Current Position: Vice Mayor, Town of Palm Beach Shores
Elected March 2013, Re-elected without opposition in 2015

I stood for election to the Palm Beach Shores Town Commission to bring attention to the flooding and drainage issues in town. Our location at the tip of a barrier island provides both opportunities and challenges to deal with our increasing problem with flooding. The Town is now engaged in a town-wide discussion on the topic and initial projects to address structural deficiencies in the storm water sewer system are underway.

I am interested in joining the Water Resource Task Force to broaden my understanding and impact on issues with water management and water quality. I believe that working with others across the county on this important topic, will be a benefit to us all.

RESOLUTION R-2008-1810, AS AMENDED, PROVIDING

WHEREAS the Board of County Commissioners of Palm Beach County, Florida, established the Water Resources Task Force on October 7, 2008; and

WHEREAS in response to efforts to restore the Everglades, in 2007 the South Florida Management District adopted Regional Water Availability Rule which restricts future withdrawals from the Biscayne Aquifer; and

WHEREAS Palm Beach County's local government leaders recognize it is critical to address the availability of water resources within the County to protect the public health, ensure the sustainability of sensitive environmental resources and natural systems, and provide viable economic opportunities for our communities and residents; and

WHEREAS the County is facing significant and costly projected water supply needs, which cannot be met without increased demands on the Biscayne Aquifer unless appropriate measures are taken in accordance with the Regional Water Availability Rule, and which will require development alternative water supply projects such as the use of reclaimed water and/or stormwater reuse projects; and

WHEREAS local leaders are committed to ensuring that the long-term water resource needs of all Palm Beach County water users are effectively planned for and met, including those of water providers, wholesale and retail purchasers, and their customers; and

WHEREAS these needs may be met more efficiently and cost effectively through collaborative partnerships, evaluation of existing and planned infrastructure and by considering regional or sub-regional approaches; and

WHEREAS the Water Resources Task force was created as a county-wide forum to consider these opportunities; and

WHEREAS, there is a need bring the resolution into compliance with the Board of County Commissioners' uniform policies and procedures on advisory boards as provided in Resolution R-2013-0193; and

WHEREAS, repealing and replacing Resolution R-2008-1810, as amended, pertaining to the Water Resources Task Force, will simplify future reference.
