**Background and Policy Issues:** Palm Beach County has a very active CERT program with over 3,500 citizens CERT trained. The CERT program educates citizens about disaster preparedness for all hazards and provides training in basic disaster response skills, such as fire safety, light search and rescue, team organization, and disaster medical operations. Using the training learned in the classroom and during exercises, CERT members can assist others in their neighborhood or workplace following an event when professional responders are not immediately available to help. A review shall be done for each function or activity in Attachment A to this Agreement, and reported in the quarterly report.

In addition to reviews of audits conducted in accordance with paragraph (6) above, monitoring procedures may include, but not be limited to, on-site visits by Division staff, limited scope audits, and/or other procedures. The Recipient agrees to comply and cooperate with any monitoring procedures/processes deemed appropriate by the Division. In the event that the Division determines that a limited scope audit of the Recipient is appropriate, the Recipient agrees to comply with any additional instructions provided by the Division to the Recipient regarding such audit. The Recipient further agrees to comply and cooperate with any inspections, reviews, investigations or audits deemed necessary by the Florida Chief Financial Officer or Auditor General. In addition, the Division will monitor the performance and financial management by the Recipient throughout the contract term to ensure timely completion of all tasks.

(9) LIABILITY

(a) Unless Recipient is a State agency or subdivision, as defined in Section 768.28, Fla. Stat., the Recipient is solely responsible to parties it deals with in carrying out the terms of this Agreement, and shall hold the Division harmless against all claims of whatever nature by third parties arising from the work performance under this Agreement. For purposes of this Agreement, Recipient agrees that it is not an employee or agent of the Division, but is an independent contractor.

(b) Any Recipient which is a state agency or subdivision, as defined in Section 768.28, Fla. Stat., agrees to be fully responsible for its negligent or tortious acts or omissions which result in claims or suits against the Division, and agrees to be liable for any damages proximately caused by the acts or omissions to the extent set forth in Section 768.28, Fla. Stat. Nothing herein is intended to serve as a waiver of sovereign immunity by any

Recipient to which sovereign immunity applies. Nothing herein shall be construed as consent by a state agency or subdivision of the State of Florida to be sued by third parties in any matter arising out of any contract.

(10) DEFAULT.

If any of the following events occur ("Events of Default"), all obligations on the part of the Division to make further payment of funds shall, if the Division elects, terminate and the Division has the option to exercise any of its remedies set forth in Paragraph (11). However, the Division may make payments or partial payments after any Events of Default without waiving the right to exercise such remedies, and without becoming liable to make any further payment:

(a) If any warranty or representation made by the Recipient in this Agreement or any previous agreement with the Division is or becomes false or misleading in any respect, or if the Recipient fails to keep or perform any of the obligations, terms or covenants in this Agreement or any previous agreement with the Division and has not cured them in timely fashion, or is unable or unwilling to meet its obligations under this Agreement;

(b) If material adverse changes occur in the financial condition of the Recipient at any time during the term of this Agreement and the Recipient fails to cure this adverse change within thirty days from the date written notice is sent by the Division.

(c) If any reports required by this Agreement have not been submitted to the Division or have been submitted with incorrect, incomplete or insufficient information;

(d) If the Recipient has failed to perform and complete on time any of its obligations under this Agreement.

(11) REMEDIES.

If an Event of Default occurs, then the Division may, after thirty calendar days written notice to the Recipient and upon the Recipient's failure to cure within those thirty days, exercise any one or more of the following remedies, either concurrently or consecutively:

(a) Terminate this Agreement, provided that the Recipient is given at least thirty days prior written notice of the termination. (b) Begin an appropriate legal or equitable action to enforce performance of this Agreement;

4. Require the Recipient to reimburse the Division for the amount of costs incurred for any items determined to be ineligible;

(f) Exercise any other rights or remedies which may be available under law.

(g) Pursuing any of the above remedies will not stop the Division from pursuing any other remedies in this Agreement or provided at law or in equity. If the Division waives any right or remedy in this Agreement or fails to insist on strict performance by the Recipient, it will not affect, extend or waive any other right or remedy of the Division, or affect the later exercise of the same right or remedy by the Division for any other default by the Recipient.

(12) TERMINATION.

(a) The Division may terminate this Agreement for cause after thirty days written notice. Cause can include misuse of funds, fraud, lack of compliance with applicable rules, laws and regulations, failure to perform on time, and refusal by the Recipient to permit public access to any document, paper, letter, or other material subject to disclosure under Chapter 119, Fla. Stat., as amended.

(b) The Division may terminate this Agreement for convenience or when it determines, in its sole discretion that continuing the Agreement would not produce beneficial results in line with the further expenditure of funds, by providing the Recipient with thirty calendar day's prior written notice.

(c) The parties may agree to terminate this Agreement for their mutual convenience through a written amendment of this Agreement. The amendment will state the effective date of the termination and the procedures for proper closeout of the Agreement.

