**NOW, THEREFORE, BE IT ORDAINED BY THE BOARD OF COUNTY COMMISSIONERS OF PALM BEACH COUNTY, FLORIDA,
THAT:**

SECTION I

Ordinance 85-40, as amended by the last adopted Ordinance 2015-026; and is hereby amended.

TITLE

This Ordinance shall be known as the "Palm Beach County Five Year Road Program Ordinance."

PURPOSE

The Palm Beach County Comprehensive Plan, Transportation Element, is designed to be used as a guide to meet existing and future ground transportation needs of the County including major roadways within incorporated municipalities. The element analyzes the primary transportation network within the County to determine system deficiencies and identify improvements.

The Board of County Commissioners now desires to codify in this Ordinance a reasonably attainable program of roadway construction for the next five years and match the construction of the projects with available funding.

The further purpose of this Ordinance is to encourage the prioritization of projects, provide for better timing of right-of-way acquisition and provide improved planning for financial funding mechanisms.

ADOPTION OF REVISED FIVE YEAR ROAD PLAN

The list of projects for the Five Year Road Program set forth in Exhibit "A," of Ordinance 85-40, as amended, is hereby modified as set forth in a new Exhibit "A", attached hereto and incorporated herein, and is hereby adopted as the Five Year Road Plan. Exhibit "A" of Ordinance 2015-026 is hereby deleted and replaced with the new Exhibit "A", attached hereto.

IMPLEMENTATION OF PROGRAM

The County Administrator and the County Engineer are directed to implement the Five Year Road Program by taking such actions as are necessary to cause the construction of the roadway segments indicated on the Program, make periodic reports to the Board of County Commissioners with regard to the progress of the projects and to bring all necessary agreements and budget amendments to accomplish the project to the Board of County Commissioners for consideration.

MODIFICATION OF PROGRAM

Each year prior to December, the Board of County Commissioners shall consider an amendment to this Ordinance modifying the list of projects contained on Exhibit "A" to create a viable list of funded projects for the succeeding five years.

From time to time during each year, the Board of County Commissioners, by resolution, may shift funding within the program to promote the more efficient construction of the projects. Deletions, substitutions and additions of entire construction projects from Exhibit "A" may only be accomplished by Ordinance of the Board of County Commissioners. Deletions of projects may be accomplished no more frequently than twice a year.

FUNDING OF OTHER ROADWAY IMPROVEMENTS, INTERPRETATION OF EXHIBIT

This Ordinance shall not be construed to prevent the Board of County Commissioners from constructing other roadway improvements which are not listed on Exhibit "A," provided the projects are funded from sources which will not delete or delay projects included on Exhibit "A."

It is recognized that Exhibit "A" depicting limits of the various projects, length of projects, type of work, timetables and costs are approximations that will require modification and updating by the County Administrator based upon more detailed information and bidding results; provided that the following changes may only be made by the County Commission:

- (a) Changes that increase or decrease the total approved appropriations of the program.
- (b) Changes requiring funding from a reserve account.
- (c) Changes increasing a Board approved project budget by more than five percent.
- (d) Changes which significantly affect the scope, nature, or phasing of a capital project.
