Department:

Water Utilities Department

## I. EXECUTIVE BRIEF

**Motion and Title:** Staff recommends motion to approve: A) Contract with Florida Design Contractors, Inc. to construct eight (8) new Surficial Production Wells for Water Treatment Plants No. 2, 3, and 8 in the amount of \$3,373,850; and B) Consultant Services Authorization (CSA) No. 10 to MWH Americas, Inc. (R2011-0632) in the amount of \$328,273.20.

Summary: On May 24, 2013, four (4) bids were received for Project No. WUD 12-006 to construct new production wells for Water Treatment Plants No. 2, 3, and 8. The low bidder was determined to be non-responsive. The award was protested by the low bidder on June 25, 2013. The Palm Beach County Purchasing Department reviewed the protest letter and PBC project documents and determined that the protest would not be upheld and the recommended award proceed as posted. The second low bidder, Florida Design Contractors, Inc., is the lowest responsive, responsible bidder in the amount of \$3,373,850. CSA 10 will provide construction services related to the eight (8) new wells and associated raw water mains. The Small Business Enterprise (SBE) participation goal established by the SBE Ordinance (R2002-0064) is 15% overall. While Florida Design Contactors, Inc. did not receive SBE credit in their bid, the Contactor has committed to an SBE participation of 25.35% overall. Florida Design Contractors, Inc. is a local company. On May 3, 2011, the Palm Beach County Board of County Commissioners (Board) approved the continuing Contract for Utility Hydrogeologic & Water Resources Engineering Services with MWH Americas, Inc. (R2011-0632). This CSA 10 will provide services during the construction of the wells. The contract with MWH Americas, Inc. provides for SBE participation of 26% overall. This CSA includes SBE participation of 18.83%. The cumulative SBE participation, including this CSA is 29.81% overall. Americas, Inc. is a local company. (WUD Project No. 12-006) Districts 2 and 5 (JM)

Background and Justification: On January 24, 2012, the Board approved CSA No. 5 with MWH Americas, Inc. (R2012-0158) to design eight (8) new surficial production wells for Water Treatment Plants No. 2, 3, and 8. These additional wells are needed at Water Treatment Plants No. 2, 3 and 8 to maintain sustainable yields and to allow adequate rest periods during the well rotation cycle which will minimize future wellfield rehabilitation; no new water allocation is required. The low bidder does not have a well drilling license and did not designate a well driller in their bid and therefore was determined to be non-responsive. The second low bidder, Florida Design Contractors, Inc. was determined to be the lowest responsive responsible bidder. Florida Design Contractors, Inc. did not receive SBE credit in their bid. After posting the bid award, Florida Design Contractors, Inc. provided corrected SBE schedules and has now achieved 25.35% SBE participation. The list of bid irregularities identified with the bid documents are detailed in Attachment 6. The bid irregularities provide no competitive advantage.

Project No. WUD 12-006 Budget Line Item No. 4011-721-W004-6541

Project Title New Water Treatment Plant 2, 3, and 8 Production Wells Engineering Services During Construction

District No.: 2, 5

THIS AUTHORIZATION # 10 to the Contract for Consulting/Professional Services dated May 3, 2011 (R2011-0632), by and between Palm Beach County and the Consultant identified herein, is for the Consultant Services described in Item 3 of this Authorization. The Contract provides for 26% SBE participation overall. This Consultant Services Authorization includes 18.83% overall participation. The cumulative SBE participation, including this authorization is 29.81% overall. Additional authorization will be utilized to meet or exceed the stated overall participation goal.

- 1. CONSULTANT: MWH Americas, Inc.
- 2. ADDRESS: 100 S. Dixie Highway, Suite 300, West Palm Beach, FL 33401
- 3. Description of Services to be provided by the Consultant:

  Professional services to provide engineering services during construction and technical oversight for eight new raw water supply production wells and associated raw water piping to provide additional well rotational capacity to the County's wellfield system. The eight new production wells will serve WTP Nos. 2, 3, and 8.