(d) In the event that this Agreement is terminated, the Recipient will not incur new obligations for the terminated portion of the Agreement after the Recipient has received the notification of termination. The Recipient will cancel as many outstanding obligations as possible. Costs incurred after receipt of the termination notice will be disallowed. The Recipient shall not be relieved of liability to the Division because of any breach of Agreement by the Recipient. The Division may, to the extent authorized by law, withhold payments to the Recipient for the purpose of set-off until the exact amount of damages due the Division from the Recipient is determined.

If any provision of this Agreement is in conflict with any applicable statute or rule, or is unenforceable, then the provision shall be null

(j) Any bills for travel expenses shall be submitted in accordance with Section 112.061, Fla. Stat.

(k) The Division reserves the right to unilaterally cancel this Agreement if the Recipient refuses to allow public access to all documents, papers, letters or other material subject to the provisions of Chapter 119, Fla. Stat., which the Recipient created or received under this Agreement.

(l) If the Recipient is allowed to temporarily invest any advances of funds under this Agreement, any interest income shall either be returned to the Division or be applied against the Division's obligation to pay the contract amount.

(m) The State of Florida will not intentionally award publicly-funded contracts to any contractor who knowingly employs unauthorized alien workers, constituting a violation of the employment provisions contained in 8 U.S.C. The Division shall consider the employment by any contractor of unauthorized aliens a violation of Section 274A(e) of the INA. (b) The Recipient certifies, by its signature to this Agreement, that to the best of his or her knowledge and belief:

## B. Scope of Work

Funding is provided to perform eligible activities as identified in the Fiscal Year 2012 Emergency Management Performance Grant Program, consistent with the Department of Homeland Security State Strategy. The intent of this agreement is to complete the following approved projects:

### I. EO and Project Description

**EO 58 – Citizen Corps and Community Emergency Response Team (CERT) Program** - The Citizen Corps mission is to bring community and government leaders together to coordinate the involvement of community members and organizations in emergency preparedness, planning, mitigation, response, and recovery.

The FY 2012 Citizen Corps Program (CCP) funds provide resources for States and local communities to:

- Bring together the appropriate leadership to form and sustain a Citizen Corps Council
- Develop and implement a plan and amend existing plans, such as emergency operations plans (EOP) to achieve and expand citizen preparedness and participation
- Conduct public education and outreach
- Ensure clear, timely, and accessible alerts/warnings and emergency communications with the public
- Develop training programs for the public, including special needs populations, for both all-hazards preparedness and volunteer responsibilities
- Facilitate citizen participation in exercises
- Implement volunteer programs and activities to support emergency responders
- Involve citizens in surge capacity roles and responsibilities during an incident in alignment with the Emergency Support Functions and Annexes
- Conduct evaluations of programs and activities

### II. Categories and Eligible Activities

Eligible activities are outlined in the Scope of Work for each category below. FY2012 EMPG allowable costs are divided into the following categories: **planning, training, exercises, equipment, management and administration cost**. Each category's allowable costs have been listed in the "Budget Detail Worksheet" above. Eligible activities should support the above approved projects.

#### A. Planning

Planning spans across all five NPG mission areas and provides a baseline for determining potential threats and hazards, required capabilities, required resources, and establishes a framework for roles and responsibilities. Planning provides a methodical way to engage the whole community in the development of a strategic, operational, and/or community-based approach to preparedness. Integrating non-governmental entities into the planning process is critical to achieve comprehensive community preparedness. To meet this important objective, EMPG funds may be used to support the following:

- Establishing and sustaining bodies to serve as Citizen Corps Councils
- Assuring that State and local government homeland security strategies, policies, guidance, plans, and evaluations include a greater emphasis on government/non-governmental collaboration, citizen preparedness, and volunteer participation
- Developing/enhancing emergency management and operations plans to integrate citizen/volunteer and other non-governmental organization resources and participation.

