I. EXECUTIVE BRIEF

Motion and Title: Staff recommends motion to receive and file: Supplement No. 9 to project agreement dated August 16th, 2005, R2005-1455, with K-F Group, Inc. (KFG), in a total amount of \$95,442.88 for professional services for the preparation of design plans and construction bid documents for 60th Street from west of Royal Palm Beach Boulevard to S.R. 7 Extension project.

SUMMARY: Filing of this Supplement No. 9 will provide notification to the Board of County Commissioners, required under PPM CW-F-050, that the cumulative value of the additional services exceeds \$250,000. Supplement No. 9, with a total amount of \$95,442.88, resulted in a cumulative value of \$338,400.91, for approved additional services. KFG is under contract as Palm Beach County's project consultant.

District 6 (MRE)

Background and Justification: On March 5, 2014, the Contract Review Committee approved Supplement No. 9 to Agreement R2005-1455 with KFG to provide professional services required to prepare design plans and construction bid documents for the 60th Street from west of Royal Palm Beach Boulevard to S.R. 7 Extension project. Approval of Supplement No. 9, with a total amount of \$95,442.88, results in a cumulative value of \$338,400.91, for approved additional services authorized by the Engineering & Public Works Department and the Contract Review Committee. In accordance with PPM No. CW-F-050, Supplement No. 9 must be received and filed by the Board of County Commissioners since the cumulative value of approved additional services now exceeds \$250,000.

Re: SR 7 Extension – Persimmon Blvd. to 60th Street N.
 60th Street N. – East of Royal Palm Beach Blvd. to SR 7 Extension
 Supplemental Fee Proposal # 9
 Palm Beach County Project No. 2004507

Dear Ms. Farrell,

Enclosed please find our supplemental fee proposal for plan revision of the above project for your review and approval. This proposal includes revising the location of the roundabout at the intersection of SR 7 Extension and 60th Street N to outside of the City of West Palm Beach Utility Easement and all approach alignments of SR 7 Extension, 60th Street N and M-Canal Maintenance Path. This proposal also includes adding grass medians along 60th Street N to address Indian Trail Improvement District's request; updating topography with new driveways added; and revising sidewalk to 2' from the ITID Roadway Easement to be consistent with the sidewalk to the west. All work will be designated with revision number and clouded in the revised plan sheets. We have used the same unit hours from the original contract to develop the staff hours for this proposal. This proposal also includes Optional Services for (1) revising Conventional Drainage Method to Storage Increased Method, also known as "Pregnant Snake" Concept; and (2) revising roadway typical section from 3-lane to 2-lane west of Royal Palm Beach Blvd along 60th Street N. The following is a breakdown of the fee:

K-F Group, Inc. (Roadway – SR 7 Extension) (Lump Sum)	= \$ 26,651.27
K-F Group, Inc. (Roadway – 60 th Street N) (Lump Sum)	= \$ 31,474.44
Brown & Phillips, Inc. (Survey) (Lump Sum)	= \$ 2,016.00
TOTAL LUMP SUM FEE	= \$ 60,141.71
K-F Group, Inc. (Drainage – 60 th St N) (Optional Services)	= \$ 26,470.59
K-F Group, Inc. (Roadway – 60 th St N) (Optional Services)	= \$ 6,730.58
TOTAL OPTIONAL SERVICES FEE	= \$ 33,201.17
K-F Group, Inc. (Printing) (Reimbursable)	= \$ 750.00
Brown & Phillips, Inc. (Parcel Sketches) (Reimbursable)	= \$ 1,350.00

SUPPLEMENT 9

**SR 7 – PERSIMMON BLVD. TO 60th STREET N.
60th STREET N. – EAST OF ROYAL PALM BEACH BLVD. TO SR 7 EXTENSION
Palm Beach County Project No. 2004507**

SCOPE OF WORK

K-F GROUP, INC. will be providing professional engineering services in connection with the preparation of design plans for SR 7 Extension from Persimmon Blvd. to 60th Street N, and for 60th Street N from East of Royal Palm Beach Blvd to SR 7 Extension. This revision is to address Florida Department Of Transportation (FDOT) PD&E Study of the roundabout at the intersection of SR 7 and 60th Street N. The scope of work includes revising plans to relocate the proposed roundabout outside of the City of West Palm Beach Maintenance Easement and all approach alignments of SR 7 Extension, 60th Street N and M-Canal Maintenance Path to match the revised roundabout. Signing and Pavement Marking Plans will also be revised accordingly. This revision also addresses begin project transition, relocating proposed sidewalk to 2 feet from Indian Trail Improvement District (ITID) Roadway Easement Line along the south side to be consistent with sidewalk to the west, adding grass medians along 60th Street N to satisfy ITID's request, and update new driveways along the corridor. K-F GROUP, INC. shall provide to Palm Beach County (COUNTY) the following professional services:

- **Engineering Survey:**
Re-establish the horizontal alignment of 60th Street N and SR 7 with new reference points on the approaches to the revised roundabout.
- **Construction Plans :**
SR 7 Extension: Construction drawings will be prepared to relocate the proposed roundabout outside of the City of West Palm Beach Maintenance Easement and all approach alignments of SR 7 Extension, 60th Street N and M-Canal Maintenance Path to match the new roundabout. The size of the proposed roundabout will also match the roundabout proposed by FDOT in their PD&E Study. Design work effort will also include close coordination with FDOT and its consultants to ensure future SR 7 Extension east connection to the roundabout and widening are feasible. South approach of the proposed SR 7 Extension will be re-designed with grass median and transition to match the original proposed two-lane typical section. Drainage will also be re-designed in accordance with the new typical section, and new drainage map will be prepared. New profile will be established, and all affected cross sections will be revised accordingly. M-Canal maintenance path will be re-designed both horizontally and vertically. Summary of Pay Items will be updated. Quantity takeoffs will include a side by side comparison between the original design and the re-design of the roundabout within the limits of the revision. There are approximately 18 plan sheets that will be affected with this revision.

