PALM BEACH COUNTY BOARD OF COUNTY COMMISSIONERS

BOARD APPOINTMENT SUMMARY

~~~~~~~~~~~~	 	 	

Meeting Date:

March 12, 2013

Department:

Planning, Zoning & Building Department

Submitted By:

**Building Division** 

Advisory Board Name:

**Construction Board of Adjustments and Appeals** 

______

## I. EXECUTIVE BRIEF

**Motion and Title: Staff recommends motion to approve:** reappointment of one (1) member to the Construction Board of Adjustments and Appeals.

NomineeSeatRequirementNominated ByTermRonnie Dixon5EngineerFES3/12/2013 - 3/11/2017

**Summary:** Palm Beach County Ordinance 89-31 created the Construction Board of Adjustment and Appeals. The Florida Engineer Society (FES) has nominated Ronnie Dixon for a term of four (4) years. Mr. Dixon has previously served on the board. Per Palm Beach County Ordinance 2012-006, as amended, Palm Beach County Amendments to the Florida Building Code, 2010 Edition the Board is comprised of nine (9) members. One architect; one engineer; one general contractor; one electrical contractor; one HVAC contractor; one plumbing contractor and any other contractor licensed category. In addition to these members, there should be two alternate members, one member with the qualifications referenced above and one member at large from the public. Countywide (SF)

**Background and Justification:** The Construction Board of Adjustment and Appeals shall have the power, as further defined in 113.3 of the Palm Beach County Amendments to the Florida Building Code, to hear appeals of decisions and interpretations of the Building Official and consider variances of the technical codes. The Board shall establish rules and regulations for its own procedure not inconsistent with the provisions of this code. The Board shall meet on call of the chairman. The board shall meet within 30 calendar days after notice of appeal has been received.

This advisory committee membership has 9 seats, 6 currently filled and a diversity count of White: 6 (100%). The gender ratio (male:female) is 5:1.

### Section II Continued:

CONTRACTUAL RELATIONSHIPS: Pursuant to Article XIII, Sec. 2-443 of the Palm Beach County Code of Ethics, advisory board members are prohibited from entering into any contract or other transaction for goods or services with Palm Beach County. Exceptions to this prohibition include awards made under sealed competitive bids, certain emergency and sole source purchases, and transactions that do not exceed \$500 per year in aggregate. These exemptions are described in the Code. This prohibition does not apply when the advisory board member's board provides no regulation, oversight, management, or policy-setting recommendations regarding the subject contract or transaction and the contract or transaction is disclosed at a public meeting of the Board of County Commissioners. To determine compliance with this provision, it is necessary that you, as a board member applicant, identify all contractual relationships between Palm Beach County government and you as an individual, directly or indirectly, or your employer or business. This information should be provided in the space below. If there are no contracts or transactions to report, please verify that none exist. Staff will review this information and determine if you are eligible to serve or if you may be eligible for an exception or waiver pursuant to the code.

E mail memo to Vickie Day From Ron Dixon

Re: Application for the Construction Board of Adjustment and Appeals

I have a contract with a consulting firm that has a contract with the Palm Beach County Parks and Recreation Dept. for designing some dock extensions for Burt Reynolds Park in Jupiter. My company is a sub consultant for dock design and performing periodic observations during construction. The prime consultant is C3TS which has a contract with the county (project # TBD) for improvements to the park. The C3TS project # is 01616-028. The contract with the county is dated June 29, 2010 and extends I assume until all of the construction is complete. The project had been delayed due to environmental permit problems.

I or my company does not have any contracts with the county.

Very truly yours

R. M. Dixon PE 10314

# RESUME OF DIXON AND ASSOCIATES ENGINEERS, INC. AND RONNIE M. DIXON P. E.

This firm was established in 1984 by Ronnie M. Dixon P E as a Florida Corporation with Ronnie M. Dixon as president. The firm specializes in design of marine structures such as docks, bulkheads and seawalls. Work also includes structural design for water control structures and storm water pump stations. Some bridge structures have been designed in the past. Site civil projects with paving, drainage, waste water collection and water distribution systems have been done in the past.