- Community-based planning to advance “whole community” security and emergency management.
- Developing and implementing a community preparedness strategy for the State/local jurisdiction
- Developing or reproducing accessible public education and outreach materials to: increase citizen preparedness and knowledge of protective actions (to include the national *Ready Campaign* materials); promote training, exercise, and volunteer opportunities; and inform the public about emergency plans, evacuation routes, shelter locations, and public alerts/warnings
  - All public education and outreach materials must include the national or jurisdiction’s Citizen Corps logo, tagline or website or the Ready logo, tagline, or website and comply with logo standards. For more information go to <http://www.citizencorps.gov>. In addition, all public education and outreach materials should incorporate special needs considerations, to include language, content, and method of communication
  - Allowable expenditures include:
    - Media campaigns: Public Service Announcements (PSAs), camera-ready materials, website support, and newsletters
    - Outreach activities and public events: Booth displays, event backdrops or signs, displays and demonstrations, utilizing translation services, and informational materials such as brochures/flyers
    - Costs associated with inclusive practices and the provision of reasonable accommodations and modifications to provide full access for children and adults with disabilities.
- Establishing, expanding, and maintaining volunteer programs and volunteer recruitment efforts that support disaster preparedness and/or response.
  - Citizen support for emergency responders is critical through year-round volunteer programs and as surge capacity in disaster response. Citizen Corps funding may be used to establish, enhance or expand volunteer programs and volunteer recruitment efforts for Neighborhood Watch/USAonWatch, Community Emergency Response Teams (CERT), Volunteers in Police Service (VIPS), Medical Reserve Corps (MRC), and Fire Corps; for the Citizen Corps Affiliate Programs and Organizations; and for jurisdiction specific volunteer efforts.
  - Allowable expenditures include:
    - Recruiting, screening, and training volunteers (e.g. background checks)
    - Retaining, recognizing, and motivating volunteers
    - Purchasing, maintaining, or subscribing to a system to track volunteers (to include identification and credentialing systems, and to track volunteer hours) and other available resources in compliance with applicable privacy laws.
    - Necessary non-structural accommodations to include persons with programmatic and communications access needs (e.g., sign language interpreters. Computer Assisted Realtime Translation (CART) and other modifications of policies and practices to fully include volunteers with disabilities)
    - Evaluating volunteers

**B. Training**

Training funded through the CCP includes but is not limited to: all-hazards safety, such as emergency preparedness, basic first aid, life saving skills, crime prevention and terrorism

awareness, school preparedness, public health issues, mitigation/property damage prevention, safety in the home, light search and rescue skills, principles of NIMS/ICS, community relations, volunteer management, serving people with disabilities, pet care preparedness, any training necessary to participate in volunteer activities, any training necessary to fulfill surge capacity roles, or other training that promotes individual, family, or community safety and preparedness.

There is no cap on the number of deliveries State or local jurisdictions may conduct of non-responder community based workshops, seminars, demonstrations, or conferences. Examples include; CPR/AED training, identity theft workshops, terrorism awareness seminars, chain-saw safety demonstrations, and disability-inclusive community preparedness conferences.

Funding for CERT training includes the delivery of the CERT Basic Training Course, supplemental training for CERT members who have completed the basic training, and the CERT Train-the-Trainer Course, and the CERT Program Manager Course. Any CERT Basic training conducted by State or local entities must: 1) include the topics covered in the FEMA CERT Basic Training Course; 2) be instructor-led; and 3) be classroom-based, using lecture, demonstration, and hands-on practice throughout. Note that the Independent Study course, "Introduction to CERT" (IS 317) must not be substituted for classroom delivery of CERT basic training. Supplemental training for CERT members who have completed the basic training includes modules available on the national CERT website, as well as other supplemental training that meets the following criteria:

- Relates to a reasonably foreseeable activity CERT members might be tasked to perform in support of emergency services responders; or
- Increases competency and understanding of the emergency management context in which CERT members may be asked to operate; or
- Enhances understanding of a particular local hazard CERT members might encounter in their response activities

There is no cap on the number of deliveries State or local jurisdictions may conduct of the CERT Basic Training, the CERT Train-the-Trainer, Campus CERT Train-the-Trainer, Teen CERT Train-the-Trainer, or CERT Program Manager courses, or supplemental/advanced training for CERT program participants.

Any training supported with these CCP funds should be delivered with specific consideration to include all ages, ethnic and cultural groups, persons with disabilities, and access and functional needs populations at venues throughout the community, to include schools, neighborhoods, places of worship, the private sector, non-governmental organizations, and government locations. Expenditures to provide necessary non-structural accommodations for persons with disabilities and other access and functional needs is allowable (e.g., sign language interpreters, CART and other modifications of policies and practices to fully include participants with disabilities). Jurisdictions are also encouraged to leverage existing training provided via educational/professional facilities and to incorporate non-traditional methodologies such as the Internet, distance learning, or home study whenever such delivery supports training objectives. Pilot courses and innovative approaches to training citizens and instructors are encouraged.

Instruction for trainers and training to support the Citizen Corps Council members in their efforts to manage and coordinate the Citizen Corps mission is also an allowable use of the FY 20121 CCP funding.

EMPG Program funds used for training should support the nationwide implementation of NIMS. The NIMS Training Program establishes a national curriculum for NIMS and provides information on NIMS courses; grantees are encouraged to place emphasis on the core competencies as defined in the NIMS Training Program. The NIMS Training Program can be at [http://www.fema.gov/pdf/emergency/nims/nims\\_training\\_program.pdf/](http://www.fema.gov/pdf/emergency/nims/nims_training_program.pdf/)

The NIMS Guideline for Credentialing of Personnel provides guidance on the national credentialing standards. The NIMS Guidelines for Credentialing can be found at [http://www.fema.gov/pdf/emergency/nims/nims\\_cred\\_guidelines\\_report.pdf](http://www.fema.gov/pdf/emergency/nims/nims_cred_guidelines_report.pdf).

