I. EXECUTIVE BRIEF

Motion and Title: Staff recommends motion to: Authorize the Chair to execute a Federally Funded Subgrant Agreement (Grant), Contract Number 12HMY-2Y-10-60-01-001, between the Florida Division of Emergency Management (DEM) and Palm Beach County (County) for the construction of canal improvements in order to improve the storage capacity of both the Lake Worth Drainage District (LWDD) L-2 Canal and the County L-2B Canal, adjacent to the Westgate subdivision (Project).

SUMMARY: The DEM Grant will fund the construction phase of the drainage improvements in the LWDD L-2 Canal from the Palm Beach International Airport Canal easterly to west of Wabasso Drive and the L-2B Canal from Saginaw Avenue north to Nokomis Avenue and Cherokee Avenue north to Genesee Avenue. The Community Redevelopment Agency (CRA) will provide the local share funding of the DEM Grant and will have their consultant perform the construction administrative services for the Project after bidding. District 2 (MRE)

Background and Justification: On September 13, 2011, the Board of County Commissioners authorized the Chair to execute a Grant, Contract Number 11HM-2Y-10-60-01-014, by Resolution No. R2011-1428. The Grant was returned to DEM who determined that it was outdated and did not execute the Grant. DEM has issued an updated Grant which is attached. The CRA will do the bidding and the awarding of the contract. The design work has been completed for the Project. The LWDD L-2 Canal and the County L-2B Canal provide storm water outfalls for the Westgate area. This DEM Grant will provide 75% of the funding for the construction with the CRA providing the 25% local share and the funding of any additional costs.

The Recipient further agrees to comply and cooperate with any inspections, reviews, investigations or audits deemed necessary by the Florida Chief Financial Officer or Auditor General. In addition, the Division will monitor the performance and financial management by the Recipient throughout the contract term to ensure timely completion of all tasks.

(9) LIABILITY

(a) Unless the Recipient is a State agency or subdivision, as defined in Section 768.28, Fla. Stat., the Recipient is solely responsible to parties it deals with in carrying out the terms of this Agreement, and shall hold the Division harmless against all claims of whatever nature by third parties arising from the work performance under this Agreement. Stat. Nothing herein is intended to serve as a waiver of sovereign immunity by any Recipient to which sovereign immunity applies. Nothing herein shall be construed as consent by a state agency or subdivision of the State of Florida to be sued by third parties in any matter arising out of any contract.

(10) DEFAULT

If any of the following events occur ("Events of Default"), all obligations on the part of the Division to make further payment of funds shall, if the Division elects, terminate and the Division has the option to exercise any of its remedies set forth in paragraph (11). However, the Division may make payments or partial payments after any Events of Default without waiving the right to exercise such remedies and without becoming liable to make any further payment:

(a) If any warranty or representation made by the Recipient in this Agreement or any previous agreement with the Division is or becomes false or misleading in any respect, or if the Recipient fails to keep or perform any of the obligations, terms or covenants in this Agreement or any previous agreement with the Division and has not cured them in timely fashion, or is unable or unwilling to meet its obligations under this Agreement;

(c) If any reports required by this Agreement have not been submitted to the Division or have been submitted with incorrect, incomplete or insufficient information;

(d) If the Recipient has failed to perform and complete on time any of its obligations under this Agreement.

(11) REMEDIES

If an Event of Default occurs, then the Division may, after thirty calendar days written notice to the Recipient and upon the Recipient's failure to cure within those thirty days, exercise any one or more of the following remedies, either concurrently or consecutively:

(a) Terminate this Agreement, provided that the Recipient is given at least thirty days prior written notice of the termination. The notice shall be effective when placed in the United States, first class mail, postage prepaid, by registered or certified mail-return receipt requested, to the address in paragraph (13) herein;

(b) Begin an appropriate legal or equitable action to enforce performance of this Agreement;

(c) Withhold or suspend payment of all or any part of a request for payment;

(d) Require that the Recipient refund to the Division any monies used for ineligible purposes under the laws, rules and regulations governing the use of these funds;

(e) Exercise any corrective or remedial actions, to include but not be limited to:

4. Require the Recipient to reimburse the Division for the amount of costs incurred for any items determined to be ineligible.

