Department: Facilities Development & Operations

I. EXECUTIVE BRIEF

Motion and Title: Staff recommends motion to approve: an Interlocal Agreement with Palm Beach State College, a Florida College System Institution ("Participant") allowing for interoperable communications through the countywide common groups of the County's 800 MHz Radio System ("System").

Summary: The Interlocal Agreement ("Agreement") provides the terms and conditions under which the Participant can program into its radios and utilize the countywide common talk groups for certain types of inter-agency communications. The County's system will not be utilized for routine operational communications by the Participant. The terms of the Agreement are standard and have been offered to all municipalities and local branches of state and federal agencies with 800 MHz trunked radio capabilities. There are no charges associated with this Agreement. The Participant is required to pay all costs associated with Participant's subscriber units and to comply with the established operating procedures for the County's System. The term of the Agreement is for five (5) years with three (3), five (5) year renewal options. The Agreement may be terminated by either party, with or without cause, upon ten (10) days written notice to the other party. (ESS) Countywide (JM)

Background and Justification: This Agreement provides interoperability via use of the countywide common talk groups, which is the lowest level of interoperability approved by the Communications Systems and Operations Policy Advisory Committee. The Participant will only be able to access the common talk groups for specified types of communications and will conduct routine operational communications on its own radio system. As such, there is no capacity impact to the County and hence no charges associated with this Agreement.

INTERLOCAL AGREEMENT

THIS INTERLOCAL AGREEMENT ("Agreement") is made and entered into on _____, by and between Palm Beach County, a political subdivision of the State of Florida ("County") and Palm Beach State College, a Florida College System Institution ("Participant").

WITNESSETH

WHEREAS, the County and the Participant are continually identifying more effective service delivery methods which result in overall savings to the taxpayers of the County and the Participant; and

WHEREAS, the County has purchased, designed, installed, and operates an 800 MHz Trunked Radio System that supports the needs of the Palm Beach County Sheriff's Office, Palm Beach County Fire Rescue, Palm Beach County Emergency Medical Services, and various Palm Beach County general government agencies; and

WHEREAS, the County and the Participant have determined that the ability to provide interoperable communications is critical to the effective and efficient provision of public safety and general government services; and

WHEREAS, it has been determined to be mutually beneficial to both Parties to execute this Agreement which sets forth the parameters under which the Participant can access the Common Talk Groups established on the County's Public Safety Radio System to receive the public safety benefit of interoperability; and

WHEREAS, Section 163.01, Florida Statutes, permits public agencies to enter into Agreements to jointly exercise any power, privilege or authority which such agencies share in common and which each might exercise separately;

NOW THEREFORE, in conjunction with the mutual covenants, promises and representations contained herein, the parties hereto agree as follows:

SECTION 1: PURPOSE AND DEFINITIONS

1.01 The purpose of this Agreement is to set forth the parameters under which the County will provide access to the Common Talk Groups established on the County System specifically to provide interoperable communications among public safety and general government agencies capable of accessing this feature of the County System. This Agreement also identifies the condition of use and ability of the Participant to participate in the operational decisions relating to the use of the Common Talk Groups.

1.02 Definitions

- 1.021 Common Talk Groups: Talk groups established on the County's communications system that are made available to County agencies, municipalities and other non-County agencies for interoperable communications between agencies for the purpose of providing mutual assistance and planning and execution of on-scene operations.
- 1.022 County Talk-Groups: Talk groups established on the County's communication system that are made available to county agencies providing for inter-departmental communications. These talk groups are reserved for particular departments/agencies and only available to outside departments by separate agreements.
- 1.023 Participant Equipment: Also known as "agency radios," are Participant owned 800 MHz handheld and mobile radios and control stations that have the ability to be programmed and used on the County's Public Safety Radio System.
- 1.024 A communications system utilizing frequencies in the microwave range to route audio and control signals between sites in a multi-site communications system.
- 1.025 Prime Site: The location of the County's SmartZone™ Controller.
- 1.026 Radio Alias: The unique name assigned to an operator's radio that displays on the dispatchers console when a radio transmits.
- 1.027 SmartZone™ Controller: The SmartZone™ Controller is the central computer that controls the operation of the County's Public Safety Radio System. The SmartZone™ Controller manages access to system features, functions and talk-groups.
- 1.028 System: The Public Safety Radio System funded, purchased, installed, maintained and owned by the County.
- 1.029 System Administrator: An employee within the County's Electronic Services & Security Division of the Department of Facilities Development & Operations with the title Radio System Administrator who is responsible for day to day administration and management of the System and the County's designated contact person pursuant to various sections of this Agreement.

SECTION 2: ADMINISTRATION OF THE COUNTY'S PUBLIC SAFETY RADIO SYSTEM AND USAGE PROCEDURES

- 2.01 The Palm Beach County Electronic Services & Security Division's Radio System Administrator will be the Participant's day to day contact and can be reached at

561-233-0837. The Electronic Services & Security Division is staffed from 8:00 a.m. to 5:00 p.m., Monday through Friday, excluding County holidays. After hours emergency contact will be made through the County's Emergency Operations Dispatch Center at 561-712-6428 and the appropriate contact will be made.