To ensure the professional development of the emergency management workforce, the grantee must ensure routine capabilities assessment is accomplished and a multi-year training plan is developed and implemented.

### ***Allowable Training Costs***

Allowable training-related costs include, but are not limited to, the following:

- **Funds Used to Develop, Deliver, and Evaluate Training.** Includes costs related to administering the training, planning, scheduling, facilities, materials and supplies, reproduction of materials, disability accommodations and equipment. Training should provide the opportunity to demonstrate and validate skills learned, as well as to identify any gaps in these skills. Any training or training gaps, including those for children and individuals with disabilities or access and functional needs, should be identified in the AAR/IP and addressed in the training cycle.
- **Overtime and Backfill.** The entire amount of overtime costs, including payments related to backfilling personnel which are the direct result of attendance at FEMA and/or approved training courses and programs, are allowable. These costs are allowed only to the extent the payment for such services is in accordance with the policies of the State or unit(s) of local government and has the approval of the State or the awarding agency, whichever is applicable. In no case is dual compensation allowable. That is, an employee of a unit of government may not receive compensation from their unit or agency of government AND from an award for a single period of time (e.g., 1:00 pm to 5:00 pm), even though such work may benefit both activities.
- **Travel.** Travel costs (e.g., airfare, mileage, per diem, hotel) are allowable as expenses by employees who are on travel status for official business related to approved training.
- **Hiring of Full or Part-Time Staff or Contractors/Consultants.** Full- or- part-time staff may be hired to support direct training-related activities. Payment of salaries and fringe benefits must be in accordance with the policies of the State or unit(s) of local government and have the approval of the State or awarding agency, whichever is applicable. Such costs must be included within the funding allowed for program management personnel expenses, which must not exceed 15 percent (15%) of the total allocation as specified in section E.6. In no case is dual compensation allowable (see above).
- **Certification/Recertification of Instructors** Cost associated with the certification and re-certification of instructors are allowed. States are encouraged to follow the FEMA Instructor Quality Assurance Program to ensure a minimum level of competency and corresponding levels

of evaluation of student learning. This is particularly important for those courses that involve training of trainers.

**C. Exercises**

Exercises specifically designed for or that include participation from non-governmental entities and the general public are allowable activities and may include testing public warning systems, evacuation/shelter in-place capabilities, family/school/business preparedness, and participating in table-top or full scale emergency responder exercises at the local, State, tribal, territorial, or national level, to include the National Level Exercises. Grantees are encouraged to develop exercises that test their SOPs/SOGs in accordance with the FY 2012 Priority requirements.

.Allowable exercise-related costs include:

- **Funds Used to Design, Develop, Conduct, and Evaluate an Exercise** – Includes costs related to planning, meeting space and other meeting costs, facilitation costs, materials and supplies, travel, and documentation. Grantees are encouraged to use free public space/locations/facilities, whenever available, prior to the rental of space/locations/facilities. Exercises should provide the opportunity to demonstrate and validate skills learned, as well as to identify any gaps in these skills. Any exercise or exercise gaps, including those for children and individuals with disabilities or access and functional needs, should be identified in the AAR/IP and addressed in the exercise cycle.
- **Hiring of Full or Part-Time Staff or Contractors/Consultants** – Full or part-time staff may be hired to support exercise-related activities. Payment of salaries and fringe benefits must be in accordance with the policies of the State or unit(s) of local government and have the approval of the State or the awarding agency, whichever is applicable. The services of contractors/consultants may also be procured to support the design, development, conduct and evaluation of exercises. In no case is dual compensation allowable.
- **Overtime and Backfill** – The entire amount of overtime costs, including payments related to backfilling personnel, which are the direct result of time spent on the design, development, and conduct of exercises are allowable expenses. These costs are allowed only to the extent the payment for such services is in accordance with the policies of the State or unit(s) of local government and has the approval of the State or the awarding agency, whichever is applicable. In no case is dual compensation allowable. That is, an employee of a unit of government may not receive compensation from their unit or agency of government AND from an award for a single period of time (e.g., 1:00 p.m. to 5:00 p.m.), even though such work may benefit both activities.
- **Travel** – Travel costs are allowable as expenses by employees who are on travel status for official business related to the planning and conduct of exercise project(s) or HSEEP programmatic requirements as described in the HSEEP website (e.g., Improvement Plan Workshops, Training and Exercise Plan).
- **Supplies** – Supplies are items that are expended or consumed during the course of the planning and conduct of the exercise project(s) (e.g., copying paper, gloves, tape, non-sterile masks, and disposable protective equipment).

