Professional Background:

Mr. Pollack has been an active industry participant and leader for over 41 years. He is a graduate of Jericho High School (1973), Jericho, New York, and Long Island University, C.W. Post Center, School of Business Administration (1980), Greenvale, New York with a Bachelor of Science Degree.

He started his career in the early 70's as a member of the Jericho Fire Department, in New York attaining the rank of Lieutenant, Paramedic and Assistant County Fire Inspector, before relocating to Florida in 1987.

Mr. Pollack formed his own security company in New York and was an active member of the Metropolitan Burglar Alarm Association for many years before relocating to Florida, and reestablishing a security installation and consulting practice in Boca Raton. In 1997 he merged his company with Guardian International and joined the management team as Codes & Compliance Manager. His exceptional technical skills and on hand experience led him to participate as an industry trainer for both the Alarm Association of Florida (AAF), and the National Burglar and Fire Alarm Association (NBFAA), training more than 1000 industry technicians and management personnel. He is a licensed contractor in Florida, Georgia, New York and New Jersey, as well as being New York City Fire Department Certified.

In 1991, Mr. Pollack earned the title of Certified Protection Professional (CPP) from ASIS (The American Society for Industrial Security) and is Board Certified in Security Management. In 1995 his experience in fire alarms and fire protection was quantified by achieving his Level IV certification in the field of fire alarms from The National Institute for Certification in Engineering Technologies (NICET). Less than 400 individuals nationwide have earned this level of distinction. He is also NICET certified in two other fire divisions: Special Hazards Suppression Systems, and Special Hazards Systems Layout.

The National Burglar and Fire Alarm Association recognized his efforts with its *Training Coordinator of the Year Award* in 1996 and *State Association President of the Year Award* in 1999. Both the AAF and the Treasure Coast Chapter of ASIS named him its *Most Valuable Person of the Year*, also in 1999.

Mr. Pollack has written several articles on security for various industry magazines and been a panelist, moderator, and guest speaker on security at a number of industry events. He is currently the author of the monthly *5 Minute Tech Quiz* column in the SDM Magazine.

Since 2005 Mr. Pollack has continually served on the Palm Beach County Fire Department Board of Rules and Appeals. He has also served on the Board of Directors for The Alarm Association of Florida for 14 consecutive years. Elected as the AAF's President in 1999 and 2000 and reelected in 2004 through 2006 again as the AAF's President. He ran uncontested in both elections. He has also served on the Board of Directors for the National Burglar and Fire Alarm Association. Currently elected to ESA Vice President for 2012-2013.

Since 1996 Mr. Pollack has either served on the AAF's Training Committee as either a member of the committee or as its Chairperson. Mr. Pollack is the primary author of several of the AAF's training courses, most of which are still being used today to train new technicians entering the alarm industry and experienced technicians and business owners who are recertifying their certifications or licenses respectively. In 2011 he was recruited to become the AAF's Training and Education Committee Chairman, and rewrote the entire "Florida FASA BASA Class".

In 2012 Roy was elected for a one year term to the position of Vice President for the Electronic Security Association and re-elected for a two year term in June of 2013.

During the AAF's 2013 annual convention, Mr. Pollack was awarded the "Chief's Award For Excellence" from the Director of the Florida State Fire Marshal's Office, Chief Julius Halas.