EXHIBIT "A" continued

60th Street N: Construction drawings will be revised to include revising begin project transition, adding grass medians at selected locations, relocating proposed sidewalk to 2' from ITID Roadway Easement Line along the south side, and updating new driveways along the corridor. The alignment at the end project limit will be revised to match into the relocated roundabout. Most of the previously proposed exfiltration trenches along the ITID Roadway Easement Line will be eliminated due to the relocation of the proposed sidewalk.

All affected plan sheets including Drainage Maps, Typical Sections, Drainage Detail Sheet, Plan and Profile Sheets, Driveway Profiles, Roadway Cross Sections, and Erosion Control Plans will be revised accordingly. Side Street Profile at 110th Avenue N will also be revised due to the new alignment at the roundabout. Drainage analysis for spread will be performed at the new median locations. Summary of Pay Items will be updated. Quantity takeoffs will include a side by side comparison between the original design and the proposed changes within the limits of the revision. The drawings will be prepared on aerial raster sheets at a scale of 1"=40 feet for plan and profile sheets and 1'=400' for drainage maps using 11"x17" sheet size. There are approximately 40 plan sheets that will be affected with this revision.

- **Signing and Pavement Marking Plans :**

SR 7 Extension: Signing and Pavement Marking Plans will be revised and prepared at 1"=40 feet (11'x17") based on the new roundabout, including revision to the tabulation of quantities. The plans shall be assembled separately from the roadway plans. There are approximately 4 plan sheets that will be affected with this revision.

60th Street N: Signing and Pavement Marking Plans (double plans) will be revised and prepared at 1"=40 feet (11'x17") based on the new changes, including revision to the tabulation of quantities. The plans shall be assembled separately from the roadway plans. There are approximately 7 plan sheets that will be affected with this revision.

- **Community Awareness Plan :**

60th Street N: Prepare Community Awareness Plan for ITID residents showing layout of proposed improvements.

- **Optional Services :**

60th Street N Drainage: Drainage design will be revised from Conventional Method to Storage Increased Method (also known as the "Pregnant Snake" Concept). Offsite parcels will be acquired and converted to become part of the canal system. Drainage analysis will include water storage computation utilizing County's Lidar to be provided by Palm Beach County, and/or ground survey. The difference in water quantity storage below the Design Flood stage of 10 Year 3 Day between existing ground and proposed excavated canal parcel will be computed using Triangulated Irregular Network (TIN). Water quality computation will be revised to include only additional impervious area according to Indian Trail Improvement District's (ITID) comment. Drainage system west of Royal Palm Beach Blvd will be revised to outfall into ITID canal south of 60th Street N along the west side of Royal Palm Beach Blvd. Roadway plans will be revised accordingly with the revised drainage system. This will only be authorized if necessary to comply with any permit comments from ITID.

EXHIBIT "A" continued

Attachment 2 - Page 7 of 29

60th Street N Roadway: Roadway Typical Section west of Royal Palm Beach Blvd will be revised from a 3-lane section to a 2-lane section according to ITID request. Roadway will transition to 2-lane prior to 120th Avenue N. Roadway begin project limit will be revised. Roadway plan, profile, cross sections, driveway profiles will also be revised due to the transition. Signing and Pavement Marking plans will also be revised. This will only be authorized if necessary to comply with permit comments or conditions from ITID.

- **Schedule:** K-F GROUP, INC. shall perform the required services for review and approval by the COUNTY and complete the required services as specified in Exhibit "B".

The COUNTY shall furnish the following:

- All information in COUNTY records required to complete the design.

Re: 60th Street North Baseline Revisions – Set New Reference Points

Dear Mr. Kor:

Thank you for the opportunity to provide you with the following services for the subject site. This proposal is based on documentation and information provided by your office. The scope of services is as follows:

SCOPE OF SERVICES

I. HORIZONTAL PROJECT NETWORK CONTROL

Utilizing the survey previously prepared by this office (Projects 05-056 and 10-018), we will re-establish horizontal control.

II. REFERENCE POINTS

We will set ten (10) new reference points to match the revised project baseline supplied by K-F Group, Inc., five (5) along 60th Street and five (5) at the roundabout area (wooded area).

III. LEGAL DESCRIPTIONS AND SKETCHES (REIMBURSABLE)

We will prepare legal descriptions and sketches, if needed, for the permitting of the bridge over the M-Canal through the City of West Palm Beach that may have to be revised. These sketches will be based on record ownership data and record plats provided by Palm Beach County. All sketches will be consistent with the requirements of Palm Beach County and Florida Minimum Technical Standards. We have estimated three (3) parcels for this project at \$450.00 each totaling \$1,350.00.

IV. CLOSURE

A drawing will be produced which will contain the new reference points. We propose to provide K-F Group, Inc. with an AutoCAD file in the version requested. We will perform the scope of services for the following fees:

- 1) Lump sum fee to reset references - \$2,016.00
- 2) Reimbursable services for Legals and sketches - \$1,350.00