- 2.02 The System Maintenance and Administration Plan dated June 6, 2002, as referenced on Attachment I hereto, identifies the general procedures for the management of the system and procedures for input through the user committees into operating procedure development. The plan establishes the Countywide Radio Steering Committee (CRSSC), which is responsible for overseeing and implementing the policies and procedures for the County's System.
- 2.03 The Participant shall follow all policies and standard operating procedures in place at the time of this Agreement as well as those developed in the future and issued to the Participant by the System Administrator. The Participant agrees to comply with any enforcement actions required by these policies and procedures for misuse or abuse of the County's System.

SECTION 3: COUNTY EQUIPMENT & RESPONSIBILITIES

- 3.01 The County System consists of ten (10) transmit and receive sites with co-located microwave equipment and three (3) microwave only sites that provide network connectivity as well as the SmartZone Controller.
- 3.02 The County System provides seamless County-wide portable and mobile radio coverage for the Common Talk Groups. The radio coverage for the Common Talk Groups is identical to that of other County Talk Groups that reside on the County's System.
- 3.03 The County shall be responsible for the maintenance and operation of the County's System, including all costs associated with permitting and licensing.
- 3.04 The County shall maintain the coverage within the County's geographic boundaries as described in the County's contract with Motorola R98-2006D throughout the term of this Agreement except for times of scheduled preventive maintenance, where it will be required to disable portions of the network for a pre-determined length of time or during times of system failures. The Participant shall be notified of scheduled preventive maintenance, pursuant to the policies and procedures referenced on Attachment I hereto.
- 3.05 The County shall be responsible for talk group and fleet mapping management in accordance with the policies and procedures set forth on Attachment I, as may be amended and updated from time to time.

SECTION 4: PARTICIPANT EQUIPMENT AND RESPONSIBILITIES

- 4.01 The Participant's equipment will be 800 MHz mobile, portable, and control station equipment programmed to be used on the County's System. The equipment used will be compatible with Motorola 800 MHz SmartNet and/or SmartZone communication systems. The Participant will be required to keep its equipment in proper operating condition and the Participant is responsible for maintenance of its radio equipment.
- 4.02 The Participant will only program the Common Talk Groups and the individual unit ID numbers assigned by the System Administrator as part of this Agreement. The Participant will **not** program into its radios the County operational talk groups without a letter of authorization or a signed agreement from the County.
- 4.03 The Participant shall provide the County with a list of persons/positions, which are authorized to request activating/deactivating existing units or new units. No programming will be undertaken by the Participant or its service provider until requested and approved in writing by the System Administrator.
- 4.04 The Participant shall receive certain access codes to the County's System to enable the Common Talk Groups to be programmed into their equipment. The access codes are to be treated as confidential information and the Participant is responsible to safeguard the code information from release to unauthorized parties. All written and oral information not in the public domain or not previously known, and all information and data obtained, developed, or supplied by the County will be kept confidential by the Participant and will not be disclosed to any other party, directly or indirectly, without the County's prior written consent, unless required by law or lawful order. All system parameters shall remain the County's property, and may only be reproduced or distributed with the written permission of the County. The Participant agrees that the County has sole and exclusive ownership of all right, title and interest to the Confidential Information and may be recalled at any time.
- 4.05 Access and programming codes will only be released to: 1) service staff employed by the Participant, 2) approved commercial service providers under contract with the Participant, 3) County departments (PBSO, Fire Rescue and/or the County's Electronic Services & Security Division, or 4) another Federal agency, State agency and/or Participant that has in-house service personnel and an agreement with the County.
- 4.06 The County will approve all commercial service providers upon review of whether the contract terms between the Participant and the commercial service provider are adequate to protect the County's System from misuse, harm or release of access and programming codes to unauthorized persons.

- 4.07 The Participant will be responsible for ensuring that the commercial service provider adheres to the terms of this Agreement pertaining to the proper use of access/programming codes and radio use.
- 4.08 The Participant is solely responsible for the performance and the operation of the Participant equipment and any damages or liability resulting from the Participant use thereof. Should the County identify malfunctioning Participant owned equipment; the County will request that the Participant discontinue use of the specific device until the repairs are completed. The County may, in its discretion, disable the equipment from the System after properly notifying the Participant in writing if the device is causing interference to the System.
- 4.09 In the case of lost or stolen equipment, the Participant will notify the System Administrator by e-mail or fax authorizing the System Administrator to disable the equipment. The authorization shall provide the County issued individual unit ID number and the serial number of the radio. The System Administrator will advise back via e-mail when the radio has been disabled. A request by the Participant to re-activate a disabled unit will also be required by e-mail or fax to the System Administrator.

SECTION 5: SUBSCRIBER UNIT INFORMATION TO BE PROVIDED BY PARTICIPANT

- 5.01 The Participant will be required to provide to the County an initial inventory of the radios that are proposed to be programmed for use of the Common Talk Groups. The Participant will provide the following information to the County:
1. Radio manufacturer and model numbers.
 2. Radio serial numbers.
 3. Requested aliases to be programmed.

