Introduction

The purpose of the Palm Beach County Library System's Long-Range Plan is to provide strategic guidance for the delivery of library services over the next three years. It outlines a vision of outstanding library service for residents of the Palm Beach County Library District.

This plan reflects changes occurring in our community and in the information environment. Our maturing community is becoming more complex and diverse. The information environment is also evolving rapidly with more materials, information, and services available electronically.

We are striving to meet the challenges of changing technology and population growth. While continuing to meet the needs of those who seek traditional services in traditional formats, the Library also recognizes the demand for new technology. Our goal is to apply new information technology for increasing value to our patrons, while striving toward national benchmarks for services.

The aim of this Library System will continue to be to fulfill our mission "to continually improve our service to the public." The mix of formats and services will be determined by customer needs, cost and value received, and availability of funding.

To make this plan a reality, the Library System needs critical support and active collaboration. Improvement in services must be based on continuous consultation with all library stakeholders: citizens at large, Library District residents, library users, Library Advisory Board, Friends of the Library, Board of County Commissioners, library staff, and all others who value the information, knowledge, and wisdom that libraries can provide.

Basic Information about the Library

STRUCTURE

The Palm Beach County Library System (PBCLS) operates as a department of county government. The Board of County Commissioners is the Library's governing body, and the Library Advisory Board represents the County Commission to the Library in matters pertaining to library service and the means to meet objectives.

LIBRARY DISTRICT

History: The Palm Beach County Library District was established by the passage of a Special Act of the Florida Legislature in 1967. This Act allowed the Board of County Commissioners to establish a library system and a dependent taxing district to support it. The district was to be made up of all areas of Palm Beach County not taxed by a municipality for library services. In 2000, the act was codified and revised to provide various options for capital funding.

Current Status: The District consists of the unincorporated area of Palm Beach County plus 23 cities that do not tax their residents for library purposes. Reciprocal borrowing is provided to residents of Boynton Beach, Delray Beach, Lake Park, Lantana, Lake Worth, North Palm Beach, Palm Springs, Riviera Beach, and West Palm Beach under the guidelines for receiving a State Aid to Public Libraries grant and through membership in the Library Cooperative of the Palm Beaches.

Borrowing privileges are also offered to any child residing in or attending school through grade 12 in Palm Beach County and to any teacher in licensed K-12 institutions.

Future: Census figures reflect the following population growth in the Library District:

1970	141,100
1980	293,486
1990	534,578
2000	731,460
2010	834,289

Much of the county's past growth has occurred within the area served by the Library System. This trend is expected to continue and will decidedly shape the future of our Library System.

DEMOGRAPHICS

From 2000 to 2014, the population of the Library District grew from 731,460 to 891,022 a 22% increase.

According to the U. S. Census Bureau, from 2000 to 2013 the County's Hispanic population grew to reach 20.3% of the population, 18.7% higher percentage than that of the nation.

The median age is 43.5 years and the percentage of those 65 and over is 22%, compared to national figures of 37.2 years and 13.0%, respectively.

SUMMARY OF SERVICES

The Library System serves an area comparable in size to the state of Delaware. Service is provided through the Main Library, sixteen branches, and a logistical support center. Outreach Services includes a Bookmobile, Talking Books, Books-by-Mail, Adult Literacy Tutoring, and Outreach to Day Care programs. In Fiscal Year 2013, the Library circulated over 9.3 million items and answered more than 2.2 million reference questions.

COLLECTION

The Library provides access to holdings of 1.93 million items and offers expanding access to electronic information. Further access to both hard copy and electronic information is provided by participation in regional, state, and national networks which allow reciprocal access to resources of all member libraries.

STAFF

The FY 2014 staffing complement consists of 469.125 FTE (full-time equivalent) employees. This number includes 124.9 FTE Librarians and 344.225 FTE support staff, including students.

The Library has not met staffing goals set in the Library Element of the Palm Beach County Comprehensive Plan. The FY 2014 shortfall between actual FTE support staff per Librarian and the Comprehensive Plan goal is 1.12 support staff per Librarian.

FACILITIES

During the 2014 Fiscal Year, the Library reopened the renovated Jupiter Branch.

The Library is also constructing a new Annex that will be completed during the 2015 Fiscal Year.

FINANCIAL SUPPORT

The Library's proposed budget for Fiscal Year 2015 is \$48,866,296. As in the past, we continually seek alternative revenue sources to supplement ad valorem funding.

For example:

- Impact Fees are used for opening day collections of library materials and building construction to the extent possible
- A \$55 million bond issue was approved by Library District voters in November 2002 to fund the second Library Expansion Program

The following alternative revenue sources are sought on an ongoing basis:

- Funds distributed as a part of the Universal Service Fund (E-Rate) discount program will partially defray telecommunication costs
- Commission approval to fund Impact Fees at the maximum level has been accomplished
- All other grant opportunities are explored and, where practical, applications are filed
- The Friends of the Library plan fund raising projects to purchase special equipment for new and renovated branches

Executive Summary

The Palm Beach County Library System Mission Statement, endorsed by the Library Advisory Board in January 1994, embraces the Library's four major programs of service, which are -

- Circulation
- Reference
- Children's Programming
- Community Enrichment

This Mission Statement is the heart of our Long-Range Plan. Each of the four major programs of service comprises a mission/goal in the Long-Range Plan, with objectives, strategies, and tasks. These programs also provide the framework for our FY 2014 budget narrative and performance measures.

The Plan sets guidelines for accomplishing our mission, and it communicates our commitment to provide excellence in library service. This Plan was developed by Library staff with input from the Library Advisory Board, County Administration, and Library users.

Circulation

As part of the Library's mission statement, the Library is charged with providing the public with free access to library materials in a variety of formats. Through circulation services and an ever changing collection of materials, the Library provides the public the means for enhancing their lives through life-long learning.

In FY 2015, total circulation is targeted to increase by 2% over FY 2013. Staff will achieve this goal by increasing holdings with emphasis on the E book collection; updating subject areas; continuing to pursue new technologies for patron self-service; and promoting library services utilizing free media opportunities.

Reference

The goal of the reference program is to help people of all ages find information which meets their diverse personal, educational, and professional needs. Reference service offered by the Library provides prompt and accurate information to all Palm Beach County residents in person, on the telephone, and electronically through e-mail and live chat.

The FY 2015 objective is to increase by 2% over 2013 the number of reference transactions handled. The quality of information provided will be ensured by reference staff training and development; advertising the availability of subscription databases; and providing services for health, government, and genealogy research.

Children's Programming

The goal of children's programming is to encourage children, the future leaders of our community, to develop a love of reading, learning, and libraries. The FY 2015 objective is to increase attendance at children's programs by 1% over 2013.

Story times, the Summer Reading Program, and special events will provide a setting where children's confidence, reading skills, and sense of community are developed. Program attendance is expected to exceed the national average for the 20th consecutive year. Outreach services to day cares will present story times to preschoolers and teach day care providers to share books and literature with children. Kits of books and story time supplies will be loaned to day care providers.

Programs will be presented to foster family literacy.

Community Enrichment

This program promotes community enrichment, economic vitality, and individual achievement by providing: access and training on the Internet and electronic databases; access to electronic information from home or office; and services for the business community. Additional services to migrant workers; adult non-readers; and adult programs on literature and informational topics are provided.

The Library will respond to public interest in electronic book resources by increasing E book and E reader training attendance. Literacy tutoring, business information services, and literature and informational programming will increase. Services to migrant and seasonal farmworkers in the Glades will continue. Services to non-English speaking residents are coordinated by a bilingual librarian located at the Main Library.