(f) Exercise any other rights or remedies which may be available under law;

(g) Pursuing any of the above remedies will not stop the Division from pursuing any other remedies in this Agreement or provided at law or in equity. If the Division waives any right or remedy in this Agreement or fails to insist on strict performance by the Recipient, it will not affect, extend or waive any other right or remedy of the Division, or affect the later exercise of the same right or remedy by the Division for any other default by the Recipient.

(12) TERMINATION

Stat., as amended.

(b) The Division may terminate this Agreement for convenience or when it determines, in its sole discretion, that continuing the Agreement would not produce beneficial results in line with the further expenditure of funds, by providing the Recipient with thirty calendar days prior written notice.

(c) The parties may agree to terminate this Agreement for their mutual convenience through a written amendment of this Agreement. The amendment will state the effective date of the termination and the procedures for proper closeout of the Agreement.

(d) In the event that this Agreement is terminated, the Recipient will not incur new obligations for the terminated portion of the Agreement after the Recipient has received the notification of termination. The Recipient will cancel as many outstanding obligations as possible. Costs incurred after receipt of the termination notice will be disallowed. The Recipient shall not be relieved of liability to the Division because of any breach of Agreement by the Recipient. The Division may, to the extent authorized by law, withhold payments to the

Recipient for the purpose of set-off until the exact amount of damages due the Division from the Recipient is determined.

Attachment A

Budget and Scope of Work

Scope of Work

As a Hazard Mitigation Grant Program project, the Recipient, Palm Beach County, proposes to improve the drainage of the Westgate-Belvedere Community located in Palm Beach County, Florida, by widening of L2 & L2B canals which will increase the water catchment capacity of the project area, allow more rapid drainage throughout the low-lying community and alleviating potential flooding to the structures, roads and driveways within 365 acre L2 & L2B basin. Final design analysis determined that improved flood protection is realized and project eliminates flooding for up to 10-year 72 hour event and reduces flooding for all greater events.

Environmental Review Project Conditions:

1. The Recipient must follow all applicable state, local and federal laws regulations and requirements, and obtain (before starting project work) and comply with all required permits and approvals. If project work is delayed for a year or more after the date of the CATEX, then coordination with and project review by regulatory agencies must be redone.
2. Any change, addition or supplement to the approved Scope of Work that alters the project (including other work not funded by FEMA, but done substantially at the same time) will require re-submission of the application to FEMA for NEPA re-evaluation before starting project work.
3. If any archaeological material is discovered during project work, work in that area shall cease immediately and the Recipient will contact the State Historic Preservation Officer (SHPO) and the DHS/FEMA Region IV Environmental Officer and FDEM State Environmental Liaison Officer for further guidance.
4. Construction vehicles and equipment used for this project shall be maintained in good working order to minimize pollutant emissions.
5. Best management practices will be used during project work to minimize soil erosion, sediment migration and turbidity. The Recipient will need to prepare and implement a Storm Water Pollution Prevention Plan (SWPP). The Recipient must obtain a National Pollutant Discharge Elimination System (NPDES) stormwater permit (if area of disturbance will be greater than one acre). The Applicant will need to provide a copy of the Notice of Intent (NOI) submitted to use the State of Florida Generic Permit for stormwater discharge from construction activities; response letter from Florida Department of Environmental Protection (FDEP) if provided; and a copy of the Notice of Termination (NOT) – at project closeout.
6. For projects involving groundwater dewatering activities at the construction site, provide documentation of coverage under the Florida Department of Environmental Protection (FDEP) "Generic Permit for the Discharge of Produced Ground Water from any Non-contaminated Site Activity."

This is FEMA project **1561-78-R**, funded under 1561-DR-FL.

The Period of Performance for this project ends on July 13, 2012.

