### **Background and Justification:**

The focus for the 2014 Office on Violence Against Women GTEA funding cycle was increased collaboration and capacity building for underserved populations and culturally specific responders. In order to meet this need, Palm Beach County Victim Services collaborated with Aid to Victims of Domestic Abuse, Inc., the 15th Judicial Circuit Office of the State Attorney, The Coalition for Independent Living Options, Inc. and Destiny by Choice, Inc. to maintain services and strengthen our community's coordinated response to victims of sexual violence, domestic violence, dating violence and stalking, especially in underserved and marginalized communities. Primary activities will include enhancement of our Sexual Assault Response Team (SART) by increasing the capacity of first responders to appropriately respond to victims, so that more victims come forward and more offenders are held accountable. We look to strengthen the link between law enforcement and prosecutors and increase representation of law enforcement and cultural/population specific providers on the SART committee. Investigation, judicial handling and prosecution will be improved by education and training to law enforcement, judges/court staff and prosecutors- specifically regarding the appropriate treatment of victims and underserved populations. Communities of color will be reached in our service area through their faith based and community affiliations. Deaf and disabled individuals will be targeted with a goal of increased access to services and greater understanding of best serving these populations through our coordinated community response. Policies and protocols will be developed to include needs specific to underserved populations. The capacity of law enforcement and domestic violence service providers to recognize intimate partner sexual assault will be increased through training and education by our mandatory partner Aid to Victims of Domestic Abuse, Inc. Victims of sexual assault, domestic violence, dating violence and stalking and the array of responders and service providers who work with them in Palm Beach County Florida will be impacted by the implementation of this worthwhile project.