### See ATTACHMENT A.

4. Services completed by the Consultant to date (Summary and Status of Authorizations):

### See ATTACHMENT E.

- 5. Consultant shall begin work promptly on the requested services.
- 6. The compensation to be paid to the Consultant for providing the requested services shall be:
  - A. Computation of time charges plus expenses, not to exceed \$328,273.20
  - B. Fixed price of \$ N/A
- 7. This Authorization may be terminated by the County without cause or prior notice. In the event of termination not the fault of the Consultant, the Consultant shall be compensated for all services performed through the date of termination, together with reimbursable expenses (if applicable) then due.

Project Title New Water Treatment Plant 2, 3, and 8 Production Wells Engineering Services During Construction

- 8. As described in Section 7.5 of the CONTRACT, SBE participation is included in Attachment D under this Authorization. The attached Schedule 1 defines the SBE applied to this Authorization and Schedule 2 establishes the SBE contribution from each subconsultant (Letter of Intent to perform as an SBE).
- EXCEPT AS HEREBY AMENDED, CHANGED OR MODIFIED, all other terms, conditions and obligations of the Contract dated <u>May 3, 2011</u> remain in full force and effect.

# Consultant Services Authorization No. 5 Supplement No. 2

Project Title New Water Treatment Plant 2, 3, and 8 Production Wells

IN WITNESS WHEREOF, this Authorization is accepted, subject to the terms, conditions and obligations of the aforementioned Contract.

## PALM BEACH COUNTY WATER UTILITIES DEPARTMENT ENGINEERING/PROFESSIONAL SERVICES

### SCOPE OF WORK FOR

## NEW WATER TREATMENT PLANT 2, 3, AND 8 PRODUCTION WELLS ENGINEERING SERVICES DURING CONSTRUCTION

### INTRODUCTION

Palm Beach County (COUNTY) entered into an agreement entitled Contract for Engineering/ Professional Services - Palm Beach County Utilities Department Project No. WUD 11-003 (CONTRACT) with. MWH Americas, Inc. (CONSULTANT) to provide engineering services for various general activities on (Reference Document R2011-0632). This Consultant Service Authorization will be performed under that CONTRACT.

This Consultant Services Authorization encompasses providing services related to the construction of eight new production wells for WTP Nos. 2, 3, and 8.

### **BACKGROUND**

In order to provide additional rotational well capacity, the Palm Beach County Water Utilities Department (PBCWUD) needs to expand the existing wellfields serving Water Treatment Plant Nos. 2, 3, and 8. PBCWUD has identified the need to install two new raw water supply wells and associated raw water piping at WTP No. 2, two new production wells for WTP No. 3, and four new production wells for WTP No. 8. See Attachment E for well locations.

MWH, under CSA 05, provided PBCWUD with a water quality evaluation at proposed well sites, site survey, utility locates, raw water pipeline tie-ins of new production wells; design of the production wells, wellhead assembly, pumping equipment, panels and appurtenances for future VFD's, hard-wired telemetry, well pads, fencing, lighting, and related local electrical and mechanical equipment required to enable these wells to be remotely monitored and controlled; wellhead elevations for 100-year flood conditions, Compilation of support documentation for well construction permits, Preparation of design documents for bidding the construction of the wells and associated infrastructure, Development of an Opinion of Probable Construction Cost, and bidding support.

Professional services required during the construction and testing of eight new production wells for WTP Nos. 2, 3, and 8 include the following activities:

- Engineering Services During Construction
- Construction and Testing Technical Oversight Assistance

### **SCOPE OF SERVICES**

CONSULTANT shall perform the engineering Scope of Services as described herein.

### Task 1 - Project Management and Engineering Services During Construction

The CONSULTANT will attend project progress meetings with the COUNTY, prepare invoices, maintain electronic project schedule, and coordinate project activities with staff. The CONSULTANT will review shop drawings, and requests for information (RFIs). The CONSULTANT's on-site staff will maintain contact with the COUNTY's Project Manager and O&M-staff throughout the course of the project. The CONSULTANT will work with the COUNTY's CONTRACTOR where possible to minimize disruptions and impacts to the Plants and their staff. The CONSULTANT's work under this task will consist of the following:

- 1.1 Pre-Construction Meeting. The CONSULTANT and CONSULTANT's electrical SUBCONSULTANT Hillers Electric will attend a pre-construction conference. The CONSULTANT and SUBCONSULTANT will also attend a pre-construction site visit to familiarize the COUNTY's CONTRACTOR with the sites and walk through the CONTRACTOR's general construction plan.
- 1.2 Submittal Review. We anticipate that a total of 81 submittals and resubmittals will be received for this project (see table below for an initial list based on current knowledge of the project). The COUNTY will be responsible for reviewing a portion of these submittals with the balance to be reveiwed by the CONSULTANT and SUBCONSULTANT. The CONSULTANT and SUBCONSULTANT have budgeted for the review of up to 54 total shop drawings/submittals (including resubmittals rejected for deficiencies) for this rehabilitation project as noted in Attachment E Submittal List.
- 1.3 Requests for Information. The CONSULTANT will assist the COUNTY staff in preparing up to 10 responses to requests for information (RFIs) and 3 proposed construction contract modifications for this project.
- **1.4 Progress Meetings.** The CONSULTANT will attend up to 18 site progress meetings, including a project closeout meeting, for this project with the COUNTY and CONTRACTOR staff.
- **1.5 Payment Applications.** The CONSULTANT will review and provide recommendation to the COUNTY for acceptance of the CONTRACTOR's progress applications for payment. The final approval for payment will be the COUNTY's responsibility.
- **1.6 As Built Surveys WTP 2.** The CONSULTANT will perform surveys of the constructed raw water pipeline and electrical and instrumentation conduits on the WTP 2 site. These surveys will be used to verify the CONTRACTOR's survey and as built drawings during construction.
- **1.7 Record Drawings.** The CONSULTANT will prepare signed and sealed Record Drawings based on the CONTRACTOR provided red-line "As Builts."

## Task 2 – Technical Oversight During Construction and Testing of Eight New Raw Water Supply Production Wells

The CONSULTANT will provide part-time field construction management and technical oversight services from the onset of well construction activities until completion, but not more than a maximum duration of 18 months (548 calendar days).

- 2.1 **Well Construction and Testing Services.** The CONSULTANT will provide on-site technical oversight services during construction and testing such as:
  - describing drill cuttings,
  - · water sample collection,
  - installation and cementing of casing,
  - · quantification of materials and
  - · observation of gravel pack placement,
  - quantification of materials and observation of casing cementing activities,
  - · well disinfection,
  - well development and step drawdown testing.

Water sample collection will be observed and reviewed by the CONSULTANT for QA/QC purposes. The CONSULTANT will have SUBCONSULTANT Hillers Engineering perform inspection services of the Electrical and I&C installation, testing, and integration.

- 2.2 **Technical Review and Evaluations.** The CONSULTANT will provide a technical review of:
  - water quality testing results,
  - · casing installation records,
  - · cementing records,
  - and well development data to determine acceptable well construction methods.

The CONSULTANT will have SUBCONSULTANT Radise International perform sieve analyses on up to 24 gravel pack samples to verify gradation.

2.3 **Preparation of Daily Work Reports.** The CONSULTANT will prepare daily work reports supplemented by still photos on days when CONSULTANT performs technical oversight.

### **ASSUMPTIONS AND CLARIFICATIONS**

CONSULTANT's scope of work is based on certain assumptions which determine the CONSULTANT's level of effort and therefore compensation, as follows:

- CONSULTANT and SUBCONSULTANTS will comply with the COUNTY's security requirements in force at the time this work order is signed.
- The CONSULTANT's technical oversight services during construction Task 2 are based on 650 hours of well site geologist participation for the planned project duration (18 months). The COUNTY will provide the balance of required technical oversight and construction management services required to complete the project.
- Laboratory work for water quality testing is not included.

- Access will be provided by the COUNTY to the site of the work during construction activities.
- Public information, awareness, and involvement activities are not included in this scope of work.
- The COUNTY will perform all raw water pipeline inspection and verify installation of all materials.
- A copy of the Executed Contract Documents including Technical Specifications and Drawings will be furnished by the COUNTY for the CONSULTANT's use.
- Electronic files exchanged between the COUNTY and the CONSULTANT will be in a format compatible with MS Office 2007 and AutoCad.
- Records drawings will consist of the following:
  - o One Full size (22" x 34") hard copy
  - o One Half size (11" x 17") hard copy
  - o One PDF copy
  - o One electronic copy in AutoCAD 2011
- All permits and permit application fees will be prepared and paid for by the COUNTY or the CONTRACTOR.
- One trip per day to the site on days when site visits are required.

