Department: Water Utilities Department

I. EXECUTIVE BRIEF

Motion and Title: Staff recommends motion to approve: a one-year (1) extension to all Water Utilities Department Development Agreements and Renewal Agreements that were scheduled to expire on or after September 30, 2013 and before September 30, 2014.

Summary: Developers who meet certain criteria as outlined in the Water Utilities Department's Uniform Policies and Procedures Manual (UPAP) are required to enter into Development Agreements (Agreement) to reserve potable water, wastewater, and/or reclaimed water capacity (Capacity) for their projects. The terms of the Agreement require the submittal of a Mandatory Agreement Payment (MAP) to reserve Capacity for a period of five (5) years. Any unused Capacity remaining in the Agreement after five (5) years can be renewed for one (1) additional five (5) year term upon payment of another MAP and execution of a Renewal Agreement. No further renewals are available after ten (10) years as prescribed by UPAP.

However, the Palm Beach County Board of County Commissioners (Board) recognized the impact the downturn in the economy was having on development in the County and approved an one (1) year extension of these Agreements on January 13, 2009 (Agenda Item 3K-1). An additional extension was approved by the Board through its authorization to include these Agreements as part of Section 14(1), Chapter 2009-06, Laws of Florida. This measure provided a two (2) year extension for Agreements expiring between September 1, 2008, and January 1, 2012. Additional extensions were approved by the Board on September 13, 2011 (Agenda Item 6G-1) and August 14, 2012 (Agenda item 3K-1).

Although the economy is showing signs of improvement, sustainable development activity in the County is undeterminable at this time. Therefore, WUD is once again recommending to the Board the approval of a one (1) year extension on these Agreements. As can be seen from Attachment 1, List of Expiring Agreements FY 2014, the benefit applies not only to the larger developers but also to hundreds of smaller entities with development agreements with WUD. Districts 1,2,3,5 and 6 (MJ)

Background and Justification: The Department Director has been delegated the authority to enter into Standard Development Agreements on behalf of the County. However, Board authorization is being sought in this case due to the desire to extend expiration dates of all Standard and non-Standard Development Agreements in recognition of the need for continued economic stimulus.

B. Recommended Sources of Funds/Summary of Fiscal Impact:

MAP was paid in full for the first ten (10) years as prescribed by UPAP. These extensions, if granted, do not require an additional MAP payment from the developers. Extending these SDAs will have no impact on the Water Utilities Department. There is no opportunity cost for allowing this capacity to remain reserved.