The System Administrator will then compile this information and transmit back to the Participant a matrix of the County-wide talk groups, aliases, and radio ID numbers prior to the Participant's radios being activated on the County's 800 MHz System. The Participant is responsible for adhering to the Talk-Group and Radio ID allocations established by the County. The County's Talk-Group and Radio ID allocations are on file with the County and available upon request.

SECTION 6: UTILIZATION AND MONITORING OF COMMON TALK GROUPS

- 6.01 The Common Talk Groups were implemented specifically for inter-agency communication among multiple agencies, regardless of their specific discipline or affiliation. They were also created to allow communications between agencies without requiring cross-programming operational talk groups in each agency's radios. Usage of the Common Talk Groups is authorized to coordinate multi-

jurisdictional fire/law enforcement/disaster recovery operations such as fires requiring multi-agency responses, police pursuit through multiple jurisdictions and coordination and response to local emergencies and disasters. Other authorized uses include undercover operations, investigations, perimeter communications, fire ground coordination, scene security and landing zone communications requiring participation of multiple agencies and disciplines.

In addition, the Common Talk Groups can be used by any agency experiencing catastrophic failures of their own communication system for a determined amount of time. A request to utilize the Common Talk Groups for this situation requires permission of the System Administrator. Once approved by the System Administrator, the Common Talk Groups can be temporarily utilized until repair of the agency's communication system is complete.

- 6.02 The Common Talk Groups shall not be used for every-day routine communications or as an extra talk group for agencies that have cross programming agreements and duplicated talk groups programmed into their radios. Other prohibited uses include communications for special events and operations, use as an additional dispatch, administrative or a car to car talk group for a single agency.
- 6.03 Agencies requesting to utilize the Common Talk Groups by this Agreement have a requirement to monitor the Calling Talk Group in their respective dispatch center to respond to calls for assistance from field units. The dispatch centers which combine more than one discipline in their dispatch center are required to monitor the disciplines which are dispatched. Agencies which do not utilize their own dispatch center are not required to monitor the Calling Talk Group.

SECTION 7: INDEMNIFICATION AND LIABILITY

The County makes no representations about the design or capabilities of the County's System. The Participant has decided to enter into this Agreement and use the County's System on the basis of having interoperability with the County and /or other municipalities during times of mutual aid and/or joint operations. The County's System is designed to assist qualified law enforcement, fire, and other emergency service professionals. It is not intended to be a substitute for the exercise of judgment or supervision of these professionals. Both parties acknowledge that the responsibility for providing law enforcement, fire, or other emergency services rests with the Participant, which is providing such service, and not with the other party to this Agreement.

Each party shall be liable for its own actions and negligence and, to the extent permitted by law, the Participant shall indemnify, defend and hold harmless the County against any actions, claims or damages arising out of the Participant's negligence in connection with this Agreement, and the County shall indemnify, defend and hold harmless the Participant against any actions, claims, or damages

arising out of the County's negligence in connection with this Agreement. The foregoing indemnification shall not constitute a waiver of sovereign immunity beyond the limits set forth in Florida Statutes §768.28, nor shall the same be construed to constitute agreement by either party to indemnify the other for such other party's negligent, willful or intentional acts or omissions.

The terms and conditions of this Agreement incorporate all the rights, responsibilities, and obligations of the parties to each other. The remedies provided herein are exclusive. The County and the Participant waive all other remedies with respect to each other, including, but not limited to, consequential and incidental damages. The County agrees to use its best reasonable efforts to provide the Participant with full use of the Common Talk Groups but makes no guarantee as to the continual, uninterrupted use of the radio communication system, or its fitness for the communication needs of the Participant.

SECTION 8: OWNERSHIP OF ASSETS

All assets maintained under this Agreement will remain assets of the respective party.

SECTION 9: TERM OF AGREEMENT

The initial term of this Agreement is for five (5) years and shall commence immediately upon full execution of this Agreement. The Agreement may be renewed for three (3) additional terms of five (5) years each. At least six (6) months prior to the expiration of this Agreement's term, the Participant shall provide the County with a request to renew this Agreement. Such renewal will require approval of both parties and the County may not unreasonably withhold its approval of the renewal.

SECTION 10: AMENDMENTS TO THIS AGREEMENT

This Agreement may be amended from time to time by written amendment as agreed to by all parties.

SECTION 11: TERMINATION

This Agreement may be terminated by either party, with or without cause upon ten (10) days written notice to the other party. Upon request of termination by the Participant, the System Administrator will proceed to disable the Participant's radios from the County's System. It will be the responsibility of the Participant to reprogram the Participant's radios removing the County's System information from the radios. The Participant will complete reprogramming of the Participant's radios within sixty (60) days of the date of termination. Counties with greater than one hundred (100) radios will be given ninety (90) days to re-program their radios.

SECTION 12: NOTICES
