A person may be ordered to treatment at the appropriate treatment resources facility by the Circuit Court. An Involuntary Assessment Findings petition may be filed by the respondent's spouse or guardian, any relative, or any three adults having personal knowledge of the respondent's substance abuse impairment. If the respondent is a minor, the petition may be filed by a parent, legal guardian, or legal custodian.

**The Civil Drug Court staff accepts petitions Monday through Friday.**

**Staff is responsible for:**

- Scheduling of Judges for Marchman Act commitment hearings
- Attending status check hearings
- Summoning respondents and petitioners for court appearances
- Arrange transport for clients attending treating facilities

- Random drug testing to ensure compliance

**The petition should allege that the person:**

1. Is a habitual abuser of a controlled substance not pursuant to a lawful prescription.
2. Has lost the power of self control with respect to the use of such controlled substance.
3. Has threatened, attempted, or actually inflicted physical harm on himself or another.
4. The reason the petitioner believes that the respondent's refusal to voluntarily receive care is based on judgment so impaired by reason of substances abuse that the respondent is incapable of appreciating his need for care and making a rational decision regarding his or her need for care.
5. If the respondent has refused to submit to an assessment, such refusal must be alleged in the petition.

## **Family Restart Complete Care**

The goal is to identify the needs of the clients through use of the Addiction Severity Index (ASI) which determines the immediate needs of the client necessary to create a plan of action to ensure the client is prepared to re-enter society.

Clients are assessed prior to completing their Court Ordered Treatment and contingent on the assessment are linked to various social, educational and therapeutic services that will offer the clients employment training, housing assistance, parenting education and other family services for total recovery or rehabilitation.

The Civil Drug Court acknowledges that participation by the family in the treatment and recovery process via family counseling, participation in group counseling, and an opportunity for increased knowledge of the recovery process will assist the family in supporting the substance abuser.

The Family Restart Complete Care Program will provide clients and their families' complete care which includes individual, group and family counseling, random drug testing to ensure proper compliance and continued assessments to identify the strengths and weaknesses of the client to determine needs for education, employment and housing.

The short term goals will be to identify the needs of clients through the use of the Addiction Severity Index (ASI). The ASI assists the Civil Drug Court in determining the immediate needs of the clients which will allow the Civil Drug Court to create a plan of action to assure that the client is prepared to re-enter society. The long term goals of the Family Restart Complete Care Program are to increase active family participation in the recovery and treatment process including individual, group, and family counseling. Additionally, the Civil Drug Court will seek to partner with additional social service agencies which will seek to provide the clients with additional resources while continuing its relationship with the existing social service agencies which assists clients in identifying and completing educational and employment training as well as identifying housing needs.

Family Restart Complete Care Program staff consist of a Drug Court Counselor which will provide individual, group and family counseling and a contracted Certified Drug Court Counselor.

## **Budget Narrative**

### **Travel**

In an effort to improve the programs and services of the Civil Drug Court and the Family Restart Program, staff identifies training opportunities, conferences and seminars. Many of these conferences require out of county and state travel. Benefits realized from attendance and participation includes but is not limited to best practices, current trends, improved treatment modalities, data collections and cost effective ways to continue to provide stellar services in economically challenging times.

Travel to the National Association of Drug Court Professionals (NADCP) and the National Association of Court Management (NACM) will be attended by the Civil Drug Court Director. Continuing education courses which include case management oversight and other available training that will enhance the delivery of service and performance of support staff will be attended by the case manager and case worker.

### **Office Supplies**

This line item serves to support the day-to-day operations of the Family Restart Program which is administered by the Civil Drug Court. Office supplies include paper, pens, pencils, toner, refreshments for Saturday court (coffee and water) clients and other supplies as needed for the continued operation of the Civil Drug Court.

### **Promotional**

Promotional funding helps to support annual events such as National Recovery Month activities in addition to other programs designed to increase knowledge and bring awareness to the ever increasing problem of drug addiction and abuse. Specific promotional expenditures include participation by ten attendees at the annual CARP Gala, annual graduation luncheon ceremonies (certificates, refreshments, invitations, postage) for clients who complete their court ordered treatment.

### **Communication**

Accessibility to staff is a key component in the recovery process. Telephones (land lines and cellular) are vital to maintaining open community and providing access to staff for clients participating in programs and services offered by the Civil Drug Court. Staff is available to speak to clients 24 hours/seven days per week. The case manager utilizes the services of the cell phone and land line covered under this line item

### **Drug Court Counselor**

Staff has determined that increased opportunity to realize success in the treatment and recovery

process of their clients is obtained through the inclusion of family. Family participation in group counseling offers greater opportunities for increased knowledge of the recovery process and will assist the family in supporting the substance abuser. The Drug Court Counselor facilitates family, group and individual counseling sessions throughout the tenure of the abuser in the Family Restart Program.

### **Treatment Facilities**

The Civil Drug Court is responsible for referring clients for substance treatment, providing payment for treatment and then submitting the invoice for reimbursement. The invoice will include information on the treatment provider level of service in sufficient detail to meet the requirements of the COUNTY. Providers must meet the certification and licensing requirements of the State of Florida. The CITY will establish fees for each service and provide a copy of the fees to the COUNTY.

An identification of treatment facilities is necessary to ensure that the needs of the clients are met. Each client has specific needs that must be addressed during the recovery process and it is imperative that staff identifies facilities that can meet the immediate needs of the clients. All facilities may not offer identical services and staff must determine the best fit for the client with the appropriate treatment facility.
