I. EXECUTIVE BRIEF

Motion and Title: Staff recommends motion to approve:

Supplemental Service Order Request Quote No FLR-20110913-01, with the Florida LambdaRail (FLR) to add services at the 'Network Access Point (NAP) of the Americas' data center in Miami under the Terms and Conditions applicable to Affiliate Connection Agreement (R2008-0674), effective April 1, 2012 with a one-time cost of \$2,750 and a recurring annual cost of \$17,484, for a new total cost for FLR services of \$376,059 for the period Jan 1, 2011 through September 30, 2012.

Summary: On April 15, 2008, the County entered into an Affiliate Connection Agreement with Florida LambdaRail, LLC to obtain high-speed, high bandwidth optical network services to support the needs of the County and other governmental, educational and non-profit entities participating in the Palm Beach County Regional Network.

This additional service will provide the SFWMD with network connectivity to Network Access Point (NAP) of the Americas' data center in Miami. Agenda Item #3U-1 provides this connection as well as the additional FLR services identified in the Service Order Request. The County's costs in providing these additional network services will be fully recovered by the revenues to be received from the SFWMD, per companion Agenda Item #3U-1, dated 3/20/2012). Countywide (PFK)

Background and Justification:

The County's fiber optic network and connection to the LambdaRail is a valuable resource offered to all qualifying organizations, including government, education, health care, and non-profits.

The Florida LambdaRail is a non-profit broadband network created to facilitate advanced research, education, and economic development activities in the State of Florida. This statewide network interconnects ten of the state universities and is jointly owned by these same universities, including Florida Atlantic University and Palm Beach State College.

A portion of this expanded service will allow the County to provide the same high-speed, high-quality Internet II service to new County network partners including Florida Atlantic University (Jupiter Campus), Max Planck Institute and Scripps.

ATTACHMENT A - TERMS AND CONDITIONS

1. FLR and Palm Beach County Government, Florida (hereinafter referred to as "User") entered into that certain Affiliate Connection Agreement dated the **15th day of April, 2008** (hereinafter referred to as the "Agreement"). FLR and User acknowledge and agree additional FLR services may be requested at any time and shall be based upon the current price schedule.
2. In consideration of the foregoing and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto agree to modify the Agreement to include an additional direct connection(1G) to the FLR infrastructure to the Terramark NAP.
3. The Effective Date of this supplemental services request shall be the date on which the last one of FLR and User have signed this Service Request and communicated the same to the other party.
4. Except as expressly modified by this Supplemental Service Request, the Agreement shall be and remain unchanged and in full force and effect.