#### **COMPENSATION**

The COUNTY shall pay the CONSULTANT a fee of \$328,273.20 for providing the services described in this scope of work, in accordance with Attachment A. Such fee shall be invoiced and paid for under the terms and conditions of the CONTRACT by the time plus expenses method of payment and once such amount is reached, CONSULTANT will not perform any additional work that would exceed this amount without prior written consent of the COUNTY.

## SBE - M/WBE PARTICIPATION

As prescribed under Section 7.5 of the CONTRACT, SBE-M/WBE participation is included in Attachment B under this Authorization. The attached Schedule 1 defines the SBE participation.

## Inter-Office Memorandum

## Palm Beach County

Water Utilities Department

DATE:

June 14, 2013

TO:

Bevin A. Beaudet, P.E.

Director

FROM:

Maurice Tobon, P.E.

Director of Engineering

RE:

Notice of Award Recommendation

Water Treatment Plants 2, 3, & 8

New Production Wells Project No. WUD 12-006

The bid opening for the above referenced project was held on Friday, May 24, 2013. Proposals were received from four (4) contractors. The complete Bid Tabulation is attached. The engineer's opinion of probable construction cost was \$3,400,000 for Bid Item Numbers A-1 through E-3. An evaluation of the first and second low bids follows:

- 1. The first low bidder did not provide the name of the well driller as a major subcontractor on Attachment 4 of the Bid Form at the time of the bid opening. This omission is cause to declare the bid non-responsive.
- The second low bidder, Florida Design Contractors, Inc. properly executed the Bid Form
  provided in the Contract Documents, however mathematical errors were found during the
  detailed bid tabulation which resulted in a total decrease of \$150 from the bid opening
  amount.
- 3. The second low bidder enclosed a Bid security equal to 5% of the total base bid.
- The second low bidder holds a valid state contractor's license. A copy of the license information is included.
- 5. The second low bidder, Florida Design Contractors, Inc., has Local Preference and has submitted the required documentation.
- 6. SBE-M/V/BE Schedules #1 and #2 were provided, however the Schedule 2 forms were incomplete and SBE credit could not be awarded. Florida Design Contractors, Inc., did not meet the 15% SBE goal established under the SBE Ordinance. See the attached SBE-M/WBE compliance review. While Florida Design Contactors, Inc. did not receive SBE credit in their bid, the Contractor has committed to a SBE participation of 25.35% overall.
- 7. The County Attorney has reviewed the bid and Bid Review Comments for Florida Design Contractors, Inc., and determined that the bid is responsive (see attached Bid Review Comments and email).

As a result of this evaluation we recommend Florida Design Contractors, Inc. as the successful, responsive, low bidder. Contract award is recommended to the lowest responsive bidder in the Base Bid amount not to exceed \$3,373,850.00 subject to formal approval by the Board of County Commissioners. A copy of this notice has been emailed to all bidders and posted at the bid opening location and will be left there for a minimum of five (5) business days.

c: Brian Shields, P.E. Deputy Director Victor Ortiz, Contract Manager Stephen McGrew, P.E. Plant Design Manager

Michael W. Jones, CAO

Craig C. Williams, Assistant Director of Finance & Administration

## EVALUATION:

The Low Bidder, TLC Diversified, Inc. has met the SBE goal for this project.

\* AMPS and Florida Design Drilling did not submit OSBA Schedule 2 and could not be given SBE credit

The  $3^{\rm rd}$  low bidder, Megawattage LLC has met the SBE goal but does not fall within the ranking of responsive bidders.

: Allen Gray, Manager OSBA

RE: WUD 12-006 WTPs 2, 3, & 8 New Production Wells

#### Diana,

Thank you for making me aware of our error. During the last minutes of the bid we omitted the values. If awarded the contract Florida Design is prepared to meet the requirements of the CBE program as listed in Schedule 1. I will have the completed paper work to you on Monday via email and by mail following. Thank you for considering Florida Design.

