BOARD OF COUNTY COMMISSIONERS  
AGENDA ITEM SUMMARY**

**Meeting Date:** December 4, 2012                      **Consent [X]**                      **Regular [ ]**  
**Public Hearing [ ]**

**Department:** Water Utilities Department

**I. EXECUTIVE BRIEF**

**Motion and Title:** Staff recommends motion to approve: Contract with Lanzo Lining Services, Inc. for the Glades Utility Authority (GUA) City of Pahokee Inflow and Infiltration Improvements - Phase II Project in an amount of \$1,024,591.11.

**Summary:** On September 5, 2012, three (3) bids were received for the Glades Utility Authority City of Pahokee Inflow and Infiltration Improvements - Phase II Project. Lanzo Lining Services, Inc. was the lowest responsive responsible bidder in the amount of \$1,024,591.11. Palm Beach County Water Utilities Department (WUD) is implementing this project under its Management & Operations Contract with GUA. The project is funded by the State of Florida Department of Economic Opportunity (DEO) through the Disaster Recovery Initiative Program (DRI). The project is subject to a 22.4% minority participation goal and a 6.9% female participation goal for trades rather than the County's SBE goals. This Contract with Lanzo Lining Services, Inc. provides for 27.44% minority participation and 0.00% female participation. Staff recommends award to Lanzo Lining Services, Inc. contingent upon DEO approval of good faith efforts. Local Preference Ordinance is not applicable to this DRI funded project. Lanzo Lining Services, Inc. is a Broward County based firm. This project is contingent upon final approval by the DEO. **These are Federal Disaster Recovery Initiative (DRI) funds and require no local match.** (WUD Project No. 12-039) District 6 (JM)

**Background and Justification:** The DEO has appropriated funds for the rehabilitation of the City of Pahokee's wastewater infrastructure through the DRI.

On September 5, 2012, three (3) bids were received with American Infrastructure Technologies Corporation submitting the lowest bid in the amount of \$729,250. The lowest bid was rejected due to major bidding irregularities. Water Utilities Department (WUD) staff reviewed the bids and determined that the second low bidder, Lanzo Lining Services, Inc. was responsive and made good faith efforts toward the M/WBE goal. Staff recommends award to Lanzo Lining Services, Inc. in the amount of \$1,024,591.11. There were a number of minor irregularities identified with the bid documents which are detailed in Attachment 5. Staff waived these minor irregularities as they did not provide the low bidder with any competitive or monetary advantage. There is no bid protest associated with this item.

Glades Utility Authority: City of Pahokee  
Inflow and Infiltration Improvements - Phase II  
Project No. WUD 12-039

The bid opening for the above referenced project was held on Wednesday, September 5, 2012. Proposals were received from three (3) contractors. The complete Bid Tabulation is attached. The engineer's opinion of probable construction cost was \$980,000 for the base bid comprising Bid Item Numbers 1 through 42. The low bidder, American Infrastructure Technologies Corporation, was rejected due to major bidding irregularities. An evaluation of the second low bid by Lanzo Lining Services, Inc. is as follows:

1. The Bid Form provided in the Contract Documents was properly executed.
2. Bid security equal to 5% of the total base bid was enclosed with the bid.
3. M/WBE Schedules #1 and #2 were provided. The bid documents state a 22.4% minority participation goal and a 6.9% female participation goal established by the Florida Department of Economic Opportunity (DEO) for grant funded projects. The goal is in terms of the Contractor's aggregate workforce in each trade on all construction work. Lanzo Lining Services, Inc. provided 27.44% participation utilizing a M/WBE certified subcontractor (Flotech Environmental, LLC.). Flotech Environmental, LLC. is a state certified MBE subcontractor. As per DEO requirements M/WBE companies may have state or certification in other counties to meet the M/WBE goal. Therefore, the overall M/WBE

participation is 27.44%. Lanzo Lining Services, Inc. has provided a Good Faith Effort form, (see attached).

4. The second lowest responsive bidder acknowledged the two (2) addenda.
5. The Contractor holds a valid state contractor's license. A copy of the license information is included. The Local Preference Ordinance is not applicable to this Department of Economic Sustainability (DES) funded project.
6. The second lowest responsive bidder has over 30 years of experience with sewer system rehabilitation and will be the prime for that portion of the Contract. The Contractor has listed Flotech Environmental, LLC. as the subcontractor who will perform the work involving smoke testing of gravity sewer lines and manhole rehabilitation.

Based on their bid results, the completeness of their bid package, and the responses of their references the Contract award is recommended to the second lowest responsive bidder, Lanzo Lining Services, Inc., in the amount not to exceed **\$1,024,591.11** for the base bid, subject to DES review and formal approval by the DEO and the PBC Board of County Commissioners. A copy of this notice has been posted at the bid opening location and will be left there for a minimum of five (5) business days.
