

ORDINANCE NO. _____

AN ORDINANCE OF THE BOARD OF COUNTY COMMISSIONERS OF PALM BEACH COUNTY, FLORIDA, AMENDING ORDINANCE NO. 07-003, AS AMENDED BY ORDINANCE NO. 09-004 AND ORDINANCE NO. 09-041, PROVIDING FOR A SCHEDULE OF RATES FOR INTERRUPTIBLE RECLAIMED WATER SERVICE; PROVIDING FOR A PRIORITY CAPACITY RESERVATION SYSTEM; PROVIDING FOR REPEAL OF LAWS IN CONFLICT; PROVIDING FOR SEVERABILITY; PROVIDING FOR CAPTIONS; AND PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the Board of County Commissioners, through its Water Utilities Department, provides potable water, wastewater, and reclaimed water services to approximately 507,000 citizens of Palm Beach County; and

WHEREAS, the Water Utilities Department (Department) operates as an enterprise fund of the County and therefore must recover the costs of operation through rates, fees, and charges for services rendered; and

WHEREAS, Section 153.11, Florida Statutes, requires that such rates, fees and charges shall be so fixed and revised as to provide funds, with other funds available for such purposes, sufficient at all times to pay the cost of maintaining, repairing and operating the system or systems including the reserves for such purposes and for replacements and depreciation and necessary extensions, to pay the principal of and the interest on the water revenue bonds and/or sewer revenue bonds as the same shall become due and the reserves there for, and to provide a margin of safety for making such payments; and

WHEREAS, such rates, fees and charges shall be just and equitable and may be based or computed upon the quantity of water consumed and/or upon the number and size of sewer connections or upon the number and kind of plumbing fixtures in use in the premises connected with the sewer system or upon the number or average number of persons residing or working in or otherwise connected with such premises or upon any other factor affecting the use of the facilities furnished or upon any combination of the foregoing factors; and

WHEREAS, Water Utilities revenue bond covenants require the County to establish and maintain rates and collect such fees, rentals or other charges for services and facilities and to revise same from time to time whenever necessary, in order to meet debt service and debt service reserve requirements; and

WHEREAS, the Water Utilities Department's rate consultants have completed a review of the rates that should be charged for interruptible reclaimed water service to potential customers near the pipeline transporting reclaimed water from the East Central Regional Wastewater Treatment Facilities (ECR) to the West County Energy Center (WCEC); and

WHEREAS, under the terms of the interlocal agreement between the County, the ECR, and WPB related to the provision of reclaimed water to the WCEC (R2008-0907), the ECR Board, and its member entities, agreed to allocate certain secondary treated effluent of sufficient quality to be available to the County to provide reclaimed water to the WCEC in accordance with the agreement between the County and Florida Power and Light (FPL) (Resolution No. R2008-0906) and other customers; and

WHEREAS, actual WCEC requirements for reclaimed water are expected to vary significantly on an annual cycle with higher cooling water demands occurring at times of higher regional rainfall and consequent lower irrigation needs; and

WHEREAS, the County can make available up to 8 MGD of reclaimed water capacity to other customers after the WCEC's reclaimed water capacity requirements as delineated in the FPL Reclaimed Water Agreement are fully satisfied; and

WHEREAS, it is necessary to establish rates and charges for interruptible reclaimed water service and to include such rates in the Department's Uniform Policies and Procedures (UPAP) Manual.

NOW, THEREFORE, BE IT ORDAINED BY THE BOARD OF COUNTY COMMISSIONERS OF PALM BEACH COUNTY, FLORIDA, that:

The County reserves the right to limit the total amount of interruptible, reclaimed water represented by the agreements or to set constraints on diurnal or seasonal constraints on deliveries. Each customer shall be limited to the maximum amount of reserved reclaimed water specified in the customer's interruptible reclaimed water agreement.

All local laws and ordinances in conflict with any provisions of this Ordinance are hereby repealed to the extent of such conflict.
