Department: Water Utilities Department

I. EXECUTIVE BRIEF

Motion and Title: Staff recommends motion to approve: Contract with Poole & Kent Company of Florida for the Glades Utility Authority's (GUA) Belle Glade Wastewater Treatment Plant Improvements Project in an amount of \$1,623,000.

Summary: On January 13, 2012, six (6) bids were received for the GUA Belle Glade Wastewater Treatment Plant Improvements Project. Palm Beach County Water Utilities Department (WUD) is implementing this project under its Management & Operations Contract with GUA. Poole & Kent Company of Florida was the lowest responsive responsible bidder in the amount of \$1,623,000. The project is funded through a U.S. Department of Commerce Economic Development Administration (EDA) grant. The project is subject to a 22.4% minority participation goal and a 6.9% female participation goal for trades rather than the County's SBE goals. This contract with Poole & Kent Company of Florida provides 1.17% M/WBE participation utilizing trades and an additional 30.04% participation utilizing M/WBE certified suppliers (23.17% minority and 6.87% female participation). Staff recommends award to Poole & Kent Company of Florida based upon good faith efforts. Although the Local Preference Ordinance is not applicable to this EDA funded project, Poole & Kent Company of Florida is a local company and has estimated that 75% of the work will be performed by local Palm Beach County companies. **These are Federal EDA funds requiring no local match.** (WUD Project No. 10-062R) District 6 (JM)

Background and Justification: On April 7, 2010, a grant from the EDA was awarded to Glades Utility Authority and Palm Beach County. On October 19, 2010, Consultant Service Authorization No. 8 for \$183,384 was approved by the Board of County Commissioners with AECOM (R2010-1703) for the design and preparation of plans and technical specifications for improvements to the Belle Glade Wastewater Treatment Plant.

On January 13, 2012, six (6) bids were received with Poole & Kent Company of Florida submitting the lowest bid in the amount of \$1,623,000. Water Utilities Department Staff reviewed the bids and determined that Poole & Kent Company of Florida made good faith efforts toward the M/WBE goal. Staff recommends award to Poole & Kent Company of Florida in the amount of \$1,623,000.

PN. 60189544/205 BIDDING**

Dear Mr. Tobon,

On January 13, 2012 at 2:00 p.m., six (6) bids were received for the above referenced project, publicly opened, and base bid amounts were read aloud. The bidders and bid amounts are shown on the attached Bid Tabulation prepared and provided by PBCWUD staff. PBCWUD staff checked math for all bids and verified that all required documents, attachments, and acknowledgements were received. PBCWUD staff has also indicated that they have worked with Poole & Kent Company of Florida on previous projects and have they performed well for the County. Based on this information, the apparent responsive low bidder is Poole & Kent Company of Florida.

Therefore, we recommend contract award of the base bid only at this time in the amount \$1,623,000 to Poole & Kent Company of Florida.

Sincerely,

M/WBE Participation

Ms. Rivera,

As a follow up to your email request of January 19, 2012 we have attached additional information with respect to our M/WBE participation on the above referenced project.

As per Addendum No. 2, Page AD 2 "Companies registered with the state or other counties in Florida can be used to meet the goals" (See Attachment A). As such, Poole & Kent has used Mercedes Electric of Miami, Florida; a state certified Disadvantaged Hispanic Business (See Attachment B) for supply of Electrical Materials and Equipment. Also, Poole & Kent used Dodec, Inc., a state certified Disadvantaged Small Business registered with South Florida Water Management District and Florida Department of Transportation Disadvantaged Business, and a Miami-Dade County Public School Certified Minority/Women Business Enterprise (See Attachments C, D & E). Considering the attached additional information, Poole & Kent feels we have fully complied with the intent of the Federal EDA Requirements outlined in the Contract Documents.

Additionally, Poole & Kent feels we have fulfilled all "Good Faith" effort provisions outlined in Attachment No. 3 of the bidding requirements, as the remainder of the M/WBE businesses contacted on the attached spreadsheet were either non-responsive or not competitive with respect to pricing.

I hope this answers your questions. If you need any further assistance, please do not hesitate to contact me directly at 954-605-6711.

Sincerely,

POOLE & KENT COMPANY OF FLORIDA

I hope this helps, please let me know when the contracts are ready to be picked up and I will sent someone over ASAP...Thanks Thad...

Thank you, Thad for providing the requested information.

I have another question on the Schedule #2 for Dodec, Inc. What is the dollar amount breakdown for furnishing versus installation of equipment?

Please reply as soon as possible.
