Department: Water Utilities Department

I. EXECUTIVE BRIEF

Motion and Title: Staff recommends motion to approve: two unit price contracts for the Water Utilities Department Continuing Contract For Wastewater Gravity Lines & Manhole Rehabilitation for the repairs/rehabilitation of manholes and wastewater gravity lines system-wide over a 12 month term:

A) Hinterland Group, Inc., in a cumulative amount not to exceed \$2,331,350; and **B)** Lanzo Lining Services, Inc. - Florida, in a cumulative amount not to exceed \$2,632,238.75.

Summary: On February 5, 2014, two (2) bids were received for the Water Utilities Department Continuing Contract For Wastewater Gravity Lines & Manhole Rehabilitation. Hinterland Group, Inc. and Lanzo Lining Services, Inc. - Florida are the first and second responsible and responsive bidder, respectively. These contracts will be used to expedite utility capital improvement projects system-wide and any emergency projects where timing is critical. Contract award is for the base contract only, and the contract by itself does not guarantee nor authorize Hinterland Group, Inc. or Lanzo Lining Services, Inc. - Florida to perform any work. Work will be assigned during the 12 month contract period by formal work authorizations drawn against these contract, with approvals pursuant to PPM CW-F-050. The unit prices contained in these Contracts will be used in determining the cost of work authorizations. Supplements to work authorizations for changes that occur during construction will be subject to the change order limits for construction contracts as established under PPM CW-F-050 with each work authorization considered as an individual construction contract. The Small Business Enterprise (SBE) participation goal established by the SBE Ordinance (R2002-0064) is 15% overall. This contract with Hinterland Group, Inc. and Lanzo Lining Services, Inc. - Florida provides for SBE participation of 15% and 16.49% respectively. (WUD Project No. 12-063) Districts 1, 2, 3, 5, 6 and 7 (JM)

Background and Justification: There is a significant need to reduce inflow and infiltration in the gravity sewer system in the Cities of Belle Glade and South Bay and the aging wastewater collection systems throughout the rest of the County's service area. This continuing construction contract will facilitate the completion of much needed rehabilitation work and reduce the response time for corrective action/repairs for any wastewater emergency projects. There were several minor irregularities identified with the bid documents which are detailed in Attachment 6. Staff waived these minor irregularities as they did not provide the bidders with any competitive or monetary advantage. There is no bid protest associated with this item.

RE: Notice of Award Recommendation
Continuing Contract For Wastewater Gravity Lines & Manhole Rehabilitation
Project No. WUD 12-063 (Rebid)

The bid opening for the above referenced project was held on Wednesday, February 5, 2014. Proposals were received from two (2) contractors. The engineer's opinion of probable construction cost was \$2,600,000 for the base bid comprising Bid Item Numbers 1 through 116. The complete Bid Tabulation is attached. A summary of the results of the bidders' total base bid price is as follows:

BIDDER'S NAME	BASE BID
Hinterland Group, Inc	\$ 2,303,350.00
Lanzo Lining Services, Inc.-Florida	\$ 2,556,717.50

The first low responsive bidder was Hinterland Group, Inc. and the second low responsive bidder was Lanzo Lining Services, Inc.-Florida. Recommendation of Award shall be for both bidders and the evaluation is as follows:

1. The Bid Form provided in the Contract Documents was properly executed.
2. Bid security equal to 5% of the total base bid was enclosed with the bid.

3. SBE-MWBE Schedules #1 and #2 provided in the Contract Documents were properly filled out. The two (2) low bidders have met the 15% SBE goal established under the SBE Ordinance. (A copy of the Office of Small Business Assistance SBE-MWBE Compliance Review is attached.)
4. Both first and second bidder acknowledged the two (2) addenda.
5. Contractors hold a valid state contractor's license.

Water Utilities staff when evaluating the bids carefully considered the overall experience, qualifications, resources and references of the two (2) bidders. Contract award to the first low bidder, Hinterland Group, Inc. in the amount of \$2,303,350.00 and the second low bidder, Lanzo Lining Services, Inc. in the amount of \$2,556,717.50 is recommended.

A copy of this notice has been posted at the bid opening location and will be left there for a minimum of five (5) business days.

**WUD 12-063 Continuing Contract For Wastewater Gravity Lines & Manhole
Rehabilitation**

Bid Review Comments

The two (2) bids received for the Continuing Contract For Wastewater Gravity Lines & Manhole Rehabilitation have been reviewed. The errors, omissions or irregularities found in the two (2) bids have been noted below.

Hinterland Group, Inc.

1. The license/certification numbers of Major Subcontractors listed in Attachment No.4 were not provided. I think you should get additional info (full names and license numbers) from the bidder, as there are multiple licensed entities with these names on the DPBR website. As the purpose of Attachment 4 is to discourage bid-shopping, I think allowing this supplemental info to be provided after the bid submittal does not provide a competitive advantage to the bidder. They are not permitted to change the submittal, just to supplement the info. I would like to see the additional info upon receipt. (*Contractor provided valid license numbers for all subcontractors listed - see attached email).

Lanzo Lining Services, Inc.-Florida

1. There is a dollar amount discrepancy (of \$25,350) between the SBE Schedule 1 (Bid Form-15) and SBE Schedules 2 (Bid Form-16) for the SBE Subcontractor Agricultural Land Services, Inc. Per the OSBA Compliance Review, due to this discrepancy, Lanzo was given no SBE credit for the work to be performed by Agricultural Land Services, Inc. This is not a responsiveness issue.

2. Contractor did not submit a valid business tax receipt with bid submittal. Section 2.2 of the Instructions to Bidders requires that the contractor "must have a valid PBC business tax receipt at the time of bid submission, except where the provisions of F.S. 205.065 apply". This section does not require that the business tax receipt be submitted with the bid. I have confirmed that the bidder has a valid PBC business tax receipt for the period 10/1/13-9/30/14. While the requirements for the local preference require the submittal of a business tax receipt, Lanzo did not seek a local preference on this bid. This is not a responsiveness issue.

3. Prime Contractor (GC) is not registered or enrolled with PBC/PZ&B Contractor Certifications. Section 2.1 requires that bidders/subs "shall be properly qualified and

licensed/certified by the appropriate Board or Boards as required by Florida Statute Chapter 489, or Special Act, Laws of Florida Chapter 67-1876 prior to the time of submission of the bid". Lanzo, through their qualifying agent William Beaty, is properly licensed by the state. They are not required to have both a state and a PBC contractor's license. This is not a responsiveness issue.
