THIS SUMMARY IS NOT TO BE USED AS A BASIS FOR PAYMENT.

In addition, at the March 27, 2012 Board of County Commissioners Workshop, the Board discussed the issue of the TDC and related agencies moving into one of two County-owned buildings at the end of the term of the TDC's lease at 1555 Palm Beach Lakes Boulevard where the TDC and its agencies have been located since 1992 (with the exception of Culture which vacated the space in December 2011). This effort was the culmination of 1 ½ years of efforts to implement the TDC and Board's joint direction to reduce the TDC's facilities expenditures and redirect the savings into marketing efforts where the return on every dollar investing in marketing results in \$177 of direct economic impact, translating to \$26,550,000 in annual expenditures and 2352 new tourism and hospitality jobs. In addition to saving money for the TDC and its agencies, the relocation into County owned space would reduce the expenses to the County associated with the assets in which it has already invested.

The effort to develop a long term facility strategy for the TDC has been an effort on-going for approximately 15 years as it is a long standing County policy to utilize government owned space in all long term facility strategy. At the March 2012 meeting, the Board directed Staff to renew the TDC's lease at 1555 Palm Beach Lakes Boulevard and the Board concluded that the Airport Center was the preferred location for meeting the TDC and related agencies' long term space needs.

This Ordinance amends the Tourist Development Plan to provide for the allocation of bed tax revenues from the first percent of bed tax revenues for the marketing stimulus campaign and for renovation of the Airport Center Building and the relocation of the TDC and its agencies.
