I. EXECUTIVE BRIEF

Motion and Title: Staff recommends motion to approve: A.) Neighborhood Stabilization Program (NSP) residential first and second mortgage loans to Tiana Balchan, the daughter of a County employee, in the amount of \$167,000; and **B.**) Neighborhood Stabilization Program (NSP) residential first and second mortgage loans to Eskinder S. Degeffe, a County employee, in the amount of \$183,700.

Summary: Tiana Balchan is a very low income single female and the daughter of Evelyn Henry who has been employed with Palm Beach County's Housing and Community Development's Fiscal Department since September 2008. Evelyn Henry's duties do not involve any aspect of the Neighborhood Stabilization Program. Ms. Balchan is now seeking to purchase a home in the amount of \$143,550, which is one percent (1%) below appraised value. The home is located at 4861 Purdue Drive, Boynton Beach, FL 33436. The home contains 1331 square feet with three (3) bedrooms and three (2) baths. Total cost for this residential purchase and repair is \$168,326.83. This amount includes the purchase price of \$143,550; repair costs of \$16,025; closing costs of \$4,386.26; and prepaids of \$4,365.57. The total applicant contribution is \$1,536.83 which includes a mandatory 1% down payment of \$1,435.50 for very-low income NSP borrowers. Palm Beach County will provide a first mortgage loan of \$67,000 for thirty (30) years at four percent (4%) interest, and a thirty (30) year second mortgage of \$100,000. The second mortgage requires no repayment if Ms. Balchan lives in the home as her principal place of residence for thirty (30) years. If Ms. Balchan does not use the property as her principal place of residence for the entire thirty (30) year encumbrance period, she must repay the entire \$100,000 second mortgage.

Eskinder S. Degeffe is a moderate income single male who has been employed with Palm Beach County's Facilities Department as a Security Officer since March of 2004. He is now seeking to purchase a home in the amount of \$220,770.00, which is one percent (1%) below appraised value. The home is located at 2499 Glendale Drive, Royal Palm Beach, FL 33411. The home contains 2,533 square feet with three (3) bedrooms and two (2) baths. Total cost for this residential purchase is \$236,651.79. This amount includes the purchase price of \$220,770.00; repair costs of \$2,275.00; closing costs of \$5,902.81; and prepaids of \$7,703.98. The required applicant contribution is \$4,415.40 which is the mandatory 2% down payment for moderate income NSP borrowers. Palm Beach County will provide a first mortgage loan of \$158,700 for thirty (30) years at four percent (4%) interest, and a thirty (30) year second mortgage of \$25,000. The second mortgage requires no repayment if Mr. Degeffe lives in the home as his principal place of residence for thirty (30) years. If Mr. Degeffe does not use the property as his principal place of residence for the entire thirty (30) year encumbrance period, he must repay the entire \$25,000 second mortgage. These are federal funds which require no local match District 7 (TKF).

Background and Justification: In March 2009, HUD awarded Palm Beach County \$27,700,340 in Neighborhood Stabilization Program (NSP) funding. The Board of County Commissioners (BCC) authorized the use of \$12,845,811 in NSP funding to facilitate the purchase of foreclosed and vacant residential properties. (Continued on page 3)

This summary is not to be used as a basis for payment.

Background and Justification: (Continued from page 1)

The NSP First Mortgage Loan Program was created to assist home buyers in the acquisition of local foreclosed and vacant residential properties. The Department of Housing and Urban Development (HUD) regulations require that at least 25% of the Neighborhood Stabilization Program funding be expended on very low income households. On April 21, 2009 (Agenda Item 6D-2) the BCC approved the Neighborhood Stabilization Program (NSP) First Mortgage Loan Program (FMLP) guidelines. And on November 3, 2009 (Agenda Item 3I-4) the BCC approved amending the FMLP guidelines authorizing the inclusion of second mortgage NSP assistance to eligible home-buyers. The County's NSP programs contains two (2) other components. The County's approved NSP program also includes providing \$5,000,000 to local non-profits and municipalities for the purchase of foreclosed and vacant residential properties (which are to be leased and/or sold to income eligible households). And NSP program will provide \$7,500,000 for the development of a local Homeless Resource Center. All the NSP funding must be obligated by September 4, 2010.

PROMISSORY NOTE

NEIGHBORHOOD STABILIZATION PROGRAM (FMLP) SECOND MORTGAGE LOAN

Amount: \$100,000.000 Date: April 7th , 2010

Property Address: 4861 Purdue Drive, Boynton Beach, Florida 33436-7721

Place: Palm Beach County

FOR VALUE RECEIVED, the undersigned jointly and severally promise(s) to pay to the order of Palm Beach County, Florida, (herein called the "County"), acting by and through its Board of County Commissioners, the remaining balance on the principal sum of **One Hundred Thousand Dollars and Zero Cents 00/100 (\$100,000.00)** dollars, which remaining balance shall be payable in full upon the sale, lease, or transfer of the property, identified and legally described in the Mortgage used to secure this Note, from the undersigned signing this Note (being the owner(s) having fee simple title to the mortgaged property) to any other person(s) without the prior written consent of the Mortgagee.

Upon the sale, transfer, conveyance or alienation of any part or all of the property within thirty (30) years of the date of this note, full repayment of the principal sum plus accrued interest, if any, plus any advancements made pursuant to the terms of the Mortgage, shall become immediately due and payable.

In the event of a refund of any governmental fees to the undersigned, the undersigned assigns such reimbursement directly to Palm Beach County to be credited towards the total amount due under this Note.

The undersigned reserve(s) the right to prepay at any time all or any part of the principal amount of this Note without the payment of penalties or premiums.

This Promissory Note and the Mortgage securing payment of this Promissory Note is expressly made subject and subordinate to the terms and conditions specified in that certain Promissory Note having an original principal face amount of <u>Sixty-Seven Thousand Dollars 00/100 (\$67,000.00) Dollars, dated April 7, 2010</u> (the "First Note"), made by Borrower payable to <u>Palm Beach County Board of County Commissioners</u>.

The Note Holder consents to any agreement or arrangement in which the First Lender waives, postpones, extends, reduces or modifies any provisions of the First Note or the First Mortgage, including any provision requiring the repayment of money.

If any provision of this Promissory Note conflicts with any provision of the First Note or the First Mortgage, the terms and provisions of the First Note and the First Mortgage shall govern.

If default be made in the performance of any of the covenants, understandings and agreements obtained and entered into to secure financing used in connection with this Note or in said Mortgage, then the entire unpaid principal amount of this Note, together with accrued interest computed at a rate of eight percent per annum from the date of default, shall become at once due and payable, at the option of the County, without notice to the undersigned, time being of the essence.

Failure of the County to exercise such option shall not constitute a waiver of such default, nor a waiver of the right to exercise the same in the event of any subsequent default. If this Note be reduced to judgment, such judgment shall bear the statutory interest due on judgments, but not to exceed eight percent per annum.

