I. EXECUTIVE BRIEF

Motion and Title: Staff recommends motion to approve:

A) Amendment No. 1 to the Primary Contract for the Palm Beach County Annual Dune & Wetlands Restoration Project No. 2013ERM01 (R2013-1825) with Eastman Aggregate Enterprises, LLC (Eastman) to increase the \$4,262,891 Contract by \$5,351,864 to a not-to-exceed amount of \$9,614,755, and

B) Work Order No. 1825-02 to the Palm Beach County Annual Dune & Wetlands Restoration Project No. 2013ERM01 Contract (R2013-1825) with Eastman Aggregate Enterprises, LLC (Eastman) not-to-exceed \$5,351,864 to provide sand and hauling services for the Jupiter/Carlin Shore Protection Project.

Summary: The BCC approved an annual construction Contract with Eastman, a Palm Beach County SBE company, for Countywide projects under the Palm Beach County Annual Dune & Wetlands Restoration Project No. 2013ERM01 (R2013-1825) on December 17, 2013 in the amount of \$4,262,891. Work Order No. 1825-02 authorizes Eastman to supply, transport, and place sand from the Stewart Mine in St. Lucie County onto the eroded beach in the area of Palm Beach County's Carlin Park, which is in District 1. Eastman committed to an overall 44.05% SBE participation in the Contract and will achieve 46.59% participation with this Work Order. The Work Order is funded in part by a \$2,500,000 50% matching grant from the Florida Department of Environmental Protection (R2013-1333). Countywide, 1 (JM)

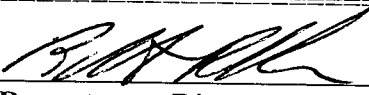

Background and Justification: The Project was originally advertised as an offshore dredging project, but the two bids received substantially exceeded both prior costs for similar work and the Project budget. The revised Project restores shore protection, habitat, and public recreation amenities, but will require renourishment on a more frequent schedule. Work Order No. 1825-02 authorizes the placement of approximately 200,000 cubic yards of sand to the existing dune and beach. Construction is scheduled for Fall 2014.