- **Disability Accommodations** - Materials, services, tools and equipment for exercising inclusive of people with disabilities (physical, programmatic and communications access for people with physical, sensory, mental health, intellectual and cognitive disabilities).
- **Other Items** – These costs include the rental of equipment (e.g., portable toilets, tents), food, gasoline, exercise signs, badges, etc.

**Unauthorized exercise-related costs include:**

- Reimbursement for the maintenance and/or wear and tear costs of general use vehicles (e.g., construction vehicles) and emergency response apparatus (e.g., fire trucks, ambulances).
- Equipment that is purchased for permanent installation and/or use, beyond the scope of exercise conduct (e.g., electronic messaging signs).
- Durable and non-durable goods purchased for installation and/or use beyond the scope of exercise conduct

***Exercise Requirements***

Exercises conducted with FEMA support must be managed and executed in accordance with the Homeland Security Exercise and Evaluation Program (HSEEP). HSEEP Guidance for exercise design, development, conduct, evaluation, and improvement planning is located at <https://hseep.dhs.gov>. The HSEEP Library provides sample exercise materials and templates.

All exercises using HSGP funding must be NIMS compliant. More information is available online at the NIMS Integration Center, <http://www.fema.gov/emergency/nims/index.shtm>.

Where applicable, the Training and Exercise Plans should include training and exercises that support specialized programs, such as the Regional Catastrophic Preparedness Grant Program.

States are encouraged to exercise their capabilities with regard to infants and children across all aspects of response and recovery, including pediatric medical surge capabilities and integrating the accessibility and functional needs of children and adults with disabilities.

- **Exercise Scenarios.** The scenarios used in HSGP-funded exercises must be based on the State/Urban Area's Homeland Security Strategy and plans. Acceptable scenarios for SHSP, UASI, MMRS, and CCP exercises include: chemical, biological, radiological, nuclear, explosive, cyber, agricultural and natural or technological disasters. Exercise scenarios must be catastrophic in scope and size as defined by the *National Response Framework*.

The scenarios used in HSGP-funded exercises must focus on validating existing capabilities and must be large enough in scope and size to exercise multiple tasks and warrant involvement from multiple jurisdictions and disciplines and nongovernmental organizations, and take into account the needs and requirements for individuals with disabilities. Exercise scenarios should also be based on the Multiyear Training and Exercise Plan.

- **Special Event Planning.** If a State or Urban Area will be hosting a special event (e.g., Super Bowl, G-8 Summit), the special event planning should be considered as a training or exercise

for the purpose of the Multi-Year Training and Exercise Plan. The State or Urban Area should plan to use SHSP or UASI funding to finance training and exercise activities in preparation for those events. States and Urban Areas should also consider exercises at major venues (e.g., arenas, convention centers) that focus on evacuations, communications, and command and control. States should also anticipate participating in at least one Regional Exercise annually. States must include all confirmed or planned special events in the Multi-year Training and Exercise Plan.

- **Exercise Evaluation Improvement.** Exercises should evaluate performance of the objectives and capabilities required to respond to the exercise scenario. Guidance related to exercise evaluation and improvement planning is defined in the Homeland Security Exercise and Evaluation Program located at <https://hseep.dhs.gov>.
- **Role of Non-Governmental Entities in Exercises.** Non-governmental participation in all levels of exercises is strongly encouraged. Leaders from nongovernmental entities should be included in the planning, conduct, and evaluation of an exercise. State, local, tribal, and territorial jurisdictions are encouraged to develop exercises that test the integration and use of non-governmental resources provided by non-governmental entities, defined as the private sector and private non-profit, faith-based, community, volunteer, and other non-governmental organizations. Non-governmental participation in exercises should be coordinated with the local Citizen Corps Council(s) and other partner agencies. The scenarios used in HSGP-funded exercises must focus on validating existing capabilities, must comply with and be large enough in scope and size to exercise multiple activities and warrant involvement from multiple jurisdictions and disciplines and non-governmental organizations, and take into account the needs and requirements for individuals with disabilities.

#### **D. Equipment**

States and Urban Areas are encouraged to fully leverage all HSGP resources for equipment to support volunteer personnel in preparedness and response. All allowable equipment costs are listed in the AEL, available at <https://www.rkb.us>.

Any equipment purchased with CCP funding must be used for specific preparedness or volunteer training or by volunteers in carrying out their response functions. Examples of equipment used to support training and exercises for citizens include items such as burn pans or sample preparedness kits.

Expenditures for kits used in volunteer response (e.g., CERT or MRC kits / backpacks) or clothing for official identification must not exceed 30 percent of the total Citizen Corps Program allocation. Clothing for official identification includes those items that volunteers are required to wear when engaging in public safety activities or disaster response (e.g., t-shirts for CERT members, baseball caps for Neighborhood Watch/USAonWatch Program foot patrol members). To assure appropriate and consistent use, such clothing items must be issued by the agency that trains the volunteers.

