I. EXECUTIVE BRIEF

Motion and Title: Staff recommends motion to approve: The second Amendment to the Annual Pathway and Minor Construction Contract (Contract), R2008-1824, with Charles S. Whiteside, Inc. (Whiteside), Project No. 2009053, dated October 21, 2008, and extended to October 21, 2010, R2009-1842.

SUMMARY: Approval of this second Amendment to the Contract will extend the expiration date, from October 21, 2010 to October 20, 2011, increase the amount of the Contract by \$6,971,000, to a total of \$15,514,000, lower the unit prices on certain bid items and introduce the Inspector General Ordinance requirements and gender equity language into the Contract. The increased Contract amount is based upon estimated amounts to be expended throughout Palm Beach County (County) by various departments during the extended contract period. Whiteside has voluntarily reduced the unit prices of numerous existing bid items (2.9% overall) that may be used in future task authorizations. The Contract provides for construction and/or resurfacing of pathways, construction of parking areas, speed humps, traffic separators and other minor construction projects throughout the County on an as needed basis. Whiteside is a County business. The Contract will be re-bid after this extension. Small Business Enterprise (SBE) goals were established at 15% of the overall Contract amount. The SBE participation committed for the project by Whiteside is 21.6% overall. Whiteside has attained SBE participation of 21.8% overall through the third quarter.

Countywide (MRE)

Background and Justification: The original Contract was approved on October 21, 2008 and extended with the first Amendment thru October 21, 2010. This Amendment will extend the expiration date, from October 21, 2010 to October 20, 2011 and increase the amount of the Contract by \$6,971,000, to a total of \$15,514,000, while holding or lowering unit prices as originally bid. Whiteside has attained SBE participation of 21.8% overall through the third quarter.

Re: Annual Pathway and Minor Construction Contract
Palm Beach County Project No: 2009053
Contract Extension

Dear Mark,

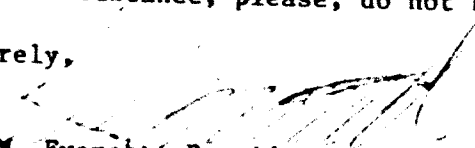

As we discussed during our telephone conversation of May 5, 2010, Charles S. Whiteside, Inc. would appreciate the opportunity to renew the maintenance contract for Annual Pathway and Minor Construction Contract, Project Number 2009053 for Palm Beach County.

As you are aware, prior to renewal of the current contract (the first allowed renewal of the original contract) our firm negotiated with suppliers and subcontractors which resulted in a reduction from the original contract in amount of \$270,377.50. Recently, we again met with and renegotiated costs from our suppliers and subcontractors to assure the greatest cost savings to Palm Beach County. This effort to reduce costs has been difficult due to the unknowns of rising fuel and asphalt costs. However, all parties have agreed to this reduction in costs.

Therefore, please be advised that the voluntary current reduction in the contract amount, if renewal is granted is \$197,550.00, totaling \$467,927.50 for this contract.

We look forward to your response to this request to renew this annual contract. If you require additional information or if I can be of further assistance, please, do not hesitate to contact me at 561 471-7696.

Sincerely,

John M. Everett, President
