Fort Lauderdale Grande Hotel

MEMBERS Mayor Richard J. Kaplan, City of Lauderdale, Chair
PRESENT: Commissioner Jeff Koons, Palm Beach County
Commissioner Joe Martinez, Miami-Dade County

ALSO Jim Wolfe, Secretary, FDOT District IV
PRESENT: Lois Busch, FDOT District IV
Stacy Miller, FDOT District IV
Roger Del Rio, Acting Director, Broward MPO
Randy Whitfield, Director, Palm Beach MPO
Jose Mesa, Director, Miami-Dade MPO

Call to order.

Adoption of Agenda

The Chair informed the attendees that the Regional Corridor Amendments were presented at a prior meeting. Regarding the Transportation Regional Incentive program priorities, a scrivener's error was noted and corrected, i.e. that NW 31 Avenue should read NW 31 Street in the City of Margate. The motion was approved unanimously.

Randy Whitfield read staff recommendation: "The SEFTC approve the revised Regional Corridor criteria with the additions and approve the amended Regional Corridors list and map to include the facilities meeting the criteria". The members approved the Regional Corridor criteria and map unanimously.

Jim Wolfe, FDOT District Secretary informed the audience that the agency reviewed and approved the prioritization list for TRIP and the Department concurs that it is in compliance with the Growth Management Statutes and that both Districts IV and VI will be able to proceed with programming the TRIP funds. However, during prior discussions with SEFTC Jim Wolfe noted the desirable look and feel of that list. He noted that the list should be combined, merged, and it should be prioritized. He moreover noted, that while the list is in compliance and is being approved, it is not the way FDOT needs it to be in the future. He suggested that staff work together between now and the next SEFTC meeting and come up with a plan that merges and prioritizes the list, so that SEFTC members can see what it looks like and if they like it.

Jim Wolfe recommended that by the next SEFTC meeting they can adopt a revised list, with the same projects, but in a different format. Commissioner

Martinez concurred that the list should not be divided by districts and that if SEFTC was to be an example of regional cooperation for the entire state, and perhaps even the country, that these provisions be made; that a consolidated list with priorities and perhaps tiers be prepared.

Mayor Kaplan confirmed that such list was initially requested to staff, and Randy Whitfield added that Broward and Palm Beach counties are preparing an evolving prioritized list. Jim Wolfe continued saying that SEFTC has an opportunity to be the model for the rest of the state, because in fact merging and prioritization has been a difficult issue around Florida; that we are not the only ones struggling with this issue, but that we have an opportunity to get out ahead. There is a larger context than whether FDOT can program the TRIP funds and do the TRIP process that also needs regional planning, prioritization. In fact South Florida is one transportation network and FDOT has lots of issues to grapple with over the future. FDOT looks at projects like the commuter rail on FEC and that we all will have to come together on this issue and have one merged plan to figure out how to do that. There are other projects that cross county and district lines. Behind the 2003 agreement to do some mutual planning, SEFTC took a large leap in that direction complying with the spirit of the Growth Management Plan.

Roger Del Rio stated that SR7 Bus Rapid Transit was a Broward County project originally designated by the MPO for future funding. The MPO has allocated 10 M Dollars for the purchase of buses and bus stop amenities, but the funding for operating the system is missing and we do not have that commitment from the tri-counties.

The Chair reiterated two subjects from the previous SEFTC meeting:

1. The process to develop a website and information for public knowledge of what this organization is doing. He would like a report on how public participation is included in the goals of this regional body. We need to make ourselves more visible, put the regional plan out for everyone to be informed.
2. To start looking for a dedicated funding source as a region by creating a dedicated funding source available to all similar regions so that we are not on our own trying to do this. Each county can do a little bit, but that there is nothing on a regional level. Although TRIP funds are available, they are not a dedicated funding source of a renewable nature and they need to be created if we want a regional system.

Commissioner Martinez followed on the subject of regional unification by expressing that the SEFTC letterhead has three different logos. He directed staff to design one logo for SEFTC to show everybody that we are united.

Adjournment. There was no other business to come before the SEFTC, therefore the meeting adjourned at 11:30 a.m.