CCP supported volunteer programs and assets, which are authorized to deploy in response and recovery operations, must meet the minimum training and equipment requirements, as determined by the national program office in coordination with the sponsoring State/territory.

Necessary accommodations that meet the disability related access and functional needs of participants should be provided.

E. **Management and Administration** - no more than 5% of each sub-recipient's total award may be expended on Management and Administration costs. M&A activities are those define as directly relating to the management and administration of EMPG Program funds, such as financial management and monitoring. It should be noted that salaries of State and local emergency managers are not typically categorized as M&A, unless the State or local EMA chooses to assign personnel to specific M&A activities.

**Hiring of full-time or part-time staff or contractors/consultants:**

- To assist with the management of the respective grant program
- To assist with application requirements
- To assist with the compliancy with reporting and data collection requirements

**Development of operating plans for information collection and processing necessary to respond to DHS/FEMA data calls**

**Costs associated with achieving emergency management that is inclusive of the access and functional needs of workers and citizens with disabilities**

**Overtime and backfill costs** - Overtime expenses are defined as the result of personnel who worked over and above their normal scheduled daily or weekly worked time in the performance of FEMA – approved activities. Backfill Costs also called “Overtime as Backfill” are defined as expenses from the result of personnel who are working overtime in order to perform the duties of other personnel who are temporarily assigned to FEMA – approved activities outside their core responsibilities. Neither overtime nor backfill expenses are the result of an increase of Full – Time Equivalent (FTEs) employees. These costs are allowed only to the extent the payment for such services is in accordance with the policies of the state or unit(s) of local government and has the approval of the state or the awarding agency, whichever is applicable. In no case is dual compensation allowable. That is, an employee of a unit of government may not receive compensation from their unit or agency of government AND from an award for a single period of time (e.g., 1:00 pm to 5:00 pm), even though such work may benefit both activities. Fringe benefits on overtime hours are limited to Federal Insurance Contributions Act (FICA), Workers' Compensation and Unemployment Compensation.

**A. Cost Share Guidance**

**Types of Match**

**Cash Match** - Cash (hard) match includes non-Federal cash spent for project-related costs, according to the program guidance. Allowable cash match must only include those costs which are in compliance with 2 CFR Part 225, *Cost Principles for State, Local, and Indian Tribal Governments* (OMB Circular A-87) and 44 CFR Part 13, *Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments*.

**In-kind Match** - In-kind (soft) match includes, but is not limited to, the valuation of in-kind services. "In-kind" is the value of something received or provided that does not have a cost associated with it. For example, if in-kind match (other than cash payments) is permitted, then the value of donated services could be used to comply with the match requirement. Also, third party in-kind contributions may count toward satisfying match requirements provided the grantee receiving the contributions expends them as allowable costs in compliance with 2 CFR Part 225, *Cost Principles for State, Local, and Indian Tribal Governments* (OMB Circular A-87) and 44 CFR Part 13, *Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments*.

**Definitions**

**Matching or Cost Sharing.** This means the value of the third party in-kind contributions and the portion of the costs of a Federally-assisted project or program not borne by the Federal Government. All cost-sharing or matching funds claimed against a FEMA grant by State, local or tribal governments must meet the requirements of the program guidance and/or program regulations, 44 CFR § 13, and 2 CFR § 225.

**Cash Match (hard).** This includes cash spent for project-related costs under a grant agreement. Allowable cash match must include only those costs which are allowable with Federal funds in compliance with the program guidance and/or program regulations, 44 CFR § 13, and 2 CFR § 225.

**In-kind Match (soft).** This means contributions of the reasonable value of property or services in lieu of cash which benefit a Federally-assisted project or program. This type of match may only be used if not restricted or prohibited by program statute, regulation or guidance and must be supported with source documentation. Only property or services that are in compliance with program guidance and/or program regulations, 44 CFR § 13, and 2 CFR § 225, are allowable.

**B. National Incident Management System (NIMS) Compliance**

HSPD-5, "*Management of Domestic Incidents*," mandated the creation of NIMS and the National Response Plan (NRP). NIMS provides a consistent framework for entities at all jurisdictional levels to work together to manage domestic incidents, regardless of cause, size, or complexity. To promote interoperability and compatibility among Federal, State, local, and tribal capabilities, NIMS includes a core set of guidelines, standards, and protocols for command and management, preparedness, resource management, communications and information management, supporting technologies, and management and maintenance of NIMS. The NRP, using the template established by NIMS, is an all-discipline, all-hazards plan that provides the structure and mechanisms to coordinate operations for evolving or potential Incidents of National Significance,

which are major events that “require a coordinated and effective response by an appropriate combination of Federal, State, local, tribal, private sector, and nongovernmental entities.” The NIMS Integration Center (NIC) recommends **38 NIMS Compliance Objectives** for nongovernmental organizations that support NIMS implementation. These activities closely parallel the implementation activities that have been required of State, territorial, tribal, and local governments since 2004 and can be found at [www.fema.gov/pdf/emergency/nims/ngo\\_fs.pdf](http://www.fema.gov/pdf/emergency/nims/ngo_fs.pdf). To integrate nonprofit organizations into the broader national preparedness effort, DHS encourages grantees to consider pursuing these recommended activities.

