I. EXECUTIVE BRIEF

Motion and Title: Staff recommends motion to:

- (A) adopt A resolution approving Supplemental Joint Participation Agreement (SJPA) Number 2 with the Florida Department of Transportation (FDOT) to Extend Runway 9R/27L (10R/28L) Environmental & Design and Golfview Infrastructure Planning & Design at Palm Beach International Airport (PBIA) modifying the participation percentages due to Federal participation in the project; and
- (B) approve A Budget Amendment for \$50,000 in the Airports Improvement and Development Fund to recognize additional FDOT Grant Funding, including an increase in Airport Reserves.

Summary: On October 16, 2007 (R-2007-1791) the BCC adopted a resolution approving a Joint Participation Agreement (JPA) with the FDOT in the amount of \$4,142,000 or 50% of the eligible project costs, whichever is less, for the Environmental Impact Statement (EIS) and Design Runway Extension at PBIA. On March 15, 2011 (R-2011-0376) the BCC adopted a resolution approving SJPA Number 1 amending the original project description to Extend Runway 9R/27L (10R/28L) Environmental & Design and Golfview Infrastructure Planning & Design at PBIA, with no increase in funding. The SJPA provides for an additional \$50,000 in FDOT grant funding which reduces the amount of local funding necessary for the project. The Budget Amendment recognizes the additional grant funding and transfers the savings back to Reserves.
Countywide (AH)

Background and Justification: The original JPA was approved October 16, 2007 to provide funding for the completion of the EIS and to provide design services for the runway extension and associated taxiway connections. SJPA Number 1 was approved March 15, 2011 to provide preliminary planning and design services for infrastructure in the area of the former Town of Golfview. SJPA No. 2 recognizes the acceptance of Federal funding for the completion of Phase 3 of the EIS and modifies the state and local share due to the use of Federal funds for a portion of the project.

I. EXECUTIVE BRIEF

Motion and Title: Staff recommends motion to adopt: A resolution approving Supplemental Joint Participation Agreement (SJPA) Number 1 with the Florida Department of Transportation (FDOT) amending the original project description to Extend Runway 9R/27L (10R/28L) Environmental & Design and Golfview Infrastructure Planning & Design at Palm Beach International Airport (PBIA); and to include the E-Verify and scope of work language to the Joint Participation Agreement (JPA).

Summary: On October 16, 2007 (R-2007-1791) the BCC adopted a resolution approving a JPA with the FDOT in the amount of \$4,142,000 or 50% of the eligible project costs, whichever is less, for the Environmental Impact Statement (EIS) and Design Runway Extension at PBIA. The FDOT has issued SJPA Number 1 amending the original project description to Extend Runway 9R/27L (10R/28L) Environmental & Design and Golfview Infrastructure Planning & Design at PBIA, with no increase in funding. The JPA is also amended to include the E-Verify and scope of work language. The E-Verify language is being added as a new section (Section 5.00 of the SJPA) and the scope of work language can be found in Exhibit "A" under Special Considerations by Department. The amended language requires utilization of the U.S. Department of Homeland Security's E-Verify system to confirm the employment eligibility of all persons employed, including subcontractors, during the term of the Contract. Additionally, as of July 1, 2010, Section 215.971 of the Florida Statutes requires agreements with the State to contain a scope of work that clearly establishes quantifiable and measurable deliverables for the project. SJPA Number 1 will allow for the use of State funds in the preliminary planning and design for infrastructure in the area of the former Town of Golfview and will bring the JPA into compliance. Countywide (AH)

Background and Justification: The original JPA was approved in October 2007 to provide funding for the completion of the EIS and to provide design services for the runway extension and associated taxiway connections. This SJPA will provide funding for the preliminary planning and design services for infrastructure in the area of the former Town of Golfview. The Golfview area, located in the northwest corner of PBIA, is needed to accommodate general aviation (GA) facilities. Utilization of these funds for planning and design now will allow the Department of Airports to begin to provide infrastructure into this area. In addition, there are project requirements and assurances within the JPA which must be followed during the completion of the project. Due to a revision in these procedures, an amendment is necessary to bring this JPA into compliance. Therefore, the FDOT has issued SJPA Number 1 amending the original project description to Extend Runway 9R/27L (10R/28L) Environmental & Design and Golfview Infrastructure Planning & Design at PBIA and to include the E-Verify and scope of work language to the JPA.