Representative projects are as follows:

Seawall reconstruction for the Lauder estates in Palm Beach

Bulkhead reconstruction, new bulkheads and docks for Phil Foster Park in Riviera Beach Fla.

New piers and boat ramp reconstruction Burt Reynolds Park in Jupiter, Fla.

Structural design for a water control structural for City of West Palm Beach Fla.

New dock and bulkhead reconstruction for Paul Maddock, (Landmark Estates) in Palm Beach., Fla.

Structural design for a storm water pump station for the City of Sunrise Fla.

Design of Light Harbor Marina for Palm Beach County in Riviera Beach, Fla.which consisted of bulkheads, floating docks and boat ramps.

New seawall for Town of Palm Beach at Old Ocean Blvd.

Reconstruction of seawalls for the Harbour House and Claridge Condos in Palm Beach Structural plans for South County Regional Park floating docks and ramp pier New seawall for Lord Anthony Jacobs Estate in Palm Beach

# SECTION 113 CONSTRUCTION BOARD OF ADJUSTMENT AND APPEALS

113.1 Appointment. There is hereby established a board to be called the Construction Board of Adjustment and Appeals, which shall consist of seven members and two alternates. The applicable governing body shall appoint the Board.

## 113.2 Membership and Terms

- 113.2.1 Membership. The Construction Board of Adjustment and Appeals shall consist of seven members. Such board members shall be composed of individuals with knowledge and experience in the technical codes to include, to the greatest extent possible, an architect, engineer, general contractor, electrical contractor, HVAC contractor, plumbing contractor, and any other contractor licensed category. In addition to the regular members, there should be two alternate members, one member with the qualifications referenced above and one member at large from the public. A board member shall not act in a case in which he has a personal or financial interest.
- 113.2.2 Terms. The terms of office of the board members shall be staggered so no more than one-third of the board is appointed or replaced in any 12-month period. The two alternates, if appointed, shall serve one-year terms. Vacancies shall be filled for an unexpired term in the manner in which original appointments are required to be made. Three absences of any member from required meetings of the board shall in a 12 month period, at the discretion of the applicable governing body, render any such member subject to immediate removal from office.
- 113.2.3 Quorum and voting. A simple majority of the board shall constitute a quorum. In varying any provision of this code, the affirmative votes of the majority present, but not less than three affirmative votes, shall be required. In modifying a decision of the building official, not less than four affirmative votes, but not less than a majority of the board, shall be required. In the event that regular members are unable to attend a meeting, the alternate members, if appointed, shall vote.
- **113.2.4 Secretary of board.** The building official or his/her authorized representative shall act as secretary of the board and shall make a detailed record of all of its proceedings, which shall set forth the reasons for its decision, the vote of each member, the absence of a member, and any failure of a member to vote.
- 113.3 Powers. The Construction Board of Adjustments and Appeals shall have the power, as further defined in 113.4, to hear appeals of decisions and interpretations of the building official and consider variances of the technical codes.

## 113.4 Appeals

113.4.1 Decision of the building official. The owner of a building, structure or service system, or duly authorized agent, may appeal a decision of the building official to the Construction Board of Adjustment and Appeals whenever any one of the following conditions are claimed to exist:

- 1. The building official rejected or refused to approve the mode or manner of construction proposed to be followed or materials to be used in the installation or alteration of a building, structure or service system.
- 2. The provisions of this code do not apply to this specific case.
- 3. That an equally good or more desirable form of installation can be employed in any specific case, which the building official has rejected or refused.
- 4. The true intent and meaning of this code or any of the regulations hereunder have been misconstrued or incorrectly interpreted.
- 113.4.2 Variances. The Construction Board of Adjustments and Appeals, when upon written request, has been so appealed to and after a hearing, may vary the application of any provision of this code to any particular case when, in its opinion, the enforcement thereof would do manifest injustice and would be contrary to the spirit and purpose of this or the technical codes or public interest, and also finds all of the following:
- 1. That special conditions and circumstances exist which are peculiar to the building, structure or service system involved and which are not applicable to others.