Clean Water Act (CWA)	Completed
-----------------------	-----------

Comment: The project scope consists of improving conveyance to provide additional storage in the Westgate area in the L-2B and L-2 Canals. Stormwater runoff in this basin discharges to the L-2 Canal, conveys the runoff to the E-3 ? canal discharging into the C-51 canal, and ultimately to the Intercoastal Waterway. Work is covered by South Florida Water Management District Permit No. 50-08912-P, dated December 23, 2008. Per Environmental Resource Permit (ERP), no adverse water quality impacts are anticipated as a result of the proposed project. Appropriate BMP's will be used during construction to minimize water quality impacts due to the proposed work. Silt screens and turbidity barriers will be utilized during construction. Per U.S. Army Corps of Engineers (USACE) letter received by the Agency April 3, 2009, work is covered by Permit SAJ-1994-06110 (NW-KDC) and is authorized by Nationwide Permit Number 43. All applicable conditions of the USACE Permit must be followed. Project disturbance approximately 3.84 acres. The Applicant will need to submit a Notice of Intent (NOI) for coverage under the Florida Department of Environmental Protection (FDEP) General Permit, prepare and implement a storm water pollution prevention plan (SWPPP), and submit the Notice of Termination (NOT) after completion of the site activities. These three documents should be provided at project close-out. Correspondence/Consultation/References: South Florida Water Management District Permit No. 50-08912-P, dated December 23, 2008. National Historic Preservation Act (NHPA)	Completed
---	-----------

Comment: Per project application, "The Westgate/Belvedere Homes area was one of the first areas to be developed within suburban West Palm Beach and was constructed by the U.S. Air Force to provide officer housing for the Military Base used in World War II, now known as Palm Beach International Airport. Various areas were platted in the early 1950's. Multiple residential historic structures are located in the Westgate neighborhood north of L-2 canal. One structure is located very close to the widening portion of the L-2, Sheet 4 of design plans. An historic structures survey of nearby Town of Golfview is located south of the canals, which contains several residential historic structures and the West Palm Beach Country Club Gateway. Work will occur in rights-of-way. Per South Florida Water Management District Permit No. 50-08912-P, dated December 23, 2008, the District received correspondence from the Florida Department of State, Division of Historical Resources indicating that the agency has no objections to the issuance of the permit. E.O. 11988: Floodplains Completed

Comment: According to the Flood Insurance Rate Map, the proposed project is located in Zone B (Shaded X on newer maps); an area subject to .2% annual chance flood (500-year flood). The proposed project will eliminate flooding for 10-year 72 hour events and significantly reduce flooding for greater events. No adverse effects to the regulatory floodplain are anticipated as a result of the proposed project. The project is designed to accommodate flooding and will not be adversely affected by flood events. E.O. 12898: Environmental Justice for Low Income and Minority Populations Completed

Comment: Project area does not contain a disproportionate population of minority residents in comparison to the State of Florida as a whole. Approximately 23.5% of the population of the 33409 ZIP code (West Palm Beach, Florida) is characterized as having a minority background, and about 26.8% of the population lives below the poverty level. The project area has a slightly lower proportion of minority populations than the State of Florida (23.9%) as a whole, and a higher proportion of low-income populations than the State (12.6%) as a whole. However, the project provides benefits to the area by reducing flooding and will provide no disproportionate affects. The proposal by the applicant, Palm Beach County, includes widening a portion of the L-2 Canal by approximately 26 feet; deepening a portion of the L-2 canal; and widening the L-2B canal by approximately 12 feet. Signed-and-sealed construction plans dated May 7, 2008, show that deepening the L-2 Canal consists of constructing 12 LF of 24" CAP; 10 LF of 12" RCP; installing concrete collars and headwalls; and constructing rip-rap splash pads. Widening the L-2 Canal consists of installing concrete collars and headwalls; constructing rip-rap splash pads; and removing an existing structure. Widening the L-2B Canal consists of constructing a 6' x 6' rip-rap splash pad. The culvert extension on the L-2B Canal consists of constructing (2) 9 LF of 24" DIP; 245 LF of 36" RCP; and installing an inlet and manhole to connect to an existing outfall pipe at Indian Rd, one block west of Genessee and connecting to existing structure north of Cherokee. Plans indicate the use of best management practices through silt fencing and various erosion control notes on the physical documents. The project site is 3.84 acres.