Additionally, nongovernmental organizations grantees and sub-grantees will be required to meet certain NIMS compliance requirements. This includes all emergency preparedness, response, and/or security personnel in the organization participating in the development, implementation, and/or operation of resources and/or activities awarded through this grant **must** complete training programs consistent with the NIMS National Standard Curriculum Development Guide.

Minimum training includes IS-700 NIMS: An Introduction. In addition, IS-800.a NRP: An Introduction, Incident Command System (ICS-100), Incident Command System (ICS-200), Intermediate Incident Command System (G-300), and Advanced Incident Command System (G-400) are also recommended. For additional guidance on NIMS training, please refer to [http://www.fema.gov/emergency/nims/nims\\_training.shtm](http://www.fema.gov/emergency/nims/nims_training.shtm).

Additional information about NIMS implementation and resources for achieving compliance are available through the NIMS Integration Center (NIC), at <http://www.fema.gov/emergency/nims/>.

## **ENVIRONMENTAL PLANNING & HISTORIC PRESERVATION COMPLIANCE GUIDELINES**

In addition, the erection of communications towers that are included in a jurisdiction's interoperable communications plan is allowed, subject to all applicable laws, regulations, and licensing provisions. Communication tower projects must be submitted to FEMA for EHP review.

### **EHP DETERMINATION PROCESS**

- I. Submit the Final Screening Memo to the SAA for review prior to funds being expended.

Grantees must receive written approval from FEMA prior to the use of grant funds for project implementation.

### III. Reporting Requirements

#### 1. Quarterly Programmatic Reporting:

The Quarterly Programmatic Report is due within 30 days after the end of the reporting periods (March 30, June 30, September 30 and December 30) for the life of this contract.

- If a report(s) is delinquent, future financial reimbursements will be withheld until the Recipient's reporting is current.
- If a report goes 2 consecutive quarters without Recipient providing information in the narrative portion of the Quarterly Status Report, Report will be denied until narrative is provided; also financial reimbursements will be withheld until the required information has been submitted.

#### Programmatic Reporting Schedule

| <b>Reporting Period</b>    | <b>Report due to DEM no later than</b> |

**2. Programmatic Reporting-BSIR**

After the end of each reporting period, for the life of the contract, unless directed otherwise, the SAA will complete the Biannual Strategic Implementation Report in the Grants Reporting Tool (GRT) <https://www.reporting.odp.dhs.gov>. The reporting periods are January 1-June 30 and July 1-December 31. Data entry is scheduled for December 1 and June 1 respectively. Future awards and reimbursement may be withheld if these reports are delinquent.

**3. Reimbursement Requests:**

A request for reimbursement may be sent to your contract manager for review and approval at anytime during the contract period. The Recipient should include the category's corresponding line item number in the "Detail of Claims" form. This number can be found in the "Proposed Program Budget". A line item number is to be included for every dollar amount listed in the "Detail of Claims" form.

**4. Close-out Programmatic Reporting:**

The Close-out Report is due to the Florida Division of Emergency Management no later than 60 days after the agreement is either completed or the agreement has expired.

**5. Monitoring:**

**Florida Division of Emergency Management  
US Department of Emergency Management Performance Grants Program  
Grant Monitoring Process**

Florida has enhanced the state and local capability and capacity to prevent, prepare and respond to terrorist threats since 1999 through various funding sources including federal grant funds. As the steward of the State Emergency Management Performance Grant Program funds, projects and equipment the Florida Division of Emergency Management (FDEM) has a responsibility to track and monitor the status of the grant activity and items purchased.

The monitoring process detailed in this document is designed to assess a recipient agency's compliance with applicable state and federal guidelines. The FDEM is responsible for monitoring the financial, programmatic and capability portion of the grant to include equipment procurement and compliance with applicable SHSGP grant guidance and statutory regulations.

Monitoring is accomplished utilizing various methods including desk monitoring and on-site visits. There are two primary areas reviewed during monitoring activities - financial and programmatic/capability. Financial monitoring is the review of records associated with the purchase and disposition of property, projects and contracts. Capability review is the observation of equipment purchased, protocols and other associated records. Various levels of financial and programmatic review may be accomplished during this process.

Desk monitoring is defined as the review of projects, financial activity and technical assistance between the program office and the applicant via e-mail and telephone. Site visits are defined as actual visits to the recipient agency's location by a team or members of the FDEM or their designee, to actually observe records, procedures and equipment.

**Frequency of annual monitoring activity:**

Each year the FDEM will identify up to 50% of sub-grantees for site visit monitoring. It is important to note that although a given grant has been closed successfully, it is still subject to either desk or on-site monitoring for a five year period following closure.

