I. EXECUTIVE BRIEF

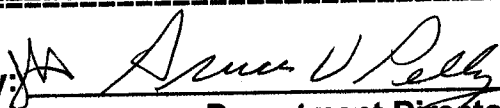

Motion and Title: Staff recommends motion to approve: A contract with Community Asphalt Corporation in the amount of \$6,967,689.75 for the Taxiway 'L' Extension at Palm Beach International Airport (PBI).

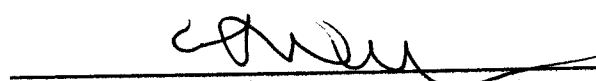

Summary: This project was advertised utilizing the County's competitive bid process. On April 5, 2011 three (3) bids were received for the Taxiway 'L' Extension at PBI. Of the three (3) bids Community Asphalt Corporation, a Palm Beach County company, has been identified as a responsible/responsive bidder with the lowest bid in the amount of \$6,967,689.75. This project is partially funded by the Florida Department of Transportation (FDOT) pursuant to a Joint Participation Agreement (JPA) (R-2007-1794). The JPA does not permit the application of a local preference and requires Disadvantaged Business Enterprise (DBE) to have the maximum opportunity to participate in this contract. A DBE Goal for this project was established at 15%. Community Asphalt Corporation is responsive to the DBE requirements and has committed to a minimum of 15% participation. FDOT grant funding of \$3,483,845 (50%) and Passenger Facility Charge (PFC) funds of \$3,483,845 (50%) are being utilized to fund this project.
Countywide (JCM)

Background and Justification: This project consists of the extension of Taxiway L approximately 5,100 feet to the east, parallel to Runway 10L-28R from the east edge of existing Taxiway F to the Runway 28R approach end. The extended taxiway will be constructed to Airplane Design Group III standards, which is similar in geometric design to existing western portion of Taxiway L, constructed in 2003. The extension of Taxiway L to the east has been identified by Air Traffic Control (ATC) personnel as a significant operational enhancement for PBI. The extension of Taxiway L would provide a contiguous and uninterrupted east-west access system for aircraft along the south side of the airport. The south side of PBI accommodates the three existing Fixed Base Operators and all of the general aviation and corporate aviation aircraft at PBI, which represents more than half of the airport's total aircraft operations annually.

Attachment # _____

The prices named in the Bid are for the completed work, and include the furnishing of all materials and all labor, tools, and appliances and all expense, direct or indirect, connected with the proper execution of the work and of maintaining the same until it is accepted by the Board of County Commissioners.

Time is of the essence. The Contractor shall commence the work to be performed under this Contract on the date set by the Owner in the written notice to proceed, continue the work with due diligence and shall complete the entire work per Attachment No. 2 to the Bid Form. Further, in the event interim milestone completion dates are established in Attachment No. 2 of the Bid Form for separable portions of the work, the Contractor agrees to complete said separable portions of the work in accordance with said milestone dates.

In case of failure on the part of the Contractor to complete the work within the time(s) specified in the Contract, or within such additional time(s) as may be granted by formal action of the Board of County Commissioners or fails to prosecute the work, or any separable part thereof, with such diligence as will insure its completion within the time(s) specified in the Contract or any extensions thereof, Owner will suffer damage, the amount of which is difficult, if not impossible to ascertain. Therefore, the Contractor shall pay to the Owner, as liquidated damages, the amounts indicated in the Milestone and Damages Data (Attachment #2 of the Bid Form) for each calendar day of delay that actual completion extends beyond the time limits specified in said Attachment until such reasonable time as may be required for final completion of work. In no way shall costs for liquidated damages be construed as a penalty on the Contractor.

Liquidated damages due to the Owner may be deducted from payments due to the Contractor, or may be collected from the Contractor or its surety or sureties. These provisions for liquidated damages shall not prevent the Owner, in case of the Contractor's default, from terminating the Contractor's right to proceed as provided in General Provision section 80-09 "Default and Termination of Contract".

Utilization of Disadvantaged Business Enterprises

It is the Policy of Palm Beach County Department of Airports and Department of Transportation that Disadvantaged Business Enterprises (DBE) as defined in 49 CFR Part 26 shall have the maximum practicable opportunity in the performance of contract financed in whole or in part with Federal Funds. Bid Tabulation, Review and Recommendation

Dear Mr. Sypek:

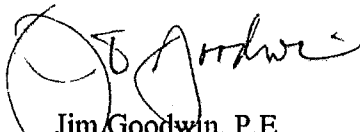

The LPA Group has reviewed the bids submitted on April 5, 2011 for the subject project. The project had a total of 3 bidders, whose bids were evaluated by our office for responsiveness to the RFP. Below are the total amounts of each bid:

	Community Asphalt	Ranger	Marks Brothers
Bid Amount	\$6,967,689.75	\$6,980,398.80	\$8,499,513.45

Each bid contained several irregularities, however each of these are minor and do not constitute a non-responsive bid. The qualifications and experience documentation provided by each bidder indicate they are qualified to perform the required work.

Based on our evaluation, The LPA Group Incorporated recommends a construction contract be awarded to the low bidder, **Community Asphalt Corp.**, contingent upon Agency review, PBCDOA S/DBE Manager review, County Commission approval, and the availability of funds.

Sincerely,
THE LPA GROUP INCORPORATED

Jim Goodwin, P.E.
Project Manager
