end the Board of County Commissioners established Ordinance No. 2002-064 (as amended), which sets forth the County's requirements for the SBE program, and are incorporated in this solicitation. Compliance with the requirements contained in this section shall result in a bidder being deemed responsive to SBE requirements. The provisions of this ordinance are applicable to this solicitation, and shall have precedence over the provisions of this solicitation in the event of a conflict.

Convicted Vendor List

As provided in F.S. 287.132-133, by entering into this contract or performing any work in furtherance hereof, the contractor certifies that it, its affiliates, suppliers, subcontractors and consultants who will perform hereunder, have not been placed on the Convicted Vendor List maintained by the State of Florida Department of Management Services within the 36 months immediately preceding the date hereof. This notice is required by F.S. 287.133 (3) (a).

IN WITNESS WHEREOF, the Board of County Commissioners of Palm Beach County, Florida, has made and executed this Contract on behalf of the said Owner and caused the seal of the said Owner to be affixed hereto, and the Contractor has hereunto set his hand and seal the day and year above written.

RECOMMENDATION OF AWARD**

Dear Mr. Tompkins:

Based on my review of the Bid Price Form spreadsheet supplied to me by CH2M HILL, the bid prices submitted by all Contractors are reasonable with regard to the demolition and drainage items designed by ADA Engineering, Inc. Based on an inspection of the quantities and bid prices provided, the ranking of the Contractor's Bids from lowest bidder to highest bidder is as follows:

1. Rosso Paving & Drainage,
2. J.W. Cheatham,
3. Ranger Construction,
4. Community Asphalt,
5. Hardrives,
6. American Engineering & Development,
7. Hewitt Contracting Company, and
8. Bergeron, Land Development,

Considering that Rosso Paving & Drainage submitted the lowest total bid price, ADA recommends that Rosso Paving & Drainage is awarded the Taxiway F Extension contract.

Please contact me if you have any questions.

Sincerely,

A.D.A. ENGINEERING, INC.