SPECIAL CONSIDERATIONS BY DEPARTMENT: Effective July 1, 2010, Section 215.971 of the Florida Statutes, requires our agreements to contain a scope of work that clearly establishes quantifiable and measurable deliverables. The attached Department of Financial Services link will provide guidance concerning accountable contract development. The scope of work is specifically addressed in chapter 3:

<http://www.myfloridacfo.com/aadir/docs/ContractandGrantManagementUserGuide.pdf>

Narrative This project will fulfill the FAA requirement of either an Environmental Assessment or Environmental Impact Statement prior to the extension of the General Aviation Runway at PBIA. This project will also provide design services for the runway extension and associated taxiway connections, as well as provide preliminary planning and design services for infrastructure in the area of the former Town of Golfview.

Justification This is required prior to the extension of the Runway. This project will alleviate congestion and increase capacity at PBIA. The Golfview area, located in the northwest corner of PBIA, is needed to accommodate relocated and expanded general aviation (GA) facilities currently located on the south side of the Airport. Utilization of these funds for planning and design now will allow the Department of Airports to begin to provide infrastructure into this area now in order to be better prepared for the future.

Deliverables shall include:

The Agency will be solely responsible for any liability in the event of non-compliance with applicable environmental regulations, including the securing of any applicable permits, and will reimburse the Department for any loss incurred in connection therewith.

14.20 Department Not Obligated to Third Parties: The Department shall not be obligated or liable hereunder to any party other than the Agency.

14.30 When Rights and Remedies Not Waived: In no event shall the making by the Department of any payment to the Agency constitute or be construed as a waiver by the Department of any breach of covenant or any default which may then exist, on the part of the Agency, and the making of such payment by the Department while any such breach or default shall exist shall in no way impair or prejudice any right or remedy available to the Department with respect to such breach or default.

14.40 How Agreement is Affected by Provisions Being Held Invalid: If any provision of this Agreement is held invalid, the remainder of this Agreement shall not be affected. In such an instance the remainder would then continue to conform to the terms and requirements of applicable law.

14.50 Bonus or Commission: By execution of the Agreement the Agency represents that it has not paid and, also, agrees not to pay, any bonus or commission for the purpose of obtaining an approval of its application for the financing hereunder.

14.60 State or Territorial Law: Nothing in the Agreement shall require the Agency to observe or enforce compliance with any provision thereof, perform any other act or do any other thing in contravention of any applicable State law. Provided, that if any of the provisions of the Agreement violate any applicable State law, the Agency will at once notify the Department in writing in order that appropriate changes and modifications may be made by the Department and the Agency to the end that the Agency may proceed as soon as possible with the project.

14.70 Use and Maintenance of Project Facilities and Equipment: The Agency agrees that the project facilities and equipment will be used by the Agency to provide or support public transportation for the period of the useful life of such facilities and equipment as determined in accordance with general accounting principles and approved by the Department. The Agency further agrees to maintain the project facilities and equipment in good working order for the useful life of said facilities or equipment.

14.71 Property Records: The Agency agrees to maintain property records, conduct physical inventories and develop control systems as required by 49 CFR Part 18, when applicable.

14.80 Disposal of Project Facilities or Equipment: If the Agency disposes of any project facility or equipment during its useful life for any purpose except its replacement with like facility or equipment for public transportation use, the Agency will comply with the terms of 49 CFR Part 18 relating to property management standards. The Agency agrees to remit to the Department a proportional amount of the proceeds from the disposal of the facility or equipment. Said proportional amount shall be determined on the basis of the ratio of the Department financing of the facility or equipment as provided in this Agreement.