Thirty (30) years from the date of this Note, if the following two conditions have been met, the entire Note will be deemed satisfied and the Maker shall have no further obligation to the County under this Note:

- 1) There have been no defaults in the performance of any of the covenants, understandings and agreement obtained and entered into to secure financing used in connection with this Note or in said Mortgage; and
- 2) There has been no sale, transfer, conveyance or alienation of any part or all of the property secured in said Mortgage.

If suit is instituted by the County to recover on this Note, the undersigned agree(s) to pay all costs of such collection including reasonable attorney's fees and court costs at the trial and appellate levels.

THIS NOTE is secured by a Mortgage of even date herewith, duly filed for record in the Office of the Clerk of the Circuit Court in and for Palm Beach County, Florida.

DEMAND, protest and notice of demand and protest are hereby waived, and the undersigned hereby waive(s), to the extent authorized by law, any and all homestead and other exemption rights, which otherwise would apply to the debt evidenced by this Note.

This Note has been duly executed by the undersigned as of its date, April 7, 2010.

NEIGHBORHOOD STABILIZATION PROGRAM

Second Mortgage Loan Program/Promissory Attachment "B"

Amount: \$100,000.00

THIS MORTGAGE DEED

Executed this 7th day of April A.D. 2010 by Tiana Shakira Balchan (A Single Woman) whose current address is 10786 Pelican Drive, West Palm Beach, FL 33414 hereinafter called the mortgagor, to Palm Beach County, Board of County Commissioners whose address is 301 North Olive Ave., West Palm Beach, Florida 33401, hereinafter called the mortgagee:

(Wherever used herein the terms "Mortgagor" and "Mortgagee" include all the parties to this instrument and the heirs, legal representatives and assigns of individuals, and the successors and assigns of corporations, and the term "note" includes all the notes herein described if more than one.)

WITNESSETH, that for good and valuable considerations, and also in consideration of the aggregate sum named in the promissory notes of even date herewith, hereinafter described, the Mortgagor hereby grants, bargains, sells, aliens, remises, conveys and confirms unto the Mortgagee all the certain land of which the Mortgagor is now seized and in possession situate in Palm Beach County, Florida viz:

Lot 10, Block 1, of Princeton Place at Gables End, according to the Plat thereof, as recorded in Plat Book 72, Page 63, of the Public Records of Palm Beach County, Florida.

PCN # 00-42-45-13-13-001-0100

TO HAVE AND TO HOLD the same, together with tenements, hereditaments and appurtenances thereto belonging, and the rents, issues and profits thereof, unto the Mortgagee, in fee simple.

AND the Mortgagor covenants with the Mortgagee that the Mortgagor is indefeasibly seized of said land in fee simple; that the Mortgagor has good right and lawful authority to convey said land as aforesaid; that the Mortgagor will make such further assurances to perfect the fee simple title to said land in the Mortgagee as may reasonably be required; that the Mortgagor hereby fully warrants the title to said land and will defend the same against the lawful claims of all persons whomsoever; and at said land is free and clear of all encumbrances. In the event the subject property or any interest therein shall be sold, conveyed or in any other manner disposed of, including by Agreement for Deed, this Mortgage shall become due and payable in full.

PROVIDED ALWAYS, that if said Mortgagor shall pay unto said Mortgagee the certain promissory notes hereinafter substantially copied for identification, to wit:

See Attachment "A" attached hereto and made a part hereof and shall perform, comply with and abide by each and every agreement, stipulation, condition and covenant thereof, and of this mortgage, then this mortgage and the estate hereby created, shall cease, determine and be null and void.

AND, Mortgagor hereby further covenants and agrees to pay promptly when due the principal and interest and other sums of money provided for in said note and this mortgage, or either; to pay all and singular the taxes, assessments, levies, liabilities, obligations, and encumbrances of every nature on said property; to permit, commit or suffer no waste, impairment or deterioration of said land or the improvements thereon at any time; to keep the buildings now or hereafter on said land fully insured in a sum of not less than full insurable value with a company acceptable to the Mortgagee. The policy or policies to be held by, and payable to, said mortgagee. In the event any sum or money becomes payable by virtue of such insurance the mortgagee shall have the right to receive and apply the same to the indebtedness hereby secured.

In the event the Mortgagor fails to pay when due any tax, assessment, insurance premium or other sum of money payable by virtue of said note and this mortgage, or either, the Mortgagee may pay the same, without waiving or affecting the option to foreclose or any other right hereunder, and all such payments shall bear interest from date hereof at the highest lawful rate then allowed by the State of Florida.

AND, Mortgagor agrees further that Mortgagor shall reside in the mortgaged property as the Mortgagor's principal place of residence for the term of this Mortgage.

AND, Mortgagor further recognizes that any secondary or junior financing placed upon the mortgaged property, (a) may divert funds which would otherwise be used to pay the Note secured hereby; (b) could result in acceleration and foreclosure by any such junior encumbrance which would force Mortgagee to take measures and incur expenses to protect its security (s), (c) could detract from the value of the mortgaged property should Mortgagee's right to accept a deed in lieu of foreclosure, as a foreclosure by Mortgagee would be necessary to clear the title to the mortgaged property and (d) require the Mortgagor to have housing expenses which exceed the guidelines for affordability under the NSP program requirements.

In accordance with the foregoing and for the purposes of (i) protecting Mortgagee's security; (ii) giving Mortgagee the full benefit of its bargain and contract with Mortgagor; (iii) keeping the premises free of subordinate financing liens and (iv) meeting NSP program requirements for affordability, Mortgagor agrees that if this paragraph be deemed a restraint on alienation, that it is a reasonable one and that any sale, conveyance, assignment, further encumbrance or other transfer of title to the mortgaged property or any interest therein (whether voluntarily or by operation of law) without the Mortgagee's prior written consent, which may be withheld for any reason, shall be an Event of Default hereunder.

For the purpose of and without limiting the generality of the preceding sentence, the occurrence at any time of any of the following events shall be deemed to be an unpermitted transfer of title to the mortgaged property and therefore an Event of Default hereunder.

- (a) any sale, conveyance, assignment or other transfer of or the grant of security interest in, all or any part of the title to the premises within thirty (30) years of the date of this Mortgage.
- (b) any new or additional liabilities without the prior written consent of Mortgagee. Any consent by the Mortgagee, or any waiver of an event of default, under this paragraph shall not constitute a consent to, or waiver of any right, remedy or power of the Mortgagee upon a subsequent event of default under this paragraph.

If any sum of money herein referred to be not promptly paid within 15 days after the same becomes due, or if each and every agreement, stipulation, condition and covenant of said note and this mortgage, or either, are not fully performed, complied with and abided by, then the entire sum mentioned in said note, and this mortgage, or the entire balance unpaid thereon, shall forthwith or thereafter, at the option of the Mortgagee, become and be due and payable, anything in said note or herein to the contrary notwithstanding. Failure by the Mortgagee to exercise any of the rights or options herein provided shall not constitute a waiver of any rights or options under said note or this mortgage accrued or thereafter accruing.

