I. EXECUTIVE BRIEF

**Motion and Title:** Staff recommends motion to approve: A) a unit price contract with AKA Services, Inc. in a cumulative amount not to exceed \$6,902,903.50 and; B) a unit price contract with Johnson-Davis, Inc. in a cumulative amount not to exceed \$7,211,660 for the Water Utilities Department Pipeline Continuing Construction Contract to install raw water mains, potable water mains, reclaimed water mains, force mains, wastewater manholes and water service lines over an eighteen (18) month term. C) Work Authorization No. 1 in the amount of \$362,432.67 with AKA Services, Inc. (R2010- ) for construction of the Pahokee Water Main Replacement.

**Summary:** On July 8, 2010, nine (9) bids were received for the Water Utilities Department Pipeline Continuing Construction Contract. AKA Services, Inc and Johnson-Davis, Inc. are the first and second lowest responsible and responsive bidder, respectively. This contract will be used to expedite utility special assessment projects, federally funded utility improvement projects for the Belle Glade, Pahokee and South Bay Areas and other pipeline projects where timing is critical. Contract award is for the base contract only, and the contract by itself does not guarantee nor authorize AKA Services, Inc. or Johnson-Davis, Inc. to perform any work. Work will be assigned during the eighteen (18) month contract period by formal work authorizations drawn against this contract, with approvals pursuant to PPM CW-F-050 and requirements for any federally funded projects. The unit prices contained in this Contract will be used in determining the cost of work authorizations. Supplements to work authorizations for changes that occur during construction will be subject to the change order limits for construction contracts as established under PPM CW-F-050 with each work authorization considered as an individual construction contract. Work Authorization No. 1 provides for construction of a new 8" water main and 6" water main and abandoning an existing 2" water main in the alleyways of Canal Point to increase fire flow. The project is 100% federally funded through Housing and Community Development (HCD) and therefore the Inspector General fee is not applicable. The Small Business Enterprise (SBE) participation goal established by the SBE Ordinance (R2002-0064) is 15.00% overall. This contract with AKA Services, Inc. provides for SBE participation of 16.11% and Johnson-Davis, Inc. provides for SBE participation of 15.05% overall. This Authorization with AKA Services, Inc., includes 15.09% overall participation. The cumulative SBE participation for AKA Services, Inc. including this Authorization, is 15.09% overall. Both firms are local Palm Beach County firms. **These are Federal Community Development Block Grant funds that do not require a local match.** (Work Authorization No. 1 WUD Project No. 08-086) District 6. (WUD Project No. 10-046) District 1, 2, 3, 5 and 6 (JM).

**Background and Justification:** Palm Beach County adopted Ordinance 2001-0010 to encourage the installation of utility pipelines in existing developed neighborhoods through the special assessment process. This continuing construction contract will reduce the time needed from receipt of citizen petitions to completion of the utility improvements. In addition to Capital Improvement projects, this contract will also be used for Community Development Block Grants (CDBG) projects through Housing and Community Development (HCD) utilizing the project specific requirements for federally funded projects when issuing the Work Authorization. The water main replacement is located at Elm Avenue, Flame Avenue, Greenstar Street, Fern Street, & East Main Place in Canal Point. Approximately 4700 feet of 8" and 6" ductile iron water main will be installed and the existing 2" water main will be abandoned in place.

**CONTRACT PERFORMANCE BOND No.08891695**

**BY THIS BOND**, we, AKA Services, Inc., as Principal and Fidelity and Deposit Company of Maryland, a Corporation, as Surety, whose address is 863 Creston Drive, Maitland, FL 32751, are bound to the Palm Beach County Board of County Commissioners, hereinafter called COUNTY, for the sum of \$ 362,432.67, for payment of which we bind ourselves, our heirs, personal representatives, successors, and assigns, jointly and severally.

**THE CONDITION OF THIS BOND** is that if Principal:

1. Performs the Contract dated \_\_\_\_\_, 2010 between Principal and COUNTY, Contract No. 2010-, the Contract being made a part of this bond by reference, in the time and in the manner prescribed in the Contract and;
2. Pays COUNTY all loss, damages, expenses, costs, and attorney's fees, including appellate proceedings, the COUNTY sustains because of a default by Principal under the Contract and;
3. Performs the guarantee of all-work and materials furnished under the Contract for the time specified in the Contract;

- (1) Complete the Contract in accordance with its terms and conditions; or

The term "balance of the Contract price" as used in this paragraph, shall mean the total amount payable by COUNTY to Principal under the Contract and any amendments thereto, less the amount properly paid by COUNTY to Principal.

Any changes in or under the Contract Documents and compliance or noncompliance with any formalities connected with the Contract or the changes does not affect Surety's obligation under this bond. Any increase in the total contract amount as authorized by the COUNTY shall accordingly increase the Surety's obligation by the same dollar amount of said increase. The Principal shall be responsible for notification to Surety of all such changes.

Surety expressly acknowledges its obligations and liabilities for liquidated damages suffered by COUNTY under the provisions of the Contract Documents.
