Section 2: Project Overview

General Project Information

Project Title: PBSO'S EOD TEAM ENHANCED CAPABILITY PROJECT
Subgrant Recipient: Palm Beach County Sheriff's Office
Implementing Agency: Palm Beach County Sheriff's Office
Project Start Date: 10/1/2011 **End Date:** 12/31/2011

Problem Identification

Statewide, response disciplines experience ongoing changes in new/emerging technology and evolving standards in equipment creating continuous challenges. Thus, this project's strategy is to continue to address the gap of equipping all regional response teams to a standard basic capability to efficiently respond, neutralize terrorist threats to the public and first responders while mitigating terrorist incidents. All teams will have the capability to successfully operate in WMD and CBRNE environments as appropriate. This Gap Project will support the following objectives: 2.4-Law Enforcement Investigation and Operations, 2.5-CBRNE Detection and 4.9-Explosive Device Response Operation.

Project Summary (Scope of Work)

This project will continue to enhance South Florida's EOD Regional Team's capability to respond to Weapons of Mass Destruction (WMD) and CBRNE threats and attacks. These capabilities are crucial to successfully neutralizing a terror incident and ensuring safety for the public and responders, thus allowing mitigation, recovery and investigation, prosecution following an event.

The PBSO's Bomb Squad is a Type I Team (a FBI accredited Bomb Squad capable of handling multiple/simultaneous incidents). Also, we are part of the Regional Bomb Squad for Palm Beach, Broward, Dade, and Monroe Counties. We have two primary response vehicles to meet our Type 1 responsibilities. Each response vehicle has two SRS-5 Bomb Search Suits on it. These suits are outdated as they were purchased over 7 years ago: 2 in 1999, 1 in 2000, and 1 in 2004.

We currently have no viable search suits as the life of these suits is rated at 5 to 7 years. Thus, we are requesting to purchase two (2) new SRS-5 Search Suits with Helmets to sustain our current capability.

38. Use of Funds

The subrecipient understands and agrees that it cannot use any funding under this award either directly or indirectly, in support of the enactment, repeal, modification or adoption of any law, regulation or policy, at any level of government, without the express prior written approval of the awarding agency.

The subrecipient shall place the equipment throughout the State of Florida in such a manner that, in the event of an emergency, the equipment can be deployed on the scene of the emergency or be available for use at a fixed location within two (2) hours of a request for said deployment. The Florida Department of Law Enforcement (FDLE) must approve any purchases of equipment not itemized in a project's approved Initial Strategic Implementation Plan (ISIP) in advance of the purchase.

The subrecipient will, in accordance with the statewide mutual aid agreement or other emergency response purpose as specified in the "Florida Domestic Security Strategy," ensure that all equipment purchased with these funds is used to respond to any and all incidents within its regional response area as applicable for so long as this Agreement remains in effect. Prior to requesting a response, the FDLE will take prudent and appropriate action to determine that the level or intensity of the incident is such that the specialized equipment and resources are necessary to mitigate the outcome of the incident.

The subrecipient shall notify the FDLE Office of Domestic Preparedness at 2331 Phillips Road, Tallahassee, Florida 32308 one year in advance of the expiration of the equipment's posted shelf-life or normal life expectancy or when it has been expended. The subrecipient shall notify the FDLE immediately if the equipment is destroyed, lost, or stolen.

The subrecipient shall not transfer, rent, sell, lease, alienate, donate, mortgage, encumber or otherwise dispose of the eligible equipment without the prior written consent of the FDLE.

41. Memorandum of Understanding (MOU) Requirements

The Department Reserves the right to require that applicants of funding under this agreement must enter into a formal MOU with the local unit of government or urban area, specifying the amount of funds to be retained by the state and the intended use of the funds. This MOU request must be initiated by the local unit of government or urban area.