Re: Single Family Residence

4861 Purdue Drive

Boynton Beach, Florida 33436 Our File No. 2100120.000

Dear: Mr. Webster:

At your request, we have appraised the above referenced property. The purpose of this appraisal was to estimate the market value of the fee simple estate of the subject property, as of March 03, 2010. The date of actual inspection was on March 03, 2010. The intended use is for making a lending decision.

As a result of our analysis, we have developed an opinion that the market value (as defined in the report), subject to the definitions, certifications, and limiting conditions set forth in the attached report, as of March 5, 2010 was:

(AS IS VALUE) ONE HUNDRED FORTY-FIVE THOUSAND DOLLARS (\$145,000)

(AS REPAIRED VALUE)
ONE HUNDRED SEVENTY-THREE THOUSAND DOLLARS
(\$173,000)

The following presents a summary appraisal report. This letter must remain attached to the report in order for the value opinion set forth to be considered valid. Your attention is directed to the Assumptions and Limiting Conditions that follow.

Respectfully submitted,

Summary Report File # 2100120

This report form is designed to report an appraisal of a one-unit property or a one-unit property with an accessory unit; including a unit in a planned unit development (PUD). This report form is not designed to report an appraisal of a manufactured home or a unit in a condominium or cooperative project.

This appraisal report is subject to the following scope of work, intended use, intended user, definition of market value, statement of assumptions and limiting conditions, and certifications. Modifications, additions, or deletions to the intended use, intended user, definition of market value, or assumptions and limiting conditions are not permitted. The appraiser may expand the scope of work to include any additional research or analysis necessary based on the complexity of this appraisal assignment. Modifications or deletions to the certifications are also not permitted. However, additional certifications that do not constitute material alterations to this appraisal report, such as those required by law or those related to the appraiser's continuing education or membership in an appraisal organization, are permitted.

SCOPE OF WORK: The scope of work for this appraisal is defined by the complexity of this appraisal assignment and the reporting requirements of this appraisal report form, including the following definition of market value, statement of assumptions and limiting conditions, and certifications. The appraiser must, at a minimum: (1) perform a complete visual inspection of the interior and exterior areas of the subject property, (2) inspect the neighborhood, (3) inspect each of the comparable sales from at least the street, (4) research, verify, and analyze data from reliable public and/or private sources, and (5) report his or her analysis, opinions, and conclusions in this appraisal report.

INTENDED USE: The intended use of this appraisal report is for the lender/client to evaluate the property that is the subject of this appraisal for a mortgage finance transaction.

INTENDED USER: The intended user of this appraisal report is the lender/client.

DEFINITION OF MARKET VALUE: The most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller, each acting prudently, knowledgeably and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby: (1) buyer and seller are typically motivated; (2) both parties are well informed or well advised, and each acting in what he or she considers his or her own best interest; (3) a reasonable time is allowed for exposure in the open market; (4) payment is made in terms of cash in U. S. dollars or in terms of financial arrangements comparable thereto; and (5) the price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions* granted by anyone associated with the sale.

*Adjustments to the comparables must be made for special or creative financing or sales concessions. No adjustments are necessary for those costs which are normally paid by sellers as a result of tradition or law in a market area; these costs are readily identifiable since the seller pays these costs in virtually all sales transactions. Special or creative financing adjustments can be made to the comparable property by comparisons to financing terms offered by a third party institutional lender that is not already involved in the property or transaction. Any adjustment should not be calculated on a mechanical dollar for dollar cost of the financing or concession but the dollar amount of any adjustment should approximate the market's reaction to the financing or concessions based on the appraiser's judgment.

STATEMENT OF ASSUMPTIONS AND LIMITING CONDITIONS: The appraiser's certification in this report is subject to the following assumptions and limiting conditions:

- 1. The appraiser will not be responsible for matters of a legal nature that affect either the property being appraised or the title to it, except for information that he or she became aware of during the research involved in performing this appraisal. The appraiser assumes that the title is good and marketable and will not render any opinions about the title.
- 2. The appraiser has provided a sketch in this appraisal report to show the approximate dimensions of the improvements. The sketch is included only to assist the reader in visualizing the property and understanding the appraiser's determination of its size.
- 3. The appraiser has examined the available flood maps that are provided by the Federal Emergency Management Agency (or other data sources) and has noted in this appraisal report whether any portion of the subject site is located in an identified Special Flood Hazard Area. Because the appraiser is not a surveyor, he or she makes no guarantees, express or implied, regarding this determination.
- 4. The appraiser will not give testimony or appear in court because he or she made an appraisal of the property in question, unless specific arrangements to do so have been made beforehand, or as otherwise required by law.
- 5. The appraiser has noted in this appraisal report any adverse conditions (such as needed repairs, deterioration, the presence of hazardous wastes, toxic substances, etc.) observed during the inspection of the subject property or that he or she became aware of during the research involved in performing the appraisal. Unless otherwise stated in this appraisal report, the appraiser has no knowledge of any hidden or unapparent physical deficiencies or adverse conditions of the property (such as, but not limited to, needed repairs, deterioration, the presence of hazardous wastes, toxic substances, adverse environmental conditions, etc.) that would make the property less valuable, and has assumed that there are no such conditions and makes no guarantees or warranties, express or implied. The appraiser will not be responsible for any such conditions that do exist or for any engineering or testing that might be required to discover whether such conditions exist. Because the appraiser is not an expert in the field of environmental hazards, this appraisal report must not be considered as an environmental assessment of the property.
- 6. The appraiser has based his or her appraisal report and valuation conclusion for an appraisal that is subject to satisfactory completion, repairs, or alterations on the assumption that the completion, repairs, or alterations of the subject property will be performed in a professional manner.

APPRAISER'S CERTIFICATION: The Appraiser certifies and agrees that:

- 1. I have, at a minimum, developed and reported this appraisal in accordance with the scope of work requirements stated in this appraisal report.
- 2. I performed a complete visual inspection of the interior and exterior areas of the subject property. I reported the condition of the improvements in factual, specific terms. I identified and reported the physical deficiencies that could affect the livability, soundness, or structural integrity of the property.
- 3. I performed this appraisal in accordance with the requirements of the Uniform Standards of Professional Appraisal Practice that were adopted and promulgated by the Appraisal Standards Board of The Appraisal Foundation and that were in place at the time this appraisal report was prepared.
- 4. I developed my opinion of the market value of the real property that is the subject of this report based on the sales comparison approach to value. I have adequate comparable market data to develop a reliable sales comparison approach for this appraisal assignment. I further certify that I considered the cost and income approaches to value but did not develop them, unless otherwise indicated in this report.
- 5. I researched, verified, analyzed, and reported on any current agreement for sale for the subject property, any offering for sale of the subject property in the twelve months prior to the effective date of this appraisal, and the prior sales of the subject property for a minimum of three years prior to the effective date of this appraisal, unless otherwise indicated in this report.
- 6. I researched, verified, analyzed, and reported on the prior sales of the comparable sales for a minimum of one year prior to the date of sale of the comparable sale, unless otherwise indicated in this report.
- 7. I selected and used comparable sales that are locationally, physically, and functionally the most similar to the subject property.
- 8. I have not used comparable sales that were the result of combining a land sale with the contract purchase price of a home that has been built or will be built on the land.
- 9. I have reported adjustments to the comparable sales that reflect the market's reaction to the differences between the subject property and the comparable sales.
- 10. I verified, from a disinterested source, all information in this report that was provided by parties who have a financial interest in the sale or financing of the subject property.
- 11. I have knowledge and experience in appraising this type of property in this market area.
- 12. I am aware of, and have access to, the necessary and appropriate public and private data sources, such as multiple listing services, tax assessment records, public land records and other such data sources for the area in which the property is located.
- 13. I obtained the information, estimates, and opinions furnished by other parties and expressed in this appraisal report from reliable sources that I believe to be true and correct.
- 14. I have taken into consideration the factors that have an impact on value with respect to the subject neighborhood, subject property, and the proximity of the subject property to adverse influences in the development of my opinion of market value. I have noted in this appraisal report any adverse conditions (such as, but not limited to, needed repairs, deterioration, the presence of hazardous wastes, toxic substances, adverse environmental conditions, etc.) observed during the inspection of the subject property or that I became aware of during the research involved in performing this appraisal. I have considered these adverse conditions in my analysis of the property value, and have reported on the effect of the conditions on the value and marketability of the subject property.
- 15. I have not knowingly withheld any significant information from this appraisal report and, to the best of my knowledge, all statements and information in this appraisal report are true and correct.
- 16. I stated in this appraisal report my own personal, unbiased, and professional analysis, opinions, and conclusions, which are subject only to the assumptions and limiting conditions in this appraisal report.
- 17. I have no present or prospective interest in the property that is the subject of this report, and I have no present or prospective personal interest or bias with respect to the participants in the transaction. I did not base, either partially or completely, my analysis and/or opinion of market value in this appraisal report on the race, color, religion, sex, age, marital status, handicap, familial status, or national origin of either the prospective owners or occupants of the subject property or of the present owners or occupants of the properties in the vicinity of the subject property or on any other basis prohibited by law.
- 18. My employment and/or compensation for performing this appraisal or any future or anticipated appraisals was not conditioned on any agreement or understanding, written or otherwise, that I would report (or present analysis supporting) a predetermined specific value, a predetermined minimum value, a range or direction in value, a value that favors the cause of any party, or the attainment of a specific result or occurrence of a specific subsequent event (such as approval of a pending mortgage loan application).
- 19. I personally prepared all conclusions and opinions about the real estate that were set forth in this appraisal report. If I relied on significant real property appraisal assistance from any individual or individuals in the performance of this appraisal or the preparation of this appraisal report, I have named such individual(s) and disclosed the specific tasks performed in this appraisal report. I certify that any individual so named is qualified to perform the tasks. I have not authorized anyone to make a change to any item in this appraisal report; therefore, any change made to this appraisal is unauthorized and I will take no responsibility for it.
- 20. I identified the lender/client in this appraisal report who is the individual, organization, or agent for the organization that ordered and will receive this appraisal report.

Summary Report

Market Conditions Addendum to the Appraisal Report File No. 2100120 The purpose of this addendum is to provide the lender/client with a clear and accurate understanding of the market trends and conditions prevalent in the subject neighborhood. This is a required addendum for all appraisal reports with an effective date on or after April 1, 2009. Property Address 4861 Purdue Dr ZIP Code **33436-7721** City Boynton Beach State FI Borrower Tiana Balchan Instructions: The appraiser must use the information required on this form as the basis for his/her conclusions, and must provide support for those conclusions, regarding housing trends and overall market conditions as reported in the Neighborhood section of the appraisal report form. The appraiser must fill in all the information to the extent it is available and reliable and must provide analysis as indicated below. If any required data is unavailable or is considered unreliable, the appraiser must provide an explanation. It is recognized that not all data sources will be able to provide data for the shaded areas below; if it is available, however, the appraiser must include the data in the analysis. If data sources provide the required information as an average instead of the median, the appraiser should report the available figure and identify it as an average. Sales and listings must be properties that compete with the subject property, determined by applying the criteria that would be used by a prospective buyer of the subject property. The appraiser must explain any anomalies in the data, such as seasonal markets, new construction, foreclosures, etc. Inventory Analysis Prior 7–12 Months Prior 4-6 Months Current - 3 Months Overall Trend Total # of Comparable Sales (Settled) Increasing 26 Stable ✓ Declining 20 Ę Absorption Rate (Total Sales/Months) Declining 🔀 4.33 6.67 1.67 Increasing Stable Total # of Comparable Active Listings Declining Stable Increasing Months of Housing Supply (Total Listings/Ab.Rate) Declining Stable Increasing Median Sale & List Price, DOM, Sale/List % Prior 7-12 Months Prior 4-6 Months Current - 3 Months Overall Trend Median Comparable Sale Price 168,950 Stable 186,750 155,000 Increasing Declining Median Comparable Sales Days on Market 103 Declining Stable 84 Increasing 69 Median Comparable List Price Increasing Stable Declining 198,988 Median Comparable Listings Days on Market Declining Stable Increasing Median Sale Price as % of List Price 93.85% 95.08% Increasing Declining Stable 95.45% Seller-(developer, builder, etc.)paid financial assistance prevalent? ∀es No Declining Stable Increasing Explain in detail the seller concessions trends for the past 12 months (e.g., seller contributions increased from 3% to 5%, increasing use of buydowns, closing costs, condo fees, options, etc.). Sales prices have declined over the past 12 months. Seller concessions for closing costs of up to 5% are prevalent per area realtors. Are foreclosure sales (REO sales) a factor in the market? 🔀 Yes 🗌 No If yes, explain (including the trends in listings and sales of foreclosed properties) Palm Beach County's median home price fell 21 percent to \$239,000 compared to the previous year, while sales increased 25 percent. Coral Gables real estate consultant Craig Werley estimates it will take nine to 15 months to work off the excess supply in Broward and two to four years in Palm Beach County. He said the two counties have a worrisome "shadow" inventory of properties that includes rentals, foreclosures and explred or withdrawn listings. When those h on the market, the housing rebound could stall. Purpose of Report:

> The purpose of this summary appraisal report is to estimate the market value, fee simple estate, of the subject property as of March 5, 2010.

Intended Use/User of the Report:

The intended use of this report is to provide the client, Palm Beach County Housing & Community Development with a supportable estimate of value for the subject property which can be utilized for mortgage lending purposes.

Client Disclosure:

This summary appraisal report has been prepared for Palm Beach County Housing & Community Development. Use of this report by others is not intended by the appraiser.