**Examples of areas that may be examined include:**

Management and administrative procedures  
Grant folder maintenance  
Equipment accountability and sub-hand receipt procedures  
Program for obsolescence  
Status of equipment purchases  
Status of training for purchased equipment  
Status and number of response trainings conducted to include number trained  
Status and number of exercises  
Status of planning activity  
Anticipated projected completion  
Specific difficulties completing the project.  
Agency NIMS/ICS compliance documentation

In certain circumstances, the FDEM may request additional monitoring/information if the activity, or lack thereof, on the part of the specific recipient has generated questions from the region, the sponsoring state agency or the FDEM leadership. The method of gathering this information will be determined on a case-by-case basis.

Desk monitoring is an on-going process. Agency recipients will be required to participate in desk top monitoring on an annual basis and as determined by the FDEM. The agency recipients will complete and submit the desk top monitoring within 14 business calendar days of receipt. This contact will provide an opportunity to identify the need for technical assistance (TA) and/or a site visit if the FDEM determines that a recipient is having difficulty completing their project.

As difficulties/deficiencies are identified, the respective region or sponsoring agency will be notified by the program office via email. Information will include the grant recipient agency name, year and project description and the nature of the issue in question. Many of the issues that arise may be resolved at the regional or sponsoring agency level. Issues that require further TA will be referred to the FDEM for assistance. Examples of TA include but are not limited to:

- ✦ Equipment selection or available vendors
- ✦ Eligibility of items or services
- ✦ Coordination and partnership with other agencies within or outside the region or discipline

**Site Visits**

Site visits will be conducted by the FDEM or designated personnel. Site visits will be scheduled in advance with the recipient agency POC designated in the grant agreement. Monitoring questionnaires will be provided in advance of the visit.

The FDEM will also conduct coordinated financial and grant file monitoring. These monitoring visits will be coordinated with the capability review visits. Subject matter experts from other agencies within the region or state may be called upon to assist in the form of a peer review as needed.

All findings related to the capability review will be documented and maintained within the FDEM.

#### **Site Visit Protocol**

The following outlines the monitoring protocol for the FDEM:

The site visits will begin with those grantees that are currently spending or have completed spending for that federal fiscal year (FFY). Site visits may be combined when geographically convenient. There is a site visit checklist to assist in the completion of all required tasks.

#### **Site Visit Preparation**

A letter will be sent to the recipient agency Point of Contact (POC) stating the purpose of the site visit at least 30 calendar days before the planned arrival date. FDEM personnel will call within the next 10 calendar days to schedule an appointment to review the grantee's program.

The physical location of any equipment located at an alternate site should be confirmed with a representative from that location and the address should be documented in the grantee folder before the site visit.

The appointment should be confirmed with the grantee in writing (email is acceptable) and documented in the grantee folder.

Any personnel from the FDEM attending the site visit will review the grantee's corresponding folder(s) before the visit. Prior to the visit, individual roles will be identified for the site visit. Copies of applicable documents will be made and distributed to the site visit team at a minimum of five (5) calendar days before the visit. A reminder e-mail should be sent to all team members and the recipient POC one business day in advance of the site visit.

#### **Site Visit**

Once FDEM personnel have arrived at the site, an orientation conference will be conducted. During this time, the purpose of the site visit and the items FDEM intends to examine will be identified. If financial monitoring visit will be conducted, they will then explain their objectives and will proceed to perform the financial review.

FDEM personnel will review all files and supporting documentation. Once the supporting documentation has been reviewed, a tour/visual/spot inspection of equipment will be conducted.

Each item should be visually inspected whenever possible. Bigger items (computers, response vehicles, etc.) should have an asset decal (information/serial number) placed in a prominent location on each piece of equipment as per recipient agency requirements. The serial number should correspond with the appropriate receipt to confirm purchase. Photographs should be taken of the equipment (large capital expenditures in excess of \$1,000. per item).

If an item is not available (being used during time of the site visit), the appropriate documentation must be provided to account for that particular piece of equipment. Once the tour/visual/spot inspection of

equipment has been completed, the FDEM personnel will then conduct an exit conference with the grantee to review the findings.

Other programmatic issues can be discussed at this time, such as missing quarterly reports, payment voucher/reimbursement, equipment, questions, etc.

**Post Site Visit**

FDEM personnel will review the site visit worksheet as a team and receive notes from the Financial Review Team, if applicable.

Within 30 calendar days of the site visit, a monitoring report will be generated and sent to the grantee explaining any issues and corrective actions required or recommendations. Should no issues or findings be identified, a monitoring report to that effect will be generated and sent to the grantee. The grantee will submit a Corrective Action Plan within a timeframe as determined by the FDEM. The Site Visit Worksheet, report and photographs will then be included in the grantee's file along with any documents distributed at the site visit by the grantee.