14.90 Contractual Indemnity: To the extent provided by law, the Agency shall indemnify, defend, and hold harmless the Department and all of its officers, agents, and employees from any claim, loss, damage, cost, charge, or expense arising out of any act, error, omission, or negligent act by the Agency, its agents, or employees, during the performance of the Agreement, except that neither the Agency, its agents, or its employees will be liable under this paragraph for any claim, loss, damage, cost, charge, or expense arising out of any act, error, omission, or negligent act by the Department or any of its officers, agents, or employees during the performance of the Agreement.

When the Department receives a notice of claim for damages that may have been caused by the Agency in the performance of services required under this Agreement, the Department will immediately forward the claim to the Agency. The Agency and the Department will evaluate the claim and report their findings to each other within fourteen (14) working days and will jointly discuss options in defending the claim. After reviewing the claim, the Department will determine whether to require the participation of the Agency in the defense of the claim or to require that the Agency defend the Department in such claim as described in this section. The Department's failure to promptly notify the Agency of a claim shall not act as a waiver of any right herein to require the participation in or defense of the claim by Agency. The Department and the Agency will each pay its own expenses for the evaluation, settlement negotiations, and trial, if any. However, if only one party participates in the defense of the claim at trial, that party is responsible for all expenses at trial.

The Department will review all plans and specifications and will issue to the Agency written approval with any approved portions of the project and comments or recommendations concerning any remainder of the project deemed appropriate. After resolution of these comments and recommendations to the Department's satisfaction, the Department will issue to the Agency written approval with said remainder of the project. Failure to obtain this written approval shall be sufficient cause for nonpayment by the Department as provided in 8.23.

16.00 Project Completion, Agency Certification: The Agency will certify in writing on or attached to the final invoice, that the project was completed in accordance with applicable plans and specifications, is in place on the Agency facility, that adequate title is in the Agency and that the project is accepted by the Agency as suitable for the intended purpose.

Any contract, verbal or written, made in violation of this subsection is null and void, and no money may be paid on such contract. The Department shall require a statement from the comptroller of the Department that funds are available prior to entering into any such contract or other binding commitment of funds. Nothing herein contained shall prevent the making of contracts for periods exceeding 1 year, but any contract so made shall be executory only for the value of the services to be rendered or agreed to be paid for in succeeding fiscal years; and this paragraph shall be incorporated verbatim in all contracts of the Department which are for an amount in excess of 25,000 dollars and which have a term for a period of more than 1 year."

18.00 Expiration of Agreement: The Agency agrees to complete the project on or before October 31, 2009. If the Agency does not complete the project within this time period, this Agreement will expire unless an extension of the time period is requested by the Agency and granted in writing by the Director of Transportation Development. Expiration of this Agreement will be considered termination of the project and the procedure established in Section 9.00 of this Agreement shall be initiated.

Upon receipt, the Department has five (5) working days to inspect and approve the goods and services unless the bid specifications, purchase order or contract specifies otherwise. The Department has 20 days to deliver a request for payment (voucher) to the Department of Financial Services. The 20 days are measured from the latter of the date the invoice is received or the goods or services are received, inspected and approved.

If a payment is not available within 40 days after receipt of the invoice and receipt, inspection and approval of goods and services, a separate interest penalty in accordance with Section 215.422(3)(b), F.S. will be due and payable, in addition to the invoice amount to the Agency. The interest penalty provision applies after a 35 day time period to health care providers, as defined by rule. Interest penalties of less than one (1) dollar will not be enforced unless the Agency requests payment. Invoices which have to be returned to an Agency because of vendor preparation errors will result in a delay in the payment. The invoice payment requirements do not start until a properly completed invoice is provided to the Department.