Scope of Assignment:

In keeping with the purpose of the appraisal and the appraisal process, the appraisers have engaged in original research to provide a complete analysis for the client. Data from analysis has been gathered from various sources, such as the Palm Beach County Public Records, First American Real Estate Solutions, county and local planning & zoning departments, local realtors, property owners, and other appraisal offices. The product of this research and analysis is formulated within this report for analysis of and direct comparison with the subject property being appraised. Additionally, we have used original research performed in preparation of other appraisals by this office, which is considered appropriate for the subject property. This report is in a summary appraisal format.

Sales History:

A title search for the subject property has not been provided and this appraiser has not ordered or performed one. The research that has been conducted (in house computer search of the Palm Beach County public records through First American Real Estates Solutions and RealQuest indicated that the subject property has sold or changed hands in the open market within the past three years. Recent recorded transaction was November, 2009 as in O.R. Book 23534, Page 734 for foreclosure proceedings. The grantor is The Bank Of New York Mellon Bank and the grantee Juan De La Torre. The subject is under contract for \$143,900. This price is for all repairs to be completed under the Palm Beach County Housing and Community Development Program. The subject is listed on MLS as of 02/10/2010 for \$138,800 and has been on the market for 27 days. There was a bidding war and several offers were made and the highest bid set the contract price. The list price was established knowing that the subject would be qualified under the Palm Beach County & Community Development program to fix the subject property up to \$35,000. This is part of a Federally Funded National Stabilization program. This \$35,000 will be paid by Palm Beach County Housing & Community Development. This money is essentially free to the buyer.

ORDER: Contract - Charges and/or Concessions to be Paid

The subject will be in good condition after repairs are completed. See attached report. Palm Beach County Stabilization Specification Analysis Report. Total repair cost is \$25,250. Repairs include are front egress door, replace 20 min fire rated door, 18 Cu,Ft refrigerator, microwave oven, dishwasher, washer & dryer, kitchen & bath GFCI receptacles, smoke detector(s), toilet repair, shower head, repair sliding glass doors, replace & install new outlets & switches, CFL lighting, cement tiles for roof, kitchen cabinets, electric water heater, central air conditioning, paint entire interior of house and exterior site work. See transmittal.

2009 Assessed Value and Taxes:

The proposed subject property for 2009 is assessed by the Palm Beach County Tax Assessor's office for a total value of \$118,892 indicating a total tax liability of \$1,826.

Income Approach to Value:

Due to the residential characteristics of this single family residence and because it would not typically be purchased as an investment property, the Income Approach was deemed not applicable.

HOME AND MOLD INSPECTION RECOMMENDED

Unless otherwise stated in the appraisal report, the appraiser has no knowledge of any hidden or unapparent conditions of the property that would make the property more or less valuable. The appraiser makes no guarantees or warranties, express or implied, regarding the condition of the property. This summary appraisal report is not a home inspection and cannot be relied upon to disclose defects or conditions in the property. The appraiser performs an inspection of visible and accessible areas only. Mold may be present in areas the appraiser cannot see. A professional home inspection or environmental inspection is recommended.

Structural Assumption

The final value assumes that there are no structural defects in the building. The appraiser reserves the right to amend the appraisal subject to any adverse findings. An inspection by a certified general contractor is recommended.

URAR: Neighborhood - Market Conditions

General market values in this area had been increasing through 2005. During the first quarter of 2006 these values became stable and in the last quarter of 2006 and into 2007, 2008 and all of 2009 and into the first quarter of 2010 there has been an oversupply of homes and condo units for sale. This fact has caused a downward trend in selling prices along with longer marketing times. Typical marketing/exposure time ranges from 3 to 6 months and some longer as of the date of the appraisal. It appears that in the subjects neighborhood prices have become stable with longer marketing times.

Exposure Time/Marketing Time:

The real estate market is still showing declining prices and current exposure times have been lengthened. Most properties offered for sale have been exposed on the market for three to six months, or more. Therefore, exposure time is estimated at six months. Institutional financing at reasonable rates is available. Therefore, marketing time for the subject is estimated at between three and six months.

REPAIRED VALUE: Is the value of the subject as repaired under the Housing & Community Development Stabilization Program Specification Analysis Report. See addendum page for list of repairs

TO HAVE AND TO HOLD the same, together with tenements, hereditaments and appurtenances thereto belonging, and the rents, issues and profits thereof, unto the Mortgagee, in fee simple.

AND the Mortgagor covenants with the Mortgagee that the Mortgagor is indefeasibly seized of said land in fee simple; that the Mortgagor has good right and lawful authority to convey said land as aforesaid; that the Mortgagor will make such further assurances to perfect the fee simple title to said land in the Mortgagee as may reasonably be required; that the Mortgagor hereby fully warrants the title to said land and will defend the same against the lawful claims of all persons whomsoever; and at said land is free and clear of all encumbrances. In the event the subject property or any interest therein shall be sold, conveyed or in any other manner disposed of, including by Agreement for Deed, this Mortgage shall become due and payable in full.

PROVIDED ALWAYS, that if said Mortgagor shall pay unto said Mortgagee the certain promissory notes hereinafter substantially copied for identification, to wit:

See Attachment "A" attached hereto and made a part hereof and shall perform, comply with and abide by each and every agreement, stipulation, condition and covenant thereof, and of this mortgage, then this mortgage and the estate hereby created, shall cease, determine and be null and void.

AND, Mortgagor hereby further covenants and agrees to pay promptly when due the principal and interest and other sums of money provided for in said note and this mortgage, or either; to pay all and singular the taxes, assessments, levies, liabilities, obligations, and encumbrances of every nature on said property; to permit, commit or suffer no waste, impairment or deterioration of said land or the improvements thereon at any time; to keep the buildings now or hereafter on said land fully insured in a sum of not less than full insurable value with a company acceptable to the Mortgagee. The policy or policies to be held by, and payable to, said mortgagee. In the event any sum or money becomes payable by virtue of such insurance the mortgagee shall have the right to receive and apply the same to the indebtedness hereby secured.

In the event the Mortgagor fails to pay when due any tax, assessment, insurance premium or other sum of money payable by virtue of said note and this mortgage, or either, the Mortgagee may pay the same, without waiving or affecting the option to foreclose or any other right hereunder, and all such payments shall bear interest from date hereof at the highest lawful rate then allowed by the State of Florida.

AND, Mortgagor agrees further that Mortgagor shall reside in the mortgaged property as the Mortgagor's principal place of residence for the term of this Mortgage.

AND, Mortgagor further recognizes that any secondary or junior financing placed upon the mortgaged property, (a) may divert funds which would otherwise be used to pay the Note secured hereby; (b) could result in acceleration and foreclosure by any such junior encumbrance which would force Mortgagee to take measures and incur expenses to protect its security (s), (c) could detract from the value of the mortgaged property should Mortgagee's right to accept a deed in lieu of foreclosure, as a foreclosure by Mortgagee would be necessary to clear the title to the mortgaged property and (d) require the Mortgagor to have housing expenses which exceed the guidelines for affordability under the NSP program requirements.