Tom Clarke President Florida Design Contractors, Inc. 561-275-2280 Direct Line 561-719-6559 Cell

From: Diana Rivera [mailto:drivera@pbcwater.com]

Sent: Friday, June 14, 2013 1:07 PM

To: Tom Clarke Cc: Steve McGrew

Subject: WUD 12-006 WTPs 2, 3, & 8 New Production Wells

In your bid documents for the WUD 12-006 project, Schedule 1 shows two SBE subcontractors, AMPS and Florida Design Drilling.

The dollar amount listed for AMPS is \$465,000.

The dollar amount listed for Florida Design Drilling is \$390,435.

Schedule 2 for each of these subcontractors is signed and dated, however the Item Description and Total Price are blank. Due to these omissions, Florida Design Contractors did not receive SBE credit for the bid.

In the event that the contract is awarded to Florida Design Contractors, would FDC be able to commit to the SBE subcontractor dollar amounts listed in Schedule 1?

If so, please prepare revised Schedule 2's for each of the subcontractors and email and mail the originals to my attention as soon as possible.

Thank you.

# Water Treatment Plants 2, 3, & 8 New Production Wells Project WUD 12-006

### List of Bid Irregularities

The four (4) bids received for the Water Treatment Plants 2, 3, & 8 New Production Wells project have been reviewed. The errors, omissions or irregularities found in the bid documents have been noted below.

### TLC Diversified, Inc.

- 1. Dollar amount of Bid Bond is not listed, though '5% bid bond' is indicated.
- 2. Name of the well driller was not listed on Attachment 4, "List of Major Subcontractors (Non-SBE)". See email from Contractor.
- 3. The SBE goal was not met (0%), because Schedule 2 forms were not filled out completely. See OSBA evaluation.

### Florida Design Contractors

- 1. The detailed bid tabulation amount differed from the bid opening tabulation amount by a total decrease of \$150.
- 2. The bid appears to be unbalanced for Bid Item No. A-1 and B-1. Upon further review the amount for Bid Item A-1 is 7.18% of the total base bid, which is in line with PPM CW-O-042 and the industry standard for mobilization/demobilization and site restoration for well drilling projects. This bid item also includes costs for General Conditions. Although Bid Item B-1, is higher in relation to the other bids, when compared to the total costs in Schedule B Well Construction, the overall bid prices are not unbalanced. Because most of the bid items are expected to be performed, there is no reason to believe that the bid is unbalanced.
- 3. Dollar amount of Bid Bond is not listed although '5% of Amount Bid' is listed.
- 4. The SBE goal was not met (0%), because Schedule 2 forms were not filled out completely. See OSBA evaluation.
- 5. Schedule 2 for Florida Design Drilling Corp. does not specify the work to be performed or the dollar amount for SBE participation.
- 6. Schedule 2 for AMPS does not specify the work to be performed or the dollar amount for SBE participation.

WUD 12-006 Page 1 of 2

### Megawattage, LLC

- 1. Dollar amount of Bid Bond is not listed.
- 2. A Florida Resident Agent has not signed the Bid Bond.
- 3. An addition error resulted in a decrease of \$180,000 in the Total Schedule B.
- 4. An addition error resulted in an increase of \$151,660 in the Total Schedule C.
  - a. The detailed bid tabulation amount differed from the bid opening tabulation amount by a decrease of \$340 (Bid Item No. C-4).
- 5. An addition error resulted in a decrease of \$124,225 in the Total Schedule D.
  - a. The detailed bid tabulation amount differed from the bid opening tabulation amount by an increase of \$650 (Bid Item No. D-5).
- 6. An addition error resulted in a decrease of \$152,565 in the Total Base Bid (Sch. A, B, C, D, & E).
- 7. The SBE goal was met (41.67%). See OSBA evaluation.

#### All Webb's Enterprises, Inc.

- 1. The bid appears to be unbalanced for Bid Item No. 1.
- 2. Dollar amount of Bid Bond is not listed.
- 3. Schedule 2 for All Webb's Enterprises in not signed or dated.
- 4. Schedule 2 description of scope of work and dollar amount are missing.
- 5. The SBE goal was met (79%), however Schedule 2 form was not filled out completely and credit would most likely be deducted. This bid was not submitted for OSBA review.