A Vendor Ombudsman has been established within the Department of Financial Services. The duties of this individual include acting as an advocate for Agencies who may be experiencing problems in obtaining timely payment(s) from the Department. EXHIBIT C AVIATION PROGRAM ASSURANCES

This exhibit forms an integral part of the Joint Participation Agreement between the State of Florida, Department of Transportation and Palm Beach County Board of County Commissioners

A. General

1. Duration: The terms, conditions, and assurances of the Agreement shall remain in full force and effect throughout the useful life of the facilities developed or equipment acquired for an airport development or noise compatibility program project, or throughout the useful life of the project items installed within a facility under a noise compatibility program project, but in any event not to exceed twenty (20) years from the date that the Agreement is executed. However, there shall be no limit on the duration of the assurances regarding Exclusive Rights and Airport Revenue so long as the airport is used as an airport. There shall be no limit on the duration of the terms, conditions, and assurances with respect to real property acquired with state funds.

2. Obligation: The Agency shall honor these assurances for the duration of this Agreement. If the Agency takes any action that is not consistent with these assurances, the full amount of this Agreement will immediately become due and payable to the Florida Department of Transportation.

B. General Assurances

The Agency hereby assures that:

1. Good Title: It holds good title, satisfactory to the Department, to the landing area of the airport or site thereof, or will give assurance satisfactory to the Department that good title will be acquired.

2. Preserving Rights and Powers:

a. It will not take or permit any action which would operate to deprive it of any of the rights and powers necessary to perform any or all of the terms, conditions, and assurances in the Agreement without the written approval of the Department, and will act promptly to acquire, extinguish or modify any outstanding rights or claims of right of others which would interfere with such performance by the Agency. This shall be done in a manner acceptable to the Department.

b. If an arrangement is made for management and operation of the airport by any agency or person other than the Agency or an employee of the Agency, the Agency will reserve sufficient rights and authority to ensure that the airport will be operated and maintained according to applicable federal and state laws, regulations, and rules.

3. Hazard Removal & Mitigation: It will clear and protect terminal airspace required for instrument and visual operations at the airport (including established minimum flight altitudes) by removing, lowering,

relocating, marking, or lighting or otherwise mitigating existing airport hazards and by preventing the establishment or creation of future airport hazards.

4. Compatible Land Use: It will take appropriate action to ensure local government adoption of airport zoning ordinances that comply with Chapter 333, F.S. The ordinances shall address height restrictions and other potential aviation hazards and limitations on incompatible land uses in the vicinity of the airport. The vicinity of the airport includes all areas that will be affected by normal aircraft operations and noise.

The Agency assures that it will take appropriate action to oppose and/or disapprove any attempted change in local land use regulations that would adversely affect the continued level of airport operations by the creation or expansion of incompatible land use areas. The Agency assures that it will provide the Department with a copy of all local airport zoning ordinances, codes, rules, regulations, and amendments, including proposed and granted variances thereto.

5. Consistency with Local Plans: It will take appropriate actions to have the current airport master plan adopted into the local government comprehensive plan at the earliest feasible opportunity.

6. Airport Layout Plan:

a. It will keep a layout plan of the airport up to date showing:

(1) Boundaries of the airport and all proposed additions thereto, together with the boundaries of all offsite areas owned or controlled by the Agency for airport purposes and proposed additions thereto;

(2) Location and nature of all existing and proposed airport facilities and structures (such as runways, taxiways, aprons, terminal buildings, hangars, and roads), including all proposed extensions and reductions of existing airport facilities; and

(3) Location of all existing and proposed non-aviation areas and of all existing improvements thereon.

b. Such airport layout plans and each amendment, revision, or modification thereof, shall be subject to the approval of the Department. The Agency will not make or permit any changes or alterations in the airport or any of its facilities that are not in conformity with the airport layout plan as approved by the Department and which might, in the opinion of the Department, adversely affect the safety, utility, or efficiency of the airport.

7. Fee and Rental Structure: It will maintain a fee and rental structure for the facilities and services at the airport which will make the airport as self-sustaining as possible under the circumstances existing at the particular airport taking into account such factors as the volume of traffic and economy of collection. If this Agreement results in a facility that will be leased or otherwise produces revenue, the Agency assures that the revenue will be at fair market value or higher.