In accordance with the foregoing and for the purposes of (i) protecting Mortgagee's security; (ii) giving Mortgagee the full benefit of its bargain and contract with Mortgagor; (iii) keeping the premises free of subordinate financing liens and (iv) meeting NSP program requirements for affordability, Mortgagor agrees that if this paragraph be deemed a restraint on alienation, that it is a reasonable one and that any sale, conveyance, assignment, further encumbrance or other transfer of title to the mortgaged property or any interest therein (whether voluntarily or by operation of law) without the Mortgagee's prior written consent, which may be withheld for any reason, shall be an Event of Default hereunder.

For the purpose of and without limiting the generality of the preceding sentence, the occurrence at any time of any of the following events shall be deemed to be an unpermitted transfer of title to the mortgaged property and therefore an Event of Default hereunder.

- (a) any sale, conveyance, assignment or other transfer of or the grant of security interest in, all or any part of the title to the premises within thirty (30) years of the date of this Mortgage.
- (b) any new or additional liabilities without the prior written consent of Mortgagee. Any consent by the Mortgagee, or any waiver of an event of default, under this paragraph shall not constitute a consent to, or waiver of any right, remedy or power of the Mortgagee upon a subsequent event of default under this paragraph.

If any sum of money herein referred to be not promptly paid within 15 days after the same becomes due, or if each and every agreement, stipulation, condition and covenant of said note and this mortgage, or either, are not fully performed, complied with and abided by, then the entire sum mentioned in said note, and this mortgage, or the entire balance unpaid thereon, shall forthwith or thereafter, at the option of the Mortgagee, become and be due and payable, anything in said note or herein to the contrary notwithstanding. Failure by the Mortgagee to exercise any of the rights or options herein provided shall not constitute a waiver of any rights or options under said note or this mortgage accrued or thereafter accruing.

PROMISSORY NOTE

Neighborhood Stabilization - First Mortgage Loan Program

REPAYABLE LOAN

Amount: \$67,000.00 Date: April 7, 2010

Property Address: 4861 Purdue Drive, Boynton Beach, Florida 33436-7721

FOR VALUE RECEIVED, the undersigned jointly and severally promise(s) to pay to the order of Palm Beach County, Florida (herein called the "County"), acting by and through its Board of County Commissioners, the principal amount of <u>Sixty-Seven Thousand Dollars and 00/100 (\$67,000.00)</u>, and to pay interest on the unpaid principal amount of this Note from the date hereof, at the rate of Four percent (4%) per annum amortized over a period of Thirty (30) years, until paid. During the term of repayment, payments of both the <u>principal of and interest</u> on this Note are payable in 360 equal monthly installments of <u>Three Hundred and Nineteen Dollars and 87/100 Cents (\$319.87)</u> in lawful money of the United States at the principal office of PALM BEACH COUNTY, HOUSING AND COMMUNITY DEVELOPMENT in West Palm Beach, Florida, or at such other places as shall be designated by the County.

THE UNDERSIGNED shall commence such payments on <u>June 1, 2010</u> and continue payment on the like day each month for the term of the loan. This Note shall be due and payable in full upon the sale, lease, or transfer of the property, identified and legally described in the Mortgage used to secure this Note, from the undersigned signing this Note (being the owner(s) having fee simple title to the mortgaged property) to any other person(s), without the prior consent of the Mortgagee, except that the lease of non-owner occupied dwelling units at the mortgaged property shall not constitute an event of default if the mortgaged property contains two to four dwelling units.

THE UNDERSIGNED reserve(s) the right to prepay at any time all or any part of the principal amount of this Note without the payment of penalties or premiums. All payments on this Note shall be applied first to the interest due on the Note, and then to the principal due on the Note, and remaining balance shall be applied to late charges, if any. Except as provided below, all monthly installment payments on this Note shall be credited as of the date due thereof without adjustment of interest because paid either before or after such due date.

IN THE EVENT the undersigned shall fail to pay the interest on or principal amount of this Note when due, and if such failure be subsisting on the date the next installment payment under this Note becomes due and payable, or if default be made in the performance of any of the covenants, understandings and agreements obtained and entered into to secure financing used in connection with this Note or in said Mortgage, then the entire unpaid principal amount of this Note, together with accrued interest and late charges, shall become at once due and payable, at the option of the County, without notice to the undersigned, time being of the essence.

FAILURE of the County to exercise such option shall not constitute a waiver of such default, nor a waiver of the right to exercise the same in the event of any subsequent default. No default shall exist by reason of nonpayment of any required installment of principal and interest so long as the amount of optional prepayments already made pursuant hereto equals or exceeds the amount of the required installments. If this Note be reduced to judgment, such judgment should bear the statutory interest due on judgments, but not to exceed eight percent per annum.

PROVIDED the County has not accelerated this Note, the undersigned shall pay the County a late charge of one percent (1%) of any required payment which is not received by the County within 30 days of when said payment is due pursuant to the Mortgage. An additional one percent (1%) late charge will accrue for every 30 days which pass without payment made. The parties agree that said charge is a fair and reasonable charge for the late payment and shall not be deemed a penalty.

IF SUIT is instituted by the County to recover on this Note, the undersigned agree(s) to pay all costs of such collection including reasonable attorney's fees and court costs at the trial and appellate level.

THIS NOTE is secured by a mortgage of even date, duly filed for record in the Office of the Clerk of the Circuit Court in and for Palm Beach County, Florida.

DEMAND, protest and notice of demand and protest are hereby waived and the undersigned hereby waives, to the extent authorized by law, any and all homestead and other exemption rights which otherwise would apply to the debt evidenced by this Note.

WHEREOF, this Note has been duly executed by the undersigned, as of its date.

Comments on Sales Comparison

BASED ON COST, VISUAL INSPECTION AND CONTRIBUTORY FACTORS THE COMPARABLES WERE ADJUSTED FOR THE DIFFERENCES; COMPARABLE #3 WAS ADJUSTED FOR TIME OF SALE SO AS TO BEST REFLECT THE CURRENT MARKET TREND. ALL THREE COMPARABLES WERE ADJUSTED FOR SITE LOCATION AND FOR THE AMOUNT OF LIVEABLE AREA. COMPARABLE #1 WAS ADJUSTED FOR PORCH SIZE. COMPARABLE #2 WAS ADJUSTED FOR BATHROOM COUNT, FOR GARAGE SIZE, PORCH SIZE, FOR HAVING A POOL AND FOR SUPERIOR UPGRADES. COMPARABLE #3 WAS ADJUSTED FOR SUPERIOR UPGRADES. ALL OF THE COMPARABLES WERE UTILIZED IN THE FINAL ESTIMATE OF MARKET VALUE WITH THE MOST WEIGHT GIVEN TO COMPARABLE #3 AS IT IS THE MOST SIMILAR TO THE SUBJECT RESIDENCE. IN OUR OPINION, GIVEN A THREE TO SIX MONTH MARKETING/EXPOSURE PERIOD, THE FINAL ESTIMATE OF 'AS IS' MARKET VALUE IS \$223,000. THE "PROSPECTIVE VALUE" IS SUBJECT TO THE COMPLETION OF THE ITEMS LISTED IN THE ADDENDA OF REPAIRS AND REPLACEMENTS AND THE COST ESTIMATES WITHIN 45 WORKING DAYS.

