Summary:

The Construction Industry Licensing Board was established by Special Act, Chapter 67-1876, Laws of Florida as amended. The Special Act sets forth the membership of the Board, which consists of fifteen (15) members. The above named construction members have been recommended by Contractors Certification Director (Mr. Sharkey), District 7 (Mr. Dozier) and The Florida Engineer Society (FES) (Mr. Desnoyers). Donald Sharkey and Nelson Dozier have been nominated to replace Mr. John Lowen whose term has expired. The Florida Engineering Society recommends Mr. John Desnoyers for a second term and he has indicated a willingness to continue. The nominations represent seats for an Electrical Contractor and an Engineer Member as cited in the Special Act and F.S. § 489.131 establishing the Construction Industry Licensing Board. Memorandums were sent to the Board of County Commissioners on February 16, 2010 advising of the vacant positions; No other nominations were received. Countywide (GB)

Background and Justification:

The membership of the construction board consists of two (2) general contractors, one (1) member of the following categories; building; residential; electrical; plumbing; HARV, roofing; swimming pool; architect; engineer and a building official. In addition, F.S. § 489.131 requires that we have three (3) consumer representatives. The Board is to establish qualifications and competency of contractors that work within the County. The Board also provides for the testing and licensing of these contractors and is empowered to revoke licenses. The CILB has 13 members seats currently filled and a diversity count of White: 12 (92.31%) and Black: 1 (7.69%). The gender ratio (male: female) is 11:2.