8. Airport Revenue: That all revenue generated by the airport will be expended for capital or operating costs of the airport; the local airport system; or other local facilities which are owned or operated by the owner or operator of the airport and which are directly and substantially related to the actual air transportation of passengers or property, or for environmental or noise mitigation purposes on or off the airport.

9. Financial Plan: It will develop and maintain a cost-feasible financial plan to accomplish the projects necessary to achieve the proposed airport improvements depicted in the airport layout plan. The financial plan shall be a part of the airport master plan. The financial plan shall realistically assess project phasing considering availability of state funding and local funding and the likelihood of federal funding under the Federal Aviation Administration's priority system. All project cost estimates contained in the financial plan

shall be entered in the Joint Automated Capital Improvement Program (JACIP) Online Web site. The JACIP Online information shall be kept current as the financial plan is updated.

10. Operation & Maintenance: The airport and all facilities which are necessary to serve the aeronautical users of the airport, shall be operated at all times in a safe and serviceable condition and in accordance with the minimum standards as may be required or prescribed by applicable federal and state agencies for maintenance and operation. The Agency assures that it will not cause or permit any activity or action thereon which would interfere with its use for airport purposes. Any proposal to temporarily close the airport for non-aeronautical purposes must first be approved by the Department. The Agency will have arrangements for promptly notifying airmen of any condition affecting aeronautical use of the airport. Nothing contained herein shall be construed to require that the airport be operated for aeronautical use during temporary periods when flooding or other climatic conditions interfere with such operation and maintenance. Further, nothing herein shall be construed as requiring the maintenance, repair, restoration, or replacement of any structure or facility which is substantially damaged or destroyed due to an act of God or other condition or circumstance beyond the control of the Agency.

11. Economic Nondiscrimination: It will make the airport available as an airport for public use on reasonable terms and without unjust discrimination to all types, kinds, and classes of aeronautical activities, including commercial aeronautical activities offering services to the public at the airport.

12. Exclusive Rights: It will permit no exclusive right for the use of the airport by any person providing, or intending to provide, aeronautical services to the public.

13. Federal Funding Eligibility: It will take appropriate actions to maintain federal funding eligibility for the airport. Further, it will avoid any action that renders the airport ineligible for federal funding.

14. Termination of Agreement: It will make expenditures or incur obligations pertaining to this Agreement within two years after the date of this Agreement or the Department of Transportation may terminate this Agreement. The Agency may request a one-year extension of this two-year time period. The District Secretary shall have approval authority.

15. Retention of Rights and Interests: It will not sell, lease, encumber, or otherwise transfer or dispose of any part of its title or other interests in the property shown on Exhibit A to this application or, for a noise compatibility program project, that portion of the property upon which state funds have been expended, for the duration of the terms, conditions, and assurances in the Agreement without approval by the Department.

16. Consultant, Contractor, Scope, and Cost Approval: It will grant the Department the right to disapprove the Agency's employment of specific consultants, contractors, and subcontractors for all or any part of this project if the specific consultants, contractors, or subcontractors have a record of poor project performance with the Department. Further, the Agency assures that it will grant the Department the right to disapprove the proposed project scope and cost of professional services.

17. Airfield Access: The Agency will not grant or allow easement or access that opens onto or crosses the airport runways, taxiways, flight line, passenger facilities, or any area used for emergency equipment, fuel, supplies, passengers, mail and freight, radar, communications, utilities, and landing systems, including but not limited to flight operations, ground services, emergency services, terminal facilities, maintenance, repair, or storage.

18. If the recipient expends less than \$500,000 in state financial assistance in its fiscal year, an audit conducted in accordance with the provisions of Section 215.97, Florida Statutes, is not required. However, if the recipient elects to have an audit conducted in accordance with the provisions of Section 215.97, Florida Statutes, the cost of the audit must be paid from the nonstate entity's resources (i.e., the cost of such an audit must be paid from the recipient's resources obtained from other than State entities).