Uniform Residential Appraisal Report

File No. B6091-10

This report form is designed to report an appraisal of a one-unit property or a one-unit property with an accessory unit; including a unit in a planned unit development (PUD). This report form is not designed to report an appraisal of a manufactured home or a unit in a condominium or cooperative project.

This appraisal report is subject to the following scope of work, intended use, intended user, definition of market value, statement of assumptions and limiting conditions, and certifications. Modifications, additions, or deletions to the intended use, intended user, definition of market value, or assumptions and limiting conditions are not permitted. The appraiser may expand the scope of work to include any additional research or analysis necessary based on the complexity of this appraisal assignment. Modifications or deletions to the certifications are also not permitted. However, additional certifications that do not constitute material alterations to this appraisal report, such as those required by law or those related to the appraiser's continuing education or membership in an appraisal organization, are permitted.

SCOPE OF WORK: The scope of work for this appraisal is defined by the complexity of this appraisal assignment and the reporting requirements of this appraisal report form, including the following definition of market value, statement of assumptions and limiting conditions, and certifications. The appraiser must, at a minimum: (1) perform a complete visual inspection of the interior and exterior areas of the subject property, (2) inspect the neighborhood, (3) inspect each of the comparable sales from at least the street, (4) research, verify, and analyze data from reliable public and/or private sources, and (5) report his or her analysis, opinions, and conclusions in this appraisal report.

INTENDED USE: The intended use of this appraisal report is for the lender/client to evaluate the property that is the subject of this appraisal for a mortgage finance transaction.

INTENDED USER: The intended user of this appraisal report is the lender/client.

DEFINITION OF MARKET VALUE: The most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller, each acting prudently, knowledgeably and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby: (1) buyer and seller are typically motivated; (2) both parties are well informed or well advised, and each acting in what he or she considers his or her own best interest; (3) a reasonable time is allowed for exposure in the open market; (4) payment is made in terms of cash in U. S. dollars or in terms of financial arrangements comparable thereto; and (5) the price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions* granted by anyone associated with the sale.

*Adjustments to the comparables must be made for special or creative financing or sales concessions. No adjustments are necessary for those costs which are normally paid by sellers as a result of tradition or law in a market area; these costs are readily identifiable since the seller pays these costs in virtually all sales transactions. Special or creative financing adjustments can be made to the comparable property by comparisons to financing terms offered by a third party institutional lender that is not already involved in the property or transaction. Any adjustment should not be calculated on a mechanical dollar for dollar cost of the financing or concession but the dollar amount of any adjustment should approximate the market's reaction to the financing or concessions based on the appraiser's judgment.

STATEMENT OF ASSUMPTIONS AND LIMITING CONDITIONS: The appraiser's certification in this report is subject to the following assumptions and limiting conditions:

- 1. The appraiser will not be responsible for matters of a legal nature that affect either the property being appraised or the title to it, except for information that he or she became aware of during the research involved in performing this appraisal. The appraiser assumes that the title is good and marketable and will not render any opinions about the title.
- The appraiser has provided a sketch in this appraisal report to show the approximate dimensions of the improvements. The sketch is included only to assist the reader in visualizing the property and understanding the appraiser's determination of its size.
- 3. The appraiser has examined the available flood maps that are provided by the Federal Emergency Management Agency (or other data sources) and has noted in this appraisal report whether any portion of the subject site is located in an identified Special Flood Hazard Area. Because the appraiser is not a surveyor, he or she makes no guarantees, express or implied, regarding this determination.
- 4. The appraiser will not give testimony or appear in court because he or she made an appraisal of the property in question, unless specific arrangements to do so have been made beforehand, or as otherwise required by law.
- 5. The appraiser has noted in this appraisal report any adverse conditions (such as needed repairs, deterioration, the presence of hazardous wastes, toxic substances, etc.) observed during the inspection of the subject property or that he or she became aware of during the research involved in performing this appraisal. Unless otherwise stated in this appraisal report, the appraiser has no knowledge of any hidden or unapparent physical deficiencies or adverse conditions of the property (such as, but not limited to, needed repairs, deterioration, the presence of hazardous wastes, toxic substances, adverse environmental conditions, etc.) that would make the property less valuable, and has assumed that there are no such conditions and makes no guarantees or warranties, express or implied. The appraiser will not be responsible for any such conditions that do exist or for any engineering or testing that might be required to discover whether such conditions exist. Because the appraiser is not an expert in the field of environmental hazards, this appraisal report must not be considered as an environmental assessment of the property.
- 6. The appraiser has based his or her appraisal report and valuation conclusion for an appraisal that is subject to satisfactory completion, repairs, or alterations on the assumption that the completion, repairs, or alterations of the subject property will be performed in a professional manner.

Uniform Residential Appraisal Report

File No. B6091-10

APPRAISER'S CERTIFICATION: The Appraiser certifies and agrees that:

- 1. I have, at a minimum, developed and reported this appraisal in accordance with the scope of work requirements stated in this appraisal report.
- 2. I performed a complete visual inspection of the interior and exterior areas of the subject property. I reported the condition of the improvements in factual, specific terms. I identified and reported the physical deficiencies that could affect the livability, soundness, or structural integrity of the property.
- 3. I performed this appraisal in accordance with the requirements of the Uniform Standards of Professional Appraisal Practice that were adopted and promulgated by the Appraisal Standards Board of The Appraisal Foundation and that were in place at the time this appraisal report was prepared.
- 4. I developed my opinion of the market value of the real property that is the subject of this report based on the sales comparison approach to value. I have adequate comparable market data to develop a reliable sales comparison approach for this appraisal assignment. I further certify that I considered the cost and income approaches to value but did not develop them, unless otherwise indicated in this report.
- 5. I researched, verified, analyzed, and reported on any current agreement for sale for the subject property, any offering for sale of the subject property in the twelve months prior to the effective date of this appraisal, and the prior sales of the subject property for a minimum of three years prior to the effective date of this appraisal, unless otherwise indicated in this report.
- 6. I researched, verified, analyzed, and reported on the prior sales of the comparable sales for a minimum of one year prior to the date of sale of the comparable sale, unless otherwise indicated in this report.
- 7. I selected and used comparable sales that are locationally, physically, and functionally the most similar to the subject property.
- 8. I have not used comparable sales that were the result of combining a land sale with the contract purchase price of a home that has been built or will be built on the land.
- 9. I have reported adjustments to the comparable sales that reflect the market's reaction to the differences between the subject property and the comparable sales.
- 10. I verified, from a disinterested source, all information in this report that was provided by parties who have a financial interest in the sale or financing of the subject property.
- I have knowledge and experience in appraising this type of property in this market area.
- 12. I am aware of, and have access to, the necessary and appropriate public and private data sources, such as multiple listing services, tax assessment records, public land records and other such data sources for the area in which the property is located.
- 13. I obtained the information, estimates, and opinions furnished by other parties and expressed in this appraisal report from reliable sources that I believe to be true and correct.
- 14. I have taken into consideration the factors that have an impact on value with respect to the subject neighborhood, subject property, and the proximity of the subject property to adverse influences in the development of my opinion of market value. I have noted in this appraisal report any adverse conditions (such as, but not limited to, needed repairs, deterioration, the presence of hazardous wastes, toxic substances, adverse environmental conditions, etc.) observed during the inspection of the subject property or that I became aware of during the research involved in performing this appraisal. I have considered these adverse conditions in my analysis of the property value, and have reported on the effect of the conditions on the value and marketability of the subject property.
- 15. I have not knowingly withheld any significant information from this appraisal report and, to the best of my knowledge, all statements and information in this appraisal report are true and correct.
- 16. I stated in this appraisal report my own personal, unbiased, and professional analysis, opinions, and conclusions, which are subject only to the assumptions and limiting conditions in this appraisal report.
- 17. I have no present or prospective interest in the property that is the subject of this report, and I have no present or prospective personal interest or bias with respect to the participants in the transaction. I did not base, either partially or completely, my analysis and/or opinion of market value in this appraisal report on the race, color, religion, sex, age, marital status, handicap, familial status, or national origin of either the prospective owners or occupants of the subject property or of the present owners or occupants of the properties in the vicinity of the subject property or on any other basis prohibited by law.
- 18. My employment and/or compensation for performing this appraisal or any future or anticipated appraisals was not conditioned on any agreement or understanding, written or otherwise, that I would report (or present analysis supporting) a predetermined specific value, a predetermined minimum value, a range or direction in value, a value that favors the cause of any party, or the attainment of a specific result or occurrence of a specific subsequent event (such as approval of a pending mortgage loan application).
- 19. I personally prepared all conclusions and opinions about the real estate that were set forth in this appraisal report. If I relied on significant real property appraisal assistance from any individual or individuals in the performance of this appraisal or the preparation of this appraisal report, I have named such individual(s) and disclosed the specific tasks performed in this appraisal report. I certify that any individual so named is qualified to perform the tasks. I have not authorized anyone to make a change to any item in this appraisal report; therefore, any change made to this appraisal is unauthorized and I will take no responsibility for it.
- 20. I identified the lender/client in this appraisal report who is the individual, organization, or agent for the organization that ordered and will receive this appraisal report.

Uniform Residential Appraisal Report

- 21. The lender/client may disclose or distribute this appraisal report to: the borrower; another lender at the request of the borrower; the mortgagee or its successors and assigns; mortgage insurers; government sponsored enterprises; other secondary market participants; data collection or reporting services; professional appraisal organizations; any department, agency, or instrumentality of the United States; and any state, the District of Columbia, or other jurisdictions; without having to obtain the appraiser's or supervisory appraiser's (if applicable) consent. Such consent must be obtained before this appraisal report may be disclosed or distributed to any other party (including, but not limited to, the public through advertising, public relations, news, sales, or other media).
- 22. I am aware that any disclosure or distribution of this appraisal report by me or the lender/client may be subject to certain laws and regulations. Further, I am also subject to the provisions of the Uniform Standards of Professional Appraisal Practice that pertain to disclosure or distribution by me.
- 23. The borrower, another lender at the request of the borrower, the mortgagee or its successors and assigns, mortgage insurers, government sponsored enterprises, and other secondary market participants may rely on this appraisal report as part of any mortgage finance transaction that involves any one or more of these parties.
- 24. If this appraisal report was transmitted as an "electronic record" containing my "electronic signature," as those terms are defined in applicable federal and/or state laws (excluding audio and video recordings), or a facsimile transmission of this appraisal report containing a copy or representation of my signature, the appraisal report shall be as effective, enforceable and valid as if a paper version of this appraisal report were delivered containing my original hand written signature.
- 25. Any intentional or negligent misrepresentation(s) contained in this appraisal report may result in civil liability and/or criminal penalties including, but not limited to, fine or imprisonment or both under the provisions of Title 18, United States Code, Section 1001, et seq., or similar state laws.

SUPERVISORY APPRAISER'S CERTIFICATION: The Supervisory Appraiser certifies and agrees that:

- 1. I directly supervised the appraiser for this appraisal assignment, have read the appraisal report, and agree with the appraiser's analysis, opinions, statements, conclusions, and the appraiser's certification.
- 2. I accept full responsibility for the contents of this appraisal report including, but not limited to, the appraiser's analysis, opinions, statements, conclusions, and the appraiser's certification.
- 3. The appraiser identified in this appraisal report is either a sub-contractor or an employee of the supervisory appraiser (or the appraisal firm), is qualified to perform this appraisal, and is acceptable to perform this appraisal under the applicable state law.
- 4. This appraisal report complies with the Uniform Standards of Professional Appraisal Practice that were adopted and promulgated by the Appraisal Standards Board of The Appraisal Foundation and that were in place at the time this appraisal report was prepared.
- 5. If this appraisal report was transmitted as an "electronic record" containing my "electronic signature," as those terms are defined in applicable federal and/or state laws (excluding audio and video recordings), or a facsimile transmission of this appraisal report containing a copy or representation of my signature, the appraisal report shall be as effective, enforceable and valid as if a paper version of this appraisal report were delivered containing my original hand written signature.

ADDENDUM TO APPRAISAL

APPRAISAL REQUIREMENTS MANDATED BY FIRREA

I certify that the appraisal conforms to the Unifor Standards of Professional Appraisal Practice (USPAP) promulgated by the Appraisal Standards Board of the Appraisal Foundation. The subject X (is) (is not) listed for sale, the listing price is \$ 221,000. My estimate of the reasonable marketing period of the subject property is 3 TO 6 MONTHS. If an approach to value was not used, the following is an explanation why it was not considered. N/A Cost: Market: N/A Income: TYPICALLY RESIDENCES SOLD IN THIS AREA ARE NOT USED FOR INCOME PURPOSES. The appraisal assignment (was) (was not) based on requested minimum or specific valuation or on the approval of a loan. (have) (have no) financial interest in the loan transaction and do not stand to benefit in any way from the value placed on the property. I (have) \overline{X} (have not) included a separate assessment of personal property, fixtures, or intangible items which are attached to or located on the real property. These items (do) \overline{X} (do not) affect the market value of the real property. Any creative financial or sales concessions that are known to the appraiser have been adjusted in the comparables of this appraisal. In performing this appraisal, I was not able to review the: N/A (insert N/A is inapplicable) The above items should be obtained by the lender when reviewing the appraisal report. This appraisal was done with an "as is" market value. This is the value of the property in its current physical condition and subject to the zoning in effect as of the current date of value. I certify that I have the appropriate knowledge and experience that was necessary to complete this assignment. BILL GRIFFIN, REGISTERE TRAINEE, RI4240 3/8/2010 Appraiser Name