## ATTACHMENT NO. 4 TO BID FORM

## LIST OF MAJOR SUBCONTRACTORS (NON-SBE)

PROJECT NUMBER: WUD 12-006

PROJECT NAME: Water Treatment Plants	2, 3, and t	8 New Production	Wells
--------------------------------------	-------------	------------------	-------

DATE: May 15, 2013

A list of major subcontractors to be utilized on the project shall be provided herein. This list of major subcontractors and their license numbers shall be included with the Supplemental Bid Documents. Refer to Instructions to Bidders, Paragraph 5.4. The Contractor shall complete all information (Trade, Subcontractor, License/Certificate Number) in all categories that apply. Suppliers or off-site fabricators are not to be listed.

The purpose of this list is to discourage "sub-shopping" in general, and to provide a basis for the implementation of the substitution provisions of this Contract (Instructions to Bidder 2.3). The receipt of this Attachment in no way constitutes approval or disapproval by the County of any subcontractor listed. Failure to furnish all information may result in rejection of bid.

Following are the major subcontractors (non-SBE) to be used if the undersigned is awarded the contract.

TRADE	SUBCONTRACTOR	LICENSE/CERTIFICATE NO.
Well Drilling	Wells & Water Systems	STATE Q35Q
Bldding Contractor:	TLC Diversified, Inc.

The four (4) bids received for the Water Treatment Plants 2, 3, & 8 New Production Wells project have been reviewed. The errors, omissions or irregularities found in the bid documents have been noted below.

#### TLC Diversified, Inc.

- 1. Dollar amount of Bid Bond is not listed, though '5% bid bond' is indicated.
- 2. Name of the well driller was not listed on Attachment 4, "List of Major Subcontractors (Non-SBE)". See email from Contractor.
- 3. The SBE goal was not met (0%), because Schedule 2 forms were not filled out completely. See OSBA evaluation.

## Florida Design Contractors

- 1. The detailed bid tabulation amount differed from the bid opening tabulation amount by a total decrease of \$150.
- 2. The bid appears to be unbalanced for Bid Item No. A-1 and B-1. Upon further review the amount for Bid Item A-1 is 7.18% of the total base bid, which is in line with PPM CW-O-042 and the industry standard for mobilization/demobilization and site restoration for well drilling projects. This bid item also includes costs for General Conditions. Although Bid Item B-1, is higher in relation to the other bids, when compared to the total costs in Schedule B Well Construction, the overall bid prices are not unbalanced. Because most of the bid items are expected to be performed, there is no reason to believe that the bid is unbalanced.
- 3. Dollar amount of Bid Bond is not listed although '5% of Amount Bid' is listed.
- 4. The SBE goal was not met (0%), because Schedule 2 forms were not filled out completely. See OSBA evaluation.
- 5. Schedule 2 for Florida Design Drilling Corp. does not specify the work to be performed or the dollar amount for SBE participation.
- 6. Schedule 2 for AMPS does not specify the work to be performed or the dollar amount for SBE participation.

#### Megawattage, LLC

- 1. Dollar amount of Bid Bond is not listed.
- 2. A Florida Resident Agent has not signed the Bid Bond.
- 3. An addition error resulted in a decrease of \$180,000 in the Total Schedule B.
- 4. An addition error resulted in an increase of \$151,660 in the Total Schedule C.
  - a. The detailed bid tabulation amount differed from the bid opening tabulation amount by a decrease of \$340 (Bid Item No. C-4).
- 5. An addition error resulted in a decrease of \$124,225 in the Total Schedule D.
  - a. The detailed bid tabulation amount differed from the bid opening tabulation amount by an increase of \$650 (Bid Item No. D-5).
- 6. An addition error resulted in a decrease of \$152,565 in the Total Base Bid (Sch. A, B, C, D, & E).
- 7. The SBE goal was met (41.67%). See OSBA evaluation.

#### All Webb's Enterprises, Inc.

- 1. The bid appears to be unbalanced for Bid Item No. 1.
- 2. Dollar amount of Bid Bond is not listed.
- 3. Schedule 2 for All Webb's Enterprises in not signed or dated.
- 4. Schedule 2 description of scope of work and dollar amount are missing.
- 5. The SBE goal was met (79%), however Schedule 2 form was not filled out completely and credit would most likely be deducted. This bid was not submitted for OSBA review.
