I. EXECUTIVE BRIEF

Motion and Title: Staff recommends motion to approve: Work Authorization No. 1 to the Annual Asphalt Milling & Resurfacing Contract with Community Asphalt Corporation (R2013-0235) for the milling and resurfacing of asphalt roadways in the amount of \$402,034.45 associated with the project limits of the South County Water Services Replacement Project – Phase II.

Summary: On March 12, 2013, the Palm Beach County Board of County Commissioners approved the County Engineering Annual Asphalt Milling & Resurfacing Contract with Community Asphalt Corporation (R2013-0235). This Work Authorization No.1 for Water Utilities Department (WUD) provides for the milling and resurfacing of asphalt roadways associated within the project limits of the South County Water Services Replacement Project – Phase II located in the Boca Heights, Boca Springs, Holiday City and Sandalfoot Cove Residential Areas in southwest Boca Raton (along Lyons Road and west of State Road 7 just south of Palmetto Park Road). The Small Business Enterprise (SBE) participation goal established by the SBE Ordinance (R2002-0064) is 15% overall. The contract with Community Asphalt Corporation provides for SBE participation of 15.32% overall. This Authorization includes ~~12.31%~~ 12.31% overall participation. The cumulative SBE participation, including this Authorization, is ~~12.31%~~ 12.31% overall. Community Asphalt Corporation, Inc. is a local company. (WUD Project No. 11-097) District 5 (MJ)

Background and Justification: WUD serves potable water to the Boca Heights, Boca Springs, Holiday City and Sandalfoot Cove Residential Areas in southwest Boca Raton. The existing water service lines to the individual residences are over 30 years old and are currently failing or leaking, thus causing interruption of service to customers. Under the Scope of Work for the South County Water Services Replacement Project – Phase II the water service lines and water mains will be replaced, requiring the open-cut of County asphalt roadways. Due to the frequency of the open-cuts Palm Beach County Land Development permit requirements necessitates the entire milling and resurfacing of all impacted County roadways within the Project limits.