- 2. That the special conditions and circumstances do not result from the action or inaction of the applicant.
- 3. That granting the variance requested will not confer on the applicant any special privilege that is denied by this code to other buildings, structures or service system.
- 4. That the variance granted is the minimum variance that will make possible the reasonable use of the building, structure or service system.
- 5. That the grant of the variance will be in harmony with the general intent and purpose of this code and will not be detrimental to the public health, safety and general welfare.
  - **113.4.2.1 Conditions of the variance**. In granting the variance, the board may prescribe a reasonable time limit within which the action for which the variance is required shall be commenced or completed or both. In addition, the board may prescribe appropriate conditions and safeguards in conformity with this code. Violation of the conditions of a variance shall be deemed a violation of this code.
- **113.4.3 Notice of appeal**. Notice of appeal shall be in writing and filed within 30 calendar days after the building official renders the decision. Appeals shall be in a form acceptable to the building official.
- 113.4.4 Unsafe or dangerous buildings or service systems. In the case of a building, structure or service system, which in the opinion of the building official, is unsafe, unsanitary or dangerous, the building official may, in the order, limit the time for such appeals to a shorter period.

### 113.5 Procedures of the board.

- **113.5.1 Rules and regulations.** The board shall establish rules and regulations for its own procedure not inconsistent with the provisions of this code. The board shall meet on call of the chairman. The board shall meet within 30 calendar days after notice of appeal has been received.
  - 113.5.1.1 Rules of Evidence. Formal rules of evidence shall not apply, but fundamental due process should be observed and govern the proceedings. Upon determination by the Chairperson, irrelevant, immaterial, or unduly repetitious evidence may be excluded, but all other evidence of a type commonly relied upon by reasonable, prudent persons in the conduct of their affairs shall be admissible, whether or not such evidence would be admissible in a trial in the courts of Florida. Any part of the evidence may be received in written form. The Board may request certain evidence be provided by an architect or engineer registered in the State of Florida, in which case said evidence shall be signed, sealed, and dated.
  - 113.5.1.2 Testimony. Any member of the Board or the attorney representing the Board may inquire of, or question, any witness before the Board. Any member of the Board, the petitioner or his/her attorney, and/or the building official shall be permitted to inquire of any witness before the Board. The Board may consider testimony presented by the building official, the petitioner, or any other witness.
- 113.5.2 Decisions. The Construction Board of Adjustment and Appeals shall, in every case, reach a decision without unreasonable or unnecessary delay. Each decision of the board shall also include the reasons for the decision. If a decision of the board reverses or modifies a refusal, order, or disallowance of the building official or varies the application of any provision of this code, the building official shall immediately take action in accordance with such decision. Every decision shall be promptly filed in writing in the office of the building official and shall be open to public inspection. A certified copy of the decision shall be sent by mail or otherwise to the appellant and a copy shall be kept publicly posted in the office of the building official for two weeks after filing. Every decision of the board shall be final; subject however to such remedy as any aggrieved party might have at law or in equity.
- 113.6 Local Construction Regulation Board. The local government may also utilize this Board to convene as the Local Construction Regulation Board (LCRB), as provided in Florida Statute 489.113. The LCRB may deny, suspend, revoke or limit the authority of a certified contractor to obtain a building permit or permit with specific conditions, if the LCRB has found such contractor, through public hearing, to be guilty of fraud or a willful building code violation within the county or municipality that the LCRB represents. The LCRB may also, deny, suspend, revoke or limit the authority of a certified contractor to obtain a building permit or permit with specific conditions, if it has proof through the public hearing process, that a contractor has been found guilty in another county or municipality within the past 12 months, of fraud or a willful building code violation and after providing notice of an opportunity to be heard to the contractor, finds that such fraud or violation would have been fraud or a violation if committed in the county or municipality that the LCRB represents. Notification of and information concerning such permit denial shall be submitted to the division within 15 days after the LCRB decides to deny the permit.
